THRASHING MACHINES.
LETTERS PATENT.
TIME AND LABOR SAVED IS MONEY EARNED.
THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,
SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,
one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shops, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thrash and clean more grain in a day, with less expense, with greater steadiness, than any other known invention—only requiring two horses.
We beg leave to say to our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.
Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, easiness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it broken or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.
All orders addressed to us, or our Agent, WM. JOHNSON, will be promptly attended to.
Machines shipped to any port in Canada, and every one warranted to be as good as recommended.
Liberal terms of payment allowed.
B. P. PAIGE & CO.
Whereas, Letters Patent were obtained, bearing date March 5, 1849, on said Machine, the public are cautioned against purchasing, using, or manufacturing any imitation article, as all infringements will be dealt with according to the law of the land.
All genuine Machines will be accompanied by a Deed signed by B. P. PAIGE, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using said Machines.
B. P. PAIGE.
