IMPROVED

OBLIQUE INGUINAL TRUSSES.

M. HERBERT respectfully informs Medical Gentlemen and the public generally, that he manufactures and has now on hand IMPROVED OBLIQUE INGUINAL TRUSSES, according to the construction of T F. Teale, Eeqr., F. L. S., Surgeon to the Leeds General Infirmary, and which are so highly spoken of in the *Medical Gazette*, February 1, 1850. For the information of those who cannot refer to the above work, it may be stated, that these Trusses consist of "an *elastic steel girdle*, a pad of varying form, according to kind of hernia, and a *spiral spring* acting directly on the pad; elements which existing in various trusses heretofore known, are here combined in the construction of *one*." The "mode of attachment between the spiral and the pad renders any other fastening unnecessary. An uniform pressure throughout the whole extent of the pad is thus obtained; and the spiral, acting as a universal joint, allows the girdle to adapt itself to the varying movements of the body without disturbing the pad."

A full description of these invaluable Trusses cannot be given in an advertisement; but it may be stated that they have been shown to several of the most distinguished Medical Practitioners of this City, who have expressed their unqualified approval of them.

For sale at low prices at M. Herbert's Establishment No. 6 Argyle Street. A liberal discount made to Wholesale purchasers. Oct. 26, 1850.

LADIES'

ELASTIC CHEST EXPANDING STAYS.

HERBERT'S ORIGINAL MANUFACTURE.

THE very favourable manner in which the CHEST EXPANDING BRACES, manufactured by the Subscriber have been received, and the benefit many persons have stated they have derived from their use, has induced him to give much attention to remove one inconvenience occasionally alleged by Ladies to the Braces, that they were insufficient to make their dresses sit well, and he now offers the CHEST EXPANDING STAYS as an article well calculated to remove this objection altogether. They embrace all that is essential in Stays to make the Dress sit well, with expansion of the Chest and support of the Spine

The attention of *Ladies* is respectfully invited to the above.

M. HERBERT.

ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &C.

M. HERBERT is now manufacturing ABDOMINAL SUPPORTERS on the latest and most improved principles. It has been asserted by a Medical Gentleman of the largest experience in Pulmonary Complaints, that one-third of the cases of Pulmonary Consumption, with a host of other diseases, originate in the falling of the bowels caused by the relaxation of the Abdominal Muscles, such as:—Weakness and Loss of Voice and Disease of the Air-pipes, Short Breath and Wheezing Breathing, Palpitation of the Heart, Sinking feeling, and All Gone at the Pit of the Stomach, Diseases of the Liver, Breaking away of the Bowels themselves, Piles, Gravel, Pain and Weakness, threatening Disease of the Spine, Swelling of the Lower Extremities, with various diseases peculiar to Ladies, &c. &c.

The greatest number of these diseases cannot be cured *without*, but in general may be cured *with*, abdominal support, &c.,—which aid the above *Supporters* are pre-eminently calculated to afford.

M. HERBERT'S Abdominal Supporters have been inspected by most of the Medical Gentlemen of Halifax, and were highly approved of by all who examined them. They weigh but a few ounces—allow the most unrestrained action of the body—whilst the only feeling produced by them is that of support and comfort.

M. Herbert is also manufacturing RUPTURE TRUSSES, which are constructed on principles the most modern and improved.

He will also keep on hand VALVULAR INHALING TUBES. These instruments are valuable auxiliaries to the Braces and Supporters, for all Contractions of the Chest—flat chest, stooping chest, pains in the chest; in cases of Cough; in all cases after Pleurisy or Inflammation of the Lungs; in all cases of Asthma; in all cases of Loss of Voice, Weak Voice, Hoarseness and Weak Throat; in all cases where the Breast-bone or Ribs contract or fall down upon the Heart, and prevent its free action; in all cases of Shortness of Breath, and when the chest does not expand well; in the cases of all persons who are in any way predisposed to diseased Lungs by family taint, or long sickness or confinement in bed; in many cases of Dyspepsia, &c. &c. &c.

All the above with Herbert's Ladies', Gentlemen's, and Children's CHEST EXPANDING BRACES, are for sale wholesale and retail at M. *Herbert's* ESTABLISHMENT, No. 6 *Argyle Street*.

Heroic Feat.

The Toronto *Globe* publishes the following narrative of a scene which occurred at Chippoon the 15th ult.:—

"On Friday, our village was startled by the cry of "a boat going over the Falls;" the whole population rushed to the bank of the river, and sure enough, a small boat, and in it a boy not more than seven or eight years old, was flying before the wind, down the impetuous stream towards the boiling cataract. Not a moment was to be lost; three young men instantly manned the first boat they came to, and with the speed of an arrow shot down head foremost towards the frightful rapids, and by the time they had fairly got under way, the object of their pursuit had got lower down than any one had ever ventured before. Had these brave boys relinquished the pursuit, not one of the hundreds on the bank would have thought of blaming them, but they had no such intention; the boat had by this time got to the middle of the river, and not half so far from the rapids as from the shore when they overtook her, and in an instant drew the almost senseless boy into their boat. And now could any *one* mortal have endured the agony felt by the throng on the shore, not a face but turned pale. In less than one minute after they took the boy out, his little boat disappeared in the rapids. They did not attempt to breast the stream but wisely headed in shore, which they succeeded in reaching in safety, having rescued the boy from a lower point than any one ever touched before. A tear stood in more than one eye unaccustomed to weep, and a faint murmur, not a shout—there was too much feeling for that—greeted their landing. The names of this trio of heroes were Joel Lyons, George Huff, and Daniel H. Burnham."

LETTERS RECEIVED.

The following sums have been received per CHAIRMAN, on account of the *first* half year of this Volume: Reverends J. Buckley (6s. 4½d), J. V. Jost (25s.), W. C. Beals (166s.), J. Marshall (45s. 3d), W. McCarty (90s.), R. Williams (95s.), F. Smallwood (145s.), R. Weddall (175s.), T. H. Davies (151s. 2d), R. Morton (160s.), W. Wilson (155s.), and H. Pope Senr. on account of *second* half year (110s.). Also a letter from Rev. R. Weddall, (direction shall be attended to).

TO CORRESPONDENTS.

Woodstock, N. B.: J. A. Our friend will see by the *Wesleyan*, of the 7th inst., that there was no ground for his surmise. We are more concerned to have it to state that the money-letter to which he refers, as far we know, never came to hand. We shall be glad to hear from him frequently.

TO AGENTS AND SUBSCRIBERS.

We have large remittances to make for paper, &c. Our Office expenses have to be paid weekly. Dues are requested. We are looking, also, for *advance* money for the second six months of the present volume according to published terms.

HIGHLY IMPORTANT.

FROM THE BRITISH PROVINCE OF NEW BRUNSWICK.

From the St. John Observer, Oct. 17, 1848.

As at this season of the year and throughout the winter months, coughs and colds are the most prevalent of all the various ills that flesh is heir to, we would advise such of our readers and others who may be thus afflicted, to avail themselves of that excellent medicine, "Wistar's Balsam of Wild Cherry," which, judging from our own experience, and that of others, we consider as being one of the safest and most effectual remedies that has ever been concocted for the above complaints, and which meets with the cordial approval of many of the best physicians. And as delays are dangerous, and coughs and colds frequently terminate in consumption, this efficacious and agreeable remedy should at once be resorted to. Mr. S. L. Tilley is the agent in this city, who can enumerate many instances in which the most pleasing results have followed from the use of "Wistar's Balsam."

From the Evening Mirror, New York, March 30, 1849.

WISTAR'S BALSAM.—We regard the Wild Cherry tree as one of nature's own physicians, a sort of good Samaritan of the forest; for its "medical gum" has relieved the sufferings and saved the lives of thousands. The Balsam prepared by Dr. Wistar is a pure and perfectly reliable preparation of the real Cherry essence, and it is a remedy by no means "bad to take." We speak confidently and strongly in its praise, from having witnessed its renovating influence in consumptive cases, when all other prescriptions had proved of no effect.

None genuine, unless signed I. BUTTS on the wrapper.

Deaths.

At Milltown, Charlotte County, N. B., on Thursday 21st November, ABNER HILL, Senr., aged 79. He had been a consistent member and a liberal supporter of the Wesleyan Society in that circuit for 36 years. His end was peace.

In California, on the 28th August last, Mr. JAMES A. MILES, second son of James A. Miles, Esq., of Douglas, York County, N. B.

At Inagua, on board the brig Velocity, of this port, of fever, Mr. ROBERT MAXWELL, 1st officer of that vessel. The deceased had sailed out of Halifax several years, and was universally respected. He has left a widowed mother to mourn the loss of a dutiful son. The Velocity was on her passage from Kingston, Jam. to this port, and put into Inagua in consequence of the illness of deceased, where he died and was buried on shore.

At Kentville, on the 24th Nov., SARAH E., wife of Benjamin B. Cogswell, in the 41st year of her age.

On Saturday, LOUISA, youngest daughter of Mr. Thomas Kirby, aged 20 years.

At Windsor on the 22nd ult., PHŒBE, relict of the late Wm. W. Rickards, aged 86 years. For about 60 years she had been an exemplary member of the Wesleyan Church in that place.
