THE B. AND O. TRANSFER.

A Difficulty Arises Which May Upset the Transaction.

BALTIMORE, March 29.—It is stated here on the highest authority that a difficulty has arisen between Mr. Garrett and the holders of the option for 80,000 shares of Baltimore and Ohio stock at 200, represented by Messrs. Stayner and Ives. It is said Mr. Garrett would not permit as thorough an examination of the Baltimore and Ohio Company to be made as the other party considered they had the right to make under the terms of their preliminary contract. Yesterday the ten days which the holders had to make the examination and to declare whether they will go on with the bargain or not, expired without such a declaration being made.

—Delicate diseases of either sex, however induced, promptly, thoroughly and permanently cured. Send 10 cents in stamps for large illustrated treatise, suggesting sure means of cure. Address World's Dispensary Medical Association, 663 Main-street, Buffalo, N.Y.

Inoculation of Cattle Not a Success.

LONDON, March 29.—Lord John Manners stated in response to interrogatories in the House of Commons this afternoon that the Government's enquiry into M. Pasteur's method of inoculating cattle for the prevention of anthrax and other diseases was making progress, but that the results so far obtained would not justify the Department of Agriculture in recommending farmers to inoculate according to the Pasteur system.

—So rapidly does lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay. Get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

PATTI.

Sing, Patti, sing of summer rose
And charm the listener's ear with music sweet,
For, oh, our life is all too full of prose;
We have our baker's and our butcher's bill to meet.

Some folks have paid their dollars three to five,
And some have gone to even more expense;
Others will gain admission to the grounds—and some
Will listen thro' the knot-holes in the fence.

And those who cannot hear your voice
Should turn to WALKER, who will comfort give.
For he can show the sure and certain way
How every one may now in pleasure live.

Everybody cannot afford to hear the great Adelina Patti, but everybody can afford to buy

NOTICE.

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of SATURDAY, 10th April, 1887, for the delivery of Indian Supplies during the fiscal year ending 30th June, 1888, consisting of Flour, Bacon, Groceries, Ammunition, Twine, Oxen, Cows, Bulls, Agricultural Implements, Tools, etc., duty paid, at various points in Manitoba and the North-west Territories.

Forms of tender containing full particulars relative to the Supplies required, dates of delivery, etc., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules, and the Department reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted Check on a Canadian Bank in favor of the Superintendent General of Indian Affairs for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted, the check will be returned.

Tenderers must make up in the Money columns in the Schedule the total money value of the goods they offer to supply, or their tender will not be entertained.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department, for the proper performance of the contract.

When implements of a particular make are mentioned it is because the articles so designated suit the Department for the purpose required better than others; in such cases the competition between tenderers must, of course, be in the transportation to the place of delivery.

In all cases where transportation may be only partial by rail, contractors must make proper arrangements for supplies to be forwarded at once from railway stations to their destination in the Government Warehouse at the point of delivery.

Tenderers will please note carefully the following conditions—

1. Supplies will not be paid for until the Department has been assured of the satisfactory delivery of each article for which payment is claimed.
2. No tender for supplies of a description different to that given in the index will be considered, and supplies which are found, on delivery, to be of a kind or quality different to those described, will be rejected by the agents of the Department; and the contractor and his sureties will be held responsible for any loss entailed on the Department through failure to deliver in accordance with terms of contract.
3. It must be distinctly understood that supplies are to be delivered at the various points for the prices named in the tender; *that no additional charge for packing or any other account will be entertained*, and that an invoice must accompany each separate delivery of supplies. An invoice for each separate delivery must also be sent to the Department of Indian Affairs at Ottawa, and one to the Indian Commissioner at Regina, if the supplies are for the Northwest Territories. When the supplies are for points in the Manitoba Superintendency the triplicate invoice should be sent to L. McColl, Winnipeg.
4. Prices must be given for articles to be delivered at each point of delivery named in the Schedule for each article for which a tender is submitted, and not an average price for each article at all points of delivery; no tender based on a system of averages will be considered.
5. Tenderers should understand that they must bear the cost, not only of sending their samples to the Department of Indian Affairs but also freight charges incurred in returning such samples to the tenderer.
6. When supplies are to be delivered "equal to sample," tenderers should understand that the sample is to be seen either at the Department of Indian Affairs, at the office of the Indian Commissioner at Regina, at the office of the Inspector in charge at Winnipeg, or at any one of the undermentioned Indian Agencies.

JACKETS AND WRAPS.

Latest authoritative fashions. Unapproachable Values.

NO ESTABLISHMENT IN CANADA can equal our productions in Ladies' Tailoring (Costumes and Mantles), in proof of this we give a positive guarantee with every order of better fitting and in all respects more satisfactory garments than are to be had elsewhere, else acceptance is not expected. This should certainly commend a trial, our charges being lower than any establishment of pretension in the city. Ladies should remember we are the only costumers in Toronto engaging separate modistes for the design of garments, the chief of which, as well as our first fitter, being without any approach in the city. Estimates given whenever desired.
