WANT THE CANAL—AND QUICK

Deputation Wait on Government and Are Given Some Encouragement.

OTTAWA, July 10.—A deputation one hundred strong, from Fort William, Port Arthur, North Bay, Sault Ste. Marie, Mattawa and various towns of the Ottawa Valley waited on Sir Wilfrid Laurier and Hon. Messrs. Scott and Pugsley this morning to urge the prompt construction of the Georgian Bay Canal, and that an appropriation of ten millions be set aside by parliament, so that the work on the new waterway might be started immediately.

The premier said that the report of the survey had been in the hands of the government only a week. The report, he said, would receive the prompt and full attention of the government as soon as parliament prorogued. Senator David presented a memorial of the Montreal city council in favor of the construction of the canal.

GRAVES ARE WASHING AWAY.

River Encroaches on Chatham Cemetery and Visitors Are Stealing Bones

CHATHAM, July 10.—The attention of local and county authorities is being directed to the condition of Dolson's Cemetery on the banks of the Thames River. The portion of burial grounds which faces the river is being gradually washed into the river and many skeletons are exposed to view. This has made the cemetery a mecca for relic hunters.

Fully 15 feet of the original cemetery is exposed to view, and its condition has aroused comment in this city.

The place never had a keeper, and when the river is high students from the nearby colleges flock to the place to carry away the skulls and bones.

WASHOUT CAUSES DELAY.

A washout on the Lake Superior division of the C.P.R. caused a serious delay in the traffic between Winnipeg and Toronto. The train due here yesterday at 2 o'clock will not arrive until this morning about 7 o'clock.

A Nature Store.

An old hen with a large family of small chickens was recently given an empty barrel turned down on its side for a coop on the writer's premises. One day recently the hen gave the signal of distress used by all good grangers, and the barrel was quickly surrounded by the fighting members of the household.

A large snake was found in the barrel and quickly lynched. Several bunches were noticed on the reptile's body and he was ripped up the back with a pair of shears, and seven chickens were found gasping for breath. They are all alive yet.—Lewiston (Me.) Journal.

Patrol Boat is Making Good.

AMHERSTBURG, July 10.—Good work is being done by the Canadian Government patrol boat Owen at the Lime Kiln crossing. Since the patrol boat has been on the job not a single accident has occurred in the dangerous channel. Large boats are stopped by the patrol boat while tows are coming thru. This makes it almost impossible for any mixup to occur.

DETROIT, Mich., July 10.—Col. Townsend, head of the local United States engineer's office, received word to-day from H. J. Lamb, head of the lake channel engineer's department of Canada, that the new shoal opposite Sarnia, Ont., will be removed by the Canadian Government.

Col. Townsend had already wired to Washington for permission to devote $5000 to the removal of the shoal.
