COUNTY AND SUBURBAN

Toronto Junction, May 23.—(Special.)—Rev. B. Bernard Bryan of the Church of the Epiphany, Parkdale, occupied the pulpit of St. John's Church last night.

The Galena Baseball Club go to Buffalo in the morning to play with the team there.

The Epworth League of Annette-street Methodist Church held a social evening in the basement of the church to-night, which was of a very entertaining character.

The temperance advocates in the town are bestiring themselves for action in the coming campaign. Yesterday announcements were made from the various pulpits in town that a Plebiscite League is in contemplation.

The W.M. and officers of Stanley Lodge, A.F. and A.M., paid a fraternal visit to Harmony Lodge, No. 438, in the Temple building to-night.

The children of the Elizabeth-street Mission were this evening treated to a graphophone concert.

A parlor social will be held at the residence of Mrs. Saunders, Dundas-street east, to-morrow evening.

To-day in the County.

The Queen's Birthday will be fittingly celebrated in all parts of York County to-day. At Markham there will be pony, bicycle and foot races. At Woodbridge there will be athletic sports on the Agricultural Fair grounds and a concert at night. At Kettleby the Loyal Crusaders will give a concert in aid of the Sick Children's Hospital. Weston is to have a big day of sports and a tug-of-war between York and Etobicoke Townships. Richmond Hill will hold their annual spring fair, and in addition there will be trotting and pony races, bicycle races and other sports. Other places will have concerts, lacrosse and baseball matches, and every hamlet will contribute its quota to the celebration of the birthday of our octogenarian Queen.

East Toronto.

During the severe thunderstorm of last week an old man by the name of Summers who resides a short distance from Little York, had a very narrow escape from being killed by lightning. He had just got up and was in the stable feeding his cattle when lightning struck the chimney of his house and ran down into his bedroom and broke the bedstead into pieces.

Mr. J. E. Zelmann's five-year-old girl was playing in the store-room, when she pulled a heavy counter top over, which in falling struck her on the arm, breaking it. The doctor was called in and reduced the fracture, and the little one is now doing well.

Dr. Britton is progressing favorably and expects to be out in a day or two.

Mr. Wm. Allen, employed with the Steele, Briggs Seed Co., is confined to his bed with a severe attack of lagrippe.

About fifty of the young people of St. John's church, Norway, spent a very enjoyable afternoon last Saturday at a picnic in Wheeler's grove. After a couple of hours spent in out-door games they sat down to a very fine supper, supplied by the ladies of the choir.

North Toronto.

A meeting of St. Clement's vestry was held last night for the consideration and adoption of the auditors' yearly report.

Rev. H. G. Kennedy was ordained to the ministry of the Baptist Church last evening in Zion Church, Eglinton. The examination was held by the council at the church in the afternoon and the new candidate examined as to his fitness. At the evening session Rev. S. A. Dyke of the Western Baptist Church conducted, assisted by Rev. J. B. Kennedy of Memorial Baptist Church. The sermon, an able exhortation from Acts i., 8, was given by Dr. Stewart of York Mills Baptist Church. The ordination prayer was made by Rev. J. P. McEwan, superintendent of the Baptist Home Missions, and was accompanied by the laying on of hands. The benediction was pronounced by Rev. Mr. Roche of Eglinton, after the charge delivered to the newly-admitted minister had been given by Rev. Jesse Gibson of Dovercourt Church. After the ceremony a presentation of pictures, etc., from the congregation of Zion Church was made by Mr. Robert Rae.

Richmond Hill.

Among the visitors on a visit to friends for the holidays are: Mrs. (Rev.) Paul, Warminster; Miss Lanning, Toronto; Mr. D. Atkinson, Toronto; James S. Keele, Cayuga, and Armond Savage, Toronto.

The thunderstorm early Sunday morning was very heavy over the village, and all hands were on the qui vive in case of fire. The Methodist Church steeple was struck, a number of bricks displaced and one of the belfry windows torn out by the lightning. During the same storm the farm house of Mr. E. Sisely of the 2nd concession east received a shaking up. The electric fluid descended a chimney and played havoc with a stove that was attached to the draft.

Anniversary services were held at the Methodist Church on Sunday. Rev. J. W. Smith occupied the pulpit, and in the morning delivered an Epworth League address, and at night gave an excellent patriotic sermon. Miss Mary French and Mrs. Lena Wiley sang choice solos during the services.

Rev. Mr. Savage will leave on Wednesday on a business trip through the north, the last before leaving for his tour of the Old Country.

The Metropolitan will give an excellent service over the road to-day, and will no doubt eclipse in passengers any previous day's record.

It is the intention of the village to build a shed for the accommodation of the Metropolitan cars, providing an increased service is given, and two of the employes of the railway reside in the village.

York County News.

The Malvern brass band will celebrate Queen's Birthday at that place. There will be matches in football, cricket and other sports.

That Gratuity Fund.

Mr. Edgar A. Wills, secretary of the Board of Trade, has sent the following circular to the subscribers to the gratuity fund of that institution: As there appears to be some misunderstanding with reference to the liability of the subscribers to pay further assessments, your attention is directed to the fact that while the Act providing for the winding up of the gratuity fund has passed both Houses of Parliament, it has not yet received the Royal assent and until this is given it is obligatory on the part of the trustees to assess the memberships as deaths may occur from time to time, and therefore equally obligatory upon the members to pay the assessments so made.

It is expected that the Act will become law by the end of the present month. In the meantime the trustees have arranged for the sale of the securities now held by them, and expect to be prepared to make payment on the first of June next, or as soon after that date as the Act may be declared law, of the sum of $125, in accordance with the provision of the Act, to all subscribers who at that time shall be registered as members in good standing, and having paid all assessments previously levied.

Four Generations Represented.

Last evening Mr. and Mrs. Isaac Thompson of Bond-street celebrated their golden wedding, when four generations were represented. A large number of relatives were present from all over Canada and the United States, including Mr. and Mrs. W. I. Thompson of the Toronto B. and M. Co.; Dr. and Mrs. Geikie Almira; Rev. Mr. and Mrs. C. H. Shutt, New York; Rev. Mr. and Mrs. H. G. Gaviller, Buffalo, N.Y.; Mr. and Mrs. E. S. Anderson, Dominion Bank, Toronto; Major and Mrs. W. H. Cooper, Rossland, B.C.; Mrs. Jephson, Victoria, B.C.; and Mr. and Mrs. H. E. Cooper, city. Mr. Thompson is 84 years of age and has been connected with the O'Keefe Brewery Co. for nearly half a century. Still he is as sprightly as a man of 50 years. The evening was spent in congratulations and merry-making, and the old couple were made the recipients of a large number of beautiful presents, including a well-filled purse of sovereigns from the President and Vice-President of the O'Keefe Brewery Company, and were wished continued prosperity by everyone.

THE BEHRING SEA TROUBLE

Will Likely Be Settled Before the Sailing Season Opens.

Sir Louis Davies and Mr. Venning Leave Ottawa to Discuss the Matter With Washington Authorities—Uncle Sam Interested in a Settlement—Cruiser Petrel at Work—General Ottawa News.

Ottawa, May 23.—(Special.)—Sir Louis Davies, Minister of Marine and Fisheries, and Mr. Venning, chief clerk of the fisheries branch, left for Washington this afternoon. They expect to be away ten days. It need not surprise anyone if, as a result of Sir Louis' present visit to Washington, an understanding is reached in connection with the Behring Sea question. It may seem odd that the United States should, at a time when the Republic has its hands full, furnish an occasion for discussing the sealing question with Canada, but there is, it seems, a definite object in broaching the matter now.

The British Columbia sealers will soon be getting ready for their season's work in the Behring Sea, where sealing is permitted from Aug. 1 onwards. The United States is anxious to secure a total suspension of pelagic sealing for one or more years, and if any agreement is to be reached in this direction for the current year the question must be settled before the sealers get away from Victoria, or indeed before they incur any expense in their preparations. Thus while Sir Louis Davies' present trip is ostensibly to arrange for the Ottawa conference to settle all questions now pending between the two countries do not be surprised to hear of a surrender on the sealing question.

Messrs. Hall and Cox, the representatives of the sealing owners, had a long conference with Sir Louis this morning, at which they urged the Minister not to consent, in the revision of the Paris regulations of 1893, to any further restrictions on the sealing industry.

After the Poachers.

The Dominion cruiser Petrel is in active service again on Lake Erie, but undaunted by repeated seizures in previous years. United States poachers still resort to the Canadian portions of these waters. Recently Captain Dunn seized a hundred American gill nets set by poachers and, confiscated them along with a catch of over a ton of whitefish. Our men along the shores of South Essex and Kent complain bitterly of these foreign incursions, as most of the Canadian fishermen use pound-nets only, and the United States gill nets are so set as to cut off the schools of fish.

To Find the North Pole.

Captain Bernier of Quebec, who is projecting a Canadian expedition to the North Pole, is again in the city interviewing the Ministers with regard to securing Federal assistance to his project.

Captain Bernier places the expense at $50,000, towards which he hopes the Dominion will contribute half and the Provincial Governments and leading cities the other half.

Bernier is a hardy Quebecer, who has followed the sea from boyhood, and is full of enthusiasm over the project.

Personal and General.

Major Bliss, who is now on his way to the Yukon, will act as accountant, supply and transportation officer. His duties will be to check all accounts and send in all statistics to the Department of Militia here. He also will arrange for the distribution of certain portions of the supplies now on their way north, to be used for public purposes.

Sir Wilfrid Hung It Up.

The Sons of England Incorporation Bill, for some inexplicable reason, has been hung up, and Mr. Bertram seemingly is not able to remove it from its peg. When the order for third reading was read to-day the Premier said, "Stand," and accordingly the bill stood. The Government seemingly are playing fast and loose with this measure and will be called upon to give an account of their action.

With the Railway Committee.

The Railway Committee of the Privy Council met this forenoon to consider the application of the Ottawa and New York railway for permission to cross the Canada Atlantic railway at rail level at Hawkesbury, about five miles from Ottawa. Mr. John Christie, who appeared for the Canada Atlantic, opposed the application on the ground that the point at which the crossing was asked would be dangerous. He requested that an overhead bridge be built instead of a level crossing. It was finally decided to send a Government engineer to inspect the place where the crossing was wanted, and the committee will meet again next Monday to receive this report and dispose of the application.

Personal and General.

Sir Wilfrid Laurier was present in the House this afternoon. He announced that on Wednesday he would state what Government business will be pressed forward during the balance of the session.

The Ottawa Electric Railway Company will not extend its line to the proposed new site range at Rockcliffe, necessitating a walk of half a mile from the present railway terminus.

Lady Edgar, of the Lady Stanley Institute, this afternoon presented the nurses who have qualified with their diplomas.

Mr. Wm. McKenzie, of Yukon and street railway fame, has left for England.

Mr. Maclean will question the Government regarding the immigration of Galicians, who are just now creating trouble in the Northwest.

No Unpleasantness There.

The article published by The London, England, Globe, on Major Gascoigne, is contradicted on the best authority. The Minister of Militia stated in the House that there was no unpleasantness between the General and himself, and that the General's resignation was for personal and private reasons. General Gascoigne himself in giving evidence before the Public Accounts Committee of the House alluded to General Herbert being given a free hand, and added: "For myself, I took the opposite view and have always gone hand in hand with the Minister."

Royal Charter Granted.

A telegram was received to-day by the Governor-General from the Society of State for the Colonies, announcing that Her Majesty the Queen has been graciously pleased to grant a Royal Charter to the Victorian Order of Nurses for Canada.

Open on Her Majesty's Birthday.

Mr. Clarke will enquire if Mr. John Sheridan of Toronto has been appointed inspector of live stock.

Kicked Hard by a Horse.

Newmarket, Ont., May 23.—Fred. Stephens, of the Township of Whitchurch, was pretty badly kicked by one of his father's horses, which he was leading to pasture. The animal struck him on the head, knocking him down. When found he was unconscious. The doctor, owing to the rapid swelling of the face, was uncertain as to the extent of the young man's injuries.

They Want a Large Man.

Woodbridge, Ont., May 23.—A very unanimous invitation has been extended by the official board of the Woodbridge Methodist Church to the Rev. R. S. E. Large, of Maple circuit, to become their pastor for the ensuing year, subject to the Stationing Committee.

White Pass and... Yukon Railway.

The British Yukon Company are actively engaged in the construction of their line of railway from Skaguay through the White Pass to Lake Bennett and onward to Fort Selkirk. The portion of the line between Skaguay and Lake Bennett will be completed and in operation not later than the first day of September.

The United States Congress has passed a law extending bonding privileges to Canadian goods shipped into the Yukon district via Skaguay, and, as soon as the railway from Skaguay to Lake Bennett is opened, Canadian goods can be shipped through in bond without payment of American duties.

Shippers and travelers may rely upon this route being opened as stated, and will find it the shortest and cheapest way of reaching the valley of the Yukon. For further particulars address Messrs. Chrysler & Bethune, Solicitors for the Company, Ottawa.

TWO DIED FROM APOPLEXY.

Old Gentleman of Thorold Taken Off Suddenly—Little Girl Hurt.

Thorold, Ont., May 23.—Mr. Charles Eyton, an old and respected citizen of this town, died of apoplexy at his residence here to-day in the 84th year of his age. He was a native of Wales and came to Canada about 45 years ago.

Mr. Levi Swayze, and old resident of Thorold Township, was found dead in bed on Sunday morning. Cause of death supposed to have been apoplexy.

On Saturday morning, as Wm. Upper of Beaverdams was preparing to drive to Thorold, he placed his little nine-year-old daughter in the buggy. While he went in the house for a few moments the horse became frightened and ran away, throwing the little girl against a barb-wire fence, the shaft striking her face, causing much suffering to the little one and totally destroying the buggy.

Why There are No Gladstones in America.

New York Journal.

When we read of the career of Gladstone—statesman, orator, scholar, brilliant youth and Grand Old Man—the question inevitably suggests itself: Why do we not have such men in American politics? To compare the dead English leader with any living American politician would be unkind. But why have we nobody with whom such a comparison would not be ludicrous?

Well, there are various reasons. If Gladstone had lived in America and had desisted to go into politics he would have found some hard and unpleasant experiences in the way. If he had succeeded in winning an election to Congress he would have been dropped as soon as the other party happened to carry his district. He could not have taken his choice of a dozen constituencies eager to elect him, as he could in Great Britain. If he had persisted and had won fame, he would have found his prominence an obstacle when he tried to rise higher. On his way to the Presidency all other candidates would have combined against him, and he would probably have seen himself distanced by a dark horse or by the protege of a Hanna.

Very likely, in such circumstances, he would have abandoned politics and devoted himself to his scholarly studies. But if he had attained the Presidency he would still have had no chance to become a Grand Old Man. He would have been laid on the shelf at the end of his term under the unwritten law which prescribes that an American ex-President shall be a political nobody for the rest of his days. Only one ex-President was ever bold enough to defy that rule. Gladstone became Premier thirty years ago, and has been a central figure in British politics ever since. If he had become President of the United States at the same time he would have been good for nothing after his retirement but to hunt ducks and dignify banquets.

There are plenty of other reasons for the dearth o Gladstones here, but these would be enough in themselves to account for the phenomenon.

Obituary.

After a long illness, Mr. W. H. Hutchins, ex-M.P. for North Middlesex, died at Parkhill at the age of fifty-three years. He was born at Osnabruck Centre, Stormont County, and came to reside in Lucan at the age of eighteen years. Before coming to the latter place he spent some time in the State of New York and there learned the trade of wagon-maker, which business he followed for three or four years after his arrival in Lucan. In April, 1865, he was married to Miss Susan Armitage, who survives him, together with his son, Mr. F. J. Hutchins, postmaster at Parkhill, and one daughter, wife of Dr. Metherell of Lindsay. About 1865 he gave up his trade and commenced dealing in grain, in which business he was very successful. In August, 1883, he removed to Parkhill, much to the regret of his many friends in Lucan. Eventually, his popularity naturally drew him into politics, during which he met with various degrees of success and of defeat. He was always an unbending Conservative; in fact, it was his loyalty to that party that caused him to lose favor among his supporters in the north riding of Middlesex on the Jesuit bill and the Manitoba school question.

Provincial Appointments.

His Honor the Lieutenant-Governor has made the following appointments:

Albert Sydney Tilley, M.D., of Bowanville, to be an associate-coroner for the united counties of Northumberland and Durham.

Thomas Hugh Balfe, M.D., of Hamilton, an associate-coroner for the County of Wentworth.

Robert James Gibson, M.D., of Sault Ste. Marie, to be an associate-coroner for the District of Algoma, in the room of Frederick Hershey Scherk, M.D., who has removed from the district.

Stuart Armour of Spokane, councillor-at-law, to be a commissioner for taking affidavits.

James Richard Code, Toronto, solicitor, to be a notary public for the province.

William Hepburn Curle of Ottawa, solicitor, to be a notary public for the province.

Frederick Sanders of Bracebridge, to be bailiff of the First Division Court of Muskoka, in the room of Elijah F. Stephenson, resigned.

Food or Seed?

Much of the stuff sold as bird seed, both loose and in packets, is really unfit for bird food. Quite a difference between "food" and "seed"! Every grain of COTTAM Seed is carefully selected, wholesome and nourishing food, adapted for birds. (140)

NOTICE: BART. COTTAM & CO. LONDON, on 6 patents, sell separately—BIRD BREAD, 10c.; PERCH HOLDER, 5c.; SEED, 10c. With COTTAMS SEED you get this 25c. worth for 10c. Three times the value of any other seed. Sold everywhere. Read COTTAMS illustrated BIRD BOOK, 75 pages—post free 25c.
