Local money market unchanged, call loans being in demand and firm at 5½ to 6 per cent.

GRAIN AND FLOUR.

Wheat of Ontario growth offered more freely to-day than for some time, and sellers seem to be coming down to buyers' views, 1c to 2c less being asked than a day or so ago. There is little or no buying for export yet. White and red lying west were bought at 91c, and sales are reported in same direction at 93c; spring wheat is quoted at 95c to 94c on the Midland. There was some enquiry for Manitoba wheat and prices seem fairly steady; No. 2 hard sold at $1.07 and $1.08 east, and No. 3 hard lying on C.P.R. in same direction changed hands at $1.01; odd cars of No. 2 northern found buyers at $1.02 east. On calboard No. 2 hard offered at $1.06, and No. 2 northern at $1.02, both east, without buyers. Peas steady and in fair demand; a round lot changed hands west at 60c, and odd cars went at 60c to 61c. On 'Change 62c was asked for peas lying west with 60c bid. Barley is quiet, very little is coming out, farmers holding for higher prices; 5000 bushels of 52 lb. sold at 44½c f.o.b. east, shipment within two weeks; No. 3 extra is worth about 46c here f.o.b. Rye quiet and steady with sales west at 51c. Oats seem unsettled; mixed sold to arrive here at 31c; white sold at 27c to 28c and at 27½c to 28c east; same kind sold at 28c Oct. delivery. Gossip from Chicago.

Kennett, Hopkins & Co. to R. Cochran: The market, in imitation of cables, has worn an air of indecision all day and closes just where it did yesterday. Exporting houses complain of a lack of orders, and more talk is heard concerning the resale of cargoes taken for export. Lake freights have declined ¼c since yesterday, but up to the close of 'change not a single wheat charter had been reported. Receipts in the Northwest show an increase, likewise at Kansas City. Foreigners are less eager to buy, while our stocks are rapidly increasing. If these conditions continue but one outcome seems possible to lower prices.

Counselman & Day to J. J. Dixon & Co.: This proved to be an off day on 'Change. Cables were dull and steady, Dec. wheat had ⅛c range each way and closed unchanged; corn declined 1¼c for Oct., but recovered on buying to fill short sales, traders being influenced by lighter estimated receipts. Late futures were sluggish and closed lower under offerings by receivers. Provisions were dull and pork at one time rallied 10c on local buying to cover short sales made yesterday, but excess of offerings to unload holdings for outside account caused a late decline, and market closed heavy, with prospects of further liquidation and lower prices.

Guff From Gotham.

Henry Allen to J. J. Dixon & Co.: Mr. Gould has been giving the street one an old-time razzle-dazzle to-day. Missouri Pacific dividend has been passed and jags of stocks were thrown on the market to depress quotations. Mr. Gould has for some time been credited with being short of market. There have been vigorous denials but to-day's market disposes of all such talk. Market closed with a rattling bear raid, carrying almost every stock on list downward. The Gould hand was discernible in many quarters. There is a current belief, or hope rather, that Mr. Gould is doling all this campaigning in order to accumulate stocks. People who made that guess early in the day repented their confidence later. Paper profits have been wiped out wholesale. To-day is the anniversary of Black Friday.
