The Anglin Banquet.

The Banquet in honor of Mr. Anglin, at the Rossin House, Toronto, on Tuesday evening of last week, was a magnificent affair. The number of gentlemen present is stated at 250, including many of the most prominent citizens of Toronto, of all denominations. Among leading Liberals present were Mr. Blake, Mr. Mowat, the Provincial Premier, Mr. Fraser, Senator McMaster, who presided, and others Letters and telegrams were read from Hon. Isaac Burpee, Hon. D. A. Macdonald, Hon. Mr. Scott, and others, regretting their inability to be present. Archbishop Lynch in his letter "regretted that the state of his health precluded his following the example set by Bishop Sweeney when he joined so heartily in the farewell demonstration to Mr. Anglin in St. John," and Goldwin Smith, while declining to take part in a party demonstration, welcomed Mr. Anglin to Toronto as a public man and a fellow-journalist.

The following brief telegraphic summary of the principal speeches on the occasion we take from the *Telegraph:*

Mr. Anglin made a very appropriate speech, breathing toleration and patriotism, and thoroughly Liberal in tone. He briefly referred to his own political career, his former prejudices against the Ontario Liberals, his acceptance of Confederation and his subsequent alliance with the party led by Messrs. Mackenzie and Blake. He regretted the weakening of the Liberal party in the Local Assembly, and gave them and Liberals everywhere some judicious counsel for future action. The tactics of the present Ottawa Government, including corruption, gerrymandering and other illegitimate practices, were forcibly commented on, and the future success of both the Liberal party and the country was predicted amidst cheers.

Mr. Blake spoke at some length and with his usual felicity. He paid a high compliment to Mr. Anglin as a public man and a journalist. He spoke of the importance of journalism and its influence in the community, and gave a brief but trenchant review of the course and work of the late session at Ottawa. The tone of his speech was the reverse of despondent, and showed that in spite of the discouragements of the Liberal party he had not lost his confidence in the people.

Hon. C. F. Fraser, who has long been regarded by the Roman Catholics of this province as their representative in the Ontario Government, made one of his characteristics speeches. It was an eloquent plea for provincial rights and a vigorous denunciation of all attempts to interfere with them. He welcomed Mr. Anglin warmly to Toronto, and looked forward to good results from the presence here of one of his admitted ability and political experience.

Hon. Mr. Mowat, in replying for the Government, gave no uncertain sound on the question of provincial rights. With deliberate calmness, but also with unmistakable firmness, he declared that encroachments on provincial rights must cease, and that if the letter of the British North America Act afforded an excuse for such encroachments the act must be changed to make it mean what the people of Ontario thought it meant when it was framed. This may be regarded as a distinct intimation of the Government policy as to the revision of the British North North America Act, and the cheers with which the announcement was greeted were significant of the strong feeling in the Liberal party on this subject.

Honor to Whom Honor is Due.

Honor the name of Dr. Scott Putnam, inventor of PUTNAM'S PAINLESS CORN EXTRACTOR. Many less deserving men have their names enroled among those considered benefactors of their race. Why not his? Ask those who have used Putnam's Painless Corn Extractor what they think of it. Their thankful hearts cannot sound his praise too high. Safe, sure and painless. Beware of cheap substitutes. Sold everywhere by druggists, &c. N. C. POLSON & CO., Kingston, Proprietors.

Spring Time Rapidly Flies.

And as rapidly it seems the Wheel of Fortune is turned by Gen'ls G. T. Beauregard of La., and Jubal A. Early of Va., at New Orleans, La., in the monthly distribution of the Louisiana State Lottery Company. The next (the 157th) is the Grand Semi-Annual, when $522,500 is scattered every which way in sums of $150-000 down, on Tuesday, June 12th. Whole Tickets are $10, fractional parts proportionately, and any information can be obtained from M. A. Dauphin, New Orleans, La., Who will it be—to be enriched forever?

Sick Headache.

This scourge of all ages and sexes succumbs at once to DR. HERRICK'S SUGAR-COATED VEGETABLE PILLS. A single dose will alleviate even the most obstinate case, and a persistence in the use of the medicine effect a radical cure. Try the remedy.

Quantity and Quality.

Are at their best among animals and poultry that have their feed mixed with HARVELL'S CONDITION POWDERS, which destroy all disease and result in health, strength, fatness and prolificness. Make your stables and barn yards pay. These great specifics are for sale everywhere.

General Notes and News.

Zurich, by a popular vote, has restored capital punishment.

Prof. Cohn, Breslau, believes that black dates and white pencil marks, used in Schools, induce shortsightedness.

A duel between prominent business men of Killer, Tex., resulted in the death of one of the principals, and the serious wounding of the other.

Senator Thomas F. Bayard, a prominent Democratic aspirant for the United States Presidency, declares that a tariff for any other purpose than revenue is practically unconstitutional.

The Michigan Free Trade orginzation met in convention in Detroit last Thursday. Addresses exposing the fiscal evils of the present protective policy of the United States were enthusiastically received.

It appears that the actual amount of the testimonial to Sir Hector Langevin is only $17,000. The amount originally subscribed was $25,000, but the balance was never paid up by Sir Hector's enthusiastic admirers.

Mr. Gladstone, in his reply to the Duke of Albany's request that he be appointed the Marquis of Lorne's successor, assigned His Royal Highness' youth and inexperience as a reason for refusing the request.

Billings, Mont., May. 28.—Louis Riel, who made himself notorious by his capture of Fort Garry and the murder of Thomas Scott, and who was afterwards banished from Canada, was recently arrested near Benton for complicity in election frauds in the Territorial election last fall.

If farmers and others continue to buy dust and ashes put up in big packs and sold for condition powders it won't be our fault. We have exposed the swindle time and again. *Sheridan's Powders* are the only kind we know of worth carrying home.

Farrell, the informer in the Phœnix Park murder trial, has received $1,000 from the Government, and Kavanagh, the car man, $250. They have both left the country. James Carey and his brother Peter will receive small sums for their services.

Great age carries with it a certain respectability whether it attaches to a person or thing. This is seen particularly in the case *Johnson's Anodyne Liniment* which is the most marvelous internal and external remedy ever discovered. It ought to be kept in every house.

The Presbyterian General Assembly of of the United States, North, has declared against prohibition as a destructive measure. The Assembly hails with joy the efforts to check intemperance and the sale of intoxicating liquor by the power of Christian conscience, public opinion, and the strong arm of the law.

As the frosts of winter vanish under the caloric influence of the sun's rays so does Bright's Disease, Dropsy, Stone in the Kidneys and Bladder, and Inflamation of the Kidneys, leave the body upon the dministration of Dr. Van Buren's Kidney Cure. Sold by J. D. B. F McKenzie.

Messrs. Parker & Laird, of Hillsdale, writes: Our Mr. Laird having occasion to visit Scotland, and knowing the excellent qualities of Dr. Thomas' Eclectric Oil, concluded to take some with him, and the result has been very astonishing. We may say that in several instances it has effected cures when ailments had been pronounced incurable by eminent practitioners.

F. Burrows, of Wikesport, writes: that he was cured of a very dangerous case of inflamation of the Lungs, solely by the use of five bottles of Dr. Thomas' Eclectric Oil. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was effectual.

Quite a sensation has been created in clerical circles in Quebec by the publication of a letter privately addressed to Cardinal Simeoni, at Rome, in 1881, by M. Tardivel, an Ultramontane journalist, and asking for the deposition of Archbishop Taschereau, on the ground of siding with the Catholic Liberals, and sowing dissension amongst the clergy.

Everybody Suffers Pain.—It is the result of sin and violation of nature's laws. The great Creator of the universe in his infinite mercy has done much to allay the suffering of his people by giving them out of nature's store-house a "balm for every wound." Such is the Pain-Killer made by Perry Davis & Son; it stops pain almost instantly, is used both internally and externally, and is of all other pain remedies the *oldest and best.*

Hamilton *Tribune*:—The publication of American land advertisements in the Dominion Government's immigration literature has borne unexpected fruit. The Secretary of State (Mr. Chapleau) has purchased a magnificent ranche of nearly 12,000 acres at Los Angelos, California. Now, if a Liberal leader had made this purchase, what a howl of indignation from the Tory press of Canada would have echoed to the very heavens!

Mr. T. C. Berchard, public school teacher, Norland, writes: "During the fall of 1881 I was much troubled with Biliousness and Dyspepsia, and part of the time was unable to attend to the duties of my profession. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and have gained fifteen pounds in weight.

The Dominion Government, ignoring its general policy in similar cases, has accepted the decision of the Exchequer Court, and paid over to Mr. Woodworth, M. P., the $8.300 awarded by the Court for the sand and gravel taken from his ballast pit. This has been a valuable investment for Mr. Woodworth, who only paid $1,900 for the whole farm, of which he still retains possession. The Dominion arbitrators awarded him $100 as a fair remuneration for gravel, etc., taken.

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is a splendid medicine. My customers say they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for 9 or 10 years with Dyspepsia, and since useing it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or troubles arising from a disordered stomach."

—The Brooklyn Bridge was not the only important structure of the kind opened to public od the Queen's Birthday. On the same day the first permanent bridge across the Indus became a thoroughfare. It spans the river at Attock, and according to the London *Globe*, supplies the great want which has long been felt on the main road through Northern India and on the principal trade route from the Punjab to Central Asia, and and promises to be as benefical from a military as from a commercial point of view.

—"The two greatest masters of English eloquence" are, according to the London *News*, Mr. Gladstone and Mr. Bright. "Mr. Gladstone continues to be as ready, vigorous, full of resource, and eloquent as ever. Nor in Mr. Bright's case does it seem that age has brought any decay to his faculty of eloquence. Orator as he is, in some qualities the greatest English orator of his day, he never appears to have had any joy in speaking, or even any inclination or impulse to speak, except when it was actually necessary tht he should plead a cause. The country is proud of the two men, and proud especially of the work which they have done together."

Mr. J. R. Cuthbertson, Toronto writes: "My wife had a very severe attack of Pleurisy and Inflamation of the Lungs about three years ago, and ever since has been subject to severe colds on the slightest exposure; in fact they were so frequent that her system was quite reduced. She tried several remedies, but without any permanent effect, until she was induced to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a ROYAL REMEDY for all affections of the Lungs and Chest, and for all classes of Wasting Diseases, and building up of Weak Constitutions."

Says the Winnipeg *Sun*: "The members of the New Brunswick ministry have sensibly concluded to drop the title 'Hon.' They have no right to flourish it. The official table of titles accords the distinction only to Privy Councillors of Canada for life, Senators during office, and Legislative Councillors appointed before Confederation. Manitoba would do well to follow the example of the wise men of the east,"

Does it not occur to the *Sun* that it is just possible for "the official table" to be ignored? The title may be, very properly, applied to our local ministers. It has the sanction of time-honored usage and that is about all that can be said of any title.
