The time used is Pacific Standard for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water.

The height is measured from the level of the lower low water at spring tides. This level corresponds with the datum to which the soundings on the Admiralty chart of Victoria harbor are referred as closely as can now be ascertained.

Miss Maggie Hunter, Toronto, fractured her skull while attempting to get off a moving car, and died at Grace hospital.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Lax-ets

## ST. ANDREW CONFERENCE DELEGATES WELCOMED

### Opening Session of Brotherhood Convention Held Last Evening

The formal opening of the second Pacific conference of the Brotherhood of St. Andrew took place in St. John's schoolroom last evening. The meeting was for the purpose of welcoming the delegates from the charters in Vancouver, New Westminster, Tacoma, and Seattle. C. H. Lugrin presided and the address of welcome was delivered by the Lord Bishop of Columbia. The session opened with the singing of "Jesus Calls Us" followed by a prayer led by Rev. J. Stanley Ard. An address from the chairman followed.

Mr. Lugrin hoped that his presence there would be taken as a sufficient token of his goodwill, and of his sympathy with the objects of the brotherhood without him delivering a speech. He believed that there was no activity in which a layman could engage more worthy than that in which the Brotherhood of St. Andrew engaged. He had led somewhat of a busy life. He had been brought into communication and relation with all manner of men. He was satisfied that the social salvation of the world was dependent upon the principles upon which the church is founded.

"We are," said he, "in a dangerous period. Society is in a state of transition. Many have thrown off the Christian religion and are seeking something outside of it, some principles apart from it through which their great object—the brotherhood of man—may be attained."

But no organization could bring this about better than the Christian Church he continued. Hence it followed that the object of a society such as this, the avowed object of which was to bring men under the influence of the church, was meritorious.

In no place was there greater need of this service than in this western country. Young men were constantly arriving, absent perhaps for the first time from home influences, young men who perhaps were trying to realize their own high ideas and promises of their youth. But they were apt to stray off from the path. A society which could exert an influence over them and bring them into the church could not fail to accomplish much for future of Canada. He wished the organization godspeed.

Concluding amidst applause, Mr. Lugrin called upon Dr. Perrin, the Bishop of Columbia.

After thanking the chairman for his kind references to the work of the society which were the more valuable coming from one in a position occupied by that gentleman, Dr. Perrin proceeded to his address of welcome. As brotherhood members they knew that they were heartily welcome. Every preparation had been made by the committees in the way of organization, but more than that, there had been earnest and heartfelt prayer. He was sure that even as those who had come from a distance might be able to help the members of the brotherhood in Victoria, so they might be helped themselves. There was a difference in spirit in the life of Seattle, Tacoma, etc., and the life here. The visiting delegates had doubtless noticed it. There was a difference in administration, in methods and each could in consequence learn from each. It was the best in the spirit of each that they wished to develop.

In passing the bishop apologized for the unavoidable absence of the Bishop of Olympia, and in proceeding referred to a servant of God who might be an example to them. This was Nehmiah. Briefly he sketched the history of the Jewish leader who held fast to the tradition of his people and the worship of his God when amongst idolators and the splendor and luxury of a Persian court. How when he thought of Jerusalem, its walls dismantled and its glory departed, he had resolved to overcome the difficulties which prevented its rebuilding. The speaker quoted a text which the brotherhood of St. Andrew could take as their own. It fell from the lips of Nehmiah. "The work is great, and large and we are separated upon the wall one from another. In what place hear we the sound of the trumpet, resolve thither for our God will fight for us."

W. P. Larkins of Tacoma thanked the local members of the brotherhood on behalf of the visiting delegates.

E. G. Bolt, of Vancouver was the next speaker. He spoke of the great good which certain to result from the gathering. Many men with many methods could mutually learn and teach. He thanked the speakers for the welcome extended.

The chairman then called upon a visiting clergyman, Rev. William Walsh of Brampton, Ont., Mr. Walsh extolled the spirit which, he felt animated the concourse. He spoke at some length upon the need for earnest, united effort and continuous work.

A number of communications were read by the secretary amongst others one from the president of the Dominion organization, A. G. Alexander of Hamilton, expressing his best wishes for the success of the convention. Greetings from the Kamloops, Mission and Revelstoke chapters of the brotherhood were also received.

Several announcements were made, amongst others that on Monday afternoon the members of the convention would have their pictures taken on the grounds of Bishop Perrin.

The meeting closed with prayer and the singing of "Onward Christian Soldiers."

At the conclusion, tea and cake was served by the ladies of the congregation.

## QUARANTINE STATION FOR PRINCE RUPERT

### Dominion Government is Taking Action Towards Establishing One

The Dominion government will shortly establish a quarantine station at Prince Rupert, to include the district contiguous to the proposed terminus of the Grand Trunk Pacific railway, and the Khnahan islands. It is expected that Dr. A. Watt, superintendent of quarantines in British Columbia, will establish the new station in the north. No arrangements have been made yet for a visit north, but it is understood that it is contemplated to send the quarantine steamer Madge to Prince Rupert and Dr. Watt will select the most suitable location for the establishment of the station.

The last issue of the Canada Gazette gives the text of an order-in-council passed at Ottawa on June 12 last with regard to quarantine service. The new order-in-council provides also for the establishment of unorganized maritime or inland quarantines, at which the local collector of customs shall act as quarantine officer.

The establishment of a quarantine station at Prince Rupert is following the line of government action at the northern port.

### FORMALLY RECOGNIZED.

#### Interesting Ceremonies in the Central Baptist Church.

The new Central Baptist church has been formally recognized as a branch of that Protestant communion.

On Thursday afternoon last the services in connection with the function were held in the K. of P. hall, Douglas street, where the new body has been conducting services. A council composed of delegates from the New Westminster, Saanich and Emmanuel Baptist churches acted on behalf of the parent body.

In the evening a public meeting was held in Emmanuel church, Rev. R. Lennie occupying the chair. The charge to the new church was delivered by Rev. P. H. McEwen, of Vancouver, while the charge to the pastor was delivered by the Rev. E. Leroy Dakin of the sister church in this city. The pastor, Rev. Christopher Burnett replied fittingly.

### Orphanage At Home.

Wednesday next promises to be a gala day at the Protestant orphanage upon which the ladies' committee will hold the annual pound party in aid of the institution. The ladies extend a most cordial invitation to all those kind friends who are willing to give a helping hand to the maintenance and support of the little ones, and they will consider it a privilege to escort visitors through the home. The family being rather a large one, the larder requires frequent replenishing and from past experience the pound party has proved to be just the fairy godmother for refilling the empty shelves. Music has been promised to enliven the afternoon and the ladies will provide delicious and refreshing afternoon tea.

## CHANGES CHARGE TO ATTEMPTED MURDER

### Prosecution Makes Case Look Serious For Greek Who Flourished Knife

When V. Steemesteere, the fruit and candy merchant, who was knocked out with a cuspidor while he was flourishing a knife in the Regent saloon on Thursday night, appeared in the police court Saturday morning, he faced a more serious charge than that first laid against him. In the first place he was accused of threatening to do grievous bodily harm to B. Maarmas, but the information has been amended so that the charge is now one of attempted murder.

The prosecution will endeavor to prove that Steemeeteere actually made a slash at Maarmas that might have severed the latter's head from his shoulders had he not ducked it, and that he was in immediate danger of a second and similar attack when he seized and hurled the cuspidor, which rendered his antagonist a subject for the surgery.

Chief Langley applied for an adjournment of the hearing until next Friday, explaining that it would be impossible to secure the services of a suitable interpreter before that time. J. A. Aikman, who has been retained for the defence, said he had no objection if the court would fix reasonable bail for his client.

Bail was fixed at $1,500 in two sureties of $750 each to be acceptable to the chief of police.

### Women's Auxiliary Meeting.

The annual meeting of the Women's Auxiliary of the Provincial Royal Jubilee Hospital will take place today at the board of trade rooms, Bastion Square, promptly at 2.30 p.m. All members and donors to both this society and the Daughters of Pity, and all interested friends among the public are most cordially and earnestly invited to attend. There will be some interesting reports and addresses and a full account of both past work and future plans. If friends and members will attend this one meeting annually it will keep them in intimate touch with the aims and objects of the hospital aid societies and with such matters as are of the greatest import and interest to all good citizens.

### FLOUR FOR JAPAN

#### Hong Kong is Sending Flour to Yokohama

Hong Kong is shipping flour to Japan in competition with the mills of the ports in the Pacific Northwest. So far only samples have been forwarded from the new mills but it is done with the intention of securing a part of the trade now enjoyed by the millers here. The first shipment of the new flour from Hong Hong was taken to Yokohama for the Portland & Asiatic liner Arabia which arrived at Portland a couple of days ago. The shipment consisted of 100 tons and was labelled samples. It is said the flour was not of as high a quality as that ground on this coast

Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-tives" are the one certain cure for Constipation

because their action is upon the liver, "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-tives are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. 50c. a-box — $2.50 for 6 boxes. At all dealers'.

Fruit-a-tives

## BRITISH COLUMBIA LUMBER IN DEMAND

### Possibilities of the New Island Market Are Fast Developing

British Columbia lumber exporters will have a far greater market in new Zealand before long, according to recent advices from there, as the Kauri timber which has been competing to a certain extent with timber from British Columbia, at least in the Antipodean markets, which now take large amount of lumber from the British Columbia mills, is decreasing rapidly. W. S. Larke, Canadian trade agent in Australia, sends a despatch from New Zealand recently published in the Australian press, stating that a project is being considered to permanently reserve the Kauri timber lands as there is now stated to be less than ten years' supply for the mills now in existence.

"Twelve years ago, when I paid my first visit to New Zealand," says Mr. Larke, "I found that one of the strong objections to a preferential tariff with Canada was the fear that it might include timber within its provisions, and thus affect the timber industry of New Zealand, which was then the most important part of its timber trade. I looked as well as I could into the extent of the Kauri timber limits, and the rate of consumption, and I ventured to say that within fifteen years it would cease to be an exportable article from New Zealand, and they would be compelled to import building timber from abroad. The opinion of the Minister of lands supports the view that was then taken.

Kauri pine has been the chief and almost only rival to Oregon in this market. All the more that with the other New Zealand pines, it has been admitted free under the old Victorian tariff and under the Commonwealth tariff. I have no statistics that will enable me to judge as to the quantity of Kauri that is now imported into Australia, as the return of imports include all New Zealand pines under one head, and the amount of white and red pines have increased during the last ten years. These pines, however, are very poor building material, and are only used in cheap constructions, and the white pine is very largely used for the making of butter boxes. I have not on hand either any figures, which show the amount of Kauri yet uncut. The timber lies wholly north of Auckland. In 1905 the forest area of that section of New Zealand was stated to be 1,800,000 acres, and in 1906 it had been reduced to 660,00 acres. These forests, however, are not all Kauri, but include a very considerable variety of timber. Already cargoes of Ohegon have been shipped to Wellington and the south of New Zealand. It is quite clear that the Kauri pine, though some quantities will yet come, has ceased to be a rival in the Australian market to the timber of British Columbia.

"The mills of British Columbia are not in a position to take advantage of any decrease in competition. They are full of orders at the present time. The latest advices state there was no cargo on the way to Australia and but one vessel sent down to load. It is anticipated that later in the year they will be in a position to accept orders. Steamers have entered very considerably into the trade. A number of Norwegian sailing vessels have gone north to load with timber. At one time it was supposed to be a necessity to build sailing vessels to carry timber from British Columbia. With the advent of Norwegian ships, and particularly with the probabilities of the trade being done by steamers, the necessity for so doing seems to have passed away."

### FOUR GENERATIONS PRESENT

#### Unique Gathering at the Home of Mrs. W. H. Smith

At her home, 116 Cook Street, a number of friends gathered Saturday evening in honor of the anniversary of the birthday of Mrs. W. H. Smith.

At the gathering four generations were represented; Mrs. Smith's mother, Mrs. Maynard; her son N. B. Maysmith, and her grand daughter Miss Zela Maysmith.

It was a strictly family gathering and the birthday gifts were numerous.

Among those present were, Mrs. Maynard, Mr. and Mrs. Clyde, S. Lindsay, H. and M. F. McDonald, Miss L. Maynard, Miss R. Maynard, Mr. and Mrs. N. B. Maysmith, Miss Zela Maysmith, S. M. Maysmith, A. G. Maysmith, and W. H. Maysmith.

### FAREWELL CONCERT.

#### Prof. Wickens and Pupils Will Honor Miss Justine Gilbert.

A farewell concert of Miss Justine Gilbert who is about to leave, in company with her mother, to pursue her musical studies in Germany, will be given this evening by Professor Wickens and his pupils, assisted by Mrs. D. E. Campbell and H. Griffiths, vocalists. An excellent programme, with the little children's orchestra as a feature, has been arranged.

The concert will be held in Institute hall, and there is every promise of an audience that will tax the capacity of the building. For this reason the holders of complimentary tickets are requested to attend early. The doors will be open at 8 o'clock and the programme will be commenced at 8.30.

### UNSATISFACTORY FINISH.

Nanaimo, June 22.—The handicap wrestling match here tonight between Deliuk, the champion of Austria and Canada, and Ralph Johnston of Nanaimo, ended abruptly after sixteen minutes' wrestling, Deliuk claiming a fall, which the referee would not allow. Deliuk refused to go on with the match unless awarded the fall and the match was awarded to Johnston. By the terms of the match Deliuk was to throw Johnston three times within sixty minutes. The champion was aggressive from the start and put Johnston to the mat in two minutes, remaining behind him until the dispute over the fall arose. In weight and strength the local man was hopelessly outclassed.
