THE ARMY WORM AGAIN.

This Pestiferous Insect is Playing Havoc on Farms in Haldimand and Welland—Also in New York State.

Port Colborne, Ont., July 10.—The farmers are alarmed. The army worm is on the march. An alarming insect pest is here in great numbers, and cornfields and oats devoured by the worm. Prof. Panton of the Agricultural College is inspecting farms infested and advising as to the best methods to contend against this enemy to the crops. He finds that many of the worms have the eggs of a parasite upon them. Yesterday he was in the vicinity of Marshville, where he found acres of oats badly destroyed. The worm appeared about a week ago, and now number millions. Along the railway track they heap up, not being able to cross the rails, and present a wriggling mass of insect life. The infested district is largely in the southern parts of the Counties of Haldimand and Welland and in the Townships of Wainfleet and Humberstone.

In New York State.

North Tonawanda, N.Y., July 10.—The farmers throughout western New York are greatly alarmed over the arrival of the army worm. The little pests made their first appearance in the southwestern counties of the state the first part of this week. They are destroying thousands of bushels of grain every hour, and there is no known way of killing them without destroying the crops at the same time.

Whole farms are being devastated every day, and many of the grangers whose farms are mortgaged will be ruined. The farmers throughout the neighborhood are greatly alarmed.

Poughkeepsie, July 10.—The army worm has made its appearance in Duchess County, and is marching over grain fields in great numbers, leaving them bare. Several days ago Mr. John Ham of Washington Hollow noticed a few worms in his spring rye field, and 24 hours later they had destroyed the 15 acres of rye. The pests are cleaning out rye, timothy and clover.

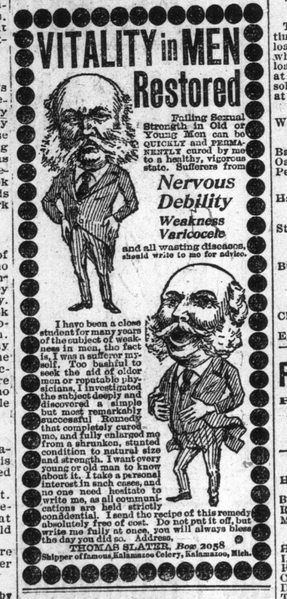
VITALITY in MEN Restored



Failing Sexual Strength in Old or Young Men can be QUICKLY and PERMANENTLY cured by me to a healthy, vigorous state. Sufferers from *Nervous Debility, Weakness, Varicocele* and all wasting diseases, should write to me for advice.

I have been a close student for many years of the subject of weakness in men, the facts of which I know from experience, I was a sufferer myself. Too bashful to seek the aid of older men or reputable physicians, I investigated the subject deeply and discovered a simple but most remarkably successful Remedy that completely cured me, and fully enlarged me from a shrunken, stunted condition to natural size and strength. I want every young or old man to know about it. I take a personal interest in such cases, and no one need hesitate to write me, as all communications are held strictly confidential. I send the recipe of this remedy absolutely free of cost. Do not put it off, but write me fully at once, you will always bless the day you did so. Address,

The Trolley and the Buggy.

John Knight, a hostler at Field's Hotel, Newtonbrook, was hurt by a Metropolitan car running into his buggy at North Toronto. He had apparently fallen asleep in his rig, and the horse stopped to graze, the buggy being across the car tracks. The vehicle was badly wrecked and Knight was severely cut and bruised. Dr. A. B. Cook attended him, and he was afterwards removed to Jackson's Hotel, near York Mills.

McKane Before the Bank Directors.

Halifax, July 10.—John McKane of the Merchants' Bank of Halifax, who was involved in last Monday morning's shooting affrays at the Waverley Hotel, Newcastle, N.B., is in the city. He attended a meeting of the bank directors to-day, but what they propose to do has not been made known. McKane denies positively that any of the parties were intoxicated at the time of the shooting, and says it occurred while he and his friends were attempting to disarm Benyon, who started the trouble with very little provocation.

Belleville Brieflets.

Belleville, July 10.—Alexander Fraser, carriage maker, formerly of this city, died yesterday at Montreal, aged 64 years.

Rev. Lennox Smith, curate of St. Thomas' Church, was last night presented by the Boys' Brigade of that church with an address and a gold cross.

The Collins Bay Rafting Co. are rafting a quantity of square timber for the Quebec market.

Dyspepsia or indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach to secrete the gastric juices, without which digestion cannot go on; also, being the principal cause of headache. Parmalee's Vegetable Pills, taken before going to bed, for a while, never fail to give relief, and effect a cure. Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmalee's Pills are taking the lead against ten other makes which I have in stock."

Business Embarrassments.

Reid & Walker, manufacturers, Pearl-street, have assigned to W. J. Tremeear. Liabilities are small and creditors will meet on Tuesday next.

D. A. Caldwell, harness, Madoc, is offering to compromise at 25c on the dollar.

The statement of D. Hanna, boots and shoes, Yonge-street, shows liabilities of $6500, assets of $7000, consisting of stock $5200, book debts $300 and equity in real estate $1500. It is not expected that an offer will be made.

McIntyre & Wardwell send the following despatch to their branch office in Toronto:

The stock market was generally strong but without feature this afternoon. It was very dull, interest being absorbed by the balloting for candidates at Chicago. Cotton Oil securities broke on the decline in the price of lard, which sold yesterday at the lowest price ever recorded. Foreign exchange is firm at 4.88. Over $700,000 gold was taken from the sub-Treasury today, $500,000 of it being for Europe. Money firm at 2 per cent. Bankers are indisposed to take time loans.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The speculative market opened this morning at about last night's closing price, 56⅛c for Sept., and sold up to 56¾. high point for the day. Public cables were quiet and private cables quoted Liverpool steady, ¼d higher. Weakness and dullness have been the prevailing elements in the market all day. Rains prevailed all over the winter and spring wheat belts, and indications point to continued wet weather. This is by no means favorable to the harvest of winter wheat, nor the rust condition of spring wheat, but it is offset by the outpouring of wheat in the Northwest, which is the leading bear factor in prices. Northwest receipts to-day were 418 cars, against 136 cars a year ago. Export demand continues dull and new wheat is moving freely. The silver question is helping the depression in our market, and outside business is very light.

The United States Government crop report makes the condition of winter wheat 75.6, against 77.9 last month, and spring 93.3, against 99.9 last month, and 65.8 winter and 102.2 spring same month a year ago. Corn 92, against 90.3 last year.

Corn and oats—Both dull and quiet, ruling entirely in sympathy with wheat, and on large receipts and freer movement. Corn at 26½c and oats at 15¾c for Sept. options. We are certainly low prices, but whether cheap or not we leave our friends to decide.

Provisions—On receipts of only 15,000 hogs to-day, against an estimate of 24,000, the market rallied from yesterday's very low prices and closed firm at about highest points for the day. Once we get a lower run of hogs or any damage to the growing corn crop, the market should rapidly improve, as it will take very little unfavorable news to create a bullish sentiment. On any further breaks we advise buying provisions.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

In sympathy with the general weakness and depression that exist at present in all farm products, Sept. wheat declined today to lowest price yet reached, but closed fairly steady at a fractional recovery. There was no special news either way to cause much change. Cables were steady, but brought no enquiry for shipment, which was something of a disappointment, as it looked yesterday as if we were on a good shipping basis; in fact, we think we are close to a shipping basis, notwithstanding to-day's disappointment, and therefore we believe this is a good time to cover short sales and take the long side for small profit.

Provisions rallied a little, in spite of further liquidation on buying by local speculators and English houses. The latter have been bearish all season, but recently have been buying freely. Quality of hogs here not so good to-day—more grass hogs—and if this continues a few days more it will look like a falling off in the movement. Should this occur, we think the market would easily do better.

There's a free offer in the Eby-Blain Co.'s advertisement in this week's issue of **"The Canadian Grocer."**
