FROM WINDSOR TO DETROIT.

Seven Races on Closing Day and Four Favorites Finished in Front.

TOMMY WALKER SUSPENDED.

Don de Oro Beat Seagram's Tragedian for the Saratoga Grand Prize.

Windsor, Aug. 12.—To-day marked the close of the summer meeting here. The scene shifts across the river to Highland Park, Detroit, on Monday, where a 12-day meeting will be given. A special program of seven events was arranged for this afternoon, the features of which were the Essex Stakes, for 2-year-olds at five furlongs and a steeplechase over the short course. Alarum, winner of the jumping event, was the only successful favorite. The racing was interesting, four of the finishes resulting in hard drives.

The judges announced the suspension of Jockey Tommy Walker for suspicious rides on By George, Ollie Dixon, Marie Orendorf and Rotterdam. Gil Curry's good filly, Glasnevin, died this morning. She was a well-bred miss, being by St. Leonards, out of Countess, a sister to the dam of Jean Berand.

The opening event resulted in somewhat of a surprise, the winner turning up in Johnny Williams, who made a runaway affair of it. The favorites, Bridal Tour and Grunby, finished in the ruck. Prince Real had to be ridden out to the last ounce to stall off Robert Gray's rush in the second race. In a hard drive Gardner managed to land the former winner by half a length. With anything like a ride, Billy Barrett's colt, Hilee, would have won the third race. Jockey McQuade mixed it up like a shoemaker. He let his mount stumble to his knees at the start, and then allowed him to get in half a dozen pockets. Notwithstanding all these mishaps he was beaten only a head and a nose in a hard drive. The stake race proved only a gallop for Sidbow. He jumped out into the lead at the start, and the others could never catch him, he winning by three lengths from the favorite, Alpaca. Ollie Dixon and Charlotte M. were out to the last ounce to win their races. Results:

NEW HOME CURE FOR ALCOHOLISM.

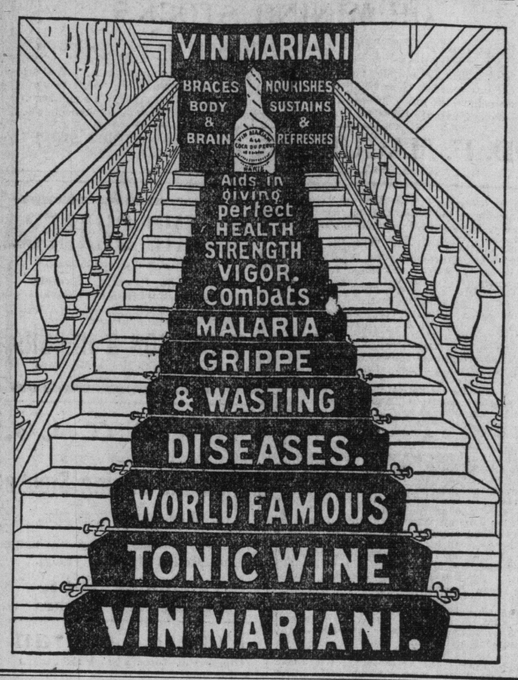
Rev. Father Quinlivan's Tribute.

"To Whom It May Concern: The good points of Mr. Dixon's new discovery for the cure of the Liquor Habit, in my opinion, are the following: First—If taken according to directions it completely removes all craving for liquor in the short space of three days; its use for a longer time is intended only to build up the system. Second—It leaves no bad after effects, but on the contrary aids in every way the health of the patient whilst freeing him from all desire for drink. Third—The patient may use it without interfering with his business or leaving his own home. Fourth—Its very moderate cost places it within the reach of everyone. All other liquor cures I have yet heard of are very costly, operate slowly, are doubtful as to effect and often impair the health and constitution of the patient. I, therefore, look upon this remedy as a real boon, recommend it heartily to all concerned, and bespeak for it here in Montreal and elsewhere every success. J. Quinlivan, S.S., pastor of St. Patrick's, Montreal."

Full particulars of this new medicine and hundreds of testimonials mailed free to all applicants. Address A. Hutton Dixon, 131 Avenue-road, Toronto, Canada.

"If a woman reads Pearline 'ads,' and acts upon them, she'll have plenty of time to read everything else in the paper." That is what a woman writes to us, and she's a woman who ought to know. How large a part of your time is spent in getting things clean? Haven't you something better that you'd like to do if you had the time for it? Time is one of the things that Pearline saves. To hurry up housework and make every kind of washing and cleaning quick and easy, use Pearline. 541

Millions NOW USE Pearline



TO ATTAIN LONG LIFE!

The following RELIABLE FIGURES from that great authority, The British Medical Association, are worthy of careful consideration. From 4,234 deaths they give the average age attained by drinkers as follows:

1. Total Abstainers ..... 51 years, 22 days
2. Habitually Temperate Drinkers.. 63 years, 13 days
3. Careless Drinkers..... 59 years, 67 days
4. Free Drinkers..... 57 years, 59 days
5. Decidedly Intemperate Drinkers. 53 years, 3 days

These figures show, singularly enough, that those who reach the shortest age are those who drink no alcohol whatever, after them come the drunkards, who only exceed them by a trifle.

The greatest average age is reached by those who drink moderately.—*Review Scientifique & London Daily Telegraph.*

Columbia Keeps Up Her Record.

Newport R.I., Aug. 12.—Columbia kept up her record of victories to-day, defeating Defender 19 minutes and 4 seconds elapsed time. The run was from New Bedford to this port, 22 miles. The wind was light throughout. Columbia's sails were shifted frequently to catch favorable breezes, and the men handled the great sheets of canvass quicker than ever before. In fact, the new boat was very lively throughout the day, and seemed to have a surprising faculty of picking up a breeze and keeping it on all occasions.
