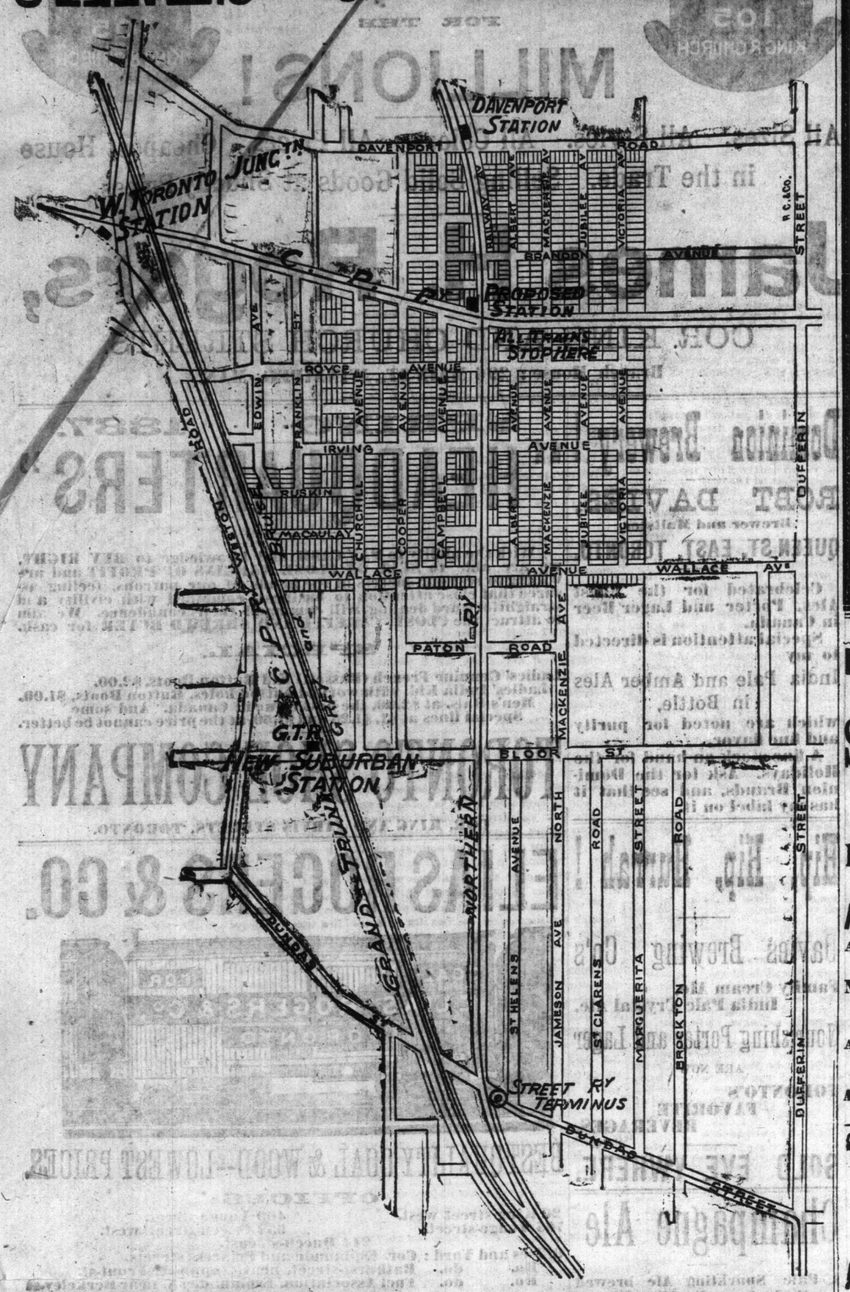
JANES & MINKLER.



BROCKTON ADDITION.

WE HAVE THE PLEASURE TO PLACE ON THE MARKET A PART OF THIS

MAGNIFICENT PROPERTY!

Being the part lying south of the O. & Q. R., and west of the N. R., the southerly boundary being about 1300 feet north of Bloor-street.

Our Mr. Janes has had considerable experience in handling land, and he never offered to the public a property in which he had greater confidence.

The land is situated at the point of convergence of our great railway systems for their entrance into the City, affording the best possible facilities for

RAPID TRANSIT.

The T. G. & B. R., the G. T. R., and the C. V. R. run along the western boundary of the property; the N. R. runs through its centre; and the O. & Q. R. runs through its northern portion. The West Toronto Junction station is a little to the west; the G. T. R. new suburban service, to commence May 2d, will call at the Bloor-street crossing; and all trains stop at the junction of the N. R. with the O. & Q. R. After May 2nd there will be more than

20 TRAINS PER DAY

Each way to and from the heart of the City. As population increases the facilities for rapid transit will increase. Distance to the Union Station 12 to 15 minutes, while Bloor-street is distant from King by Yonge-street horse cars 20 minutes.

The land is high, level and admirably adapted for building purposes. We are able to sell lots at

VERY LOW PRICES,

and on Easy terms, putting it within the reach of every one to purchase a homestead. You can buy a lot from us and build a good house for less money than you can purchase a lot in the older parts of the City, and at the same time be located practically nearer to the business centre, for distance is measured by the time it takes to travel over it.

We say unhesitatingly that there is no locality in or about Toronto, which, the price of the land being considered, possesses advantages at all comparable with those of the Brockton Addition.

We anticipate rapid sale, therefore those desiring lots or blocks should apply to us at once. We also anticipate rapid advance in values.

NOTICE.

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of SATURDAY, 10th April, 1887, for the delivery of Indian Supplies during the fiscal year ending 30th June, 1888, consisting of Flour, Bacon, Groceries, Ammunition, Twine, Oxen, Cows, Bulls, Agricultural Implements, Tools, etc., duty paid, at various points in Manitoba and the Northwest Territories.

Forms of tender, containing full particulars relative to the Supplies required, dates of delivery, etc., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods for any portion of each description of goods separately or for all the goods called for in the Schedules, and the Department reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted Check on a Canadian Bank in favor of the Superintendent General of Indian Affairs for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted, the check will be returned.

Tenderers must make up in the Money columns in the Schedule the total money value of the goods they offer to supply, or their tender will not be entertained.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department, for the proper performance of the contract.

When implements of a particular make are mentioned it is because the articles so designated suit the Department for the purpose required better than others; in such cases the competition between tenderers must, of course, be in the transportation to the place of delivery.

In all cases where transportation may be only partial by rail, contractors must make proper arrangements for supplies to be forwarded at once from railway stations to their destination in the Government Warehouse at the point of delivery.

Tenderers will please note carefully the following conditions—

1. Supplies will not be paid for until the Department has been assured of the satisfactory delivery of each article for which payment is claimed.
2. No tender for supplies of a description different to that given in the index will be considered, and supplies which are found, on delivery, to be of a kind or quality different to those described, will be rejected by the agents of the Department; and the contractor and his sureties will be held responsible for any loss entailed on the Department through failure to deliver in accordance with terms of contract.
3. It must be distinctly understood that supplies are to be delivered at the various points for the prices named in the tender; *that no additional charge for packing or any other account will be entertained*, and that an invoice must accompany each separate delivery of supplies. An invoice for each separate delivery must also be sent to the Department of Indian Affairs at Ottawa, and one to the Indian Commissioner at Regina, if the supplies are for the Northwest Territories. When the supplies are for points in the Manitoba Superintendency the triplicate invoice should be sent to E. McColl, Winnipeg.
4. Prices must be given for articles to be delivered at each point of delivery named in the Schedule for each article for which a tender is submitted, and not an average price for each article at all points of delivery; no tender based on a system of averages will be considered.
5. Tenderers should understand that they must bear the cost, not only of sending their samples to the Department of Indian Affairs but also freight charges incurred in returning such samples to the tenderer.
6. When supplies are to be delivered "equal to sample," tenderers should understand that the sample is to be seen either at the Department of Indian Affairs, at the office of the Indian Commissioner at Regina, at the office of the Inspector in charge at Winnipeg, or at any one of the undermentioned Indian Agencies.
