VARIETY, &c.

"JENNY KISSED ME."—In the notice of Leigh Hunt's "Men, Women and Books," is the following exquisite *rondeau*, which has, says the reviewer, besides its own excellence, the additional interest of being the offspring of a *real* impulse, and of chronicling the loving audacity of one of the most charming of women:

"Jenny kissed me when we met,
Jumping from the chair she sat in;
Time, you thief! who love to get
Sweets into your list, put *that* in.
Say I'm weary, say I'm sad,
Say that health and wealth have missed me,
Say I'm growing old, but add—
Jenny kissed me."

THE JEWS.—It having been ascertained that a large number of houses into which young and inexperienced females are inveigled, are kept by Jews, the present High Priest, or Chief Rabbi (Dr. Adler) has, within the last few days, caused it to be intimated that no Jew who is the keeper of such place, either directly or indirectly, will be permitted to attend the synagogue, nor be acknowledged as one of the people; that neither their sons nor their daughters shall be allowed to be married according to the Jewish ritual, nor will any of the religious rites be performed at the birth of a child; and should the person die at the time of keeping such a house, he will be refused the right of sepulchre; no prayers will be read, nor will they be interred amongst their forefathers, but be buried behind what are termed the boards, the same as if the person had died accurst.—*London paper.*

'Cæsar! go catch my big horse there.' 'Yes sir! What you call he name sir?' 'Olympus; don't you know what the poet says about 'high Olymbus?' 'I don't know about Hio—but he limpus nuf—dat's for sartin.'

An eminent French statistical writer took his situation near the staircase, at a London ball, for the purpose of ascertaining the proportion of gentlemen who arranged their hair with their fingers before entering the room. He found them to average about twenty-nine out of thirty.

A cleanly shaved gentleman inquired of a fair demoiselle, the other day, 'Whether or no she admired moustaches?' 'Oh,' replied the charmer, with an arch look, '*I invariably set my face against them.*' Very shortly afterwards his upper lip betrayed symptoms of careful cultivation.

It has been calculated (observes the N.Y. Mirror) that the man who shaves every day cuts off nearly half a foot of beard per annum, and that a man eighty years of age will have removed in his time twenty-seven feet of hair from his own countenance.

TESTIMONY FROM
FRANCE AND PRUSSIA
TO THE MERITS OF
SANDS' SARSAPARILLA.

THE fame of this preparation is not confined to the limits of our own country, but by its powerful agency in arresting and curing disease, has won its way successfully into different countries in Europe, as the following unsolicited testimonials from individuals of the highest respectability shows in the most conclusive and satisfactory manner. The same happy success has attended its use there, which has *always* marked its course where ever adopted, and diseases have yielded to its health-restoring influence which Medical Men of profound skill had pronounced incurable. The most potent simples of the vegetable kingdom are united in this preparation, and the combination is such that one modifies and improves the other, and under the name of *Sands' Sarsaparilla*, is presented a compound differing entirely in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. Its approval by Physicians and men of Science, and the uniform success which has marked its use, furnishes proof sufficient to convince every candid and discerning mind of its great superiority and value.

LEGATION UNITED STATES,
Berlin, Prussia, April 8, 1845.

Messrs. A. B. & D. SANDS:

Gentlemen—Having seen your Sarsaparilla used in this City with great effect in a severe case of Scrofula, I have been requested to order three dozen bottles, which please send, on the payment of the enclosed draft on Messrs. Hincinn & Unkhart with the *least possible delay*. I am inspired only by a feeling of philanthropy, in begging you to publish this unasked testimony to the value of a medicine which, widely as it is known, is not known as it ought to be.

I am, gentlemen,
Respectfully yours, &c.
THEODORE S. FAY.

The following is an extract from a letter received from Mr. Mace, whose wife had been afflicted with a scrofulous affection of the nose, which baffled the skill of the first physicians in France, it commends itself to the attention of all.

RENNES, DEPARTMENT OF ILLE & VILAINE,
France, July 17, 1845.

Messieurs SANDS:

The Sarsaparilla sent has been received, and the great benefit my wife has derived from its use upon a short trial, as well as the high recommendations we have received, gives us great hopes of being able to cure with this medicine a disease that the most celebrated physicians of France have not been able to effect. My wife is fully determined to continue its use until a perfect cure is effected, and fearing what we now have will not be sufficient, please send us some more without delay, and be assured, gentlemen, we shall take pleasure in making known its great virtues to our friends and the public; and I doubt not that it will soon be extensively used here, and all over the world, and that many afflicted sufferers will hail with joy the knowledge that there is a vegetable preparation sufficiently powerful to eradicate their diseases. I have the honor to remain,
Yours respectfully,
J. MACE,
No. 1, Rue Louis Philippe.

The following is an extract from a letter received from Mrs. Bevan, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c. and recently with an affection of the Throat and Chest.

BAILEYSBURG, Va. Dec. 13th, 1845.

Messrs. A. B. & D. Sands.—Before I commenced using your Sarsaparilla, my sufferings were almost past expression; my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well; I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend, LOUISA R. BEVAN.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of Agents gratis.

A NATURAL REMEDY

Suited to our Constitutions, and competent to the cure of every curable disease, will be found in
WRIGHT'S INDIAN VEGETABLE PILLS
OF THE
NORTH AMERICAN COLLEGE OF HEALTH.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil; and are therefore better adapted to our constitutions, than medicines concocted from foreign drugs, however well they may be compounded; and as the INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth,
SUBJECT TO BUT ONE DISEASE,
viz: corrupt humors, and that the said medicine cures this disease on
NATURAL PRINCIPLES,
by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner, if we wish to restore the body to health, we must cleanse it of impurity.

The Indian Vegetable Pills will be found one of the best, if not the very best, medicines in the world for carrying out the
GRAND PURIFYING PRINCIPLE,
because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and NATURAL MANNER, and while they every day
GIVE EASE AND PLEASURE,
disease of every name is rapidly driven from the body.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which the above named Indian Vegetable Pills have earned by their astonishing goodness, a gang of counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills.

This is to inform the public that all genuine medicine has on the boxes
WRIGHT'S INDIAN VEGETABLE PILLS
(Indian Purgative.)
OF THE NORTH AMERICAN COLLEGE OF HEALTH

And also round the border of the label, will be found in small type, "*Entered according to Act of Congress in the year 1840, by* WM. WRIGHT, *in the Clerk's office, of the District Court, of the Eastern district of Pennsylvania.*"

It will further be observed that the printed directions for using the medicines, which accompany each box are also entered according to Act of Congress and the same form will be found at the bottom of the first page.

The public will also remember, that all wholesell the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by
WILLIAM WRIGHT, VICE PRESIDENT
Of the North American College of Health.
and that pedlars are never in any case allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of agency as above described; and those who cannot show one will be known as base impostors.

☞ Persons in this city and vicinity will also be on their guard against purchasing medicine purporting to be the Indian Vegetable or Purgative Pills, of Apothecaries or Druggists, as they are not allowed to sell my medicine, and any composition which they may offer as such must of necessity be COUNTERFEIT and injurious; therefore never purchase of them.
