MAGISTRATE ASKS FOR LESLIE'S ARREST

Says Police Acted Irregularly in Not Prosecuting—False Pretences Case is Dismissed.

The arrest of Col. Leslie, late treasurer of the Industrial Exhibition, his release on $20,000 bail and the payment of $25,000 cash to the city by Mrs. Leslie to cover the apparent deficit to date, together with the dismissal of the charge against the colonel of having obtained $2060 from Charles H. Dee by false pretences, were events of yesterday.

The new turn of affairs has strengthened the board of control's views on the subject of asking Judge Winchester to investigate exhibition affairs in general, and it is now thought probable that the probing will begin early in the fall.

The mayor is strongly opposed to prosecution of Col. Leslie, on the ground that what the city wants is restitution and not to exact the law's penalties, which might result in the city's failing to recover the amount of the shortage.

The information laid by Crown Attorney Corley charges the colonel with having, during 1907-8, stolen $10,000 from the Industrial Exhibition. The charge was read by the magistrate, and H. H. Dewart, K.C., counsel for Col. Leslie, registered a plea of not guilty. The crown attorney asked for a week's remand, and bail was fixed at $20,000. Col. Leslie offered personal surety of $10,000, while Mrs. Leslie and A. M. Hobberlin each went bond for $5000.

LIEUT.-COL. J. KNOX LESLIE.

Magistrate Denison's instigation of prosecution was precipitated by his becoming aware that on the shortage being discovered last week Col. Leslie was kept under detective surveillance until security had been given. The magistrate was aroused because the police department had dropped the case after being called in and attacked the mayor's procedure in keeping Col. Leslie in charge while obtaining the money from Mrs. Leslie, by "squeezing the money out of the woman by means the law."

Crown Attorney Corley had an information sworn out and Col. Leslie was arrested, but he was speedily released on bail. An emergency meeting of the board of control was held, at which were present Col. Leslie, Mrs. Leslie and her solicitor, Dr. Orr, President George, Corporation Counsel Fullerton and the special auditors. It was afterwards announced that the total deficit so far learned is $25,300, and that Mrs. Leslie had paid over this amount in cash and a note of $10,000 as security, but that it was thought the final deficit could not exceed $20,000.

Regarding the Dee claim Charles Dee said he had advanced the money to Colonel Lesley to promote the Canadian Pulverizing Co. Stock certificates for dollar shares were to be issued, and witness was to receive his for 40c, but the certificates were not issued. When Mr. Dee found that another mining table was to be substituted for the one agreed upon, he wanted his money back, and Col. Leslie promised to repay him.

H. H. Dewart, K.C., for the defendant, produced receipts to show that sums of money had been paid to McKelvie by Leslie, and intimated that the plaintiff's money had been so applied. The crown attorney then said he wished to change the charge to one of theft, but the magistrate said the charge of false pretences had fallen thru and that if the money had been given to McKelvie there was no theft. He added that he would dismiss the case, but would bind the accused over in $200 to appear before a grand jury.

One result of the disclosures is a decision of the exhibition executive committee to insist in future on cash or marked cheques for admission tickets.

The exhibition directors do not take kindly to the suggestion that the exhibition be merged with the other civic departments. It is argued that patronage abuses would creep in, as aldermen would be unduly generous in handing out passes and privileges to friends.

Director Robert Fleming thinks the former city auditors are to blame and should be sued.

The worthless cheques and I.O.U.'s which Col. Leslie claims represent loans indiscreetly made, do not exhibit any large, individual amounts, so it is stated, and, on good authority, it is learned that none bear the signatures of any member of the exhibition board or any official of greater or lesser degree connected with the association.

The auditors have now completed their investigation of the accounts for 1907 and 1906 and are at work on 1905, the year in which Col. Leslie was appointed treasurer. The deficit is approximately $19,000, and should there be a further shrinkage of $5000, as the exhibition management assert, it must have been brought about during the present year, the auditors not having touched the 1908 accounts

UNION LABEL ON FUNERAL

Cabmen Refuse to Follow Non-union Hearse Driver.

ALBANY, N. Y., Aug. 7.—An unusual sight was witnessed here to-day when during the progress of a funeral drivers on the carriages suddenly jumped from their seats and refused to proceed unless the driver of the hearse, whom they claimed was a non-union man, was replaced by a union driver.

The undertaker finally secured another hearse and union driver.

The body was removed from one hearse to the other and further complications were avoided.

WANTS MEXICAN BAND.

Dr. Orr is negotiating with the Mexican Police Band for a series of concerts at the exhibition.

The band, which consists of 52 pieces, has a wide reputation.

GALA NIGHT.

LONDON, Aug. 7.—(Special.)—The London Old Boys' reunion of 1908 was brought to a close to-night by a carnival of fun.

Thousands masqueraded in costumes of every description, and, headed by bands, paraded the main streets. Around the market and city hall the streets were so densely crowded that to move in any direction was at times impossible.

Attractive Services.

The Rev. Chas. H. Stewart, minister of St. Paul's Church, Winnipeg, is, for the month of August, filling the pulpit of the Avenue-road Presbyterian Church. Mr. Stewart, who is a graduate of Manitoba College, is one of the rising men of the west, and his sermons are being listened to by attentive and increasing congregations. The pews are free in the Avenue-road church, and visitors who desire to hear the gifted preacher now occupying the pulpit will be heartily welcomed.

An Italian Feud.

NEWTON, Mass., Aug. 7.—The alleged action of an Italian boy in milking a neighbor's cow last night started a battle which to-day culminated in the shooting of the boy and his mother and much damage to their home.

18 Months for Stolen Wheel.

LONDON, Aug. 7.—Herbert C. Woodman, an Englishman, was sentenced to eighteen months in the Central for stealing a bicycle.

Edward Fenn and John Dawes who drove a horse thru a party of merrymakers were sent for trial at the September sessions, bail being fixed at $1000 each.

John Bolton, of Crumlin, was badly injured in a runaway accident in the east end.

Situation Quiet.

WINNIPEG, Aug. 7.—(C.P.R. Despatch).—The C.P.R. strike seems to have already taken on an appearance of settled monotony.

Neither at the strike headquarters nor at the offices of the company was there any excitement this morning. There were a few men working around the shops and around the roundhouse there were enough men to get the locomotives out on time for the departing trains. In the coach yards the cleaners were hard at work and with the exception of the groups of pickets scattered around the company's premises there was nothing to indicate that a strike was in progress.

All of the men reported at headquarters this morning and a mass meeting was held at which a number of speakers addressed them. There were speeches in English, German and Russian, all of which were along the line of inducing the men to stick to their guns. At this meeting, as at the various headquarters at Trades Hall, careful guards were kept to see that none of the details of the proceedings escaped.

J. H. McVety stated to-day that there had been no suggestion on the part of the men toward approaching the company with a proposal of settlement. Neither had there been any suggestion from the company that such a suggestion would be entertained. He said that the union had received no word of the coming of any strike breakers and he did not know whether the company was proposing to fill the places of the local men who went out.

D. C. Ross, director of bands and music at the Canadian National Exhibition, Toronto, states emphatically that the music will be of a higher class and stronger in force than has been known in any previous year. Especially will this be true so far as Canadian bands are concerned, engagements having been made regimental organizations from as far asunder as Winnipeg, Man., and Halifax, N.S.

Mr. and Mrs. S. Syer, son and daughter, of 198 Avenue-road, left yesterday for Atlantic City.

D. T. Lapointe, an Ottawa barber, dropped dead on his way to mass.

Normal School Entrance Examination Results.

The education department has announced the following list of students who have passed the recent examinations for entrance into the Normal schools. This examination takes the place of the former Junior Teachers' examination, and is the academic test for fitness for second class teachers' certificates.

The marks of those who have failed and the certificates of those who have passed will be mailed to the public school inspectors and the high school principals about Aug. 17.

Appeals should be sent in before the 1st of September.
