GRAND LARCENY IS THE CHARGE

Greek Wanted in New York Arrested by Local Police—May Be Extradited.

On the strength of a message received from New York City, Detectives Nickle and Egelton last evening arrested a Greek named Peter Parison, who is wanted in New York on a charge of grand larceny.

The local police have no particulars of the offense which Parison is alleged to have committed. More than one message has been received by the police regarding Parison. The first stated that the Greek would be willing to return to New York without being extradited, but a subsequent message made it appear that the police on the other side were not so sure on this point, and added that if Parison would not put up a fight an officer would be sent after him. This leads to the belief if the prisoner does not waive extradition the New York courts will not go to the expense of extraditing him.

Parison has retained Mr. Edmund Meredith, who will decide the question before the accused appears in court again.

Parison was found at 142 Queen's avenue. He is known to the other members of the local Greek colony, who were not aware that he was wanted across the line.

A BRAND NEW GRAND

New Management Spending Large Sums on House—Fine Season Ahead.

Tonight at 12 o'clock, Mr. A. J. Small's lease of the Grand Opera House comes to an end, and the keys of the theater will be handed over to the new lessees, Messrs. Fitzpatrick & Stewart.

Already the carpets have been torn up and shipped away, as have also the majority of the drapes, and the once cozy playhouse presents a bleak appearance, with its bare floors and boxes.

One of the curtains has also gone, it is said, but the house curtain, of course, remains.

The new lessees offered to buy the old fittings, but Mr. Small, it is alleged, refused to cut, shuffle or deal with them.

And Mr. Small has chosen to keep the theater to the last second of his lease.

Thus Fitzpatrick & Stewart have been put to some inconvenience.

Mr. Stewart this week placed an order for $700 worth of carpets and hangings with A. Screaton & Co., but when a man was sent around to take the measurements, he was refused admittance.

It is alleged, too, that Gus Schabacker, for many years stage carpenter at the Grand, was fired bodily because he went through the house with the owners and Manager Stewart when they were taking stock. It is likely Schabacker will be taken care of by the new management.

Screaton & Co. have guaranteed to have the carpets and hangings in the theater by Monday, and of course, they will have to hustle. But Manager Stewart says he has no fear that there will be any delay.

Tomorrow morning seats may be reserved at the box office for the vaudeville next week.

Bookings for the Grand are pouring in, and it looks as though the coming season will be the best ever. It looks like four nights a week at least now.

LABOR DAY PROGRAMME

Several Horse Races, as Well as Athletic Contests.

The Labor Day programme at Queen's Park promises to be of great interest. There will be several horse races, in which many of the best matinee horses will take part. The 2:25 trot or pace will be well filled, while there will be several unmarked horses in the special race. Entries to all events will be received on Labor Day, with the exception of the Canadian Club trophy relay race, entries for which will be closed on Saturday at 6 p.m.

The booth and grounds privileges were disposed of Thursday, and were all taken up.

Many special attractions will be provided for the children. The fun begins at 2 o'clock.

The band concert in Victoria Park in the evening will be the best of the season, special music having been arranged. There will be some novel illuminations also.

The West Zorra Telephone Company and the Bell Telephone Company have entered into an agreement whereby connection can be had over either company's line with subscribers connected on the other's system. From Lobo to points on the West Zorra telephone line the charge will be 10 cents for three minutes' conversation.

A SOUND STOMACH MEANS A CLEAR HEAD.—The high pressure of a nervous life which business men of the present day are constrained to live, make draughts upon their vitality highly detrimental to their health. It is only by tht most careful treatment that they are able to keep themselves alert and active in their various callings; many of them know the value of Parmelee's Vegetable Pills in regulating the stomach and consequently keeping the head clear.

TOO LATE TO CLASSIFY

BIRTHS, MARRIAGES AND DEATHS

DEATHS.

FOX—Entered into rest, Thursday morning, Aug. 30, 1906, at her residence, 298 Central avenue, London, Kate, wife of Robert Fox.

Funeral private, Saturday, Sept. 1, at 2:30 p.m.; service at house at 2 p.m. Interment at Woodland Cemetery.

WANTED—SITUATION AS HOUSEKEEPER; can give best of references. Apply Box 55, Advertiser. 20u

BODY OF CHILD SEEN IN RIVER

Number of Ladies Discovered It, But Delayed Reporting the Matter to Police.

It was reported to the city police this morning that the body of a child had been seen floating in the Thames River just west of the cove, yesterday afternoon.

A party of ladies were fishing near the spot where the sewer empties into the river at the cove, when they saw the body of an infant floating in the water near the bank. They did not attempt to secure it, but returned to the city and this morning reported the matter to the police.

High Constable Hughes was notified, and immediately sent three men down the river, but after a diligent search they returned without finding any trace of the body.

The theory of the police is that the body floated far down the river during the night. A number of boats have been dispatched this afternoon, and the river will be searched down as far as the Springbank dam.

DEVASTATED BY FIRE

Immense New Barns in West Zorra Completely Destroyed.

Woodstock, Aug. 30. — The immense new barns on the farm of ex-Warden John Youngs, in West Zorra, were completely destroyed by fire this afternoon, together with the entire season's crops. The origin of the fire is a mystery, the supposition being that it was due to the friction from a windmill in operation on the barns. Mr. Youngs and his sons were away at a neighbor's threshing when the flames broke out, but they managed to reach the burning building in time to rescue the live stock. The barn buildings were among the finest in the county, and, in addition, the yield of the 200-acre farm, comprising hay, oats and wheat, was totally consumed. The loss will be very heavy, as the insurance is small.

WILL MEAN A BIG INSURANCE SAVING

High Pressure System Installed by the McClary Company at Heavy Cost.

The board of fire underwriters yesterday afternoon made an official test of the new high pressure system recently installed by the McClary Manufacturing Company, of this city.

The test was eminently satisfactory in every way, and as a result the McClary people secure a reduction insurance premiums of 60 per cent.

To give an idea of what it costs to insure the McClary plant, it is only necessary to state that the new fire fighting system cost about $35,000, and that the saving it has effected will in a very few years pay for the system.

This high pressure system gives the McClary Company ample protection. It should be remembered, too, that in protecting itself the McClary Company is protecting other people, because a fire in the big works might spread to any part of the business district.

Fire Chief Clark expressed himself as greatly pleased with the energy and foresight of the McClary Manufacturing Company, and he expressed the hope that more firms will avail themselves of such a system at once.

It is understood that C. R. Somerville, of East London, will install a high pressure plant in the near future.

The system consists of a pump capable of discharging 1,000 gallons of water per minute, and a system of pipes which are arranged so as to connect with all the different buildings of the McClary plant. The pump is operated by steam, which is supplied by the boiler, and a pressure of 50 pounds per square inch is maintained night and day. In case of a fire this will operate the pumps at once, and will force four 1¼-inch streams 150 feet in the air. Yesterday the steam pressure was up to 120 pounds, and the ease with which the large streams were forced over all parts of the plant satisfied the underwriters perfectly. With 120 pounds of steam a water pressure of 150 pounds was steadily maintained, and when it is remembered that the average city pressure is about from 60 to 75 pounds, it will easily be seen what a valuable aid the new system will be to the city firemen in case of a large conflagration. The pump is supplied from an immense concrete reservoir which the McClary people have constructed in the rear of their premises. This reservoir holds 100,000 gallons, and it is estimated this will supply the pumps while working at full speed for nearly an hour and a half. If it is required to be in operation longer, the city water can be turned into the big reservoir.

Chief Clark says that in Hamilton the Deering plant maintains its own fire brigade as well as a high pressure system. He says the firm profits greatly in the long run, even though the yearly expense appears great.

IN PERIL OF FIRE

Great Conflagration in the Maine Town of Fryeburg.

Portland, Me., Aug. 31. — The town of Fryeborg is reported in danger of the fire which has already destroyed the Oxford Hotel, and two residences. The building containing the telephone exchange was burning when communication with the town from here was interrupted. Portland has sent assistance.

The secretary of the Western Fair wishes it stated that the reserve seats will be for sale at 398 1-2 Richmond instead of 399 1-2. It is the Richmond street entrance to Cook's shoe store. They will be sold there, not only on the opening day of the Fair, but throughout the entire week.

Subscribers to the Byron Telephone Company's system will be glad to know that they can now talk with their neighbors in the vicinity who have Bell telephone instruments. From any point on the private line, subscribers may hold a three-minute conversation with Bell subscribers at Byron for the small charge of 10 cents.

TROUBLE WITH BABINE INDIANS

Govt. Officials Breaking Illegal Barricades Assaulted by Braves.

Vancouver, B.C., Aug. 31.—Babine River Indians, whose haunts are near the head waters of the Skeena River, have defied and assaulted Dominion Government fishery officials, who broke down the illegal salmon barricades which the Indians erected across the streams. The authorities have become so alarmed that they have wired asking for 100 militiamen to be sent north to cope with the Redskins. While the canners on the ground are urgent in their requests for help, they assert the Indians are encouraged because of the non-arrest of two Redskin murderers who killed an English hunter and guide some time ago. Failure to capture the culprits makes the Indians think the white man's power is small. Ottawa has been communicated with, but has made no move. Many people here think a mountain is being made of a molehill.

The report that the New Zealand liner Ponto went ashore last night is denied by the captain. The vessel docked here this afternoon.

CONDENSED LOCAL NEWS

—The postponed meeting of the board of works will not be held tonight, as was intended. No. 3 will, however, meet tonight.

—Mr. Wm. McNeill, the well-known poultry fancier, has sold his entire stock of Silver-Laced Polands to a New York millionaire. Many prize-winners were included in the lot.

—At the Dominion Rifle Association matches at Ottawa yesterday, Major Hayes, with a score of 59, won $5 in the Dominion match, and Capt. McCrimmon, with a score of 57, won $4. These are the only Londoners who were in the money.

—Messrs. A. Screaton & Co., house furnishers, have been awarded the contract of carpeting both the Grand Opera House and Bennett's Vaudeville Theater. The work at the Grand will be commenced tomorrow morning, after the keys of the house are handed over to the new lessees, Messrs. Fitzpatrick & Stewart.

—Word has been received in this city of the death of Joseph Northcott at Fielding, Sask. Lockjaw, due to an injury by an axe, was the cause. Deceased was an old resident of Middlesex County, being a well-known carpenter, residing in the vicinity of Strathroy for many years.

POULTRY FOR TORONTO FAIR.

London fanciers yesterday shipped two carloads of poultry for exhibition at the Toronto Fair. The shipment was made over the C. P. R., and it included the pick of the leading London breeders.

GRAND TRUNK WILL WAIT.

The Grand Trunk Railway has decided not to touch a foot of city property until such times as the bylaw passes for the removal of the Springbank line and the taking over of the needed strip of land from the city. The bylaw will come up on Tuesday night next.

EXTRA TRAINS NEEDED.

Passenger traffic for Toronto has been so heavy on the C. P. R. since the opening of the exhibition that regular trains have to be run in two sections. Many specials have also to be run daily from east, west, and north. Yesterday afternoon the regular express left London at 5:28 for the east, and a second section followed an hour later. Each train was filled to its capacity.

Y. W. C. A. PLANS.

Arrangements for the opening of the season's work of the Young Women's Christian Association are in full swing, and the outlook for the term are exceptionally bright. Miss Rankin, B. A., the Dominion college secretary, will arrive in the city this evening, and will complete the arrangements for Miss Macdonald's meetings on Tusday and Wednesday next. As no city secretary has been permanently appointed, Miss Lilian Lucas, B. A., Dominion city secretary, will assume charge of the local association's work for the month, and will take control of the organization work for the season. In addition to Miss Macdonald's meetings, a meeting will be held in the First Presbyterian Church on Tuesday, Sept. 4, to which the public is invited.

CHASED THREE MILES

Alleged Burglar, However, Was Too Fleet of Foot for Farmer.

An exciting chase after an alleged burglar took place a few days ago at Byron. A man named Currell had been employed by Mr. T. Orman, of Byron, as a farm hand. He was not a success and was discharged. When he departed he is alleged to have broken into the house, and taken some money. It was only a small amount. Yesterday Currell was seen in the vicinity of Byron, and was pursued by Orman. The pursuit covered three miles, but it was unsuccessful. The county police have been notified.

THE CUBAN REVOLT.

Havana, Aug. 31.—A dispatch to the Associated Press from San Juan De Martinez this morning announced that Pino Guerra was reported to be moving more northwestward towards the mountains.

Reduced Rates To New York in September.

Sept. 9 and 10 the New York Central, "America's Greatest Railroad," will have a cheap rate of $10 25 for the round trip from Suspension Bridge or Buffalo, West Shore, one of $9 round trip, to New York City, tickets good returning to Sept. 14. Those who desire to use Hudson River steamers in either or both directions between Albany and New York may do so without extra charge. For further particulars, write or call on Louis Drago, Canadian Passenger Agent, 69 1-2 Yonge street, Toronto.

A cute woman will pretend that she doesn't understand baseball even if she does, so that her escort may feel superior.

There's Only One Best

in Baking Powder—it is Strong's. There are a number of good reasons why it is best, but the three principal reasons are:

1st.—Only the purest and finest materials are used. 2nd.—It is all Baking Powder—no adulterants added to make weight. 3rd.—It is always fresh and of full strength. Another very good reason is that it costs one-half the price of other good powders. Have you tried Strong's Baking Powder?

Strong's Drug Store

A PECULIARITY OF LOCAL MILL FIRES

Alarms Came in from Boxes 51, 61 and 71—Fourteen Alarms During August.

There were 14 fire alarms during the month of August.

Five came from boxes, 7 over the 'phone 1 was a test, and 1 a verbal alarm.

The most serious fire during the month was that of the Gerry planing mill.

Chief Clark, in going over his books today, noted a rather singular fact in connection with the burning of three planing mills here within a year or so.

The first mill burned was that of the London Box Company, and the alarm was sent in from box 51.

Then the Dyment-Baker mill went up in smoke, and the alarm came in from box 61.

AnAd on Wednesday night an alarm from box 71 brought the firemen to the Gerry mill.

"Fifty-one, sixty-one, seventy-one," said the chief today. "This strikes some as most peculiar."

DYNES MYSTERY NEAR SOLUTION

So Declares Sheriff Tennant, of St. Joseph, Who Has Clue.

St. Joseph, Mich., Aug. 31.—Sheriff Tennant declares that the Dynes murder mystery is about to be solved.

From evidence that has been unearthed outside of Galien within the past 24 hours, the death of Dynes is to be explained, and the murderer probably landed behind the bars. Sheriff Tennant and two deputies have returned from Indiana. The sheriff said:

"I have collected some important evidence, the nature of which I cannot at this time divulge, but I can state that the case is very near solution."

PERSONAL MENTION.

Miss Colver, of Melrose, is visiting friends in the city.

Miss Ethel Allen, of Belmont, is the guest of friends in this city.

Mr. Earl Smith, of Winnipeg, an old London boy, is visiting in the city.

Mr. J. Long, of Brussels, is visiting Mr. Charles Sage, 228 York street.

Mr. W. H. Gilpin, of Toronto, is spending a few days with friends here.

Miss Ethel Fox, of this city, is the guest of friends in Toronto and Hamilton.

Miss Clara Donovan has returned after a pleasant vacation spent at Grand Bend.

Mrs. Marshall and son Fred, of St. George street, are visiting Toronto Fair.

Mr. and Mrs. J. S. Power, of Talbot street, have returned from Winona Beach on Lake Huron.

Mr. James Harrison, of Oakland, is the guest of his brother, Mr. Brammer Harrison, King street.

Mrs. F. Butler, of Pittsburg, Pa., is a visitor at the home of Mrs. E. Barnes, York street, this city.

Miss Agnes Sloan and niece, Vera Sloan, of Cleveland, Ohio, are spending a few days with friends in this city.

Misses Mary and Martha Barnes, of York street east, are in Toronto, visiting their brother, Mr. T. T. Barnes.

Mrs. S. Houston and daughter Mabel, of Oxford street, have returned after spending a few days in Detroit and other places.

Miss Jean Mackenzie has returned to Chicago, after a very pleasant visit with friends in Hamilton, St. Marys and London.

Mr. and Mrs. J. S. Robinson, of Kent street, who have been visiting Dr. Sanderson, of Carleton street, Toronto, have returned home.

Mr. Duncan Summers, an old London boy, is visiting in the city. Mr. Summers leaves today for Muscoda, Wis., to join the Black Spider Company.

Mr. and Mrs. Clifford Dexter and little sons, of Huron, South Dakota, who have been spending a week with Mr. and Mrs. T. F. Dexter, of Beaufort street, West London, have returned to their home.

R. J. YOUNG & CO.'S
SWELL NEW CLOTHES

This week has seen quite a large output of our New Fall Clothing and tomorrow's selling must put the finishing touch on a good week's business.

The advance styles for fall are now here awaiting your inspection. We show the best productions of **six of Canada's best clothing makers**, also the choicest product of the **two** best American clothes makers on the continent. These eight firms constitute the world's best and largest producers of fine clothes for men, and their productions are well worthy of your serious consideration as you have the continent's best to choose, not merely the choice of one or two small manufacturers. These facts partly account for the **phenomenal success of Young's Clothing Store,** because we have the **right clothes** and the **right prices.** You may as well dress in style as not—doesn't really cost any more to have your clothes correct as well as good. If you come to **Young's** you'll be sure to have both.

You don't need to be told that a man's clothes may help him to success, or to failure; if they're right, to the former; if they're wrong, to the latter.

We can't promise you success, but **we can** promise the clothes that will help it. They look good and they're as good as they look; they're all wool and they're all right in price.

$7.50, $10.00, $12.50, $15.00

The four prices above represent four of the greatest price ranges of Men's Fine Suits ever offered in London. In each price you have a big choice of patterns and clothes to choose from. We are quite within the mark in saying that no such styles and values have ever been shown before, and it won't do you any harm to see them.

Special Pant Values

Probably we show the largest stock of Pants in the city. The Pants we sell are well cut and they fit. The prices are very moderate **$1.50, $2, $2.50, $3, $3.50**

If you need a pair, better see what we offer.

REVENUE STILL CLIMBING

Federal Returns For August Show An Increase of $402,936.

Ottawa, Ont., Aug. 31. — Canada's revenue keeps climbing. The month of August shows an increase of $402,936 over the same time last year. The revenue for the month was $4,615,961; for the two months of the fiscal year the revenue was $8,178,330, an increase of $764,678.

COPPER CLIFF OUTCLASSED.

Bracebridge, Ont., Aug. 31. — The semi-final intermediate game played here yesterday between Orillia and Copperl Cliff, was a walkover for the former. The Coper Cliff team were outclassed, and Orillia scored when they liked. At the close of the game the score was 19 to 2 in favor of Orillia.

STOCK MARKETS.

H. C. Becher, stockbroker, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, Aug. 31.—Noon.—Call money, advancing to ten per cent, was the most interesting development in the morning's market. Under these circumstances traders were not inclined to take on new commitments, and commission houses were advising caution to their customers, consequently the session has been extremely dull. The tone was heavy at times, and then again, almost buoyant, in a few stocks, at least, such as Union Pacific and St. Paul. These two stocks show wonderful strength on all reactions, and on sharps dips. Call rates will likely remain stiff. Rumors of negotiations for gold imports to the amount of $15,000,000 are in circulation, and there is good reason to believe that this is partially true, at least $10,000,000 to $15,000,000 of gold imports now would have a very sentimental effect at least upon the market. From the known movements of money the bank statement tomorrow does not promise to make a favorable showing. Sales to noon, 365,500.

SEARCHING FOR THE BODIES.

Selkirk, Man., Aug. 31. — Last night a party of three was sent out on the steamer City of Selkirk to search the shores of Swampy Island for possible survivors or for bodies of the drowned, which may have been washed ashore from the wreck of the steamer Princess. It is considered possible that Capt. Hughes and the two girls may have clung to the deckhouse when this was swept off the sinking steamer.
