C.N.R. CROP REPORT IS FAIRLY HOPEFUL

Territory Served by Road Fares Better Than That Farther South.

As the season advances the balance between an average, or less, and an average, or more, crop seems, broadly speaking, to favor the central and northern sections of Manitoba, Saskatchewan and Alberta.

A report on conditions of the growing grain along its lines in the prairie provinces received by the executive of the Canadian Northern here yesterday from nearly 200 agents between Port Arthur and the Rocky Mountains brings out this fact quite clearly. That the majority of agents in the territories on the C.N.R. continue to show conditions as favorable, is no doubt owing to the fact that the greater portion of that company's mileage west of the lakes is in the central and northern districts where farmers appear to enjoy advantages in the rolling, well-wooded, well-watered features characteristic of the country.

This report is for the week ended July 20. Of the 196 places reporting, 78 indicate a need of rain, 115 show conditions as favorable, 60 as unfavorable, and only 26 as bad. There are only three reports of damage by hail and one by frost.

From 21 places prospective wheat yields are given, two of which go 25 bushels to the acre, six to 20, and six to 15.

The company's reports on weather prevailing over the grain-growing areas show for July 22 some rain in the central district, and rain also in the western district. For July 23 the central district, Winnipeg, Brandon and the western district all report rain which should benefit materially the growing grain.

GRAIN AT WINNIPEG

Winnipeg, July 25.—The action of the market at this morning's session, when lower prices prevailed, was somewhat surprising when it is considered that reports coming from northern Manitoba, Saskatchewan and Alberta indicate that rather severe frosts had taken place.

Oats closed 1⅝c lower for July and 2¼c lower for October. December closed at 78.

Flax closed 14c lower for July and 13½c lower for October.

LIVE STOCK MARKET

With light receipts and a slow and irresponsive market, trading was very dull at the Union Stock Yards yesterday. The arrivals of fresh stuff were something over 300 head, and all the inferior grades were weak and lower, but the general run of butcher steers, heifers, cows and bulls showing quality were about steady, but the hot weather is adversely affecting the cattle trade, no doubt about it, and the only kind that are selling well are choice, heavy steers, but there are practically none of these.

The lamb market is very weak, and shows a marked decline, variously estimated at from 50c to $1 per cwt. from yesterday. To say that the lamb market is dull does not adequately describe it. It is off anywhere from 50c to $1.

The calf market is weak and lower easily a half-dollar, so the grass calves, while some of the salesmen went further, and put the decline on choice veal at 50c, and the common calves from $1 to $1.25 per cwt. The sheep market is steady, with a run yesterday of 275 head.

The hog market is steady to strong, with 925 fresh arrivals, and holding the advance to 19c lb., fed and watered, and 19¼c lb. weighed off cars. The outlook is for steady prices for next week, as receipts are light, and the American markets decidedly strong.

REPRESENTATIVE SALES.

Joseph Atwell & Sons.

Ollie Atwell (Joseph Atwell & Sons) during the week so far has bought one load of light feeders, weighing around 900 lbs., which cost from $11 to $11.40; one load, 800 lbs., at from $10 to $10.50; one load of stocker steers, 750 lbs., at from $9 to $9.25, and a load weighing 700 lbs., dehorned and good quality, cost Mr. Atwell from $9.50 to $10 per cwt.

In addition, Mr. Atwell bought 40 heifers, 700 to 800 lbs., at from $8.50 to $9 per cwt.

To The World yesterday Mr. Atwell said the trade for this class of cattle had barely held steady during the week, but that he was comparatively well cleaned up, practically the cattle quoted going out to Ontario points.

The firm of Sparkhall & Armstrong quote calves at from $8 to $17.50; sheep, 10c to 16c lb., and 300 hogs at 19c lb., fed and watered.

Eddie Zeagman (C. Zeagman & Sons) sold 90 hogs at 19c lb., fed and watered, and 19¼c lb. for 35 of the weighed off cars; 20 choice veal calves at from 15¼c 15c lb.; 100 grass calves at 7½c to 8½c lb.; lambs at 19c to 20½c lb.; 15 sheep at 14c to 15½c lb.

Mr. Zeagman told The World that lambs were 50c lower per cwt., and grass calves 50c off from last week, and this view was generally shared, some placing the decline at even greater than this, and as much as 75c and $1.

Dunn & Levack.

H. P. Kennedy, Ltd.

The H. P. Kennedy Co., Ltd., during the week shipped out two loads common butcher steers, 650 to 800 lbs., at from $5.25 to $8.75; one load good to choice feeders, weighing 800 lbs., at $10; one load extra choice butchers, weighing 1175 lbs., at $13.75. Mr. Harris of the H. P. Kennedy Co., Ltd., said the stocker and feeder trade had been pretty well demoralized during the week, the farmers all being very busy in haying, while the exceptionally hot weather militated against an active trade. The market was quiet, and likely to remain so for some time. The H. P. Kennedy Co., Ltd., advise drovers to be careful of this class of cattle for the present, as the tendency is toward lower prices.
