# THREE-MILL RATE FOR COUNTY GOOD ROADS BUILDING

## Opinion Expressed by Middlesex Board of Directors in Their Report To Council—Dorchester Pavement Must Wait —High School Grants Deferred Till June Session.

According to the board of road directors three mills will be required for county road work this year, the board reported to the Middlesex County Council last night.

It was recommended that the county engineer construct bridges by day labor as far as possible, but if it was necessary to call for tenders that a committee, composed of the warden, the chairman of the board of road directors and the reeve of the municipality in which the work is being done, make the award.

The request of a deputation from Dorchester asking for the paving of the main road through the village was laid over until the June session.

On the recommendation of the board, the council decided to divide $130,000, an amount of moneys appropriated under the bylaws for improvements to county roads, among the municipalities in proportion to the assessed value.

**Will Purchase Machinery.**

Councillors A. E. Rosser and W. F. Nicholl, Warden Alton Ryckman, County Engineer Charles Talbot and W. E. Grieve, chairman of the road directors, were appointed a committee to purchase road machinery.

Councillor C. C. Henry and the warden were appointed representatives to the Western Fair board.

County Clerk John Stuart, the warden and the petitioning committee were appointed as a committee to investigate the proposition of a Western Ontario Immigration association for superintending immigration in the fourteen counties of Western Ontario.

A bill from Victoria Hospital for $5,982.30, for county commitments, was referred to J. W. Laidlaw, the hospital trustee, with power.

**Calf Competition Prize.**

Fifty dollars was contributed as prize money for the calf competition to be held in Queen's Park in September. The competition is open to children. The agricultural committee of the council was appointed an agricultural advisory committee to work in co-operation with R. A. Finn, the Middlesex representative of the department of agriculture. A committee was appointed at the request of the minister of agriculture.

To the Holstein Breeders' Association the sum of $50 was granted to aid in staging a show.

Requests for grants to continuation and high schools in the county were laid over until the June session, in view of the fact that new legislation is pending.

**Immigration Discussed.**

At the afternoon session of the county council, J. H. Laughton, on behalf of an organization which is being formed in Western Ontario for the selection of immigrants, asked for a grant. This organization, it is proposed, shall have representatives from each of the fourteen counties in Western Ontario. He said that if the county contributed $500 it would be entitled to one representative, and if $1,000 was donated, to two members. The finance committee had recommended that no action be taken on the matter, but as some of the councillors were not favorable to refusing the request until they received more information the matter was laid over.

The Wardsville High School was awarded a special grant of $200. The council granted $50 to each of the teachers' associations, one in East Middlesex and one in West Middlesex.

**No School Nurses.**

The finance committee recommended that no action be taken on the recommendation that school nurses be appointed in the country at an estimated cost of $12,000, which, it was thought, would cover expenses and salaries. Councillor Byron Marsh did not think that a matter of this kind should be dismissed so suddenly, so the council decided to lay the matter over to the June session, in order that more consideration might be given it.

The Children's Aid Society was granted $500. This is double the amount asked for in 1920. The finance committee recommended that the grant be $350, but as the work of the society was so great and beneficial, another $150 was added by the councillors.

**Meet Current Expenses.**

It was decided that a bylaw should be passed authorizing the issuing of notes of $4,000 each for a sum of $160,000 to meet current expenses.

The council replaced J. E. Harrison by Hugh Brown of Parkhill on the committee which is endeavoring to adjust the educational difficulties between the city of London and the county.

A motion that the chairmen of the board of road directors, the jail, educational, finance and House of Refuge committees and the warden confer with County Treasurer T. E. Robson before the June session, regarding the striking of the estimates, carried.

A grant of $200 was made, to be divided equally between the educational associations of East Middlesex and West Middlesex.

# NEW STENOGRAPHERS SHOULD AVOID SLANG

### Mrs. Tanner Tells Commercial H. S. Girls to Cultivate Purity of Speech.

The Commercial School Comrades' Club held its first social meeting Thursday evening in the Technical School building, where the graduating class of 1920, with their parents, were entertained by the newly-organized club. Mr. Dickinson, principal of the commercial department, occupied the chair and welcomed the guests. During the evening the diplomas earned by the 1920 class were presented by Messrs. Coleridge and Rowe of the board of education, who took advantage of the occasion to give some valuable hints to those just entering upon their business careers.

Mrs. Tanner and Principal Mooney gave addresses complimenting the teachers of the commercial department on the success of their work and the excellent school spirit which was so much in evidence in the department.

Mrs. Tanner also reminded the girls who were looking forward to office work to guard against the modern tendencies to use loose, careless and slang expressions, and advised them to constantly endeavor to preserve purity and dignity of speech.

Miss Hannah Warren rendered two much-appreciated vocal solos and Misses Nola Rhodes and Eleanor Boyce delighted the audience with their instrumental numbers.

The proceedings were greatly enlivened by numerous selections from the high school orchestra under the direction of Capt. Slatter. The program was closed by an excellent address by H. B. Beal.

Dainty refreshments were then served by the girls of the club under the supervision of Miss Morgan of the commercial staff. As the objects of the Comrades' Club are to develop the social side of school life and to foster and develop a school spirit, it was felt by all that the meeting was quite a success.

# STATIONS NEEDED FOR TESTING LENSES

### London Autoists Anxious To Comply With Anti-Glare Law.

For the purpose of testing anti-glare lens installed on automobile headlights in compliance with the new regulations, the London Motor Club will endeavor to have testing stations opened by private concerns in different sections of the city. The stations must be buildings of 30 to 50 feet in length, with the interior absolutely dark and equipped for the purpose. The work of the motorist, it was pointed out, by no means ceased when he installed approved lens, for there were many details in the requirements which must be met.

To protect the motorists the club will seek permission to place "No Parking" signs on Queen's avenue, between Richmond and Clarence streets. It will also endeavor to place time limit signs at intervals on Dundas street.

The annual meeting and election of officers will be held on February 18, it was decided at an executive meeting last night. A banquet will be held on the same date to celebrate the closing of a very successful year. The club has now a membership of 900.

IN TIMES LIKE THESE

a medicine that costs only

5c a Day

or $1.50 a month, should be thoughtfully considered. We know of only one that does this, namely,

HOOD'S SARSAPARILLA

which has a half century record of efficiency and worth.

It creates an appetite, aids digestion, makes food taste good, purifies and vitalizes the blood, makes the weak strong, eliminates the poisons of catarrh, scrofula, rheumatism, fortifies the body against infectious diseases, fevers, grippe, influenza.

Get Hood's Sarsaparilla today. Hood's Pills are a fine laxative.

# BOY RIFLEMEN ORGANIZE HERE

## Sergt.-Major Murtagh Tells Ad Club About World-Wide Movement.

The "Ad" Club listened to an interesting account by Sergt.-Major E. E. Murtagh, formerly of the 1st Australian Siege Battery, of his organization of several units of boy riflemen in the city under the auspices of the Winchester Arms Company of Connecticut. The first of these organizations, he stated, was formed amongst boys employed by the firm in 1914. Since that time 1,200 units had been formed. Japan, China and Russia had large numbers of units, while a few had been formed in England.

He explained at some length the system of training the boys and of the different grades, of rifleman, marksman, sharpshooter and expert sharpshooter. The Winchester Company provided badges for the different grades and offered medals for competition.

The sergeant outlined some of the difficulties that had been met with at first owing to the objections of the mothers of the boys to firearms and told his audience how the training was in the first instance directed to the teaching of the boy of the names and parts of the rifle; the use and abuse of the rifle; alignment of sights and loading. All this instruction was given indoors before the boy was taken to the range, where the boys were taught that gun accidents were the result of ignorance or of carelessness.

**Destruction of Birds.**

The wholesale and wanton destruction of birds and property was frowned upon. There was no military training, but the boys were taught that there was only one person in charge, and that if they did not like his control they could go. The training helped the boy in self-reliance and gave him knowledge that was useful in after life. Two units had been formed amongst the boys at the "Y" and indoor ranges were being installed there. No ammunition was allowed to be taken from the range. The guns used were 22-calibre, and the cartridges 22-short.

Numerous questions were answered by Sergt.-Major Murtagh, and a hearty vote of thanks accorded him. George Clarke, vice-president of the club, who presided in the absence of the president, John Cottam, who is confined to his bed by sickness, said that he had invited the speaker of the evening to outline the organization of the rifle clubs, as an instance of a method of publicity that would be of interest to the members of the club.

Numerous reports on the activities of the "Ad" Club were presented by the directors of the various bureaux, and several interesting suggestions for the extension of the work were put forward. The treasurer's report showed an increase of seven new members, making the total membership now 114.

**May Put on Stunt.**

A suggestion that the members return the courtesy extended to the club by the motorists of the city at the time of the big "made-in-Canada" parade, about a year ago, was cordially received and it was decided to aid in promoting the attendance at the Motor Show at the Armories next week by advertising it in the club's usual space, and it was also decided that the members shall parade to the show on Wednesday night. The suggestion that the members for once drop their dignity and put on some stunt which will help in the publicity was also agreed to. A feature of the parade will be the first automobile ever brought to London, which will be hauled along the streets by the members.

It was decided to send a letter of condolence and a bouquet of flowers to President Cottam as an expression of the sympathy of the members with him in his illness.

Owing to the lateness of the season it was decided to forego the Farmer course of lectures at this time.

Vice-President Clarke reported on the progress being made, looking toward the formation of a National "Ad" Men's Association in connection with which it is expected to hold a conference in Toronto shortly.

# L. R. C. AGAINST ANY GAS RATE INCREASE

The Labor Representation Committee went on record at its usual monthly meeting in the Labor Temple, Friday evening, as being one of the organizations that will stand by the high cost of living committee in opposing the private bill of the City Gas Company in the Legislature, asking for an increase in gas rates. Action on this matter is expected shortly.

Fred Young, a delegate of the Musicians' Union, was given a hearing as to why the L. R. C. opposed his representing the musicians in the Trades and Labor Council. Nothing definite in this matter was decided, although developments are looked for next week.

Skin Disease—What Causes It?

After years of humiliation or even torture from some skin disease, without the slightest relief, you may well ask: "What is the *cause* of skin disease?" Some doctors say "It's in the blood" others "It's in the skin itself," but, unfortunately, no one *knows*. We *do* know, however that for 25 years a doctor's prescription known as D. D. D. has had remarkable success with all sorts of skin trouble ranging from simple pimples to torturing eczema. This is proved by *thousands* of letters from grateful users. We make no extravagant claims. Let the letters below speak for themselves.

**Entire Body Covered—**

**Doctors Said It Was Scrofula**

A year ago I was a fright. I was tormented beyond words. I could not sleep. I tried several doctors. They said it was scrofula. Then Mrs. Ryder of Brookvale said, "Try D. D. D. It helped me and I think it will help you." I used two sample bottles and three dollar bottles. I have seen no sores or pimples for five months, thanks to your wonderful D. D.

Brookvale, N. B., Canada. JOHN M. CLARK.

**"The Sample Alone Healed Me After 15 Years of Eczema"**

I had been a sufferer from facial eczema for about ten years. I was treated unavailingly by several doctors and remedies. I sent for a sample bottle of D. D. D. The sample alone healed me and I have had no return of the trouble since.

Black Lake, Que. MRS. HENRY HARVEY.

**If Mothers Only Knew the Value of D. D. D.**

My baby had a fearful rash on his head and face. We tried every available ointment, etc., but it did no good. At last we tried your preparation and I am thankful to say he is healed. If mothers only knew the value of your preparation they would use no other. Yours very sincerely,

655 Yonge Street, Toronto, Ont. MRS. A. ASHBY.

Trial Bottle *Sent on Request*

Send your name and address for a generous trial bottle of D. D. D. Prescription. The first touch of D. D. D. will give you instant relief. Send today. Enclose 10c. to cover cost of packing and postage.

D.D.D. Co., 27 Lyall street, Dept. L33, Toronto, Ont.

D.D.D. THE Lotion for Skin Disease

# ELECTRIFICATION CONFERENCE TO BE HELD FEB. 23

## All Municipalities Along Bruce Line Will Send Delegates Here.

All municipalities and organizations interested in the electrification of the London, Huron and Bruce line of the G. T. R. will be called to a conference here February 23. The special committee appointed by the council decided last night that this would be the best policy to follow. A representative committee will be formed at this gathering with the object of securing information.

Ald. Cameron Wilson was elected chairman of the civic committee. He said that many of the towns along the line were quite enthusiastic, many of the prominent businessmen taking a keen interest in the plan. The Clinton council had passed a resolution, favoring it.

**Farmers Favor Project.**

Ald. F. E. Harley said that most of the farmers along the line favored the project, but the merchants were not so heartily in favor of it, as they feared loss of trade.

Ald. Drake said there was no need for them to fear this, as business would be increased to such an extent as to benefit the whole district. He suggested that the line might branch out to Goderich and thus take in a still larger territory than at present.

Jared Vining, one of the representatives appointed by the chamber of commerce, advised the calling of the conference and thorough investigation. Personally he was in the dark as to the earning capacity of the road and what the cost of it would be. Ald. Drake said that it was in good condition.

# That American Balloon

The American balloon did sail
Into our north country,
And therein lies a tale
Of courage and ability,
At least so we are told.
Now, Buncum has a certain sway,
But ideal service is the better way,
And this is what they give, you'll say,
At Johnston's Jewelry, 417 Richmond,
3 doors north of Dundas. b

# FOR FAMINE RELIEF

### Total Contributed Through China Inland Mission Is $511.75.

Contributions to the Chinese famine relief fund, acknowledged and forwarded by Mrs. F. A. Steven of the China Inland Mission, 598 Princess avenue, are as follows: Previously acknowledged, $468.25; C. B., 50c; Mrs. Meaden, $5; L. T. S., $5; Miss A., $5; Mrs. Webster, $5; J. J. Wallace, $2; Mrs. A. McA., $5; Mrs. Older, $2; C. H., $2; a sympathizer, per Miss Hodge, $1; girls, per Miss K., $1; a friend, per Free Press, $10. Total $511.75

# OYSTER SUPPER HELD IN CARADOC CHURCH

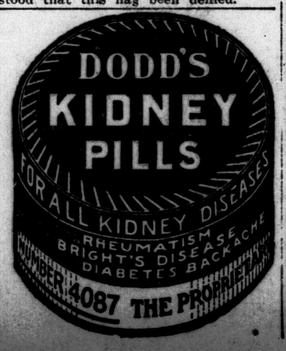
Caradoc, Jan. 28.—The annual oyster supper of Cooks Church, held last night, was a splendid success. Supper was served in the basement from 7 to 9, after which a splendid program was given in the body of the church. Rev. Mr. Miller of Mount Brydges Methodist Church was in the chair, and was successful in keeping talent and audience wide awake and in good humor. Rev. Mr. Rose, pastor of the congregation, spoke of Cooks congregation as a real community church, and contrasted its strength as such with what it might be if it were a divided church in a divided community.

# CAMPBELL MAY BE GENERAL MANAGER

Windsor, Jan. 28.—A well-defined local rumor is to the effect that Wallace R. Campbell, secretary and assistant general manager of the Ford Motor Company of Canada, Limited, is to be appointed treasurer of the Ford Motor Company of Detroit, succeeding F. L. Klingensmith, who recently resigned. No confirmation of the rumor was obtainable.

Mr. Campbell, a lifelong resident of Windsor, has been connected with the local plant practically since its inception.

It was rumored a few days ago that the post left vacant by the resignation of Mr. Klingensmith would be filled by Gordon M. McGregor, vice-president and general manager of the Canadian company, but it is understood that this has been denied.



# MONDAY WILL BE REMNANT DAY

## On All Floors

Remnants—the most-sought-for merchandise at all times, because they are the choice of the selection or they would not be sold down to short ends. And we have for Monday, the last day of the month and the last day of our business year, a treasure trove of remnants for your selection in all departments. Stock-taking has brought all ends and odd lots to the surface, and the counters and sale tables on all floors will be laden with their treasures, reduced in price one-third to one-half and some more, for a one-day clearance. Many groups will not be listed, but all will be out on Monday. So come early and visit every section of the store.

**REMNANTS OF SILKS, HALF PRICE AND ONE-THIRD OFF.**

The lot comprises mostly Plain Silks and Taffetas; Skinner's famous 404 Silks; White Washable Satins; Habutais; ends of Georgette and Crepe de Chine, suitable for fronts, collars and trimmings. All are marked at mostly Half Price and One-Third Off regular prices. Kindly note, there are but few remnants in black and navy. Lengths up to 4½ yards.

**REMNANTS BLACK WOOL DRESS GOODS, ONE-HALF AND ONE-THIRD OFF.**

About 20 ends Choice Black Dress Goods; some in fine light weights for separate waists; some sufficient for a dress; others in heavier weaves for separate skirts, and a few lengths sufficient for one-piece dress. Clearing sale prices, One-Half and One-Third Off former prices.

**REMNANTS COLORED DRESS GOODS AT HALF PRICE.**

Every end goes on sale tomorrow at exactly Half Price. This is a rare opportunity to save considerably on an extra skirt or coat. The lot of colored remnants comprises only the newest in colors and weaves that have been sold down to small lengths, including coatings in the popular bolivia, velours (several colors), fine imported tweeds, white pencil stripe navy serge, and many other ends suitable for renovating dresses for children's school wear; also some splendid iron grey tweeds and homespuns. The lengths range from 1 yard up to 3 and 3½ yards.

**ONE-THIRD OFF LINEN SECTION REMNANTS.**

Table Damasks, Odd Napkins, Bath Toweling, Huckaback Toweling, Tea and Roller Toweling, Crashes, White Emb Linens, Brown Art Linens, etc. A great collection of useful ends. But urge that you make this your first call for choice, as quantities are limited.

**ONE-THIRD OFF HEMSTITCHED HUCK TOWELS.**

A good heavy weight in useful size, finished with neat hemstitch, 15 dozen. Remnant Sale, One-Third Off. Price, each .....49c

**ABOUT ONE-THIRD OFF COLORED TURKISH TOWELING.**

You can buy any length you require by the yard of this toweling at remnant price. Red and grey stripe; splendid for kitchen hand towels, 300 yards. Remnant Sale Price, yard .....25c

**USEFUL REMNANTS.**

WASH GOODS DEPT.—An entire clean-up of all ends of zephyr and work shirtings, prints, ginghams, galateas, nurse cloths, lawns, muslins, plain and fancy white voiles, crepes, kimono materials, colored voiles, etc.; a great opportunity to buy at a low price for spring and summer use for the children. All are marked **one-third to one-half off regular.**

COTTON DEPT. presents an unusually large assortment of remnants, many very useful lengths for pillow cases, sheets, underwear, etc.; materials include English and Canadian cottons, longcloth, cambric, madapollam, circular cottons, sheetings, etc. You cannot afford to miss this opportunity of replenishing your supplies for household use, and especially for children's wear. All are marked at **one-third to one-half off regular.**

FLANNEL DEPARTMENT will be sure to have a crowd of early buyers of the useful and needed merchandise offered in short ends. You can clothe children warmly and at a lot less expense by securing what you need here in striped or white flannelettes, plain, fancy and striped flannels, delaines, challies, Canton flannels, kimono velours, blanket cloths, art sateens, chintz, etc. All are marked at **one-third to one-half off regular.**

LINING DEPT.—The semi-annual clear-out sale of remnants here comprises everything in short ends that is found in this section. Dressmakers will find it profitable to be on hand early at this counter. All are marked at **one-half off regular.**
