BUSINESS BLOCK AT GALT FIRE-GUTTED SUNDAY MORNING

Heavy Loss Is Entailed and Family Has Narrow Escape.

GALT, March 18.—Starting from a peanut wagon, kept in a small shed, fire completely destroyed the A. E. Buchanan block on Main street at 12:35 this morning. W. S. Sheppard, who kept a tobacco store and bowling alley in the block, and J. Deering, picture-framer, suffered total loss, while the family living on the second floor had only time enough to escape without saving anything. The loss will amount to several thousand dollars, covered by insurance.

Fire Chief Keyes, in a fall, had two ribs broken, and today is confined to his bed. The firemen did good work in preventing the fire from spreading to adjoining buildings with the strong west wind which was blowing at the time.

DEPOSIT COLORS OF 111TH.

GALT, March 18.—The interesting ceremony of resting of the 111th (South Waterloo) Battalion colors took place this afternoon at Trinity Anglican Church, which also has the honor of keeping the 29th Regiment colors.

While the battalion only left Canada in September last, some of its members have already made the supreme sacrifice.

Trinity Church was crowded, and many were unable to gain admittance. Major L. W. Johnston, formerly junior major of the 111th, knocked on the closed doors of the church, and on being admitted, was escorted to the front of the church by Wardens C. R. H. Warnock and F. S. Jarvis. He made the request of the rector that Lieut.-Col. J. D. Clarke, O. C., be admitted, and the colonel then made the request that the colors be placed in the church.

Capt. S. E. McKegney, chaplain of the 215th Battalion, Brantford, delivered an interesting address.

The 122nd Muskoka Battalion provided a color party of 60 men and three officers and both its bands.

FIRST REPORTED MISSING.

GALT, March 18.—The first member of the South Waterloo Battalion to be reported missing is Pte. Otto James Simon, 730456, 20 years of age, whose father, Walter Simon, 30 Albert street, received news to that effect. The missing lad was born in Glenmorris, and has two brothers in Lindsay, Herbert, with the 16th Battery, and Walter, a signaller with the 111th Battalion.

Mrs. W. J. Foot, 2 Frances street, was notified Saturday by the militia department that a cable received stated that her husband was in No. 4 General Hospital at Camiers, France, seriously ill. A week ago he was reported dangerously ill from multiple gunshot wounds.

122ND RECRUITING CAMPAIGN.

GALT, March 18.—A recruiting meeting in the interests of the 122nd Muskoka Battalion was held Sunday evening at Scott's Opera House. The theatre was well filled, and the address of the evening was by Capt. Hindson, formerly chaplain of the 153rd Battalion and now chief recruiting officer for this district. He emphasized the necessity for more men if victory was to come to the Allies, and called upon those who could not go overseas to fight, to join the new Canadian home service army.

Saturday night the 122nd adopted a new and novel recruiting scheme, when tarts, buns and pies were made in a field kitchen on Main street, and with tea, were served free to the public. Free "eats" attracted a big crowd, and then the recruiting soldiers got busy.

MILL BURNS DOWN; MONETARY LOSS IS PLACED AT $10,000

Overheated Pipes Cause Heavy Damage to Bothwell Plant.

BOTHWELL, March 18.—Fire early this morning completed destroyed the large frame flour mills and elevator of John Clarke, across the railway from the town, with a resulting loss estimated at $10,000. There was no insurance.

The blaze was discovered at 3:30 a.m. by John Lanning and before the fire department arrived the place was doomed. The fire had such a hold that the only result of the firemen's efforts was to save a small quantity of flour.

The elevator was filled with oats, corn and wheat, and a considerable quantity of manufactured flour, shorts and other mill stuff was destroyed with the building.

Overheated pipes are given as the cause of the blaze.

RESORT TO COURTS TO CHASE PASTOR OUT

Colored Church at Chatham Has Two Ministers, But Only One Parsonage.

CHATHAM, March 18.—Inability to oust their former pastor, the Rev. J. H. Franklin, from the Campbell A. M. E. Church parsonage, resulted in the trustees of the colored church bringing an application under the overholding tenants act to get rid of the pastor, who refuses to give up the parsonage, although the new preacher, Rev. Thomas Green, is here to take charge. Judge Stanworth intimated that he would make an order unless the preacher got out of the house at once.

CHARGE OF OVER-PROOF WINE.

CHATHAM, March 18.—Following the visit of Provincial Officer Savis, of the Ontario license department, to the local hotels operating under standard licenses, with a view of ascertaining if they were selling soft drinks only, an information was yesterday sworn out against Archibald Park, proprietor of the Hotel Sanita, charging him with selling wines which tested 9.40, or about 5 per cent over the maximum allowed under the act.

Samples taken by the provincial officer were forwarded to Toronto with this result. The case will be heard in the city police court on Wednesday.

STIMULATING GARDENING

Tillsonburg Horticultural Society Holding Public Meeting on Monday Evening.

TILLSONBURG, March 18.—Dr. Bennett of St. Thomas, president of the Ontario Horticultural Society, will deliver an address on "Home Gardening" on Monday evening in the town hall. He speaks under the auspices of the Tillsonburg Horticultural Society, which is stimulating interest in the ideas of home gardening.

The A. Y. P. A. of St. Charles' Church, [illegible]en, will give an entertainment in [illegible] Springford town hall on March 22, in aid of the Springford Girls' Patriotic Club.

MAGISTRATE VOUCHES FOR PRISONER'S SOBRIETY

And Lectures Police on Mistake of Being Too Ready to Arrest.

The names of six persons charged with intoxication under the Ontario temperance act appeared on the police court blotter today.

Five of the number had appeared before the opening of court and each pleaded guilty to the charge, and paid a fine of $10 and costs.

Four of the number had stated that they were Irish and were celebrating St. Patrick's day, using "real old Irish whiskey" procured by express from Montreal with which to mark the occasion.

The fifth had informed Mayor Stevenson that he had no particular reason for getting drunk, but promised to leave the "hard stuff" alone in the fueure.

"No more of that Montreal juice for mine. It's stout enough to kill a cat," he told the mayor.

The sixth broke the monotony by appearing in police court, and pleading not guilty.

He testified that he was arrested at 6 o'clock Saturday evening, and was as sober as could be. He was released two hours later, and went and reported the matter to Mayor Stevenson.

Magistrate J. J. Dyer here took a hand in the proceedings, and stated that Mayor Stevenson had told him that the young man was perfectly sober at 8:15 o'clock Saturday evening.

"It appears to me that the patrolman in this instance was over-zealous. There is no occasion to bring a man in here when he is going about his business and bothering no one, even if he has had a drink. The idea is all wrong and I think the police should be instructed to exercise a little more discretion in making arrests. I am right to enforce the law, but there is no sense in bringing in sober men, and I believe this young man was all right," said Magistrate Dyer.

Patrolman McCrae, who made the arrest, Sergt. Lucas, who assisted, and Sergt.-Major McGuire, who was on duty at the station, all testified that the young man was slightly intoxicated.

Sergt. Lucas was asked by the accused if he had talked loudly.

"Yes, you were talking very loudly," said Sergt. Lucas.

"What did I say?"

"Well, I don't know what you were saying," replied the sergeant.

"That's very strange. I speak good English. You say I was talking very loudly, but still you don't know what I said," said the citizen as a titter went around the court room.

"Well, we will dismiss the case. I think this young man deserves the benefit of the doubt," said Magistrate Dyer. In this decision Magistrate Macklin concurred.

ACCIDENTAL POISONING CAUSE OF SUDDEN DEATH

Miss Martha Clelford Expires in Bed on Sunday Afternoon.

Miss Martha Clelford, for many years supervisor at Peters tea room, died suddenly from accidental poisoning at the residence of her brother-in-law, 557 King street, on Sunday. An autopsy was held by Coroner MacLaren, and the cause of death determined to be accidental poisoning. She was in her customary health on Saturday, but worked until a late hour, and because of this did not rise early on Sunday. She ate her dinner in bed, and almost immediately after died.

Her parents, Mr. and Mrs. Charles Clelford, reside in Adelaide Village, and a sister resides in the city.

Interment will take place at Adelaide Village.

"GIVE US BACK FRANCHISE," IS CRY FROM PRUSSIANS

Amsterdam, March 19—Via London.—The Berlin Vorwaerts, comparing the situation in Russia with that in Germany, asks: "Shall the world say that all the nations on earth are free except Germany?" The newspaper compares the declaration of the Russian Provisional Government with the declaration of Chancellor von Bethmann-Hollweg in the Prussian Diet to the discredit of the latter. It comments:

"How much longer? The king should straightaway give back to the Prussian people their franchise, which was taken away in 1848."

RETIRING HUNS

the evacuation of a region where so many Germans have fallen.

May Attempt Vast Move.

"The spirit of the population and troops," says this paper, "will be affected and to wipe out this bad effect it will be necessary to attempt some operation on a vast scale. This will certainly be undertaken and at a date which cannot be far off."

The plain into which the retreating forces have gone is on a much lower level than the evacuated positions, South of St. Quentin it is only 246 feet above the sea level, at Cambrai 157, at Douai 78 and at Lille 59. This is in contrast to the positions held at such places as Poziers, where the ground is 600 feet above the sea level.

The mayor of Noyon, Senator Noel, director of the Ecole Centrale, the great government college for civil engineers, upon learning of the deliverance of his city, announced his intention, although unwell, of returning to his post today. He was arrested by the Germans and taken to Germany as a reprisal for ill-treatment alleged to have been given German prisoners in Moracco. M. Trepont, prefect of the department of the North, was his companion in captivity, both being eventually repatriated.

HOW BERLIN DESCRIBES IT.

Berlin, March 19—Via Sayville.—Evacuation of territory over a wider sector on the French front, extending from Arras to the Aisne River, is announced by the German war office.

The text of the statement reads:

"Western Front: During the past few days a strip of land between the district of Arras and the Aisne has been systematically evacuated by us. The strategic movements were prepared long ago and were carried out without being disturbed by the enemy, who followed in only an hesitating manner. Our protecting troops, by perspicacious and energetic conduct, cast a veil over the abandonment of the positions and the departure of our troops. In the abandoned district the means of communication useful to the enemy have been destroyed. A part of the population, provided with food for five days, was left.

On Artois Front.

"Yesterday, on the Artois front and on both banks of the Meuse, there was lively fighting activity.

"In the afternoon, companies of frequently-tested regiments stormed, in the southeastern part of Malancourt wood and on the east slope of Hill 304 (Verdun region) several lines of French trenches on fronts of 500 and 800 metres, and brought back eight officers, 458 men and several machine guns and mine throwers. During the night a counter-attack by the French was repulsed. An advance by storming detachments on the south slope of Dead Man Hill resulted in several prisoners being brought in.

"On the east bank of the Meuse an early-morning attack by several French companies north of Chambrettes failed, as on the preceding day."

Violent fighting continues on the Macedonian front, the war office statement continues, as follows:

"Engagements between Ochrida and Presba Lakes and in the Monastir Basin continued yesterday. In the sections between the lakes and northwest of Monastir the French were repulsed. Near of the town they made a small gain of ground by reckless use of their troops.

"East of Doiran Lake the railroad station of Poroy was reoccupied by us, after driving away the British."

The war office announces that there were no important events yesterday on the eastern front.

FINANCIAL AND COMMERCIAL

GRAIN.

Chicago, March 19.—Moderate strength developed in the wheat market today as a result of the railway strike settlement. Bullish sentiment was restrained, however, but the continuance of traffic embargoes due to congested freight facilities. Trading was checked also by uncertainty over possible outcomes of the increasing destruction of American shipping in the submarine war zone.

Opening prices, which ranged from the same as Saturday's finish to 1⅛c higher, with May at 1 84¼@1 85⅛, and July at $1 55⅛@1 55½, were followed by limited general gains and then a slight reaction.

WALL STREET.

New York, March 19—Wall Street, 10:30 a.m.—Settlement of the railway strike situation and the circumstances attending the sinking of three American ships in the war area were among the conflicting conditions which confronted the stock market at today's opening. The attitude of the trading element toward these developments was denoted by the uncertain course of prices, rails for the most part showing substantial gains with leading industrials, while shippings yielded 1 to 1½ points, with more moderate recessions in some equipments and specialties. Quotations became more irregular later with a hardening of the war group.

Noon.—Activity increased on a much broader volume of business during the forenoon, the market gathering fresh strength on publication of the railway wage agreement. Rails were only moderately active, but United States Steel made an extreme advance of 2 points, and other industrials rose variably. Bethlehem Steel, new stock, Crucible Steel and Central Leather were the main features of the war and semi-war divisions at gains of 2 to 4 points, and equipments rose an average of 1 to 2 points with United States Rubber, Western Union and Philadelphia Company. Shippings recovered a great part of early losses. The entire list developed further strength at midday. Bonds were quiet and steady.

1:30 p.m.—Rails hardened prior to the receipt of ward from Washington sustaining the eight-hour law, and industrials as well as numerous specialties extended morning advances, especially Bethlehem and United States Steels. Some of these gains were substantially reduced later.

LONDON STOCK EXCHANGE.

London, March 19.—The excellent war news created increased cheerfulness on the stock exchange today, and holders were not inclined to part with their stocks. Numerous buyers had to pay higher rates for the limited supply available, especially in British funds, Grand Trunks and Russian mines, though most of the other sections registered fair gains. Argentine rails and rubber issues were firm features. American securities advanced on the improved railway labor outlook, and several sales were recorded in the low-priced shares.

Money was in better demand in preparation for the payment of the installment of the war loan due next Friday, amounting to £124,000,000. Discount rates were quiet.
