WHISKARD'S Three Busy Stores

228, 230, 232 Dundas Street

The Fascination of Low Prices During Our Stock-Taking Clearance Sale

Is proving an attraction that few people can resist. We are transacting an excellent January business in consequence. Profits, naturally, have been sacrificed, but we shall reduce our stock as a result. If a dollar is on your mind, come with fifty, sixty or seventy-five cents; 'twill do the dollar's work now.

THIS IS WHAT WE ARE DOING IN SAVINGS FOR YOU.

We are selling 20 yards of Factory Cotton, worth 7c a yard, comes at $1.40, our sale price is $1. This is a saving of 40c to you, or 40 off.

We are doing the same with our 7c White Cotton, a saving of 40 per cent. 20 yards for $1 instead of paying $1.40.

CIRCULAR PILLOW COTTON.

All good housekeepers know the price of these goods. We are selling 44 and 46 inch for 12½c a yard, regular 18 and 20c. In buying 5 yards of this cotton you save 37½c; worth coming to the "Three Busy Stores" for.

WE ARE HAVING A BIG EMBROIDERY SALE.

In Cambric, Muslin and Flannelette. Take a look in our two large windows, there are savings there for you of 25, 30 and 40 per cent. Now is your time to buy embroidery.

TABLE COVERS.

Of all kinds, all marked down to cost for this sale. Chenille, Tapestry and Damask, and there are some handsome ones among them.

HOSIERY DEPARTMENT.

BIG CUTS HERE IN PRICE OF LADIES' FINE BLACK WOOL HOSE, Double knitted to ankle, regular 40c, all sizes, 8, 8½, 9 and 9½, sale price 25c pair. A saving here of 15c a pair.

4 PAIRS ONLY OF WOOL BLANKETS,
Regular $1.75, reduced to $1.25 for this sale.

6 PAIRS RED FLANNELETTE BLANKETS,
Nicely bordered, worth 75c, sale price 50c. A saving here of 25c on each pair of blankets.

BIG SALE OF FANCY AND FINE COLORED WRAPPERETTES.

5½, 6½ and 8c a yard.

18 only Fine Metallic Striped Skirts for ladies, $1, $1.25, $1.50, sale price for the lot to clear, take your choice for 75c each.

Big sale of Ladies' and Gents' Handkerchiefs going on, plain, embroidered and silk. **Half Price.**

This Sale Won't Last Forever; and Those Who Miss It Will Be Sorry.

RESIST VACCINATION

"Lo" Is Opposed to Inoculation—Smallpox in Anderdon, Essex.

Toronto, Jan. 13.—"In the matter of anti-vaccination the Indian is becoming quite civilized," writes the special commissioner sent by the provincial board of health to attend to the Indians who have smallpox on the reserve near Deseronto. He reports that of 206 braves whom he broached on the subject of vaccination, six firmly refused to be touched. Several new cases of the disease were reported today from Anderdon, in Essex County.

The City of Toronto's health during the last year was well up to the average, and the death rate fell perceptibly. The annual report of the medical health officer shows that there was not an unusual number of cases of contagious diseases. The number of scarlet fever cases increased 145, but this was the result of an epidemic early in the year, that did not seem attributable to any special cause. The cases decreased towards the end of the year. In 1901 there were 119 cases of typhoid fever, 962 of diphtheria, and 855 of scarlet fever. Last year the typhoid cases numbered 130, diphtheria 893, scarlet fever 701.

The Cause of Deafness.

Deafness and impaired hearing are due almost entirely to catarrhal inflammation of the eustachian tubes. Permanent cure is guaranteed to all who inhale Catarrhozone as directed. This vegetable antiseptic is inhaled at the mouth, and after traversing all the air passages of the respiratory organs is exhaled through the nostrils; it completely eradicates catarrh from any part of the system, clears the ears, nose and throat, and allays inflammation, congestion and soreness. For deafness, earache, ringing in the ears, head noises, catarrh, asthma and bronchitis, medical science can devise nothing as beneficial as Catarrhozone. Complete outfit for two months' use, price $1; trial size, 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

Hamilton's Pills are Effective.

Wolves Kill Deer in Algonquin Park.

Toronto, Jan. 14. — The resident superintendent of Algonquin Provincial Park reports that wolves are increasing remarkably within the confines of the park this season, and that efforts are being made to poison them. Once the crust is on the snow they play havoc with the deer, since the latter break through and founder in the snow and are left at the mercy of the wolves.

Fire at Alliston, Ont.

Alliston, Ont., Jan. 13. — Wm. McBride's harness shop and A. H. Lawrence's photograph studio were completely destroyed by fire this morning. Mr. Lawrence succeeded in saving considerable of the contents of his place, but Mr. McBride suffered an almost total loss. The fire apparently started from the furnace in McBride's shop. Both buildings and contents partially covered by insurance.

Lost Hair "My hair came out badly, and was fast turning gray. I tried Ayer's Hair Vigor. It stopped the hair from coming out and restored the color."—*Mrs. M. D. Gray, No. Salem, Mass.*

$1. All druggists. J. C. Ayer Co., Lowell, Mass.

ACROSS THE CONTINENT

Extension of the Intercolonial Railway Advocated by St. Joseph People.

St. John, N. B., Jan. 14.—The St. John Board of Trade yesterday afternoon at a largely attended meeting held to take action in regard to the proposed Grand Trunk line across Canada, and the Quebec scheme of the trans-Canada line, passed the following resolutions:

"The St. John Board of Trade places itself on record as favoring the extension of the Intercolonial Railway from Montreal across the continent through Canadian territory, and improvement of harbor facilities, particularly on the Gulf of St. Lawrence and the Maritime Province coasts."

It was also moved "that in granting charters to transcontinental railway lines, it should be the policy of the Government not to grant a subsidy either of money or lands to such railway lines, but rather to consider that the right-of-way given by such charter is a valuable franchise owned by the people, and should be guarded so that it would revert to the people, if so desired; and further, that all such transcontinental railway charters should specify that the eastern terminus in winter and summer must be a Canadian port."

Doukhobors Doing Better.

Winnipeg, Jan. 14.—From the Swan River, a Doukhobor colony, the news is of an encouraging nature. Peter Verigin, the Doukhobor leader, is actively engaged in studying the entire situation, and as far as his present attitude can be judged, it is probable that he will exert his undoubted influence on the side of the Government, and do all in his power to dissuade and discourage such outbreaks as have marked a portion of the disciples of the Universal Brotherhood since their location in Canada.

The Cause of Dyspetic Pains.

Improperly digested food usually forms gases that cause a painful distention of the stomach and pressure against the heart. This results in much pain and distress, but Nerviline will relieve the distention, dispel the gas, and cure the dyspeptic pains very quickly. Polson's Nerviline is really an excellent remedy for Dyspepsia, Indigestion, Cramps, Summer Complaint and all Stomach and Bowel Troubles. No household is complete without Nerviline. Try a 25 cent bottle.

Fast Filling Up.

Toronto, Ont., Jan. 14.—The region along the Blanche River, in Temiskaming, embraced in a pulp wood concession to the Blanche River Pulp and Paper Company, has been extensively settled this summer, and the company, if it ever commences operations, will have to buy its spruce from the settlers. It is not known whether the company has fulfilled its stipulated expenditure of $300,000 before Oct. 14.

SHE STILL HAS HER COUNT

"Impertinent Talk" of Husband's Desertion Denied.

Inability to Live on $25,000 a Year the Cause of Quarrel.

Vienna, Jan. 14.—Countess Lonyay, former Crown Princess Stephanie of Austria-Hungary, who, it has been asserted in the newspapers here, had been deserted by her husband, Count Elemer Lonyay, has telegraphed to the Neues Weiner Journal from Cape Martin, near Mentone, France, as follows:

"Stories untrue. Count here. Deny impertinent rumors."

Details of the alleged quarrel between Count and Countess de Lonyay, formerly the Crown Princess Stephanie of Austria-Hungary, reveal that the count left his wife at Mentone, Jan. 7, and his present whereabouts is not known.

The disagreement between the couple has long been evident, and it is believed that pecuniary troubles underlie the affair. As a widow the former crown princess enjoyed an income of $125,000 and had free residence at the imperial palace and the use of carriages and servants. It is reported that the couple married in the belief that Emperor Francis Joseph and King Leopold together would contribute handsomely to their maintenance. In this, however, they were disappointed. The Emperor gave the countess $25,000 a year only, while King Leopold stopped her former allowance of $10,000 a year. The countess consequently tried to meet all the expenses of maintaining her household with one-fifth of her former income and found the task impossible.

She used the influence of her daughter, Archduchess Elizabeth-Marie, who is a favorite with the Austrian Emperor, to secure additional money, but since the latter's marriage to Prince von Windeschgraetz, the prince has interfered to prevent his wife from continuing to act as intermediary between her mother and her grandfather, the Emperor.

It is said that the count will seek a divorce.

WORST IN YEARS

The Situation on Detroit River During Monday Night.

Detroit, Jan. 13. — The conditions on the river are better today than they were yesterday.

The Michigan Central is moving all passengers and fast freight. Traffic has been suspended from the Wabash and Grand Trunk slip at the foot of Seventeenth street, and all trains are coming via West Detroit and are sent out from the old O. and M. slip.

The Pleasure was the only boat on the Windsor ferry line this morning, and managed to maintain a 40-minute schedule.

The Belle Isle Ferry Company sent about 100 Windsorites home via the Walkerville ferry, at an expense to the company of 15 cents a head for street car and boat fare.

"A good many of them were working girls," said Mr. Campbell, "and they wanted to get to their homes and suppers. We didn't know when we would have a boat to handle them, so we took this method of caring for our business."

When the Promise left the Detroit side of the river at 6 o'clock last night she carried several hundred people who had been gathering since 4 o'clock. Everything went nicely till she got within 75 yards of the Canadian shore, when the powerful craft became stuck fast in the ice. After a wait, one nervy man let himself down over the side with ropes and gingerly picked his way towards the dock. His success in reaching the wharf was the signal for the rest of the passengers to do likewise.

Nickeled Steel Rails Most Durable.

New York, Jan. 13.—After two years' experimentation with nickeled steel rails, the Pennsylvania Railroad has decided to place them on the heavy curves through the Allegheny Mountains. The nickeled steel rails cost nearly three times as much as rails of standard steel, but the tests made by the Pennsylvania Company have shown the durability of the nickeled rails to be more than three times better than the standard steel.

Canadian Timber Wanted.

Ottawa, Jan. 14.—The greater part of the 1902 cut of the Ottawa district mills has been sold, and as usual the British buyers have contracted for a large part of the future output. Prices are fully 10 per cent higher than they were last year, according to the leading mill men. The production of deals in the Ottawa Valley will be less than it was in 1902. Watson & Todd, of Liverpool, have secured the future cut of McLachlan Bros.' mill, at Arnprior, amounting to considerably over 50,000,000 feet. W. J. Sharples has secured the 1903 cut of the Hawkesbury Lumber Company's mill at Hawkesbury, and the W. C. Edwards & Co's mill at Rockland. A great part of the future cut of the Gillies Bros.' mill at Braeside has been secured by the McArthur Export Company, Duncan Ewing & Co. have secured the 1903 output of McLaurin & McLaren's mills at East Templeton. It has been announced that the logs that will be taken off the million-dollar limit on the Petewawa, recently purchased by McLachlan Bros., from Robt. Barnet, Renfrew, will be manufactured into lumber at the Arnprior mills.

Late Senator McCallum.

Dunnville, Ont., Jan. 14.—The Hon. Lachlan McCallum, who died at his home in Stromness, yesterday, was born on March 15, 1823, in the Island of Tiree, Argyle, and came to Canada in 1842. In 1856 he married Miss Priscilla Dawson, who died a number of years ago. He is survived by one son and three daughters, who were all with him when the end came. He was a member of the Presbyterian Church, and a Mason, having founded McCallum Chapter of Masons, which was named after him, and being its first principal. Coming here in its early history, he has been identified with and a leader in every forward movement in the place. Senator McCallum was a large contractor and shipbuilder, having built many public works and owned a fleet of vessels on the lakes. He was captain of the Dunnville Naval Company, which he commanded at Fort Erie, at the time of the Fenian raid in June, 1866, where he was in the thick of the fight, and was afterwards presented with a medal for conspicuous bravery. He entered public life in 1867, and sat in the commons almost continuously until 1887, when he was called to the senate. He sat in the Ontario Assembly in 1876 and 1878. He was a Conservative in politics.

Episcopal laymen, including J. Pierpont Morgan and Senator Hanna, are raising a million dollars for missionary work among the Filipinos.

A WORD OF CAUTION.

Dr. Pitcher's Backache Kidney Tablets are prepared from the prescription of Dr. Zina Pitcher (formerly Professor of Materia Medica and Genito-Urinary Diseases, Michigan College of Medicine, Detroit, Mich., U.S.A.), which he used with wonderful success for over twelve years in private practice in the Western Hospital, Detroit.

They contain specific ingredients not found in any other kidney remedy, and it is not surprising, therefore, that they make cures in very many cases where other remedies had proved altogether ineffectual.

We would caution you in purchasing the Tablets to see that the accompanying cut, printed in green ink, and Dr. Pitcher's portrait and signature, are printed on the package. Refuse substitutes and imitations, as these are sure to disappoint.

The price of the Tablets is 50c. a box, or three boxes for $1.25, at all druggists, or sent by mail by addressing the Dr. Zina Pitcher Co., Toronto, Ont.

TEMISKAMING RAILWAY

Arrangements Being Made for Terminals of the Road

At Nipissing Junction, or North Junction—Several Contracts Made.

Toronto, Jan. 14.—A committee of the Temiskaming Railway Commission, comprising A. E. Ames (chairman), B. W. Folger, D. E. Thomson, K. C. (counsel), W. B. Russell (engineer), and P. E. Ryan (secretary), will go to Montreal this week to discuss with the authorities of the Grand Trunk and Canadian Pacific terminal arrangements for the new road at North Bay or Nipissing Junction, or at both points.

Nipissing Junction is a point three miles east of North Bay, where the G. T. R. strikes the main line of the C. P. R. At present the Grand Trunk runs into North Bay over Canadian Pacific tracks, but has purchased a right of way into the town over which it can construct a line at any time. It is expected that when the C. P. R. builds its Kleinburg and Sudbury extension its present agreement with the G. T. R. will be abrogated. In any event the commission is anxious that some arrangement will be reached with both lines which will preserve the interests of the new Temiskaming line.

The commission has placed an order with the Toronto Forge and Bolt Company for sufficient track bolts for 60 miles of main line and 5 miles of sidings. An order for spikes to cover the same distance of road has been placed with the Dillow & Hersey Company, of Montreal. The contractor for the line is to place an order for 75 60-ton M. C. R. standard flat cars with automatic couplers and Westinghouse airbrakes. These cars will be used in construction work and on the completion of the road will be taken over by the commision on a valuation.

Canadian Enterprise in Mexico.

Montreal, Que., Jan. 14.—A number of prominent Canadian capitalists have obtained concessions for the construction of a big power plant near the city of Mexico, and a company with a capital of $12,000,000 has been formed to conduct the work. James Ross, Senator Cox, William MacKenzie and other well-known Canadians are interested in the project, and have underwritten most of the stock of the new company.

Wireless telegraphy apparatus has now been installed on board each of the nine Dover-Ostend mail steamers.

AN OBJECT LESSON

In a Restaurant.

A physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous, old men at the tables; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray; but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice that these hearty old fellows are eating you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new-fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee and many other things are rank poisons, but these cadaverous sickly-looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress one or two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty, because they supply just what every weak stomach lacks, pepsin, hydrochoric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels, and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly, and thus give a much-needed rest and giving an appetite for the next meal.

Of people who travel nine out of ten use Stuart's Dyspepsia Tablets, knowing them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the traveling publice for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full-sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble. 91c zxv

"YOU CAN'T GO IN THERE!"

Guard Stopped Mrs. Roosevelt at Entrance to White House.

The President Meets a Similar Rebuff From the New Policeman.

Washington, Jan. 14.—Mrs. Roosevelt had to stop and tell who she was the other afternoon before she was allowed to enter the White House grounds. She had been out walking, and returned by way of the entrance at the executive offices. She was in a hurry and tripped up the steps with the agility of a school girl. She wore a brown walking skirt, a black jacket and a plain black hat with a heavy veil. Behind her trotted the little back dog that is the especial pet of the President's family.

As she started up the steps Policeman Will Wheeler walked toward her to head her off. Wheeler is an old policeman, but has been on the White House detail only a few days.

"That's all right; that's the missus," whispered one of the old guards, who was standing near. But Wheeler didn't hear him.

"You can't go through here, madam. The grounds are closed to the public," he said.

"'I know, but I live here," replied the President's wife, as she paused in front of the tall policeman. "This is my home."

Then Wheeler realized who the lady was and with an expressive "Oh!" backed away, while Mrs. Roosevelt walked rapidly toward the White House with a smile that could be seen through her veil. The dog looked the policeman over and trotted after his mistress. Wheeler's face wore a worried look when the veteran guard walked up to sympathize with him.

"She won't mind," he said; "but I'll give you a pointer. When you see that dog with any one, let that person in. That dog won't go with any one but some member of the family, and won't let any one else touch him. He even turns up his nose at Senator Lodge. You can't go wrong if you keep your eye on the dog."

TEDDY, TOO.

The President was returning from a walk about 9 o'clock Friday evening, when Policeman Wheeler stopped him at the gate. The President had his soft black hat pulled down over his eyes, and the watchful officer did not recognize him.

"Hold on there, sir," he commanded, as the President reached the top step and started for the White House. "You can't go through here. The grounds are closed."

"I am the President," said Mr. Roosevelt as he raised his hat to prove the assertion. The officer saluted and fell back. The President thought the occurrence a good joke and told several of his friends about it.

Now Assistant Postmaster.

Toronto, Jan. 14. — Mr D. B. Wylie, who has for several years been connected with the postoffice at the Parliament buildings, has been appointed assistant postmaster in that branch of the Government service.

Peat Manufacture in Quebec.

Quebec, Que., Jan. 14. — Notice is given in Saturday's Official Gazette of the formation of the National Light, Heat and Power Company (Limited), with a capital of $1,000,000. The principal object of the company is to promote the manufacture of peat in this country. The company intend to develop the manufacture of peat, and expect to have it upon the market in March next, a cheap and superior fuel to any other mineral substance. They have in their possession the patents for an up-to-date machine for pressing cut the peat, and a solution which will place them ahead of all other companies now in the field. The provisional directors are Hon. Mr. Garneau, and Capt. Richardson, of this city; Theo. Doucet, George Durnford, Montreal, and W. C. Trotter, of St. John.

Don't.

Don't think because you have taken many remedies in vain that your case is incurable.

You have not taken Hood's Sarsaparilla.

It has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility—many cases that may have been worse than yours.

What this great medicine has done for otherr it can do for you. f

"A REQUISITE FOR THE RANCHER.—On the cattle ranges of the West, where men and stock are far from doctors and apothecaries, Dr. Thomas' Eclectric Oil is kept on hand by the intelligent as a ready-made medicine, not only for many human ills, but as a horse and cattle medicine of surpassing merit. A horse and cattle rancher will find matters greatly simplified by using this Oil.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially. I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

M. A. CONLEY.

28 Years in Detroit. 250,000 Cured.

We treat and cure Varicocele, Blood Poison, Nervous Debility, Stricture, Impotency, Secret Drains, Kidney and Bladder Diseases.
