BOARD OF WORKS MEETING

Request of a Syndicate for Street Extension Sat Upon by City Engineer Wingate.

REPAIRS TO UPPER JAMES STREET

New Pavement to Be Laid—Teamsters Must Go on Carrying Big Loads—General News.

Hamilton, Sept. 5.—(Special.)—The Board of Works held its first meeting this evening after the holidays, and had a lot of business to dispose of. Engineer Wingate reported to the board on a variety of matters referred to him. Among them was the request of a syndicate headed by E. A. Colquhoun, that Hannah-street east be opened out to Wentworth-street. Engineer Wingate reported that the extension of the street would open out a number of fine building sites, but as the greatest benefit would accrue to the syndicate, it should bear the cost, except that for three or four culverts to carry away the water, which cost he thought should be borne by the city. He estimated the cost as follows: Grading, $1,820; macadam, $1,600; culverts, $800. The board will so recommend to the council. Mr. Wingate stated that he would not be prepared to report on the Springer quarry for one month.

In regard to the complaint of E. Martin, Q.C., respecting the poor condition of upper James-street, it was reported that all the repairs possible had been made. A new pavement will be laid as soon as possible.

It was decided to defend the action for damages brought by C. Lambert, a street car conductor, who was struck by a corporation trestle on King-street east some weeks ago.

Ald. Findlay and Pettigrew, who were appointed to look to the complaint of the teamsters employed by the city that they were drawing excessive loads, reported that they could not at present recommend any change in the size of the wagon boxes.

The City Solicitor advised the board that the Gas Tar Distilling Company had no claim against the city, as no written contract had been entered into.

As an offset to the claim of George Frid over the supply of gravel, it was decided to give him the cement contract for one gang of the cement walk layers. The board resolved to have a by-law prepared making the district foreman responsible for the clearing away of weeds on the streets and vacant lots.

Row at the Driving Park.

Two men and three women made a disgraceful scene at the Hamilton Driving Park, Barton-street, last evening. They were intoxicated and handled several persons roughly, besides using disgusting language. County Constable W. Hunter tried the peacemaker role and one of the women pulled out nearly half of his moustache. Frank Franey and a stranger took a hand in the peacemaking. The stranger came out of the struggle with a broken collar-bone. This morning County Constable Hunter laid information charging the parties, John White and wife, Maggie White or Kennedy, James White and Lizzie Farthing, with assault. All of the defendants live on Rebecca-street.

Richard Plant Missing.

Richard Plant, Wellington-street south, has been missing from his home since Saturday. He is about 70 years of age, 5 feet 5 inches in height, of medium build, and at the time he disappeared wore a dark suit of clothes and black fedora hat. He may be recognized by a slight halting on his left side, caused by a stroke of paralysis some years ago.

Minor Matters.

Owing to the C. P. R. train being late in arriving from Toronto last night, a number of Grimsby people were left behind and slept in the H., G. & B. station here all night.

The S. O. E. lodges will decorate the graves of their departed brethren next Sunday.

It is understood that John Clark, formerly of the Mountain View Hotel, will be the next proprietor of the St. Nicholas Hotel.

An unoccupied house about three-quarters of a mile south of the Wentworth Park Hotel, belonging to John Kirkton, Barton, was destroyed by fire about 1 o'clock this morning.

The basket makers at Platt & Millen's factory at Stony Creek yesterday struck for an increase of 5c per 100 baskets and got it.

The Public schools reopened to-day after the long summer holidays.

Untiring in Strength

Former Invalid

RESTORED BY

GRAPE-NUTS FOOD.

A RATIONAL FOOD CURE.

One of the well-known grocers in Washington, D.C., who supplies the food of many of the brainy representative men of the country, says: "I have become an enthusiastic consumer of Grape-Nuts. It has constituted solely my morning and evening meal for the past eight months. Previous to this, worn out with overwork, broken down in health, dyspepsia having led to Bright's disease, heart trouble and what not, I was given up to die. This food came to my notice through one of my customers. The name suggested something in the dessert line—dried fruit, prunes, raisins, or the like, and when I put it in the store, a glance at the label persuaded me to make a trial personally.

"I had at the store for my supper a dish and a half dish, and was impressed, perhaps unfavorably, with its richness, perceiving at the same time how very appropriately the new food was named. Going at my home, I remarked to the family: Strange as it may appear, its effect was almost at once apparent. Seated that evening at my home I remarked to the family that it was the first time in a whole year that I had felt like myself. I was much elated, and naturally attributed the change to Grape-Nuts. My improvement since then has been continuous, my health is better than ever before, I look ten years younger, and am untiring in strength." (The gentleman does not care to have his name quoted publicly, but his store can be found at 726 Eighteenth-street, Washington, D.C.)

Now for the reason. The man or woman worn out with overwork or nervous prostration will find an immediate gain in strength by the use of Grape-Nuts and cream, because of the fact that the natural phosphate of potash obtained from certain parts of the grains is one of the strong elements in Grape-Nuts, and this is presented to the system in the form demanded by nature; not as a drug.

The system takes up the needed particles of phosphate of potash, and it is now known that the soft grey matter which fills the delicate nerve centres throughout the body as well as the brain and the solar plexus, can only be made and renewed from day to day by the action of phosphate of potash on albumen. Albumen is one of the principal elements of all food, but unless albumen has with it in the system a sufficient amount of phosphate of potash, it cannot be transformed into brain matter without the action of this particular element, for there is no known way to make grey matter except by the combination of albumen and phosphate of potash.

Therefore, when one uses Grape-Nuts, he makes use of the best scientific knowledge of the day in the selection of food for invigorating and revitalizing the body. This food has become famous throughout the world, and it is to be found in every first-class grocery store. Grape-Nuts are made by the Postum Co., at their factories in Battle Creek.

MUNICIPAL CONVENTION.

There Was Not Much Alacrity on the Part of the Delegates in Assembling.

Hamilton, Sept. 5.—(Special.)—The delegates to the municipal convention set for to-day and to-morrow in the City Hall did not show any alacrity in gathering together this morning. Not more than a baker's dozen were present at 10 o'clock, the hour set forth for the commencement of the convention. Mayor Teetzel was unanimously chosen chairman and he proceeded to welcome the delegates. The Mayor spoke at some length, discussing the inequalities and anomalies of the Assessment Act. Referring to the Municipal Act, which will come up for discussion to-morrow, Mayor Teetzel said he was personally in favor of a lessening of the number of aldermen, the fixing of a longer aldermanic term and the electing of representatives from the city at large. Municipal ownership would also be considered. He regretted the small attendance, but drew attention to the fact that this meeting was but a beginning, and that in future years there would be a greater interest shown.

Assistant City Clerk S. H. Kent was appointed secretary and the meeting adjourned till afternoon.

The delegates who registered were: Thomas Walters, Mayor of Lindsay; Ald. J. H. Sootheran, Lindsay; J. W. Johnson, Mayor of Belleville; Ald. Charles Bogarth, Belleville; W. H. Cluff, auditor, Ottawa; H. Rowland, assessor, Ingersoll; H. Cockshutt, Mayor of Brantford; A. Pratt, assessment commissioner, Ottawa; M. T. Keating, Mayor of St. Catharines; Ald. D. Robertson, St. Catharines; S. G. Dolson, assessor, St. Catharines; H. F. Jell, Municipal World, St. Thomas.

Mayor Teetzel was unable to be present at the afternoon meeting, and he deputed Mayor Johnson of Belleville to act as chairman.

A. Pratt, assessment commissioner, of Ottawa, introduced the following resolution, respecting the assessment of personal property:

That the law as it now stands in assessing personal property or income is unjust, impracticable and impossible of equalization; that no basis is given to the assessor upon which his judgment can be brought to bear as in the assessing of real property; that each person make an annual return of personal property or income should be required to make an annual return of personal property or income to the assessment department, as is required in Great Britain and the United States; that all incorporated companies, including banks, should be assessed as other individuals or partnerships; that the revenue of persons from Dominion, provincial or municipal bonds should be assessed as other personal property or income.

In speaking to his resolution, Mr. Pratt said it was impossible, under the present Assessment Act to arrive at any true estimate of the value of the personality of a man, because there was no true basis on which to work. He was opposed to the exemption of banks. He thought they should pay taxes on personality.

City Solicitor Mackelcan, in seconding the motion, said he believed it would be easy to make a personality assessment if the exemptions for goods, mortgaged or not paid for, were removed. The tax should also be based on a lower scale.

Mayor Walters of Lindsay agreed with the former speakers.

Assessor Dodson of St. Catharines was not so strongly opposed to the act, but he thought the clause exempting from taxation stock amounts up to $400 ought to be abolished.

The resolution was carried, and a committee was appointed to put the resolution into legislative shape and report to the convention in the morning.

Seizures of Personality.

City Solicitor Mackelcan spoke on seizures of personal property for taxes, and moved the following resolution, which was:

That no sale of lands for taxes in any city shall be invalid by reason of there having been goods or chattels within the county belonging to or in the possession of the person assessed for the land or goods or chattels upon such lands liable to seizure for taxes, and of no levy by distress having been made on such goods or chattels for the payment of taxes due in respect of said lands.

Ex-Ald. Cluff of Ottawa introduced the following resolution, which was seconded by Mayor Radford:

That, in the opinion of this convention, the clause in the Assessment Act by which property in each ward of a municipality has to be separately assessed should be amended so that companies should have the whole amount of the property belonging to the company assessable against the company as a whole, at the head office or principal place of business within the municipality as a going concern.

Mr. Cluff, continuing, said he was opposed to exemption being granted the Y.M.C.A., which were now being incorporated to escape taxation. London's association had done so, and Ottawa's was about to follow suit. He objected to places of learning, which had become incorporated, going free. These were matters the convention should take up. Another was that of franchises. In his opinion, no franchises should be allowed to run longer than 10 years.

The motion was agreed to, and the convention adjourned until to-morrow morning at 10 o'clock.

The delegates were taken round the city, and up on the Mountain, and suitably entertained by the city representatives.

More Delegates.

The following additional delegates registered this afternoon: J. W. Quinlan, Mayor of Port Hope; Ald. J. McMullen of Port Hope; Dr. Radford, Mayor of Galt; Ald. T. Vair, Galt; John R. Eden, Mayor of Berlin. Walter Mills, Mayor of Ingersoll, wrote regretting his inability to be present, and explaining his views on the questions before the convention.

HARRY CLARK DROWNED.

A Frankford Young Man, Who Was a Good Swimmer, Went Down to Death.

Frankford, Ont., Sept. 5.—This morning about 5:30, Harry Clark, aged 21, son of George W. Clark, sr., proprietor of the Clark House, Frankford, went out on the Trent River in a canoe for a paddle, as he had formerly done. He was seen above the bridge with his dog in the canoe with him. In about half an hour his canoe was seen against the rocks below Frankford bridge, half full of water. The dog swam ashore. Friends, noticing his dog running up and down the river, thought best to make search down the river below Frankford, and his body was found about two miles down the rapids at 11.30 o'clock. From bruises on his temple it is supposed he fell out of the canoe and hit against the rocks, stunning him, or otherwise he would probably have reached shore, as he was a good swimmer.

For boils and felons use Dalley's Family Salve. It removes the soreness at once. 25c a box. Reduced to 10c.

Jewish New Year.

"Rosh Hashana," the Jewish New Year, which occurred yesterday, was celebrated with great solemnity by the Jews in Toronto.

According to the chronology of the Jews it marked the beginning of the year 5660. The month is called "Tishri," and the day was the first of that month. Not only in Toronto, but throughout the world, "Rosh Hashana" is observed.

The ceremony celebrated at the synagogues yesterday was identical with that laid down in the law of Moses and carried out in the early days of the Jews, except that the burnt offerings commanded by Moses were omitted because the succession to the priesthood has been lost, and none but the anointed are permitted to offer the sacrifices purified by fire. The sacrifices yesterday were typified by a lighted candle suspended before the ark of the covenant.

Sermons were preached last night in the city synagogues and Richmond Hall was turned into a house of worship to accommodate the throngs of worshippers.

For mosquito bites use Dalley's Family Salve. It removes the poison and allays the inflammation.

William Sutherland Dead.

Belleville, Ont., Sept. 5.—Much regret is expressed at the death in Victoria, B.C., this morning of Mr. William Sutherland, collector of poll tax there. Mr. Sutherland was for many years a merchant here and was widely known and very popular. He was for some years a member of the municipal council.

A Wonder He Escaped.

John Breen, aged 19 years, who lives at 620 West Queen-street, and is employed in Philip Jamieson's clothing store, fell from a building yesterday afternoon, a distance of 25 feet, and escaped with only a sprained ankle. The injury was dressed at St. Michael's Hospital.

The Parisian Will Sail.

Quebec, Sept. 5.—The steamer Parisian will sail for Liverpool to-morrow. She was not so seriously damaged as previously reported. On the completion of her survey she was found to have several rivets broken or strained, which are now completed.

Coal Up at Kingston.

Kingston, Ont., Sept. 5.—The coal dealers of this city have raised the price to $5.75 per ton after Sept. 15.

"The Thorn Comes Forth With Point Forward."

The thorn point of disease is an ache or pain. But the blood is the feeder of the whole body. Purify it with Hood's Sarsaparilla.

Kidneys, liver and stomach will at once respond? No thorn in this point.

Severe Pains—"I had severe pains in my stomach, a form of neuralgia. My mother urged me to take Hood's Sarsaparilla and it made me well and strong. I have also given it to my baby with satisfactory results. I am glad to recommend Hood's Sarsaparilla to others." MRS. JOHN LA PAGE, 240 Church St., Toronto, Ont.

Complete Exhaustion—"After treatment in hospital, I was weak, hardly able to walk. My blood was thin. I took Hood's Sarsaparilla until well and gained 20 lbs. It also benefited my wife." ARTHUR MILLS, Dresden, Ont.

Hood's Sarsaparilla Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.
