WANT AD HOROSCOPE

June 24.

Children of this birth date must be carefully educated and firmly governed. Their later success in life depends entirely on their early discipline in the home.

Their nature is restless, never quite satisfied, and most unreliable unless awakened to the great truths of life. More than to any other people does this sign demand for its natives culture and education to help them overcome their faults.

Don't argue with a man of this birth date. He will become stubborn and unyielding if you do and nothing will be accomplished.

No matter what you think, let him work out his own problem and he will come out better than you anticipate.

The planets favor all home interests to-day. Domestics should be hired, farms should be found and farming produce well advertised through the Want Ads.
