REDS CAPTURE THREE ARMIES; TAKE 400 GUNS

Achieve Crushing Victory—Prisoners Total 60,000, Says Dispatch.

WITHDRAW U. S. TROOPS

Report States All American Soldiers Pull Out of Siberia.

LONDON, Jan. 9.—The town of Krasnoyarak, Eastern Siberia, has been captured by the Bolsheviki, according to a wireless dispatch received here this evening from Moscow.

"The remnants of the first, second and third enemy armies have surrendered, and 60,000 prisoners already have been counted," says the dispatch.

Another communication from Moscow says the booty captured by the Reds on the southern front in Russia in the present offensive include 400 guns, 1,000 machine guns, 11,000 rifles, 18 armored trains, 200 locomotives, 10,000 wagons and large stores of food and munitions and 35,000 prisoners.

Krasnoyarsk is situated on the Trans-Siberian Railway about 300 miles east of Tomsk. Lying on the plain and open to the play of bitter winds, traffic with the town by caravans is almost impossible in the winter. The town is situated on the left bank of the Yenisei River.

TO WITHDRAW TROOPS.

TOKIO, Jan. 9.—A dispatch from Vladivostok received here today states that the American Government has decided to withdraw all its troops from Siberia.

ANTI-JAPANESE RISING.

LONDON, Jan. 9.—An anti-Japanese rising has broken out in Korea, according to a Bolshevik wireless communication received here tonight from Moscow.

TYPHUS RAGING.

GAME AND FISHERIES INSPECTORS DUE FOR SHAKE-UP, SAYS FOX

Member For South Essex Declares Many Inspectors Are Incompetent.

WINDSOR, Jan. 9.—That the Farmer-Labor Government of Ontario plans a shake-up among the game and fisheries inspectors was stated today by Milton C. Fox, M.P.P. for South Essex, in speaking at the annual meeting of the Essex County Wild Life Association at Leamington.

From thirty to forty inspectors, who have been found incompetent, according to Mr. Fox, are to be investigated by F. C. Biggs, the new minister, in charge of the game and fisheries department.

The association will ask the Government to enact legislation setting aside land for game sanctuaries. It also favors legislation that will prevent "irresponsible foreigners" from carrying firearms.

SENATE COMMITTEE FOR CITIZENS' ARMY

WASHINGTON, Jan. 9.—Favorable action was ordered today by the Senate military committee on the war department bill authorizing an army of 275,000 men for the current fiscal year, in order to provide for the forces in Europe and Siberia.

As drawn, the sub-committee bill provides for a single army structure, with regular, national guard and citizens' army sections and a universal military training system. The regular army would have a strength of 280,000 men and 18,000 officers for the regulars.

JUDGE QUASHES FINE FOR LIQUOR IMPORT

OTTAWA, Jan. 9.—(By Canadian Press).—The $200 fine and costs imposed by Police Magistrate John E. Askwith on the Canadian Express Company on December 16 last for importing liquor through the province of Ontario, consigned to Quebec Province, was this morning quashed by Judge Gunn in the courthouse after lawyers on both sides had argued for a couple of hours.

The name of the country club to which the $1,200 worth of champagnes and sauternes were consigned was not once mentioned in court by any of the lawyers or the judge.

BIG FINANCIAL FIRM OPENS OFFICE HERE

E. B. ALMON.

That Western Ontario is rapidly growing as an investment field which is attracting the notice of the large financial concerns of the Dominion is shown by the opening of a branch office in this city by the firm of Nesbitt, Thomson & Co., Limited, investment bankers, of Montreal, Toronto and Hamilton, in the Royal Bank Building, under the management of Mr. E. B. Almon. Mr. Almon is well known in Montreal financial circles, having started twelve years ago with the Royal Trust Company of that city. After a year and a half he jointed the Dominion Securities Corporation.

Upon the outbreak of war Mr. Almon went overseas, where he served for three and a half years in the British navy.

On his return to Canada last spring he joined the firm of Nesbitt, Thomson & Co., Limited, and his promotion to the management of the London office is an indication of his business ability. b

ALLIES SEE DANGER IN SENDING SULTAN FROM TURK CAPITAL

Have Abandoned Hope of the U. S. Accepting Mandate Over Turkey.

WASHINGTON, Jan. 9.—Having abandoned hope that the United States could be induced to accept a mandate over Turkey, the allied powers are in correspondence with a view to finding some solution of the problem of expelling the Turks from Europe without causing such a uprising among the Mohammedan peoples as would endanger the control of the European nations over them.

Information reaching Washington is that these efforts are in progress outside of Paris, where the supreme council is sitting, though it is expected that the ratification of that body will be required to give effect to any plans adopted.

General Objection.

Reports from India, Egypt and other countries where the Mohammedans are numerous, of a general objection to the expulsion of the Turks from Europe, and insisting upon the retention of the head of their church in Constantinople, under threats of boycotts of Christian business and trade, and even actual warfare, have stimulated endeavors of the Entente foreign offices to find some plan which will satisfy the Mohammedans and at the same time free Constantinople from Turkish maladministration.

Control Constantinople.

One such project which it is learned has been brought into discussion as promising to afford a basis for action contemplates the assumption of the control of Constantinople by the league of nations; the declaration of the city as a free port, and the actual administration of the place by a commission nominated by the Mohammedan populations of countries and colonies, such as India, Egypt, Tunis, Morocco, and possibly the Malays of the Philippines if the United States can be induced to participate to such an extent.

It is proposed to clothe this commission with full powers to control Constantinople politically and to administer the local government. But to satisfy the Mohammedans the Sultan and his suite would be permitted to reside there and to exercise from there such official functions as head of his church. His position would therefore, in some measure, correspond to that of the pope in Rome after he had been divested of his temporal power.

MAN AND WIFE FACE TRIAL ON MURDER COUNT

Revolting Crime Near Rochester—Edward Kniep Brutally Killed.

ALLEGED CONFESSIONS

Police Claim James O'Dell and Spouse Admitted Guilt of Deed.

ROCHESTER, Jan. 9.—Charged with murder in the first degree for alleged slaying of Edward Kniep, whose dead body was found yesterday beneath a culvert on the Mosquito road, south of this city, James O. O'Dell, 21, and his 18-year-old wife were brought before Judge Willis K. Gillette in county court this morning.

Both waived examination, and were held for the grand jury. Confessions, which the sheriff and district attorney say were made to them last night and early this morning by O'Dell and his wife, reveal a crime which county officials say is without parallel in the criminal history of Monroe County.

Kneip, according to the confession, was arrested at the factory where he worked by O'Dell, who posed as an officer, and, with Mrs. O'Dell, taken in a taxicab to the Mosquito road. There, tied to a tree, he was beaten by Mrs. O'Dell with a heavy file until he became unconscious. Releasing the body, the O'Dells started away, but came back to get a letter in Kneip's pocket. O'Dell says, according to the county authorities, that Kneip struck at him, but was felled by a blow on the head from Mrs. O'Dell. She then, according to the story told the sheriff and district attorney, took a knife from Kneip's pocket and slashed him several times across the stomach.

Neither, according to the sheriff in whose custody they are, had expressed the slightest regret for the deed. Mrs. O'Dell, according to the sheriff, has declared that Kneip promised to marry her, and then tried to ruin her future happiness. O'Dell is anxious, it is said, to shoulder the whole blame for the affair.

SHORTAGE OF NEWSPRINT MAY COMPEL WINNIPEG PAPERS TO SUSPEND

Western Publications Affected By Fort Francis Company's Action.

TORONTO, Jan. 9.—It is learned here that one Winnipeg daily newspaper is likely to suspend publication tomorrow, while another, even with material reductions in the number of pages, will be able to hold out only until Tuesday as a result of the Fort Francis Pulp and Paper Company again suspending shipments of newsprint to its Canadian customers.

Newspapers in Regina and Saskatoon are also in a very precarious position as to paper supply, and unless shipments are resumed almost immediately most of the daily newspapers in Manitoba and Saskatchewan will have to suspend publication. All of these newspapers get their supply from the Fort Frances Pulp and Paper Company. That company discontinued shipments to Canadian customers on January 2, resumed them on January 6, and discontinued them again on January 7.

No paper has been shipped by the company to Canadian newspapers since the last named date. The Fort Frances company is sending all of its output into the United States, where it is getting unheard-of prices, owing to the shortage of newsprint in that country. The company was ordered some time ago by the paper controller to consign 15 per cent of its production to Canadian customers, besides an additional quantity as an offset to paper which it was receiving through the paper controller from eastern mills, but is disregarding the order.

LABOR MEETING DOES NOT GIVE IMMUNITY TO MAKE SPEECHES OF SEDITIOUS KIND

Chief Justice Perdue Makes a Ruling in the Russell Appeal Case.

(Canadian Press.)

WINNIPEG, Jan. 9.—The extent to which section 590 of the criminal code protected the activities of members of trade unions was defined in the court of appeals by Chief Justice Perdue today, when Robert Cassidy, K.C., in speaking to the Russel appeal cases, claimed that under this section no evidence concerning the Winnipeg general strike should have been admitted. No charge of conspiracy could be laid against an individual, he said, for actions within the orbit of a trade combination.

Justice Perdue in defining the meaning of this section said:

"The object of section 590 of the criminal code is to protect trades unions. Otherwise they might be charged with conspiracy for inducing a man to leave his employment. You cannot say that everything done inside the doors of their meeting place is absolutely protected, notwithstanding there was a conspiracy to commit a crime or violate a statute."

Protect Trade Unions.

Again referring to the same section, Chief Justice Perdue said:

"It was introduced to protect trades unions. It was not introduced to make them immune from charges of conspiracy if they were guilty of it."

Mr. Cassidy contended that the overt acts which had occurred during the strike should have been kept out of the prosecution under this section of the code.

Mr. Justice Fullerton—In other words you are arguing that Russell could make speeches, as seditious as he pleased, in a labor meeting, and would not be liable for prosecution for them.

Some discussion between the learned judges and Mr. McMurray took place as to whether the sentence passed upon Russell was two years or thirteen years. Mr. McMurray thought that it was solely due to leniency that the sentence which Russell is serving is two years instead of thirteen. At any rate, said McMurray, Russell had to bear all the stigma of the longer sentence. Chief Justice Perdue thought that the court of appeal has the power to set aside the sentence passed upon Russell and direct what penalty should be imposed. For instance, instead of two years on each count to run concurrently a sentence of two years on the whole indictment could be given. This action, the chief justice thought, would not upset the trial.

Commences Fifth.

Mr. Cassidy jumped the fourth objection and commenced arguing the fifth. He contended that Mr. Justice Metcalfe should not have admitted evidence to show that the strike was continued by the accused and should not have ruled as inadmissible the evidence of a witness for the defence whose testimony would have corroborated Russell's to the effect that he did everything in his power to settle the strike once it had started.

Chief Justice Perdue remarked that this point had nothing whatever to do with the result of the trial, and he was surprised that the trial judge had permitted the point to be included in the reserved case. The fact that the accused had repented; had undergone a change of heart after the strike had started was not of importance, as far as the legal rectitude of the trial was concerned.

Other of the judges, however, remarked that when Mr. Cassidy said that Russell worked to settle the strike he (Mr. Cassidy) meant that he endeavored to bring it to a successful finish from the standpoint of labor. This could not be taken as a wholehearted effort to end the strike from an impartial viewpoint. Mr. Cassidy did not entirely accept this version of Mr. Russell's efforts. He stated that Russell strove rather to bring the strike to an end by accommodating the various interests.

WITNESS IN MILLION-DOLLAR POWER ACTION CLAIMS RATES IN UNITED STATES ARE HIGHER

W. C. Anderson Says American Price Would Mean $200,000 Increase—Adjournment Until Monday.

(Canadian Press.)

OTTAWA, Jan. 9.—An adjournment of the hearing of the $1,000,000 claim of the Toronto Power Company against the Dominion Government for power supplied to the Ontario Power Company on the order of the federal power controller, was taken this afternoon until Monday after the hearing of more expert testimony in support of the claim of the Toronto Power Company. While much time was taken up with the further examination of R. A. Clarke, chief engineer for the Toronto Power Company, two additional witnesses were heard.

W. C. Anderson, formerly statistical secretary of the National Electric Light Association, gave evidence to show that higher rates for power prevailed in the United States than the Toronto Power Company is asking the Government to pay. He estimates that if the calculation were made on the basis of the rates prevailing on the United States side of the Niagara River, the bill would amount to $1,419,605, or about $200,000 more than the Government is asked to stand responsible for.

Dr. William McClelland, an American engineer of prominence, giving testimony on behalf of the Toronto Power Company, declared the company would have been better off in a financial sense if it had not been compelled to fill the order of the power controller. Witnesses on the other side of the case will be examined when the hearing is resumed on Monday. It is expected that the greater part of next week will be required for the hearing of the remaining evidence.

TENEMENT PRISONER FIFTEEN YEARS, WONDERS AT SIGHTS

NEW YORK, Jan. 9.—Rural tourists were no less astounded at the wonders of New York today than Harriet Seres, a 15-year-old girl, who has lived in the heart of the city since birth. The child had been kept a prisoner all her life by her parents in an upper room of a Brooklyn tenement, and was rescued yesterday by agents of the Society for the Prevention of Cruelty to Children and the police.

The mother was placed under observation in the psychopathic clinic of Bellevue Hospital. The father said that since their first child died, before Harriet was born, the mother had "acted queerly." After Harriet was born her mother would never permit her out of sight, he said. He was heartbroken at having the child taken away.

The "three R's" are a complete mystery to the little girl. She had no knowledge of simple addition and subtraction, was unable to repeat the alphabet, and took childish delight in ability to spell two words, "dog" and "cat."

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex (50 cents worth) from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.
