Still the Parent is the best Medical School!

That predisposition which exposes the human frame to the infection and virulence of all diseases, proceeds directly or indirectly from a disordered state of the System, caused by impure Blood, Bilious and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S GUM-COATED FOREST PILLS.

(A Vegetable preparation of unexampled efficacy.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable preparations of the highest Medicinal virtues. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet, thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on these vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of disease.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has once awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imposition and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not have the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

IMPORTANT TESTIMONIALS.

LONGPARISH HOUSE, NEAR WHITCHURCH, Hants, October 21, 1848.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me: and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kernot, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,

SIR,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief: he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public: *such a valuable remedy cannot be too well recommended.* I have the honor to be,

SIR,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, (having proved singularly efficacious in the removal of COUGHS AND COLDS,) of which the increasing demand is a sufficient evidence. We shall, probably, require for the Winter a further supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, &c.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficiency as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

Bogle's Amole is the most delicious article for shaving we have ever used; its perfume is pleasant, and its appearance elegant; but the rich, thick, cream lather it raises on the face, and keeps perfectly moist during the whole operation, surpasses anything we have seen. It has also another decided advantage, that of leaving the face smooth and firm to a pleasant degree after shaving. We presume this must be owing to the absence of alkali in its preparation, as Mr. Bogle uses the saponaceous elements of the Amole or "California Soap Plant" in its stead. Be that as it may, any person trying this shaving compound for a time cannot fail to be of the same opinion we have now expressed. Mr. Bogle is also the inventor of the celebrated "Hyperion Fluid for the Hair," and Hebeniona for the complexion, which are always to be found at 277 Washington St.

CRAMP AND PAIN KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headaches, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure so quickly.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Vital Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing *Costiveness*, and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS

Local Pains, &c., it has proved *surprisingly successful*, rarely failing to *cure*, even in the most desperate and long standing cases. (See Certificate.) In those cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH, OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA

Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept of such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*,—relieving the *pain* and healing without scar.

FOR MAN OR BEAST.

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the bone is decayed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckman, Esq., of Dixmont, Me.:—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pain for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of specifics and prescriptions, without the least benefit or alleviation, which had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended. The swelling had all gone from my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a month in my place. No description of my case can convey the vast amount of relief I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

ON THE INFIRMITIES OF YOUTH & MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,

Price 2s. 6d. Sterling.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their various conditions in health and disease. Nor are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in assuaging the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. Dr LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has recently been sought solely to the treatment of these diseases.

The Work may be had in Montreal of BENJAMIN DAWSON; in St. Johns, of H. Cream & Co., price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, Tic Doloureux and Neuralgia in the worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Erysipelas, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily apply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by the most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, adopting some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or cuticle of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case or the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner P. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully,

SUMNER P. BARRETT.

BOGLE'S HEBEANONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot sun of summer, and freezing blasts of winter, and is the most important and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

PLANTAGENET WATER.

Among the objects of attention at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand at the Depot for this health-inspiring draught was so urgent that it was with great difficulty strangers and visitors to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most valuable character seems daily accumulating. The highly respectable certificates given in our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs—Drs. Nelson and Robb placing them above all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was excessively debilitated from derangement of the digestive and alimentary organs.

"The administration of the Water is attended with the happiest result in constipation, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which women are subject under certain circumstances, it acts most agreeably and effectually, but in these derangements, as well as where there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the operation of the Water; to weak persons it is quite palatable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. NELSON, M. D., V. R. Cd.,
"Hy. & Surg., Canada East."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a medicinal agent, and I have no reason to regret their use. I have seen no only single occasion to regret their use. I have seen in the delicate disorder with the stomach, and always act as a gentle aperient and alterative, and, from their composition, they possess, in addition, decidedly tonic properties.

"Any particular act of muscles—of the throat, from violent speaking—of the loins, by too much stooping or bending, or these or any other part of the body; these pain, we have an accumulation of blood, a congestion, which gives rise to all the pain and stiffness attendant upon such complaint. When this takes place in the throat, we have what is called Sore Throat; when in the loins, Lumbago or Stiff Back; when
