DR. SHERWOOD'S GALVANIC EMBROCATION.—It is now generally admitted by the learned and scientific, that the mysterious power called *Galvanism or Magnetism* is, in fact, the principle of Vitality or Life, and that disease, in many of its most painful forms, is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wonderous Power, when it is thus deficient, we can successfully combat disease, and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this Remedy years of study and labor.

There is not an intelligent physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a medical journal, either in this country or in Europe, which makes its appearance without the statements of various cases, showing some new effects of these wonderful agents, or corroborating previous experiences of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished physicians of New York constantly recommended this Embrocation in their practice, and from many of these he has received the kindest testimonials of approval and commendation.
