The Fly has come to the front. 34tf

Sampson's Sly Trick.

Sent the Collier Merrimac Into Santiago Harbor,

So That She Should be Sunk and Block the Channel.

The Spaniards Blew Up the Vessel With a Torpedo.

Eight Americans Were Captured by the Enemy.

Unconfirmed Report That Sampson Has Smashed the ntiago Fleet.

Senator Hale Estimates the War Will Cost the United States $800,000,000 for the First Year—Strength of the Cuban Army—Alleged Sailing of Another Spanish Squadron.

New York, June 4.—A Cape Haytien dispatch from Santiago says: Yesterday morning there was heavy cannonading from 3 to 4 o'clock. An armed American trans-Atlantic steamer tried to run over the first line of torpedo defenses. The Spaniards let her do so, but when the American ship, which had already got into the pass, attempted to run over the second line of torpedos the Spaniards set fire to one of these, and the American ship sunk immediately after the explosion of the torpedo. An officer, an engineer and six seamen have been made prisoners.

According to a later dispatch from the same source, the vessel sunk is supposed to be the Merrimac. Only the extremities of her funnel and two masts are visible above the water. The Santiago advices refer to the sunken vessel as an auxiliary cruiser. The Merrimac is a collier and always has been a collier.

ANOTHER ACCOUNT.

Port au Prince, Hayti, June 3—Yesterday morning the American squadron again began a bombardment of the fortifications of Santiago de Cuba, and a lively cannonade ensued for two hours, which extinguished the fires of the Spanish batteries. An American vessel, the Merrimac, described as an auxiliary, making a dash to force the entrance, succeeded in passing the first line of defense, but was torpedoed about 500 feet up the channel. She went down perpendicularly. An officer, an engineer and six seamen were taken prisoners. There is great excitement in the city. A part of the population assisted in the fighting on the heights.

ASTOUNDED AT AMERICAN AUDACITY.

Everybody is astounded at the audacity of the American vessel. The American squadron was cruising all the while in the offing.

Madrid, June 4.—The Spanish version of the sinking of the Merrimac in the channel leading to harbor of Sanitago de Cuba yesterday says: "Two American ironclads were seriously damaged during the engagement." The Spaniards also describe the affair as a brilliant Spanish victory.

A Clever Trick.

AND IT PROVED SUCCESSFUL.

Washington, June 4.—The Washington Post this morning says: There is absolutely no doubt in the minds of the naval officials at Washington that the sending of the collier into the harbor was all a pre-arranged move on the part of Admiral Sampson. The use of a collier, the unusual hour of the morning, the necessity of blockading the channel so as to relieve some of the ships of the squadron from remaining stationed off Santiago, the importance of discovering whether the mines were effective—all the reasons made it certain that the Merrimac was deliberately guided to her destruction. It was not a Spanish victory—it was a cleverly-arranged scheme on the part of the American admiral, and it was successful. The eight men in a Spanish prison are the real heroes of the war."

It is expected that reports will be received today from Admiral Sampson which will give details of the Merrimac's destruction and the names of the eight men who have been captured.

PRE-ARRANGED.

Washington, June 4.—No official confirmation has been received at the navy department of the report that the collier Merrimac has been sunk in the entrance to Santiago harbor. The officials of the navy department are of the opinion that Admiral Sampson has taken effective means to prevent the Spanish fleet from giving him the slip and running out under cover of a dark and rainy night before the land forces can reach Santiago and co-operate with him in the contemplated land and sea operations.

It is thought probable that he engaged the shore batteries with the guns of his fleet, and during the engagement ran the Merrimac into the narrow entrance of the harbor and opened her sea valves, allowing her to sink.

The Merrimac was purchased by the government from the Lone Star Steamship Company. She was built at Newcastle, England, in 1894, was 339 feet long, 44 feet beam and had a net register of 2,193 tons.

DELIBERATE PLAN

Key West, Fla., June 4.—Naval officers here are positive that if the Merrimac has been sunk it was by order of Admiral Sampson, and the object was to block the channel leading into the harbor. They are sure the sinking of the collier was the result of a deliberate plan on the part of the com mander of the American squadron.

REPORTED DESTRUCTION OF THE SPANISH FLEET.

Cape Haytien, Hayti, June 4—7:45 a.m.—It is reported here that the Americans destroyed the Spanish fleet at Santiago de Cuba, but the report cannot be confirmed.

$800,000,000 A YEAR.

Washington, June 4.—In the senate yesterday consideration of the war revenue was resumed. In speaking of the measure, Mr. Hale (Rep., Maine) gave it as his opinion that if this war lasts a year it will cost the United States Government between $700,000,000 and $800,000,000.

Mr. Jones said he did not think so much money would be spent. He was satisfied, at all events, that an issue of bonds was unnecessary. "I do not believe," said he, "that the war will last one year, six months, or anything like that time, and the cost will certainly be much less than stated by Senator Hale. The secretaries of war and of the navy, each made an estimate of the expenses for the war, and their aggregate estimates were only about half the estimates of the senator from Maine."

Mr. Hale pointed out that the war was as expensive as an expeditionary war. He said he had examined all the estimates made upon the expenses of the war, and he was satisfied that they would reach certainly $700,000,000.

THE CUBAN ARMY.

New York, June 4.—Domingo Mendez Capote, the vice-president of the Cuban Republic, who is here, was questioned as to the strength of the army, and said: "Not counting those who have recently joined his force, Garcia has about 12,000 men under him in the eastern department at Santiago and Porto Principe. About 5,500 of these men were in the neighborhood of Santiago when I received word. All were fully armed and equipped. I cannot tell definitely how many men there are in the other provinces. Gomez had about 5,000 men at Santa Clara. Probably 30,000 men in all, fully armed and equipped, are in the ranks of the Cuban army."

ANOTHER FLEET FOR CERVERA.

Kingston, Jamaica, June 4.—The correspondent here of the Associated Press has been informed, from an apparently authentic source at Port Antonio, that a Spanish fleet of sixteen warships is en route to Santiago de Cuba. Should the fleet arrive at the pre-arranged schedule, it will be off Santiago de Cuba today, in order to reinforce the fleet of Admiral Cervera. Several battleships and three torpedo boats are in the fleet. The British second-class cruiser Indefatibable (Capt. George A. Primrose) has sailed for Santiago de Cuba with several doctors on board, in order to watch the battle and aid the wounded.

Gibraltar, June 4.—It is announced here that the Spanish Cadiz squadron has sailed.

At Kingston, Jamaica, Senor de Castro, the Spanish consul, declares that he does not think the Cadiz squadron has sailed for the West Indies, as he believes Admiral Cervera can defend himself alone.

DISCREDITED AT WASHINGTON.

Washington, June 4.—Notwithstanding the rather positive statement from Jamaica to the effect that the second Spanish fleet has crossed the Atlantic and is about to join Cervera today at Santiago, the officers of the navy department refuse to be frightened at what they declare to be a bugaboo. The basis of their confidence is a telegraphic report of as late as yesterday declaring the Cadiz fleet is still at Cadiz. Moreover, they know that there are not as many as sixteen vessels in that fleet.

TELEGRAPHIC BREVITIES.

The Hamburg-American Line steamer Italia, for Hamburg, with over 700 passengers, arrived at Halifax Friday.

The Ottawa Journal says: Rev. R. G. Boville, formerly Baptist pastor at Hamilton, has been called to Covansville, Que.

Ed Boswell, president of the Temiscouta Railway, died on Friday at River du Loup, after three days' illness, aged 50 years.

The case of Detective Joseph Kellert, of Montreal, charged with stealing a letter from Lieut. Carranaza, of the Spanish secret service, practically ended in a miserable fiasco. The defense proved an alibi.

A Vancouver dispatch says that a man named Mitchell, of Hamilton, was drowned in the Stikine River, and that his body has not been recovered. Mitchell, it says, fell into the river while going through a canyon.

Next Monday will be the anniversary of the death of Sir John A. Macdonald.

Toronto council sat all Friday afternoon and evening, and succeeded in reducing the estimates so as to enable a rate to be struck at 17 mills—the same as last year.

County Clerk Wm. Davidson, Stratford, while on the second story of Myers' hardware store, stepped backward through the elevator shaft, falling a distance of several feet, striking his head against the stone wall, inflicting an ugly gash. This is the spot where a young lad named Edward Clancy was killed some ten years ago.

The decoration exercises which have now become a recognized institution in Toronto, passed off Thursday with the usual enthusiasm. About two thousand children belonging to the drill corps of the various public schools turned out, and, with the veterans of the Fenian raid of 1866, and of the Northwest rebellion of 1885, paraded to Queen's Park, and decorated the monuments.

TWO FIRES.

Wallaceburg, Ont., June 3. — Fire broke out in a shed adojining Steinhoff & Gordon's stave mills here this afternoon. The mill hands, with the assistance of the local fire brigade, got it under control before the main buildings caught. Loss small; covered by insurance. Work at the mills will go on as usual tomorrow.

Ottawa, June 3.—The blacksmith shop of J. M. TicAdam, Queen street, was burned this morning. Loss about $200.

$1,000 Reward.

Merrill, the Druggist, of Brantford, makes a standing offer of the above amount to anyone who will discover a better cure for constipation than Merrill's System Tonic. More than 5,000 people have been cured of habitual constipation by this wonderful remedy. It is pleasant to takes and restores the natural muscular power to the bowels. One 50c bottle cures. Sold by Strong, Druggist.

AUSTRALIAN FEDERATION.

Melbourne, Victoria, June 3.—The voting in Victoria and Tasmania has resulted in the adoption of the federation bill. The result in New South Wales is still doubtful.

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

TAKE NOTICE THAT THE MUNICIPAL Council of the Corporation of the City of London intends to construct an artificial stone sidewalk on north side of Albert street, between Richmond and Talbot streets, and to assess the final cost thereof upon the property abutting thereon and to be benefited thereby, and that a statement showing the lands liable to pay the said assessment, and the names of the owners thereof, so far as they can be ascertained from the last revised assessment roll, is now filed in the office of the clerk of the municipality, and is open for inspection during office hours. The estimated cost of the work is $775, of which $25 is to be provided out of the general funds of the municipality. A court of revision will be held on Friday, the 10th day of June, 1898, at 4 p.m., at the City Hall, in the said city, for the purpose of hearing complaints against the proposed assessment or accuracy of the frontage measurements, or any other complaints which persons interested may desire to make, and which is by law cognizable by the court. C. A. Kingston, city clerk.

City Clerk's Office, 28th day of May, 1898. 44ut
