SPORTING GOSSIP

The Annual Track and Field Sports

"Gus" Kuhring, Returned Soldier Student, Expected to Carry off the Honors at University of New Brunswick Meet Today.

Special to The Standard.

Fredericton, May 12.—"Gus" Kuhring, one of the returned soldier students, is expected to carry off the honors in the annual track and field sports of the University of New Brunswick tomorrow.

The dashes will probably bring out Stevens, Shea, McWilliam, K. B. Seely and Willet. Stevens ran second in the 100 yards dash in 1917 and Shea was second last year. McWilliam is a good runner and will likely try the sprints. K. B. Seely was third in the 220 yards dash in 1917 and will have a good chance also in the quarter. Willet will probably run in the 100 yards and 220 yards dashes.

In the mile run it would be very difficult to attempt to say who may win. Townsend won the interscholastic mile for two years, and if he were able to run tomorrow he would be quite likely to come close to lowering the record, but his wounds prevent him from trying it for this year at least. Stevens came second in the mile in 1917 and it looks as though he would be counted upon to make a good showing this year.

In the weight events it is likely that Townsend, Kuhring, Atkinson and Skillen will be prominent. Kuhring will probably win each of these events with Townsend as his most formidable opponent.

The jumps will bring out a large number of men. The high jump will likely see McCavour, Matheson, H. E. Seeley, K. B. Seely and Kuhring competing, with the odds on "Gus" Kuhring. In the standing broad jump there is always a large number of entries, but Kuhring is the choice in this event, too. The running broad jump would fall to Millidge if he were able to try it, but he is not expected to be among the candidates tomorrow. Stevens was second in the broad jump in 1917 and Patterson and Willet are good jumpers. The running, hop, step and jump will likely bring out these same men, with the possibility of Kuhring taking in these events also.

In the pole vault, Christie, Stevens and Oldham have all won places in previous years; however, Kuhring has been vaulting around ten feet lately and looks like the probable winner of this event. The record of 10 feet, 2¾ inches is held by his brother, Paul, and some believe "Gus" may better this mark.

The points awarded to the winner of an event are three, a second place counts two and third counts one. In addition to the number of points received in the sports a member of the basketball team (if a regular) receives five points in the count for the total points for athletics. The man with the highest total becomes the winner of the Sir Frederick Williams-Taylor medal as the best all round athlete in the university. As Kuhring has a good chance of accumulating a good sized score tomorrow and was a member of the basketball team last winter his chances to capture the medal are probably better than those of any of the other candidates.

BAY VIEW PARK ARENA ERECTION

Tex Rickard, Promoter of Championship Fight, Has Arrived in Toledo — Construction of Arena Will Start This Week.

Toledo, Ohio, May 12—Tex Rickard, promoter of the Willard-Dempsey championship bout here July 4, reached Toledo this morning in company with J. L. McLoughlin, San Francisco architect, who designed the Bay View Park arena, construction of which will be started this week, according to Rickard.

With Frank Flourney, associated with Rickard in promoting the fight, already here, offices will be opened during the day.

The arena is designed to accommodate a minimum attendance of twenty thousand and maximum of fifty thousand, the size to depend somewhat upon the early demand for tickets which are to be available by May 22, and are to range in price from $10 to $60, war tax to be included in these figures.

Flourney and A. Thatcher, Toledo fight promoters, have looked over several on which the latter has taken options as possible training quarters for Willard and Dempsey. The challenger is expected to reach Toledo Wednesday to start his training. As soon as Dempsey arrives he will choose training quarters.

BOWLING

ON BLACK'S' ALLEYS.

The All Stars defeated the Stars on Black's alleys last night, making the series tie, each team having a win to its credit. The final game will be rolled next Monday night. The individual scores last night follow:

Stars.

Beatteay	93	82	98—273	91	
Covey	96	91	103—290	96	2-3
Bailey	106	85	77—268	89	1-3

Wilson	115	86	119—320	106	2-3
Sullivan	100	97	91—288	96	
	482	452	488 1422		

LOCAL TWIRLER RETURNS.

Ray Hanson, one of the best baseball pitchers that St. John has turned out in recent years, has returned to the city after a tryout with professional teams in Ontario. Ray was taken in the spring by the Toronto Leafs but owing to the pitching staff being filled by others of more experience he was sent to the London Club and in games that he has pitched he received much favorable comment from the baseball writers. Because of dissatisfaction with the management Mr. Hanson left the team. Manager McCaffrey of the Toronto team has promised to secure Hanson's release and has recommended him to Bill Carrigan who is in charge of the Lewiston Club.

PENSIONS FOR MOTHERS ENDORSED

Women's Institute Passed Resolution Favoring Legislation on This Matter at Meeting Held Last Evening.

The subject of mothers' pensions was thoroughly discussed at a meeting of the Women's Institute held last evening in the Congregational church, Union street. Mrs. J. W. V. Lawlor presided.

A short talk on Mothers' Pensions was given by Mrs. Richard Hooper, and Mrs. Cotes told of the working of the act in Manitoba. A resolution endorsing this legislation was passed to be sent to Premier Foster, and to Miss Hazel McCain for circulation among the N. B. Institutes.

The Short Course classes will open May 27th, lasting till June 6th, and applications may be made to the corresponding secretary.

Mrs. Lawlor gave an interesting talk on Community Centres, such as she had seen in Montreal and other cities, and hoped one might be established in St. John.

Mrs. Richard Hooper told of the Milk Stations in Montreal and Toronto, where doctors and nurses looked after the health of the children, and milk was supplied at a cheap rate and in a most sanitary way.

The matter of wrapped bread was mentioned, and a member present old of loaves which are below the standard being sold.

Miss Frances McInerney sang delightfully two solos, and Mrs. Edmund Flewelling gave a much enjoyed reading. Tea was served by a committee of the following ladies: Mrs. M. G. Adams, Mrs. E. L. Haff, Mrs. C. Cosman, Mrs. O. S. Dykeman, Mrs. Fenwick Parker.

POLICE COURT CASES YESTERDAY

James Campbell appeared in the police court yesterday morning charged with stealing twenty-two watches, four safety razors, and five watch fobs from Robert Adams' jewelry store on the West Side.

Evidence was submitted by Robert Adams, son of the jeweller, who identified articles in court as belonging to his father and valued at $403.75. When arrested goods to the value of about $233.50 were found on Campbell. It was brought out in the evidence that Harris Gilbert, proprietor of a second-hand shop in Mill street, purchased a watch for six dollars from Campbell. The case was adjourned until this morning.

Six drunks appeared, one was reminded of his liability to a fine of $208 or eight months, and the remaining four to a fine each of $88. A colored man paid a fine of $8.

EDITORS COMPLAIN OF TREATMENT AT VERSAILLES

German Writers Say Their Status Was That of Prisoners of War—Rap President Wilson.

Berlin, Sunday, May 11, (By The Associated Press.)—Frederick Stampfer, editor of oVrwaerts, in a talk with the correspondent today complained bitterly of the treatment the German newspaper correspondents were receiving at Versailles, from which he had just arrived. Their status was that of prisoners of war, he said.

"Therefore," continued the editor, "my colleagues and myself were speedily convinced that we were not in an environment calculated to give us a peace in keeping with the exalted ideas of your president, who, of late, has become so strangely silent—his pose is sphynx-like."

Herr Stampfer takes a gloomy view of the prospects at Versailles. "We might as well become a British, a French or an American colony," he said in speaking of the peace terms demanded.

FROM THE FIRST DOSE

Hood's Sarsaparilla Begins Its Reconstructive Work.

First, it creates an appetite.
Second, it aids digestion.
Third, it perfects assimilation.
Fourth, it carries 100 per cent. of the nourishment in the food you eat into the blood and the body, thereby enriching and vitalizing your blood, which in time renews your strength and builds up again your reserve strength and vitality.

This makes Hood's Sarsaparilla one of the great remedies of the world. From the first dose you are on a definite road to improvement. It is of inestimable value just now to restore the health and nerve force so greatly exhausted by war excitement, the grip and influenza epidemic and the changing season. It is the right medicine for you this Spring. Get a bottle today.

And if you need a mild, effective cathartic, get Hood's Pills.

INVENTION OF THE BRITISH

Navigating Instruments Being Used by Naval Fliers Results of British Scientific Workers.

Halifax, May 12.—Professor Alexander McAdie, of Harvard University, who is temporarily attached to the supply ship Baltimore stationed here for the purpose of assisting in the attempt now being made by the American navy to fly the Atlantic by hydroplane, and who gave out a statement to the Canadian Press upon the arrival of the N. C. 1 and N. C. 3 last week announcing the complete success of the navigating instruments being used for the first time for transoceanic flight states that these instruments, with few exceptions, were developed by the British air forces during the war. Without them, said Prof. McAdie no serious attempt could have been made to fly the Atlantic.

STEAMER TROJA TO BE REFLOATED

Flaggs Cove, N. B., May 12.—Steamer Troja, now stranded on Old Proprietor Ledges, is about ready to refloat. Holds, engine and boiler spaces have been pumped out, using the ship's own pumps. The salvors were obliged to leave her owing to the heavy northeastern gale of almost hurricane force which is raging today. Mr. Black is at the vessel and has every hope of refloating her if she weathers this storm.

SAVE YOUR HAIR A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Daylight Time For The Public Schools

Decided at Meeting of School Board Last Evening—Reports Received and Schools as Community Centres Discussed.

The public schools of the city will be on daylight time beginning tomorrow, according to a resolution unanimously passed at a meeting of the Board of School Trustees held last evening. There were present the chairman, Dr. Emery, M. Coll, G. Herbert Green, J. D. P. Lewin, Mrs. E. R. Taylor, H. Colby Smith, Thomas Nagle, George E. Day, E. R. W. Ingraham and Dr. H. S. Bridges, superintendent of city schools.

Mr. Day said that the situation regarding the two times was causing a great deal of turmoil. He felt that all must work for the greatest good of the greatest number and that the greatest number had adopted the daylight time, therefore he would move that beginning Wednesday the schools should open at nine o'clock, daylight time. M. Coll seconded this resolution which passed unanimously.

Several applications for positions as teachers were received and placed on the application list. A returned soldier applied for the position of janitor of the Centennial School when this position becomes vacant. This was referred to the visitors of this school, with power to act.

A letter from R. Carritte regarding the coal supply for the schools was read by George E. Day. On motion the building committee were authorized to call a meeting to call for tenders.

R. T. Leavitt read two communications from the South End Improvement League thanking the board for the use of the King Edward School assembly hall. C. M. Lingley, who represented the South End Improvement League, was then heard. He asked for the use of the assembly hall for two evenings each month for meetings and told of the plans of the league for the betterment of the South End and the youth of the city. The matter was left to the chairman, Dr. Bridges and the visitors of the school with power to act.

Dr. Emery reported on his survey of schools as community centres and told of how seriously it was being taken up in the United States although some places were agins't it. New York and Washington are strongly in favor and some trustees give financial support to the work. Dr. Emery also spoke of vocational training and said he would give his report on both subjects to the committee.

A letter was read from Thomas Hill, secretary of the Janitors' Association, thanking the board for the 10 per cent. bonus granted them.

The matter of paying a doctor's bill for attendance on a boy injured by falling in a school yard was left to the chairman of the board, J. D. P. Lewin, Dr. Bridges and the visitors to the school.

The secretary's report for April showed:

Number pupils enrolled, 8,142.

Average daily attendance, 6,901.

Per cent. of enrollment in daily attendance, 84.76.

It was decided to send a petition to the city council asking for a sidewalk from Douglas Avenue to the King George's School.

Dr. Bridges spoke of the 18th of May falling on Sunday so that the holiday would have to be celebrated on the 19th. Victoria Day falls on Saturday so the 26th will be a holiday. It is proposed to substittue a Saturday, May 31st, so that the schools may close for the summer holidays on Friday, June 27th, instead of June 30th. This was left to the superintendent of city schools to settle.

Splendid specimens of the work done at the evening technical schools taught by Rex Cormier was exhibited. Fine mechanical drawings, both elementary and advanced, were shown.

The report of the truant officer, Boyd McMann, showed 48 irregular pupils, 13 truants, 43 homes visited, 4 pupils arrested.

The fence at King George School was discussed and it was decided to call a meeting of the abuttors and the visitors of the school and the chairman of the building committee.

Dr. Mabel Hannington's report as medical inspecor of schools was read and commented most favorably on.

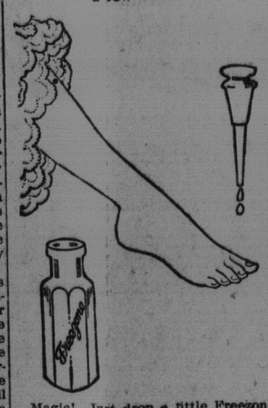
The printing of reports was considered and left to the chairman, Dr. Bridges, the secretary and George E. Day.

Dr. Bridges reported on the offer of the High School Alumnae of a scholarship and said that the committee appointed to consider the matter recommended that the report of the Alumnae be adopted.

The meeting adjourned and resolved itself into a teachers' committee.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents



Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No Humbug

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

TRANSPORTS NOW HEADED FOR CANADA

Ottawa, May 12.—The militia department has been advised that the transport Celtic, with 2,675 Canadian troops on board, will arrive at Halifax on or about May 15. Included in the total are ten officers and 147 other ranks for Halifax dispersal area; four officers and sixty other ranks for St. John; twenty-two other ranks for Moncton; two officers and 58 other ranks for Quebec; one officer and fourteen other ranks for Charlottetown.

The transport Orduna, with 976 Canadian soldiers on board, will probably dock at Halifax on May 16. Of these twelve officers and 56 other ranks are for the Halifax dispersal area; 32 other ranks for St. John; 13 officers and 26 other ranks for Moncton; four other ranks for Charlottetown and three other ranks for Quebec.

NEW BRUNSWICK MEN ABOARD THE MELITA

Two St. John Officers Aboard the Ship Which Docked at Quebec Yesterday.

Quebec, Que., May 12 — After a stormy passage, during the last few days of which she was delayed by a slightly damaged rudder, the C. P. O. S. Melita docked here this afternoon with 1,937 passengers. The militia on board included 52 officers, three cadets, 12 warrant officers and 314 other ranks, as well as 499 wives, 183 children, 46 babies from Buxton, and 14 officers, three nurses and 40 other ranks repatriated from the Imperial army.

The officers and nurses and other raanks for the province of Quebec and the Maritime PProvinces are as follows:

Major C. MacKay, St. John, N. B.; Major Edw. Hooper, St. John, N. B.; Company Sergeant-Major J. Burrow, South Devon, N. B.; Sgt. E. H. McClay, St. Stephen, N. B.; Corporal H. W McGrath, Digby, N S.; Sergt. J. D McDonald, Charlottetown, P. E. I.; Lance Corporal H. W. White, Charlottetown ,P. E. I.

J. T. Knight reached home on yesterday's Boston express after being absent in the Hub city on a business trip in connection with his shipping duties.

RAILROAD ENGINEERS OUT WITH STATEMENT

Men in the Cabs from Many States Declare Tanlac Conserves Health of Railroad Men and Makes Them Fit for Responsible Duties in Most Nerve-Racking Service.

No calling demands a clearer brain, steadier nerves, a more perfect state of health than that of a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the efficiency of his engine. Every engineer realizes this enormous responsibility; he dare not take chances with so important a matter. That is why so many of them are using Tanlac—it steadies the nerves, clears the brain, corrects indigestion, strengthens the arm, insures the safety of the traveller and keeps him on his job.

Railroad engineers everywhere endorse Tanlac because they have tried it and know. Read what they say:

W. L. Nabers, Atlanta, Ga., engineer Southern Railway, says: "I had lost appetite—since using Tanlac haven't had a pain—gained 14 pounds."

L. C. Bowers, 910 First Ave., South Nashville, Tenn., engineer Tennessee Central, says: "Stomach trouble and nervousness overcome—nothing too good I can say about Tanlac—gained eight pounds."

D. A. Middleton, 1717 Chenovert Street, Houston, Tex., engineer Southern Pacific, says: "Was in bad shape—couldn't walk—Tanlac built me up like a new man—gained 11 pounds."

T. G. Ayers, 107 Raines Avenue, Nashville, Tenn., engineer Louisville & Nashville, says: "Kidney trouble, nervousness, poor appetite—Tanlac put me in good shape—gained seven pounds."

J. T. Toy, Atlanta, Ga., former engineer Seaboard, says: "Nervous indigestion—kidneys in bad shape—pains in back—am satisfied with what Tanlac has done for me."

R. H. Owens, 2700 Avenue G, Birmingham, Ala., engineer, says: "Run down — indigestion — palpitation of heart—had to give up job—since taking Tanlac eat anything—have gone back to work."

T. G. Burrows, 3915 McKinney Ave., Houston, Tex., engineer St. Louis, Brownsville & Mexico, says: "Catarrh of head and stomach—headaches—nervous—Tanlac is railroad man's friend—feel like new man."

Lynn Sills, 440 North Bellevue Avenue, Memphis, Tenn., engineer Louisville & Nashville, says: "Headaches—pains in back and kidneys—Tanlac relieved me entirely."

S. T. Watkins, Birmingham, Ala., engineer Southern, says: "Suffered 37 years—stomach troubles—Tanlac has ended my troubles."

G. G. Geiger, 133 Linden Street, Atlanta, Ga., engineer Georgia railroad, says: "Tanlac relieved my wife of rheumatism—she gained 25 pounds from using it."

C. J. Weeks, 2139 Lydia Street, Jacksonville, Fla., engineer Seaboard, says: "Suffered 20 years from nervous indigestion—Tanlac entirely relieved me—gained 20 pounds."

Jeff D. Riggs, 2020 Pearl Street, Vickburg, Miss., engineer Yazoo and Mississippi Valley, says: "Was nervous and physical wreck—since taking Tanlac am strong and active as ever—gained 25 pounds."

B. H. House, R.F.D., No. 5, Box 61, Atlanta, Ga., engineer Seaboard, says: "Lost weight and strength—was badly under the weather—Tanlac set me up—gained 22 pounds."

Jack Petrie, 54 Lindsley Avenue, Nashville, Tenn., engineer, says: "Was pulled down till I had to give up my engine—Tanlac put me back in the cab—it's the best medicine I ever tried."

P. F. Hammill, 1192 Dunnavant Street, Memphis, Tenn., engineer, says: "Rheumatism—tried everything including trip to Hot Springs—Tanlac did more than everything else combined."

P. C. Hooks, Rome, Ga., engineer Southern, says: "My wife was almost a complete nervous and physical wreck—Tanlac set her crutches aside—she gained 16 pounds."

J. B. Watson, Mobile, Ala., engineer on Southern Railway between Selma and Mobile, says: "Was completely broken down—couldn't work—since taking Tanlac am working regularly—gained 28 pounds."

O. B. Haines, Nashville, Tenn., engineer Louisville & Nashville, says: "Gave up engine account accident, bad health—Tanlac is fine—gained eight pounds—sleep and eat fine."

G. T. Newman, Dalton, Ga., engineer Western & Atlantic, says:—"Was tired and worn out—nervous—Tanlac only thing that gave me relief."

H. M. Telford, 617 Third Avenue, Birmingham, Ala., engineer Louisville & Nashville, says: "Wife had nervous indigestion—splitting headaches—gave up all housework—Tanlac gave her new life and energy—she gained 7 pounds."

Evidence from such sources as these is unassailable. These men are exposed to all conditions of weather as no others are. Their runs take them from mountains to seashore, from swamp to highland, through rain and storm, cold and sleet, and they never falter in their duty. They must always guard against disease. These men speak from personal experience; no wonder they pin their faith to Tanlac, for it has served them well.

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative. —adv.

COL. GAUDET, C. M. G. RETURNS ON MELITA

Organized the 22nd French Canadian Battalion and Led it Into Firing Line.

Quebec, Que., May 12—Col. F. M. Gaudet, C. M. G., officer of the French Legion of Honor, who recruited the 22nd French-Canadian battalion and took it into the firing line, returned from England on the transport Melita today. Shortly after reaching France with his regiment Colonel Gaudet was called back to England to go into the imperial ministry of munitions and, after having charge of the organization of national factories, he was technical advisor of the ministry of munitions, subsequently becoming managing director of Hereford factory, which position he held until the termination of the war. He is accompanied by his wife and, after spending a few days in Quebec, will go to Montreal.

ARRESTED FOR STEALING.

Yesterday Detective Biddiscombe visited Apohaqui and placed a resident of that locality under arrest on the charge of stealing a sum of money from a soldier in St. John. The accused appeared in the police court and was remanded to jail until this morning at eleven o'clock. A number of soldiers are reported to have been robbed during the past six months. They return from overseas, fall in with some pesons who supply liquor, the soldier falls asleep only to wake up and find he has been robbed.

CUTICURA HEALS PIMPLES

In terrible rash on face which made skin sore and inflamed. Irritated face by scratching and was disfigured. Could not sleep well and made feel unpleasant. Trouble lasted 3 months before used Cuticura and after using 2 cakes of Soap and 1 box of Ointment was completely healed.

From signed statement of Miss Gladys Neabel, R.R. 3, Brussels, Ont.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health often when all else fails.

For free sample each of Cuticura Soap, Ointment and Talcum address post-card: "Cuticura, Dept. 2, Boston, U. S. A." Sold everywhere.

Clothes With a Message

The young man of today is freshened in spirit and doubly ready for the great adventure of living.

He knows how much his ability is measured by his regard for appearance. He shows his fellow workers that he is up to the minute in thought and action—that he is ready for bigger and better things.

20th Century Brand and our other fine makers have prepared for the young men renewed by the events of war a virile, buoyant style of clothes, reflecting the vigor of the present-day man who looks the world fairly in the face.

Ready for wear, $20 to $50.

Gilmour's, 68 King St.

10 per cent. discount off soldier's first outfit.

THE WEATHER

Toronto, Ont., May 12—The barometer is highest over the Great Lakes and lowest in Saskatchewan and near the New England coast. The weather continues warm in the estern Provinces and has become warmer in Ontario and Quebec and cooler in the Maritim eProvinces.

Forecasts — Maritime—Decreasing northeast winds; cool and mostly cloudy with scattered showers.

DIED.

GODBARD—On May 11th, at the residence of her daughter, Mrs. Norman Hanson, Burnham Bridge, York county, Mrs. LeBaron Godbard, aged 77 years, leaving four sons three daughters to mourn.
Funeral from Elgin, Albert county, Tueday afternoon.

TITUS—At New Braintree, Mass., on May 11th, Mrs. Joseph H. Titus, formerly of Titusville, Kings Co., N B., leaving her husband, three sons and two daughters.
Funeral Wednesday at Wallace Town, Mass.

POPULAR PRESENTATION.

Arnold Pitt, a returned soldier, has resigned his position as driver of No. 1 Salvage Corps motor truck and expects another position in a few days. Previous to his departure from the fire station yesterday the permanent men in No. 3 station presented Driver Pitt with a pipe and pouch of tobacco, also wishing him the best of luck in the future.

MAJOR HOOPER ACCEPTS.

C. W. Romans, secretary of the Canadian Club, last night received a telegram from Major E. B. Hooper, who arrived at Quebec yesterday on the Melita, extending greetings and thanks for the invitation to address the club. The message stated that his movements at present were uncertain but he would at a later date gladly accept the invitation to give an address before the St. John Club.

CHILDREN'S DAY.

At a social meeting of the Retail Merchants' Association held yesterday morning it was decided to set aside Thursday and Friday of the present week as "Children's Day" and the "kiddies" will have the right of way in the stores on those days.
