CURE SICK HEADACHE.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. CUT THIS OUT

Famous Specialist's Recipe For Catarrhal Deafness and Head Noises.

If you know someone who is troubled with head noises, or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferers perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize, with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmint (Double Strength), about 75c worth. Take this home, and add to it ½ pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent of all ear troubles are directly caused by catarrh, therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness or catarrh in any form should give this prescription a trial. There is nothing better.

Important.—In ordering Parmint always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c to the International Laboratories, 74 St. Antoine street, Montreal, P. Q., who make a specialty of it.—Advt. April 4-15-25

Winnipeg, April 14. — The feature of today's market was the heavy break in the price of oats, caused by the extremely slow export demand for the last two months, heavy stocks, heavier receipts and May liquidation.

Wheat was also on the downward trend, and with May prices under 90c there was some active buying for export. At noon there were over 500,000 bushels worked.

Nearing the close there was a general rally on all grains, wheat closing over Monday's prices.

Wheat opened unchanged to ⅛c higher and closed ¼c to ⅜c higher. Cash wheat closed ⅜c advanced on contract grades. Cash oats closed ⅜c to ½c lower. Cash barley closed ¼c to ½c lower. Cash flax unchanged to ¼c lower.

Inspections Monday numbered 893 cars, against 348 last year, and in sight were 315.

THE EXCHANGES.

Paris, April 15.—The Mexican situation caused a heavy opening on the bourse today, and the depression continued throughout the session. Three per cent rentes, 86 francs 55 centimes for the account; exchange on London, 25 francs 14½ centimes for checks; private rate of discount, 2¾ per cent.

London, April 15.—Money was easier, but discount rates were firmer today. Fears of complications in Mexico caused a reaction in Mexican issues on the stock exchange. Mexican rails fell 2½ points and talk of reduced dividends added to their weakness. Consols lost a quarter of a point, owing to new loans and the hardening in discounts, and home rails and oil shares suffered from profit-taking. American securities were quiet and steady during the early trading. Canadian Pacific advanced over a point and the rest of the list small fractions, but when Wall Street opened prices declined. The market improved on light buying in the early trading, and closed steady.

New York, April 15—Wall Street, noon. —The stock market today was free from the unsettlement of the preceding session. Price movements at first were uncertain, but as there was no evidence of aggressive selling, the list gradually hardened. The trading was almost 50 per cent smaller during the forenoon than it was in the corresponding time yesterday. The firm undertone induced shorts to take profits rather than attempt to force a further break, and much of the buying was for covering. Moderate operations were undertaken on the long side, on the theory that, after a decline of nearly a week, the market was due for a rally. The demand was not large enough, however, to impart sustained strength, and shortly before noon the list eased off, influenced by heavy selling of Union Pacific and weakness of some of the southern and southwestern railroad shares. Bonds were irregular.

LEAVE OF ABSENCE FOR N. B. PREMIER

Hon. J. K. Flemming Requested It—Is Ill at Present.

[Canadian Press.]

St. John, N.B., April 15.—The announcement has been made that Hon. J. K. Flemming, premier of New Brunswick, against whom charges of securing $100,000 from timber limits have been made on the floor of the Legislature, has been at his own request granted, leave of absence by the Government for an investigation of causations. The attorney-general will act as premier, and Hon. J. A. Murray, chief commissoner of agriculture, will take over the premier's portfolio of minister of lands and mines.

So far as is known the writ issued at the instance of F. B. Carvell, in the Lynch estate matter, has not been served on Premier Flemming. The premier is ill at his home in Woodstock, and it is said to be the intentions of plaintiffs not to invade his sick room with the writ.
