PRESBYTERIAN CHURCH OF CARLETON.

THE Presbyterian Congregation of Carleton having lately had appointed over them a permanent Pastor, through whose Ministrations their numbers in regular attendance, on Divine Worship, have so largely increased, that the small Chapel erected for the various Evangelical denominations, is no longer capable of affording them sufficient accommodation, have resolved to proceed with the erection of a suitable Building for the Worship of God; and for this purpose a considerable sum will be required, and they therefore solicit the co-operation of their friends of all Evangelical denominations to supplement their efforts in this important undertaking.

Subscriptions for this purpose will be received by their Pastor, the Rev. James Baird, and at the Commercial Bank.

We whose names are here appended recommend the claims of the Congregation to the Christian Public.

Nov. 21. JOHN WALKER.

ST. JOHN WATER COMPANY'S OFFICE, 7th October, 1851.

AT a Special General Meeting of the Stockholders of the St. John Water Company, held pursuant to Legal Notice at the Company's Office, on Tuesday, 7th November, 1851, at noon.

Present.—The President, in the Chair, Peter Bernard, R. F. Hazen, Dr. Boyd, His Worship the Mayor, Isaac Woodward, Hon. John Robertson.

Read a Resolution of the Sanitary Committee, dated 10th October last.

Thereupon moved by Mr. Woodward, and seconded by Hon. John Robertson:—

Whereas, the contemplated plan of a system of Water Supply and Sewerage for this City, on the Eastern side of the Harbour, and part of the Parish of Portland, will be a great public benefit, and for the furtherance of which the Stockholders of the St. John Water Company now present are willing to forego the prospective benefit to the said Stock, which the accounts now exhibited render certain;

Therefore Resolved, As the opinion of this meeting, that the Stock of the Company may be transferred to Commissioners, as contemplated, at par, adding any arrears of interest that may be due on the old Stock since 1849, as provided for in the Act 12, Vict. Cap. 54, *and further Resolved*, that Messrs. I. Woodward, R. F. Hazen, Robt. Jardine, and Joseph Fairweather, be a Committee to confer with the Commissioners on the subject, and report to an adjourned Meeting of this Company, to be holden on Thursday, 14th December next.

Public Notice is hereby given that the above adjourned Meeting will be held in the Company's Office, in St. John, on THURSDAY the 14th December, 1851, at noon, to receive the report of the said Committee, and take such action thereon as may be determined.

CHARLES C. WARD,
Oct. 24.—2w. South Wharf.

LAWTON BROTHERS
OF
British and Foreign SHIPPING.
ESTABLISHED 1831.

THE Committee have reason to believe, that in bringing new Ships, a practice prevails in some Outports and in the Colonies which is inconsistent with the Rules of this society, and that instead of the robust of the Ironbuilding properly wrought to receive the gabord strakes, at too frequently happens that the upper part of the rabbet is formed of rising wood or plank piece for lower the keel, and consequently that there is scarcely any timber or back rabbet in the keel, a practice considered to be extremely objectionable.

NOTICE IS HEREBY GIVEN, that in surveying of a vessel so placed by the Committee on the 31st August, I am compelled to a continuance of the practice in question, and if persisted in to report the fact to the Committee.

By order of the Secretary.
JOHN TUCKER, *Surveyor.*
St. John, N. B., 17th October, 1851.—3i.

Liverpool and London
LIFE and FIRE
INSURANCE COMPANY,
INSTITUTED IN 1836.
Incorporated by Special Act of Parliament.
CAPITAL.—TWO MILLIONS STERLING.

Unlimited Liability of the Stockholders of the Company.

Subscribed Capital, £1,500,000.

INSTALMENTS CALLED IN,	£197,197	10	0
ACCUMULATED FUNDS,	346972	4	9
	£544,169	14	9

THE 18th Annual General Meeting of this Company was held at Liverpool on the 18th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as shewing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

	1852.	1853.
Receipts,	£98,654	£113,612
Losses,	59,091	42,846
Profits,	£39,563	£70,766

These results show, notwithstanding the very numerous and destructive fires that have occurred both in this country and especially in America, that great caution has been exercised in taking risks, on the part of those on whose judgment the Directors must necessarily in a great measure rely. The received surplus fund now amounts to £113,742.

The Officers for the current year at Liverpool are:

TRUSTEES.

Sir Thomas Bernard Birch, Bart.
Adam Hodgson, Esq.
Samuel Henry Thompson, Esq.

DIRECTORS LIVERPOOL.

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE BODY.—take the Cherry Pectoral on going to bed, and wrap up warm to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the difficulty will be soon removed. None will long suffer from this trouble when they find it so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night; will find by taking the Cherry Pectoral on going to bed, they may be sure of sound unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is offered to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forgo its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral on the first and frequent occasions. The uncomfortable oppression is soon relieved.

FOR CROUP—Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, and it usually stops the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and secured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy.—Numerous instances have been noted where whole towns were prevented from a very serious consequences, which the prevailing influenza without the Cherry Pectoral, were sure to bring from the disease.

Respectable persons are reported here of patients who have been cured from

LIVER COMPLAINTS by this remedy so many that it can be relied on as a specific remedy for these diseases. It should be perseveringly used until the patient sweats and every symptom ceases.

FOR CONSUMPTION in its first stages, it should be taken under the advice of a good Physician if possible but, even in the worst cases, it will afford relief to the patient. Imperfections in the bottle. If injudiciously used, and the patient is carelessly nursed meantime, it will seldom fail to subdue the disease.

For settled CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses as large as the patient requires and can bear. It always affords some relief, and to many it proves the means of a permanent cure.—There are many now alive and scattered over the country who will tell you that they owe their lives and present health to the Cherry Pectoral.

Numerous cases of total, instead of imparting the public confidence in this medicine, has won for it an appreciation and notoriety by forwarding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakeable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on them they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral cures not only as a general thing, but almost invariably cures those for which it is composed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted from the log cabin of the American Peasant, to the palaces of Europe and Kings.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.
