WHITE SOX GIVEN PRESENT OF $15,000 BY COMISKEY.

CHICAGO, Ill., Oct. 14.—On top of their regular share of the receipts, the champion Sox were $15,000 richer ten minutes after the game ended today. Comiskey wrote out a cheque for $15,000, which he handed to Manager Jones to divide among his men. Comiskey paid Jones and his men a glowing tribute.

For the six games 90,855 paid admissions were registered, and it cost the fans who saw the games $106,550.

Each club is richer by $31,246 and the National Commission is $10,654 to the good from the series.

THE TURF

HORSE NOTES.

It is said that The Abbe, 2.10 1-2, will be in the stud next year, and will not be raced again until 1908.

Baron Grattan has reduced his record to 2.03 1-4. He is about the most consistent fast pacer in the year. He won both the 2.05 and 2.00 pacing events at Lexington last week.

John M., 2.02 3-4; Angus Pointer, 2.02 3-4, and My Star, 2.03 3-4, are among the horses named for the free-for-all pace at Albany this week.

The green pacer in the stable of the California trainer, Walter Maben, that has been in 2.04 1-4, is by Titus, the full brother of Direct, 2.05.1-2, out of Lady Waldstein 2.15, by Waldstein, another son of Director, 2.17.

Brenda Yorke, 2.08 3-4, the fastest 3-year-old pacer of the season, was beaten but once, by Kelly, 2.10, son of Baronmore. Both were sired by sons of Baron Wilkes, 2.18.

Ecstatic, 2.10 3-4, kept up her reputation for being an in-and-out performer at Lexington. The first week of the meeting she beat the crack pacers as she pleased and the second week was badly beaten.

The owner of Siliko, 2.11 1-4, did not take a chance of getting him beaten the second week of the Lexington meeting. He enjoys the distinction of being the only unbeaten trotter among the prominent 3-year-olds.

A. J. Furbush's speedy pacer Chief Wilkie won his race at the Charles River speedway last Saturday, but the indications are that he will not have the walk over for the speed cup for pacers that he had at the spring series of matinees.

Van Zandt, who won the 2.10 class at Lexington last Friday, taking the third, fourth and fifth heats in 2.10, 2.10 1-4 and 2.09, reducing her record from 2.09 1-4 in the final heat, is 16 years old. She is certainly a most remarkable trotter. She has always been trained and driven by her owner, J. Devereux, a wealthy man who races horses purely for love of the sport.

Vance Nuckols and Brenda Yorke, 2.08 3-4, have been a winning combination this season. Vance has a green pacing mare in his stable that has never been taken away from home that is as fast or faster than Brenda Yorke. This filly is by Star Pointer, 1.59 1-4, out of a mare with a record of 2.08 1-4, and she has shown better than 2.10. She will be extensively staked next season, and her trainer believes that she will be a sensation, or at least one of Star Pointer's best money winners. Nuckols also has a very promising young trotter by Onward Star, 2.05 1-4, out of a mare by Baron Wilkes.

Porto Rico does not seem to have much use for our horses and mules. In 1903 we shipped to her five horses and one mule; in 1904, four horses and two mules, and in 1905, 27 horses and 33 mules. The increase was steady if not large. The situation was in a measure reversed in Hawaii. In 1903 she received from us 131 horses and 213 mules; in 1904, 67 horses and 310 mules, and in 1905 4 horses and 270 mules. These new possessions may in the course of time develop a stronger love for horses reared in the United States proper, but our enterprising breeders do not count much on their support. The mule is more useful in sugar-growing districts than the horse. Our shipments to Alaska were 714 horses and 59 mules in 1903; 68 horses and 30 mules in 1904, and 764 horses and 70 mules in 1905. The official records show that no horses and mules were exported to the Philippine Islands in 1903, 1904 and 1905, but that whiskey valued at $74,830 was sent there in 1905. Half of this was Bourbon whiskey, and Kentucky probably feels more cheerful over the islands than some other horse-growing states.—Boston Herald.

FAST ONES FOR PROVINCES.

(Fredericton Gleaner).

Two of the finest trotting horses, ones that were bred right in the purple, ever brought to the maritime provinces have been imported by Ex-Ald. Harry C. Jewett, who has returned from Lexington, Ky., where he attended the third annual fall sale of trotting stock by the Kentucky Sales Company in connection with the final meeting of the Grand Circuit.

One of the colts is King Arion, two years old, which took a yearling trotting record of 2.43. This is a brown colt about 15 1-2 hands, foaled in 1904 and bred by John E. Madden, the celebrated breeder. He is by Arion, 2.07 3-4.

The other colt is Axbell, four years old, which in a trial last year trotted a mile in 2.20 with the last half in 1.06. He is by Abdell, 2.23, holder of world's trotting record for yearlings.

Both colts trace back to Electioneer and other fine trotting stock and will be used in the stud and for racing purposes.

FOOTBALL

COMMENT ON SATURDAY'S GAME.

In its account of Saturday's game between the Marathons and U. N. B., the Fredericton Gleaner says:—"On the Marathon team the Collegians watched McCourt and Dr. Don Malcolm with the greatest precautions and gave these two players but few chances to display their brilliancy. Both McCourt and Malcolm played a good game, however, and the work of "Dutch" Ledingham at quarter was also of the 18 carat variety. On the forward line the Marathons have a lot of steady going players who do little grand stand or noticeable work, but who keep on plugging away all the time. They all get into the scrimmage with wonderful energy and proved themselves hard and earnest players. Whether it was owing to the face adornments of the one and the fiery hair of the other, or their good playing which brought them to notice, the writer could not state positively, but Vassie and Titus were the most conspicuous on the visitors' forward line.

"The referee of the game was George Burden, the well known baseball player, and general athlete, and for the first time in the position in a senior game, he did his work pretty well. One mistake which he made put the U. N. B. team in a hard hole from which they were able to draw themselves out, however, and that was when he called for a five yard scrim instead of a twenty-five yard kick for a touch in goal.

The St. John players once or twice did a lot of unnecessary kicking and the referee acted very graciously in not squelching them sooner than he did.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. THE POKER GAME FOOLED THE FARMER

And He Gave Up $500 of His Good Money to the Fakirs

A Calgary letter of Oct. 9th, says:

"A man named Murphy, was arrested here today charged with swindling a Dakota farmer named Parsons out of $305. Bail was refused. The story is that Parsons, who was passing through the city, was accosted by Murphy, who represented himself as interested in a ranch in Montana, which had become so large that they had decided to get some land in Alberta. He said that he was going to invest in Hudson's Bay land. Parsons said he had a homestead near Edmonton that he was going up to get going, but he might buy a little more ground himself. They both went in search of the Hudson's Bay land office, but the search ended up in a room in a block in Calgary. When they went in the clerk replied to their question that it was the Hudson's Bay land office, but that the manager had stepped out for a few minutes, and asked them to sit down while he was out. After waiting a short time, Murphy and the supposed clerk started a little game of stud poker. Parsons declined to join the game. After losing a few hands Murphy drew a good hand and asked Parsons to hold the cards for him and play the hand, Murphy's money to be used in the betting. The game went on and the betting became furious, Murphy still urging Parsons to bet the limit. At length his money ran out and Murphy deposited a $1,000 bank draft on a Montana bank. The clerk refused to accept it, and Murphy induced Parsons to put up all the money, promising to have the cheque cashed as soon as the hand was played. Parsons lost, and the money was paid over. Murphy then went out to have the draft cashed, and in a minute or two returned with a man who said he was a banker, but that the Calgary banks would not cash drafts on United States banks. They induced him to place the draft in an envelope and send down to Montana to have it cashed. Parsons stayed around for a couple of days, and hearing nothing of the draft, and becoming suspicious, complained to the police."

KING'S DAUGHTERS

The quarterly meeting of the King's Daughters, which was held in their rooms last night, was largely attended. The vice-president, Mrs. H. E. Ellis, was in the chair. The reports submitted were very encouraging. Miss Pratt, the treasurer, reported receipts of $590.15 for the quarter, with expenditures of $483.61 for the same period.

The report of the provincial secretary, Miss Barker, showed an increase both in the number of circles and membership of the order. It contained also some valuable suggestions for further aggressive work.

Miss Redden read a report from the delegates to the Fredericton convention, and Miss Jamieson discussed an important sociological problem in her paper, Our Boys and Girls for Christ.

A large committee was appointed to take charge of the work of the Saturday afternoon sewing class for children, which is to be conducted in the guild rooms.

The projected rest room for girls was under discussion, but nothing definite was decided on. There is no doubt, however, that if a suitable room can be obtained it will be opened soon. The night school for girls will open in the guild tonight. As a competent teacher has been engaged, it is hoped that as many girls as can make it convenient will attend.
