A member of the Winnipeg Government affirms that it will not shirk the latest command from the Ottawa authorities. A reply will be sent at an early date. Another report is to the effect that Premier Greenway, while ready to aid a Dominion commission, is also willing to listen to any proposition of compromise from the minority. Meanwhile, Mr. Laurier's views are being indorsed by moderate men of all parties.

Two defaulting cashiers were sentenced to the penitentiary for three years in Hamilton yesterday. Each pleaded for leniency on account of the hardships that exemplary punishment would bring on his family. Judges cannot take cognizance of such a plea. Men who are tempted to steal, to keep up a style of life far beyond their means, should think of their wives and families then, and be honest.

SIR CHARLES DILKE ON THE SITUATION.

London, Oct. 16.—The Chronicle gives an interview with Sir Charles Dilke, M.P., on the European situation. Sir Charles declares that he is an optimist as regards peace. He believes that the Franco-Russian alliance has diminished the risks of a general war. He accuses France of a distinct breach of faith in Siam, but he adds that when the British talk of breaches of faith the French smile an Egyptian smile. He admitted that he was rather alarmed by the Siamese question, but added that Lord Rosebery had taken a very strong line, which Lord Salisbury maintained, and he hoped the question would finally be settled by negotiation.

ROYALTY IN THE WAR PROVINCES.

Courcelles, Oct. 16.—The streets of this town were profusely decorated and the railroad station was crowded inside and out yesterday with people eager to greet the Emperor and Empress of Germany upon the occasion of their visit to Alsace-Loraine. Their majesties arrived here at 9 o'clock and were received at the railroad station by Baron von Hammerstein, President of the district of Loraine, the burgomaster and other public officials. The Emperor and Empress subsequently proceeded to the Chateau Urville. The route to the chateau was lined with members of the different veterans' associations, school children, etc., who enthusiastically cheered the imperial party and pelted their majesties with flowers. The Emperor Frederick's monument on the battlefield of Woerth will be unveiled on Friday next.

MORE ARMENIANS KILLED.

London, Oct. 16.—A dispatch from Constantinople says that the agitation there is being renewed owing to the neglect of Turkish officials to fulfill their promises of security given to the Armenian refugees when they left their churches. Another attack was made on Kassim Pasha and other Armenians on the 12th inst., when four were killed and a number wounded. It is alleged that the police refused to interfere. On account of the attitude of the police the Armenians are again flocking to their churches for protection. Details have been received of an organized attack on Armenians by Moslems at Akhissar on Oct. 9. Forty-six Armenians were killed and a large number wounded.

ANOTHER INTERNATIONAL YACHT RACE.

London, Oct. 16.—The secretary of the Royal Victoria Yacht Club, Mr. Percy Thelluson, has received a cable message from J. V. S. Day Rose, a member of that club, to sail a series of matches for the American cup in 1896 with the cutter yacht Distant Shore, had been accepted, and that a committee had been appointed with full power to arrange conditions. Mr. Rose also received a cable message from the secretary of the New York Yacht Club, informing him that his challenge has been accepted. Mr. Rose was evidently pleased with the prompt action of the New York Yacht Club, and talking over his future action said that he was unable to say at present when he would begin building, or whether he would race his yacht in the Riviera regatta or in British waters, before sending her to the United States.

MR. LAURIER'S TOUR.

His Visit to Smiths Falls Arouses Interest—A Dinner Held Last Night in the Liberal Leader's Honor.

Brockville, Ont., Oct. 16.—Mr. Laurier and party arrived here at 10:30 last night from Smith's Falls. They were most hospitably entertained at Merrickville, after the meeting yesterday, by the Rev. Dr. John Muir, a retired Anglican minister, and a reception followed, at which short speeches were delivered by Mr. Laurier and Mr. McMillan, M.P. The party went up to Smith's Falls on the midnight train. At that town the leader was the guest of Mr. F. T. Frost, manufacturer. His visit aroused considerable interest. Mr Laurier spent the day pleasantly in visiting the various points of interest.

Last night Mr. Frost gave a dinner in Mr. Laurier's honor, at which many of the leading Liberals were present. The Opposition leader subsequently held a reception, which was well attended. He spoke for twenty minutes, dealing with the trade question. Mr. McMillan, M.P., also delivered an address. A large crowd of persons went down to the station to see Mr. Laurier off.

TWO DARING JUMPS.

An Officer Leaps From a Fast Moving Train on the Back of a Fugitive Prisoner.

Middletown, N. Y., Oct. 16.—Officer Philip Gorr of Port Jervis, started yesterday morning for Albany Penitentiary with Joseph Flaherty, a prisoner. When near Navesink bridge Flaherty managed to release himself and fled to the door of the car, closely followed by the officer.

Although the train was running at the rate of twenty miles an hour, the prisoner climbed down the steps of the car and jumped while a train was passing on the west bound track. The officer jumped also and landed on Flaherty's back. Both escaped injury.

Meanwhile the passenger train had been stopped and Officer Gorr reboarded it with his prisoner and strapped him to a seat.

Have that old photo you have copied and enlarged. Mr. C. D. Anderson will make you one for $3, framed and all. Call and see.

Horrible Accident

At the Talbot Street Crossing of the Grand Trunk.

Mrs. Mary Graves Killed by an Incoming Train.

The Body Cut to Pieces and Unrecognizable—Mrs. Graves Was Hard of Hearing—A Sick Husband and Three Children Left Behind.

The Talbot street crossing of the Grand Trunk Railway was the scene of an accident yesterday evening which for horrible details eclipses anything which has occurred in London for a long time. In the accident an elderly woman was ground to pieces while her husband lay seriously ill in the City Hospital and three children were awaiting her return home. The grinding of the body under the wheels of the train shook the baggage car to such an extent that the express messenger thought the train had jumped the track. Mrs. Mary Graves, wife of William Graves, a hostler, living in a hovel on Bathurst street west, was the victim. She was struck by the London, Huron and Bruce passenger train, which is due in the city at 6:25 p.m.

Last night the train was in charge of Conductor John Walmsley and Driver John Fletcher, both of London. It was approaching the city on time, and when it reached the Cove bridge the usual long whistle was given. The bell was rung, and as the train pulled into the limits at a six-mile an hour rate, the gates along the line were dropped. Watchman Gillett, at Talbot street, closed his gates and waved his lamp as a warning to some persons who were coming south on the west side of the street. Among the number was a woman who continued at an unbroken pace, with her head bent forward. A shout from the watchman failed to make her heed her danger, and two men who were awaiting the passing of the train reached out in an endeavor to save her. One of the men succeeded in catching her by the shoulder, but with a sharp turn the woman broke the hold and walked on the track in front of the train before anything further could be done to save her. She was struck by the cylinder of the engine, and fell under the wheels. The body was dragged about 30 feet into the center of the crossing, and when the train passed over it a horrible spectacle presented itself to the little knot of people who were standing by. The face and head were terribly battered; the trunk of the body was mangled, while the legs were cut and bruised. Pieces of flesh were scattered along the track for a considerable distance.

While some shrank at the sight, others volunteered any assistance they could possibly give. Watchman Gillett immediately notified the authorities at the depot, and the remains were gathered up and removed to the baggage-room. There they were identified as those of Mrs. Graves. Dr. Flock, coroner, was notified, and upon inquiry decided to hold an inquest. He learned that Mrs. Graves had left her home about 6 o'clock to go up town for some liquor. A broken bottle was found on the track beside the remains.

Mrs. Graves was about 45 years of age, and very hard of hearing. She had been a resident of the city for many years, and had made the acquaintance of the police, having been arrested about a month ago in a Horton street house in company with several other women. Her husband has been sick for some weeks, and is now being cared for in the City Hospital. She also leaves three children—two girls and a boy—the eldest a girl of 14 years, and the youngest a boy of about 7. The family are in destitute circumstances.

Delaware Fair.

Threatening Weather Does Not Affect the Attendance.

Exhibits in Almost Every Department Up to the Mark—Officers, Directors

Notwithstanding the threatening weather the fair at Delaware yesterday was a great success. This fair is one of the oldest in Western Ontario, having been in existence for over 40 years. The country surrounding Delaware village is picturesque and very fertile, and this fact has materially assisted in making this fair one of the best of the township shows. Yesterday's show was no exception, and, if anything, was better than heretofore. The only class below the standard was the fruit. The fine showing of sheep more than made up for the small exhibit in that line. In fact, Prof. Curtis, of the Ames (Ohio) Experimental Station, says that the sheep were the best he ever saw. The secretary and treasurer, Mr. Charles J. Fox (who has filled this office for the past eighteen or nineteen years), is an energetic and obliging gentleman, and it would be hard to find another to fill the office so admirably as he does. It has been suggested by some to charge an admission to the grounds, but this idea has been tabooed by the directors, who want to make fair day a public holiday for everyone in the township, and fear if an admission fee were charged that it might be the cause of keeping many away. The officers and directors to whom the success of the show is due are: President, S. Sutherland; first vice-president, W. S. Weld; second vice-president, Jas. Bradt; secretary and treasurer, Chas. Jas. Fox; directors, W. C. Harris, H. C. Johnson, J. Hammond, W. S. Scott, R. W. Stevens, Jas. Bradt, Crozier Sifton, Joseph Howlett, W. McEwen. The judges in the several departments were well chosen, and comprised a number of gentlemen from the city. The attendance must have been fully 2,500.

The prize list will be given in tomorrow's edition and in the weekly.
