A DUMP AND A BELT LINE

Yonge-Street Wharf Recommended for a Refuse Receptacle

For the Central Part of the City, Temporarily, While a Continuation of the Dovercourt Line via Queen, Massey, King, Dufferin and Queen is Proposed as Route for West End Belt Line—The Q. C. Y. C. Not Gamblers or Sabbath Desecrators — Mayor on Schools and Street Railway Needs.

To the Board of Works to-morrow the sub-committee of four, two each from Wards 5 and 6, will recommend, as they were bade to do, a west end Belt Line. They had two objects to serve, first the service for the factory employes, whose work congests within a small radius of King-street subway, and second a connection between North Parkdale and the South Parkdale Station. It was felt at the meeting yesterday that the two results were impossible of accomplishment, because, to quote Ald. Bowman, there is no use asking so much that we won't get anything, and again because no route could be traced out on the map which would serve both purposes.

Ald. Saunders presided with Ald. Woods and Bowman present. Ald. J. J. Graham, who has made such a noise about this thing previously, strange to say, did not appear. He will be asked to endorse with the rest of the committee a proposition to combine a north end feeder and south end Belt Line, by continuing the Dovercourt route on from its present termination at Queen and Dundas-streets, east along Queen to Massey, down Massey to King, west along King to Dufferin, up Dufferin to Queen, thence back to Dundas again. The only new piece of track which will require laying will be that on Massey-street, from King to Queen. It had at first been determined to run down Shaw-street, but the move was made eastward to Massey to pass the Massey-Harris factory.

Yonge-Street Wharf a Dump.

To the Property Committee to-day City Commissioner Coatsworth will recommend a dump which will be a commodious enough receptacle for all the central city refuse of this winter. Yonge-street wharf must be re-planked before spring. The cribbing is hollow at present, and Mr. Coatsworth estimates that at least 10,000 cubic yards of clean cellar earth, bricks, etc., could find board and lodging there. The time for this is regarded as particularly opportune, because of the re-covering of the cribs and of the pressing need of a temporary central dump.

Furnishers Get Till Dec. 17.

The Board of Control met specially yesterday morning to settle upon the time limit when Contractors Dinnis and Rogers, who are putting in the furnishings of the new Council Chamber, must finish their work. They were given until Dec. 17. Architect Lennox, in the course of a dispute about a clause in the contract, reassured the board by stating that the building would be surely done inside of ten years.

There are aldermen sitting in the present Council who will probably never grace the first meeting in the new chamber.

That East End Service.

City Engineer Rust told the board that to ask for a six-months' service on Queen-street east of the Woodbine would be unreasonable. He thought, however, the company should be made to do better. Ald. Burns, with Mayor Shaw, demurring, insisted on an interview with Mr. Keating. Ald. Leslie and Hubbard will do so and may ask for a compromise at a 12-minute service. They will also ask to have the Bathurst-street cars run around the Union Station loop.

The matter of providing ten pair of double-acting hinges, which the architect reported would cost $35.75 a pair, was relegated to the Property Committee. The board declined to be guilty of spending any more money unauthorized, thus admitting the weight of his contention.

New Request to T. R. Co.

The Mayor has something new to ask from the Street Railway Company. He is given to understand that in new cars which the company is constructing open strips will be left in the flooring of the rear end vestibules, to drain off water. His Worship thinks that this will have a corresponding effect in creating a suction of air, which in winter might benumb feet and inflate pant-legs with frigid air. This would be uncomfortable for conductors and smoking passengers, and the Mayor, through the City Engineer, has written suggesting the substitution of portable lattice-work to cover the floors.

Mayor Wants Bigger Playgrounds.

The Mayor has written Chairman S. W. Burns of the Public School Board, stating that Council would be pleased to inspect the new, as well as the enlarged schools, as per invitation on Friday afternoon. His Worship has a scheme in view for the enlargement of the play-grounds of several city schools. This could be done with some of them without any inconvenience and little expense, he thinks.

The sub-committee on the amalgamation of the School Boards has also been called for Friday afternoon at 4.15. This meeting conflicts with the Council's tour of school inspection, and this one may be called off.

Q. C. Y. C. Wants a Water Lot.

The Queen City Yacht Club has applied to the Property Committee for a water lot to erect a club house, with 10 years' exemption from taxation on improvements to the same. "The Queen City Yacht Club," runs the application, "has been known for years as one of the most prominent in the City of Toronto, and before the extension of the windmill line took place it had a site for its club house superior to that enjoyed by any club. Since that time we have been and are now occupying a building in rear of another Club House, and are on this account deprived of any view of the water-front or sailing courses whatever. As a natural result of this our membership has dwindled to less than 100. All our sport is strictly amateur, we allow no gambling on our premises, and no games of any kind whatever on a Sunday."

They ask for a hearing for a deputation to-day, when they will suggest a lot in the neighborhood of the entrance to Island Park wharf, no lot on the city side of the Bay being available.

The Mysterious Mr. Smith.

At Monday's Council a letter was read from F. Gourdeau, Deputy Minister of Marine and Fisheries, stating that one David Smith had complained that the bridge over McNamee's cut was obstructive to boats plying between the Bay and the Lake, and also demanding the retention by the city, of a watchman. City Engineer Rust replied yesterday that there is a man on the bridge constantly, so that the complaint is groundless. He also states that the bridge was erected by permission of the Railway Committee of the Privy Council in 1806.

Bernard is Popular Down South.

The Chairman of the Board of Works has received the following flattering letter:

Mr. Bernard Saunders, Chairman Board of Works, Toronto, Canada:

Dear Sir,—I wish to ask you to serve as chairman of the committee on Municipal Franchises of the American Society of Muncipal Improvements for the coming year, and assuming that you will serve would like you to express your preference as to the other members of the committee. I think you ought to be able to get something very valuable from Mr. Keating on this subject for the next convention, but it would not perhaps be well to put another man on the committee. Yours,

N. P. Lewis, President.

City Hall Notes.

The City Clerk has certified that petitions against a wooden sidewalk on the east side of Seaton, between Queen and Wilton-avenue, and on the north side of Wellington-avenue, between Bathurst and Tecumseth are insufficiently signed.

The Montreal Board of Assessors at the time of going to press were still imbibing knowledge.

METEORS ARE STILL FALLING.

The Meteoric Shower Was Continued Up Till Tuesday—What It Probably Means.

The meteoric shower due for Nov. 13 and 14 was not visible here this year, owing to the cloudiness of the weather. But the shower appears to have been prolonged over these dates, for brilliant meteors were observed in Toronto in the western sky on Tuesday night, falling with intervals of only a few minutes. They did not apparently radiate from the direction of the constellation Leo, the radiating space to which the November meteors are assigned. That constellation at midnight was but a short distance above the eastern horizon, while the meteors observed then fell from a distance probably of one-third of the distance between the western horizon and the zenith. Their color was a mellow, slightly greenish hue, soft and bright. Their occurrence on the 15th and 16th of the month suggests that the earth may have struck a different meteoric stream than that it encountered on the 13th inst., or else that that meteoric belt is wider than usual in the place of its intersection with the earth's orbit.

A Magic Pill.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed

Close of the Season.

The following are the last sailings of steamers from Owen Sound, connecting with the Canadian Pacific Railway: Canadian Pacific Railway steamers for Fort William and Port Arthur, Nov. 16; North Shore Navigation Co., for Sault Ste. Marie and intermediate ports, Nov. 22; Great Northern Transit Co., for Sault Ste. Marie, and intermediate ports, Nov. 24; steamer City of Windsor, for Sault Ste. Marie and intermediate ports, Nov. 26. The last steamer for Parry Sound, etc., leaves Owen Sound on Nov. 21.

A LINDSAY LADY
CURED OF
DIABETES!
Doan's Kidney Pills
THE RE MEDY SHE USED.

From The Peterboro Examiner.

Our representative called at the residence of Mrs. E. Toole, Kent-street, Lindsay, Ont., and was favored with an interview. Mrs. Toole states:

"For three years I have suffered terribly with pain in my back and limbs, and also with excruciating pains in my head and neck. I felt very dizzy, and when I awoke in the morning seemed to be in a stupid or dazed condition, so much so that it would be a couple of hours before I was able to do anything. Many a time I had to walk the floor for hours at night, on account of the pain from which I suffered. I had no appetite, was very nervous and easily startled; sometimes feeling that I was about to faint from the fluttering and palpitation of my heart.

"About last summer I was attended by a physician, who said I had Diabetes, and I can say that I have taken a great deal of medicine, but received no benefit from the same. In fact, I was in an awful state. No one but myself knows how much I suffered!

"I heard of Doan's Kidney Pills, and have taken two boxes of them. From the first I commenced to improve. They have worked a wonderful change for the better in my health. They have cured all the pain, restored restful sleep, strengthened my nerves, and given me a good appetite. In fact, I am sure the pills were exactly the medicine I needed; and I cannot express the joy I feel at this change in my health, which is all caused by the use of Doan's Kidney Pills.

Doan's Kidney Pills are sold by all druggists, or sent by mail on receipt of price, 50c. a box, or three for $1.25. The Doan Kidney Pill Co., Toronto, Ont.

Remember the name, Doan's, and refuse all others.

POLITICS GET HOT IN QUEBEC

Internal Dissensions in the Liberal Ranks.

Is There a Movement on to Wrest the Premiership of Quebec From Hon. Mr. Marchand? — What Charlie Langelier is Said to Be After in the Local House.

Montreal, Nov. 16.—(Special.)—The air is blue in the cities of Montreal and Quebec over the internal dissensions of the Liberal party. Alderman Beausoleil, M.P., comes out before the Geoffrion Club and warns the leaders at Ottawa that the party will not stand a great deal more nonsense. The member for Berthier says in reply to the declaration from Ottawa, that the party must be disciplined, that the leaders should likewise be disciplined and that there will be a clash if things are not attended to.

Then there is the difficulty in the Quebec district, which has been renewed over Mr. Charles Langelier's candidature in Levis for the vacant seat in the local. It appears that he is opposed by the Hon. Mr. Tarte and the Hon. Mr. Dechene, the local Minister of Agriculture.

There is, according to rumor, a curious situation in connection with the local Government. The Minister of Agriculture is credited with working in connection with Mayor Parent of Quebec for the wresting of the premiership from the Hon. Mr. Marchand, while the Hon. Mr. Robidoux and the Hon. Mr. Archambault have also, according to rumor, each the ambition to displace the present occupant from the Premier's chair. All this is related to the forthcoming contest, because if Mr. Charles Langelier were returned he would be an important factor in the local, perhaps even the federal, political situation.

Mr Dechene is credited with the statement that he will spend any amount of money to defeat Mr Langelier, while the latter, though he has been assiduously practising his profession, can only rely upon the support of his friends to give him victory.

The underlying motive, it would appear, for the opposition to Mr. Langelier, is found in the belief that if he were returned he would make it unpleasant for certain parties who have secured a reputation for purity which they do not deserve.

Mr. Langelier in a recent interview did not disguise the fact that this would be part of his mission if he were returned. He stood, he said, for the old school of Liberalism. He was decidedly opposed to the Tarte element. He had no ambition, save to retrieve the past. A fault had been committed, it was past. The future was to be faced with courage and hope. He desired simply a place in the Local Legislature.

Catarrhal Deafness.

The last stage development of Nasal Catarrh. Japanese Catarrh Cure goes away past the points where even specialists on the disease have been able to reach. It's a penetrating, soothing, healing and strengthening compound, allaying the inflammation and healing without leaving the slightest bad after-results. The only guaranteed Catarrh Cure. 50c at all druggists. 119

What the Shares Went for.

It is stated that the controlling shares in The Temperance and General were sold at four times the par value. There was an understanding among a number of the shareholders that they were all to sell on none and some of them outside of Toronto complain that shares were sold in the city without consulting them.

Larger Premises.

Mr. G. N. Morang, publisher, has secured one of the old houses on the north side of Wellington-street, just east of York, and will reconstruct it throughout into first-class quarters for his growing business.

Mr. Hartley Gisborne, M. Can. Soc. C.E., the well-known electrical engineer, formerly of Toronto, now a resident of Winnipeg, has been appointed by the council of the Institution of Electrical Engineers, London, England, their local hon. secretary and treasurer for Canada.

Cook's Cotton Root Compound

C. J. TOWNSEND & CO
KING ST. WEST.

MORTGAGE SALE OF DWELLING House and Premises in Toronto.

Under the powers of sale contained in a certain mortgage, which will be produced at the time of sale, there will be offered for sale by public auction by Messrs. C. J. Townsend & Co., auctioneers, at their auction rooms, No. 28 King-street west, Toronto, on Saturday, the 26th day of November, 1898, at 12 o'clock noon, the following property:

All that parcel of land and premises, being composed of part of lot C, plan 468, and part of lot 27, plan 342, particularly described in the mortgage, and a full description of which will be produced at the time of sale. The property has a frontage of about 21 feet on the west side of McDermott Place by a depth of about 102 feet.

There is said to be erected thereon a frame two-storey mansard roofed dwelling, containing 6 rooms and known as No. 14 McDermott Place.

The property will be offered subject to a reserved bid fixed by the vendor.

Terms—Ten per cent. of purchase money at time of sale; balance in 30 days thereafter.

For further particulars and conditions of sale apply to the Toronto General Trusts Company, liquidator of The Farmers' Loan and Savings Company, Toronto, or to McCARTHY, OSLER, HOSKIN & CREELMAN, Vendor's Solicitors, Toronto. 644

Dated this 10th day of November, 1898.

C. J. TOWNSEND & CO.
KING ST. WEST.

MORTGAGE SALE OF RESIDENCE On Prospect Street

Under and by virtue of the powers of sale contained in a certain mortgage, which will be produced at the time of sale, there will be offered for sale by public auction by Messrs. C. J. Townsend & Co., auctioneers, at their auction rooms, 28 King-street west, Toronto, on Saturday, the 26th day of November, 1898, at the hour of 12 noon, the following property, viz.: That parcel of land in the City of Toronto, in the County of York, composed of lot number eight (8) on the north side of Prospect-street, according to registered plan No. D 230.

This property has a frontage of about 40 feet by a depth of about 110 feet, and is known as No. 38 Prospect-street, situated near Parliament-street.

Upon the premises is said to be erected a large two-storey brick dwelling house, 20 feet by 34 feet, with verandah extension 17 feet by 32 feet, with bay window, and further extension and shed 15 feet by 20 feet; heated by furnace; nine rooms and bathroom; cellar.

The above property will be offered for sale subject to a reserve bid fixed by the vendor.

Terms: Ten per cent. of purchase money to be paid at the time of sale; balance within thirty days.

For further particulars and conditions of sale apply to The Toronto General Trusts Company, Liquidator of The Farmers' Loan and Savings Company, Toronto, or to McCARTHY, OSLER, HOSKIN & CREELMAN, Vendor's Solicitors, Toronto.

Dated this 10th day of November, 1898. 644
