OPPOSED TO SUNDAY TRAVEL.

The following resolution was adopted at the last meeting of the W. C. T. U.: Resolved, That we learn with pleasure of the refusal of Hon. Adam Beck, member for London, to sanction a proposal made in the railroad committee of the Provincial Legislature, whereby radial roads would be operated on the Sabbath Day. We believe that the "day of rest" is a necessity for soul and body and that the nation that ignores its claims must deteriorate, morally and physically. Resolved, that a copy of this motion be sent to Mr. Beck and that it be printed in the press.

GOOD PRICE FOR COWS.

Twenty-nine dairy cows were sold yesterday afternoon by Auctioneer A. M. Hunt for Mr. Caleb Millson, of Westminster. They sold at an average price of $41 75. This will be Mr. Millson's last sale of cows this spring, as the demand seems to be about supplied. Mr. Hunt will sell a lot of fat cattle and farrow cows at the Sadlier House yard next Saturday at 1:30 p.m.

REQUEST WAS GRANTED.

While in Hamilton several months ago making inquiries regarding the street carnival, Ald. Matthews approached a number of the aldermen and asked that Hamilton's civic holiday be fixed for Aug. 7, the same as London's. The object of this was to enable a larger number to come to the Old Boys' reunion. Yesterday Ald. Matthews was notified by 'phone that his request had been granted. This will mean that Hamilton will be strongly represented here at the big homecoming.

TEMPLAR WAS DIVORCED.

"On Friday Frederick Templar's attorneys received information from Colorado that their client's second wife obtained a divorce seven years ago," says the Port Huron Times. Templar is the former Londoner who is proceeding in the courts to secure possession of the property of his third wife.

PRINCIPAL RADCLIFFE LECTURES.

The lecture room of the Dundas Center Church was filled with an audience composed largely of young people, who listened with enjoyment to Principal S. J. Radcliffe's lecture on the "Idylls of the King" last evening. Mr. C. E. Cowley, president of the Epworth League, under whose auspices the lecture was held, was in the chair. At the close Rev. Mr. Scott and Mr. Wm. Yeates tendered the lecturer a hearty vote of thanks on behalf of the young people.

The Wellington Street Methodist League held a debate in the church parlors last night before a very large audience. The subject was "Resolved, that the introduction of Sunday street cars would be in the interests of London." The affirmative side included Messrs. F. H. Talbot, and I. Attrid, of the Gore, and the negative, Messrs. Meredith and Alfred. The judges, Miss Rice and Principal Duncan, decided that the weight of arguments was in favor of the affirmative.

SUNDAY SCHOOL CONVENTION.

The advance programme of the International Institute preceding the Eleventh International Sunday School Convention, to be held in Toronto, on June 20-23, promises a rich treat to all the primary workers who are fortunate enough to attend. Mr. Edward P. St. John, of New York, will give a course of five lectures on "Child Nature and the Sunday School," and Miss Florence Darnell, the celebrated teacher of black-board work, will give a course in her sepcial line. Mrs. Crafts, Mrs. Kennedy, Miss Baldwin, Mrs. Halpenny, Mrs. Hamill and a host of other prominent workers are named for addresses, and last but not least, Miss Nannie Lee Frayser, of Kentucky, whose inimitable manner of story-telling moves strong men to tears, will give of her work.

All sessions of the elementary section (which includes beginners, primary and junior work), will be held in Bond Street Congregational Church, and are under the direction of the international primary secretary, Mrs. J. W. Barnes.

SACRED CANTATA.

The choir of Chalmers Presbyterian Church rendered the sacred cantata, "Bethlehem," in the church last evening. Owing to the threatening weather, the attendance was rather small. Before the cantata, a short programme was given, in which Mrs. Wheeler, of St. Andrew's Church; Mr. Pink, and Mr. Webster took part. They each sang splendid solos, which were highly appreciated. The cantata dealt with the life of Christ, and was given with much skill of interpretation. The soloists were Mr. Ed Webster, bass; Mr. Pink, tenor; Miss Rutherford, soprano, and Miss Thompson, alto. They acquitted themselves very creditably, but special mention must be made of Mr. Webster's solos. He was in splendid voice. The ladies' trio, Misses Rutherford, McLoud and McArthur, sang very sweetly, and the male trio, Messrs. Cruickshank, Francis and Christie, also sang well. The quartet rendered their parts acceptably. Mr. Bert Weir was accompanist, and Mr. A. B. Steen conducted. The ensemble parts were well taken, and showed careful training on the part of Mr. Steen.

## FILLED THE VACANCY

**McAll Mission Elected Mrs. Bishop Williams First Vice-President.**

The McAll Mission held its quarterly meeting in Dundas Center Church yesterday afternoon. The unfavorable weather made the attendance somewhat small. Rev. C. T. Scott conducted a memorial service, making special reference to the death of two late beloved members of the society, Miss Seabrooke and Mrs. Purdom. The death of Miss Seabrooke made an election of a first vice-president necessary, and Mrs. (Bishop) Williams was chosen to fill the vacancy.

"The Work of the McAll Society in France," was the subject of a brief, but splendid address by Mrs. McAll, of Toronto, who spoke especially on the work of missionary boats, and of the zeal and earnestness of the Paris Hall workers.

Mrs. F. E. Leonard, treasurer of the society, stated that $115 had been forwarded to Toronto to further the mission work.

The next meeting of the society will be held in the Talbot Street Batist Church in September.

## WAS KEPT INDOORS

**Seventh Regiment Did Not Leave Armories Owing to Weather.**

The rainy weather of last evening prevented the usual parade of the Seventh Regiment to Tecumseh Park, and considerably lessened the turnout of men. Those present were formed into four companies, and some smart company drill was gone through at the armories. No regiment can be in a high state of efficiency until its companies get their drill well advanced, and every member of the corps should make a point to attend company drill as often as possible.

The members of the Field Battery have organized a strong tug-of-war team and are practicing hard to make themselves invincible.

## "PARADA" PLEASED LARGE AUDIENCE

**Opened a Week's Run at the Grand Last Night—A Large Cast.**

"Parada," the spectacular production given at the Grand last night in aid of the Y. M. C. A., proved distinctly one of the events of the season, and from all standpoints was an unqualified success. The audience was large and appreciative, and the local coloring of the cast lent additional interest to the production.

"Parada" abounds in dainty dances, enlivening marches and intricate drills, all of which were executed in a finished and highly commendable manner. The chorus work was also of an especially worthy character, while the soloists, one and all, acquitted themselves in splendid style.

The production is given in four parts and at different times there are over two hundred people on the stage, the whole effect proving most charming. Those taking part appeared at times in Japanese costumes, as newsboys, as pansies in flower drills, and as policemen, the latter creating no end of healthy fun. The soloists in the first part were Miss Burke, Harry Stenberg, Currie and Souffer.

Part II. opened with "A Night in Camp," closing with a pretty gipsy camp scene. In this part Miss Wilson made the hit of the evening, when she rendered in an especially fine manner, "The Moon, the Coon and the Little Octoroon." She was loudly applauded for her very worthy effort. Miss Beatrice Hunt and Mr. Fred Phillips also rendered solos in a capable manner.

"Parada" will be at the Grand every night this week, but there will be a change of programme each night.

## ADGIE AND LIONS AT VAUDEVILLE

**Best Animal Act, Possibly, On the Road—A Splendid Bill.**

The bill at Bennett's Vaudeville Theater this week is one which may be classed as first-class in all respects. Each and every act on the bill is good, and the show closes with the daring lion-taming feat of Madame Adgie. This wonderful woman, who is well educated and refined, goes into a cage 6x11 feet, and makes three large lions go through all sorts of clever tricks. Madame Adgie also executes a dainty dance in the cage, while the lions snarl and crouch in the corner. The woman appears to be absolutely devoid of fear. In the cage she carries but a small stick, yet the lions fear her. In one of her tricks she causes a large lioness to jump over a bar held about five feet from the floor. Last night this lioness appeared to be in very bad humor, and as she took the jump she bit savagely at the trainer's shoulder, knocking Adgie down. The audience scarcely noticed the incident, but Adgie was instantly on her guard. After the performance she complained of the bruise the lion's teeth had given her. The male lion, "Prince," weighs 849 pounds, and is a beauty. He was born in captivity, and is much more easily handled than are the other two, both of whom are forest bred. The turn is perhaps the best animal act in vaudeville today, and to Manager Bennett much credit must be given for securing it.

At the close of the show the lions are fed in full view of the audience, and this feature greatly interests all who attend the vaudeville. On Wednesday and Friday afternoons the animals will also be fed after the matinee performances.

Miss Charlotte Ravenscroft, a soprano singer of merit, and a violinist of no mean ability, also appears on the bill, while Harry Lester tells some very funny jokes and sings some funny songs in a fetching way. Marshall, the mystic, is the only juggler who has been at the London this season who has a new line of tricks, and he is "as funny as they make them." The Bradfords, the colored comedians, are excellent, and Bartley, the German comedian, succeeds in pleasing his audience.

The illustrated songs, as sung by the popular Will Spence, make a big hit, while the moving pictures are of a very clever character.

The bill will be repeated every afternoon and night this week.

BEN GREET ON FRIDAY.

When Ben Greet comes to the Western University on Friday, June 2, his woodland players will produce "Twelfth Night." This very charming comedy is seldom seen on the stage, but it is one of Shakespeare's happiest inspirations. The dialogue is of a most epigrammatic order and the play of wit is dominant throughout. "The Comedy of Errors" is another comedy very seldom seen, but it is a most attractive roaring farce, and its modernity attests the eternity of great genius. It is safe to say that the London public will be grateful to Ben Greet for reviving these two plays, which will be most attractively seen in their pastoral form. The sale of seats begins at Nordheimer's today.

HENRIETTA CROSMAN.

The seat sale for Henrietta Crosman's engagement at the Grand next Monday evening will open on Friday morning next at 9 o'clock. Much gratification has been expressed over the programme in which she will appear, which consists of the famous comedy "Nance Oldfield," and a new play by Mrs. W. K. Clifford, entitled "Madeline."

BEN GREET.

The sale of reserved seats opened this morning for the Ben Greet open-air plays to be given next Friday at the Western University grounds. "Twelfth Night" will be given at 3:30 in the afternoon, and "Comedy of Errors" at 8 in the evening. Ben Greet will be seen as Malvolio and as Dromio. Mr. Greet's company has long been famous in England for these out-of-door performances, having given them nineteen consecutive years at Oxford and Cambridge; also, at the Royal Botanical Gardens, in London, Wilton Park, Stratford-on-Avon, and other beautiful spots in Shakespeare's England. During the past two seasons similar performances have been given by the company in this country.

**Where Disease Germs Breed.**

**No Need to Fear "Germs" if the Stomach Be Healthy.**

The ideal breeding-place for disease germs is a weak stomach and digestive system. The food, instead of being assimilated, turns into a sour, slimy, fermenting mass, causing gases, distress after eating, bloating, nausea and flatulency. The poisonous germs that are given off from this undigested food enter the blood, and pimples, boils and blotched skin is the result. Nervousness and sleeplessness come more often from weakened digestion than from any other one cause. Rheumatism and gout are directly caused by an acid condition of the stomach.

No ordinary food digestive can give lasting relief. It is absolutely necessary, if one wishes to be well, to use Mi-o-na, the only known remedy that soothes and heals the mucous membrane of the stomach and digestive tract, stimulates the solar-plexus, and strengthens the nerves of the stomach. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, and disease germs in the stomach will be destroyed, and all food will be so well assimilated that a rapid and healthy increase in weight will quickly result.

Mi-o-na is a guaranteed cure for all diseases of the stomach, excepting cancer, a guarantee being given by W. T. Strong, with every package he sells, agreeing to refund the money should the remedy not give perfect satisfaction.
