Shakesperian Recital.

The recital given by the young ladies of the Seminary in College Hall last Friday evening brought out a good house, as was predicted by the ACADIAN, and the hall was well filled with an appreciative audience. The programme was an attractive one and the manner in which it was presented reflected the greatest credit upon the young ladies and their talented instructor, Miss Hall. Most striking scenes from "Romeo and Juliet," "Macbeth," "The Winter Night's Tale" and "The Merchant of Venice," were rendered in a manner worthy of professionals. Miss Puttner, as "Shylock;" Miss Hall, as "Lady Macbeth;" Miss Webster, as "Juliet," and Miss Ross, as "Paulina," were particularly strong. The numbers by the Wolfville orchestra added not a little to the enjoyment of the entertainment.

Attempted Assassination.

On Wednesday the Prince of Wales who, with his concert were travelling to Copenhagen for the purpose of attending the celebration of King Christian's birthday, was shot at by a would-be assassin just as his palace car was pulling out of the station at Brussels. Fortunately, neither of the two shots of the villian took effect and no one was injured. The Prince's assailant was a young Brussels tinsmith, Spiddio, of 16 years of age who, after his arrest confessed the offence, and explained that he did it because "he, the Prince, had caused thousands of men to be slaughtered in Africa."

His Royal Highness took the affair very quietly and expressed the wish that the culprit should not be treated too severely.

Resolution passed by the School Board Monday evening:—

"Whereas, Section 59 of the Town Incorporation Act distinctly disqualifies any person who sells or supplies any articles or goods to the Board of School Commissioners from being a member of the Town Council; therefore, resolved that this Board hereafter shall deem it incompatible with its duty to purchase any supplies from those holding seats in the said Town Council."
