THE ACADIAN.

WOLFVILLE, N. S., OCT. 4, 1889.

Local and Provincial.

MISSION ROOM, GRAND PRE.—No service for first three Sundays in October.

CURIOUS.—Mr Jerry Morine handed us a curiosity the other day in the shape of six ears of corn growing together from one stalk.

DECORATED.—Mr J. M. Shaw is having his new rooms very neatly painted and decorated by Mr Blenkhorn, and they will present a fine appearance when done.

BASEBALL.—A picked nine of Wolfville and Windsor have challenged the Wanderers of Halifax to a match to be played on the Association grounds, at Windsor on Thursday of next week.

THE ASSESSMENT.—The assessment list for the Wolfville Water Tax, has been posted this week and has created quite an interest. It has been closely studied and freely discussed for the past few days.

PRESBYTERIAN.—Rev. Mr Ross left on Wednesday evening to attend the meeting of the Synod at Pictou. He will not return till after Sabbath. His pulpit at this place and at Horton will be supplied.

FAREWELL ADDRESS.—Rev. Walter V. Higgins will preach his farewell address previous to his departure for the mission work, in the Baptist church on Sunday evening next, when it is likely there will be a large attendance.

OVER AGAIN.—Kaye's meat market, which has been closed during the past few months on account of his supply of ice giving out, has opened again this week. We understand he intends keeping all kinds of meat and fish in stock.

NEW HOUSE.—Mr George Patriquin is busy making excavations on his property on Chapel street for a cellar on which he intends building a residence this fall. The building will be 23 x 30 feet and something of the same style as the one just completed by Mr L. W. Sleep.

PROPERTY SOLD IN BERWICK.—The property belonging to the estate of the late Thomas Margeson has been purchased by Mr Chas. Beardsley. Mr Beardsley is a native of Burlington, in this county, but has for some years resided in Cambridge, Mass., where he has been engaged in business as a painter.

BAY OF FUNDY STEAMSHIP COMPANY.—Commencing October 1st, the steamer City of Monticello will make but three trips each week between St John, Digby and Annapolis, leaving St John every Monday, Wednesday and Saturday mornings, at 7:45, returning leaves Annapolis and Digby same afternoon.

Go to Payzant's for Dentistry.

SERIOUS ACCIDENT.—Mr Williams, of the Ideal Factory, met with a serious accident on Tuesday by which he lost part of the third finger of the left hand. He was working a piece of machinery which had just been put in at the time of the accident. Dr Bowles dressed the injured hand and it is now doing as well as could be expected.

JOURNALISTIC.—The *Saugus Herald*, published at Cliftondale, Mass., by our old friend, Mr J. A. Halliday, comes to us this week greatly improved. The *Herald* begins its third volume double its former size, having eight six-column pages and all well filled. We congratulate friend Halliday on his apparent success and prosperity.

Minard's Liniment Cures Dandruff.

FIRST PRIZE.—Mr C. A. Patriquin, of this place, took first prize at the late exhibition for county collection of apples 15 sorts, thus placing King's county in the front rank among the apple-growing counties of the Province. Mr Patriquin has had his collection exhibited in his shop window during the past week and it has been greatly admired.

PEANUTS.—Mr John E. Strong, of Brooklyn St., left at our office on Thursday last a bunch of peanuts just as pulled from the ground. They were grown in Mr Strong's garden from seed obtained from the South. The plant had a vigorous healthy appearance and the size of the roots is quite up to the average.—*Western Chronicle.*

APPLE BLOSSOM.—Master Bertie Davison showed us a full-blown apple blossom on the first of this month, which he had just taken from the tree.

POSTAL CHANGE.—The following postal change is announced: On the 1st of September, Tremont post office, Aylesford, Kings Co., was reopened, with Mrs Lavinia Baker as post master.

CORRECTION.—Major Cusack wishes us to correct the statement in a late number that he had sold his place to Mr R. M. Rand. The report, though current, was without foundation.

A FREAK.—In the orchard of Dr Payzant, at Wolfville, this season, a squash vine made love to a pear tree, and a few days ago a large squash was seen snugly resting among the upper branches, says the *Hants Journal.*

TEMPERANCE ALLIANCE.—The annual meeting of the Kings County Temperance Alliance is to be held in Lovett's Hall, Kentville, on Tuesday next, at 2 o'clock in the afternoon. A mass public meeting will be held in the evening.

RAIN.—One of the most violent storms of rain and wind that has visited us for years occurred on Tuesday night. Though not very pleasant for those who were out in it it was needed to supply the wells and brooks which were getting very low.

GRAPES.—Mr Thomas Foster handed us a bunch of grapes the other day which we have not seen surpassed. The variety was the Isabella, and the bunch, which was only 2½ inches in length, contained 47 large lucious grapes. We saw nothing like it at the exhibition.

A full line of Brushes of all kinds at WALTER BROWN'S.

SOME BLUEBERRIES.—The blueberry business in Yarmouth is becoming quite an item in our exports. During the past season the blueberries sent to Boston by the steamer *Yarmouth* amounted to 6,204 crates, or 99 tons, 528 lbs., valued at $9,144, or including freight $11,144.—*Times.*

A MISTAKE.—Fish plates and bolts for use in track laying on the C. V. R. arrived last week. By some mistake the bolts are a size larger than the holes in the plates. This is much to be regretted, as the work, which has been progressing rapidily, will be delayed perhaps—for some time.—*Western Chronicle.*

PERSONAL.—Rev. Mr Kempton, of Cornwallis, preached in the Baptist church on Sunday evening. The many old friends of Mrs K., *nee* Seaman, here were glad to see her. She finds quite a change in her old home—"the brick house," now overshadowed by the Bank of Nova Scotia's fine stone building in front.—*Amherst Record.*

LOST IN THE WOODS.—A small child of Mr Fielding, who lives near Newport Station, strayed away from its home last Sunday. After considerable searching it was found in the woods not far from its home seated on a cradle hill playing with dead leaves, on Wednesday morning. The little thing had spent three days and nights in the woods.—*Windsor Tribune.*

ST JOHN'S CHURCH, WOLFVILLE.—Sunday, October 6th., Matins and Celebration of the Holy Communion at eleven. Subject of sermon: "These Holy Mysteries." Evensong at seven: Subject of sermon: "Is Baptism by Immersion the only valid mode of administering the Sacrament of Holy Baptism? What sayeth the Scripture? What sayeth the Christ? What sayeth early Christian Art?"

Wire Fencing, plain and barbed, and posts at WALTER BROWN'S.

NOVA SCOTIA CENTRAL.—The Nova Scotia Central work is progressing rapidly. The road bed is now about all ready for track, of which only six miles remain to be laid. The prospect is that in two weeks or less the two ends will be connected. The road from Middleton out to the end of the track is now ballasted, and now in running order, as is also the portion from Bridgewater to Springfield. The iron bridges are now being put in. The location of the stations in several instances is or at least has been a vexed question, particularly in regard to that at Middleton. However as every one cannot be suited, it is hoped the company will look to the general convenience of the community at large, and decide accordingly.

Berwick.

At the annual school meeting Mr L. D. Robinson was chosen trustee in place of Mr S. C. Parker, resigned, and Mr I. Shaw in place of retiring trustee. The Board of trustees submitted the following report:—

"We find the school in a fine state of efficiency and work done in all departments during the year of a high order, so much so that we claim for Berwick section a *model school.* While highly pleased with all departments, the marked change in the primary department is deserving of special mention. At the end of the winter term Mr Robinson, through ill health, was forced to resign and Mr E A. Read was secured for the summer term. Under Mr Read's principalship the school has maintained its wonted standard. We would just here refer to the marked success that has followed Mr Robinson's connection with the school and would desire here to record our appreciation of his success. The attendance has been large, the school registering about 160 pupils, and punctuality fair, The school land fund, of which so much has been said, has taken practical shape in a grant of $25, with prospect of more."

Mr H. S. Shaw has been engaged to take the principalship of the school for the coming year. Miss Parker and Mrs Chute are to continue to teach in the intermediate and primary departments with increased salaries. $625 was voted for school purposes for the coming year.

Greenfield.

Orchards may flourish here, as the following testifies: Mr Watson Davidson shows a small sized tree that this year bore 7 barrels of Gravensteins. Mr D. also furnishes proof of the fruitfulness of the soil in about 20 bushels of buckwheat from one bucketful of seed.

The crop of grain and hay has been fair this season. As it is elsewhere, the potato yield is light.

Mr George Davidson and wife have returned from the United States, and propose remaining. We are always glad to see our people returning, better pleased with their native land.

Gaspereau.

Mr Russel Kennie has sold his farm to Mr Stephen Atwell.

SEVERE LOSS.—Mr John G. Morrison, of Springfield, in this county, met with a severe loss a day or two ago by the drowning of a horse valued at $150 The horse was forced into Lake Pleasant, to which the driver, one Patrick Dooley, of St John's, Nfld., had gone to fill a cask with water. He urged the horse so far into the water as to make him lose bottom when he was overcome by the weight of the vehicle to which he was attached, and was drowned before help could be obtained. The driver, it is said, became near being drowned himself.—*Bridgetown Monitor.*

Large consignments of rice are being shipped from China to Chicago per the Canadian Pacific and the lake steamers.

A careful estimate of the population of Boston made under direction of the mayor, shows the city to have 414,000 inhabitants.

Two young men residing near Papineauville were out hunting near the Ottawa River, when the elder of the two was accidently shot by the other, dying almost instantly.

It is reported that a stone cutter of St Paul, Minn., has discovered a combination of chemicals by the use of which the hardest stone can be dissolved and cut into any desired shape, the casting being as hard as flint, translucent and capable of taking on a brilliant lustre.

The late Dr Barnard, of Columbia College, has willed all his estate, excepting the income which goes to Mrs Barnard, to Columbia College The value of the gift is estimated at about $80,000, and includes a valuable collection of rare books and manuscripts got togeter by the dead scholar.

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. Read proof below.

STREETSVILLE, P. Q., May 5, 1889.

DR. B. J. KENDALL CO., Enosburgh Falls, Vt.

Gentlemen:—I have used Kendall's Spavin Cure for Spavins and also in a case of lameness and Stiff Joints and found it a sure cure in every respect. I cordially recommend it to all horsemen.

Very respectfully yours, CHARLES J. BLACKALL.

KENDALL'S SPAVIN CURE.

ST. THOMAS, P. Q., April 22, 1889.

DR. B. J. KENDALL CO., Enosburgh Falls, Vt.

Gents:—I have used a few bottles of your Kendall's Spavin Cure on my colt, which was suffering from Influenza in a very bad form, and can say that your Kendall's Spavin Cure made complete and rapid cure. I can recommend it as the best and most effective liniment I have ever handled. Kindly send me one of your valuable books entitled "A Treatise on the Horse." Yours respectfully, T. F. WILKINSON.

DR. B. J. KENDALL CO., Enosburgh Falls, Vt.

Gentlemen:—I always keep your Kendall's Spavin Cure and Blister on hand and they have never failed in what you state they will do. I have cured a bad case of Spavin and also two cases of ringbone of years standing, on mares which I thought to breed from, and have not seen any signs of disease in their offspring. Yours truly, T. J. O'KEEFFE.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors,

DR. B. J. KENDALL CO., Enosburgh Falls, Vt.

SOLD BY ALL DRUGGISTS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Port George Work," will be received until Friday, the 4th day of October next, inclusively, for repairs, etc., to the Breakwater at Port George, Annapolis County, Nova Scotia, according to a plan and specification to be seen on application to Mr Charles Elliott, Collector of Customs, Port George, and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the form supplied and signed with the actual signatures of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to *five per cent of amount of tender,* must accompany each tender. This cheque will be forfeited if the party decline the contract, or fail to complete the work contrarted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
A. GOBEIL,
Secretary.
