HOLSTEIN-FRIESIAN NEWS

Farm and Dairy is the leading exponent of dairying in Canada. The great majority of the members of the Canadian Holstein-Friesian Association are readers of the paper. Members of the Association are invited to send items of interest to Holstein breeders for publication in this column.

OXFORD BREEDERS MEET.

THE Oxford District Holstein Breeders' Club met in the council chamber of the city hall, Woodstock, Saturday, Jan. 29. There were present prominent breeders of Holsteins from throughout the district, and much interest was taken in the proceedings. James Rettie of Norwich, president of the club, occupied the chair. The financial statement showed a balance on hand of $67.63. After some discussion on points pertaining to the dairy business, the following officers were duly appointed:

President, T. J. Lammiman, Currie's, Ont.; Vice-President, J. Leussler, Tavistock; Directors — Messrs. George Prouse, Ostrander; F. Griffin, Burgessville; James Currie, Ingersoll; A. E. Hulet, Norwich; M. McDowell, Oxford Centre; Mr. McGhee, Beachville; W. Roth, Tavistock; H. Bolert, Tavistock, and T. B. Dent, Woodstock. Secretary-treasurer, W. E. Thomson, Woodstock; Auditor, R. J. Kelly, Culloden, Ont. A hearty vote of thanks was tendered the retiring president, after which the meeting adjourned.

4 Ivy Lodge Beatrice, 31196, 2y. 1m. 27d.; 229.9 milk, 8.69 lbs. fat, 10.86 lbs. butter.—R. J. Kelly.

Jr. Four-Year-Class.

Special record made at least eight months after calving:

1 Miss Gussie Pontiac Korndyke, 20572, 4y. 5m. 25d.; 358.8 lbs. milk, 14.47 lbs. fat, 18.09 lbs. butter.—J. W. Stewart, Lyn.

The Farmers' Grain Exchange

H. L. Maynard, one of the seed corn raisers of Essex County, says that 40% of the corn shelled and sold for seed could never be sold as such if it were left on the cob. Surely this is a hint to our dairymen, Farmers' Clubs and others as to how they should select their seed corn for next year's crop. Even now is not too early to look about for the best seed. Note "The Farmer's Grain Exchange" on page 9, and the advertisements of our big seed merchants elsewhere. Buy the best—and in corn—buy early.

The next issues of the "Grain Exchange" will be in our Orchard and Garden Number of March 2. If you don't find advertised in it the kind of seed you desire, write us and we shall endeavor to advise you. If you have GOOD SEED of standard varieties to offer, let us help you to sell it through our coming issues.

SOLUBLE SULPHUR

The Sulphur Spray in Powder Form Fungicide and Insecticide

WEIGHT 600 LBS.

WEIGHT 100 LBS.

Why Pay Freight on Water?

Mr. R. H. Lewis, of Winona, who was for years Government Scale Inspector, used Niagara Soluble Sulphur on 14 acres badly infested with San Jose Scale. He says, "It will control scale better and cheaper, and be preferred to all other material on the market."

J. W. Clark of Cainsville, Ont., says, "There is no question about the Soluble being cheaper and more convenient to handle."

Ask for our Bulletin No. 4 on practical experiments with Soluble Suphur in commercial orchards.

Niagara Soluble Sulphur

Dissolves immediately in hot or cold water, contains no sediment, keeps indefinitely, does not freeze, and sticks like paint. It's cheaper, easier to handle, no leakage or loss. Easy to mix and apply, no clogging of nozzles.

100 lbs. Soluble Sulphur makes more spray than a 600 lb. barrel of Solution.

It saves freight and storage, as it is conveniently packed in cans of 100, 50, 25, and 10 lbs. Works quicker and better than Solution. Gives a perfect control of SAN JOSE and FUNGOUS DISEASES.

"NO FUSS—NO MUSS"

ARSENATE OF LEAD
Swift's and Niagara Brand guaranteed, highest grade — 15% arsenic oxide. Mixes easiest and stays mixed.

NIAGARA LIME SULPHUR
Highest in Baume Test. Clear and uniform at all times—the pioneer solution.

DUST SPRAYS.
Finest ground Sulphur, powdered Arsenate of Lead.

WHEREVER FRUIT EXCELS, NIAGARA SPRAY IS USED.

Let us Quote You on Requirements.
