OPENING DAY AT WINDSOR

George Hendrie's Oak Maid at 13 to 5, Cleverly Won the Merchants' Stake.

ONZECA BROKE LEG IN THE CHASE.

William Hendrie's Laverock Won $1000 Handicap at Brighton Beach.

Windsor, July 22.—Notwithstanding the counter attraction at Grosse Pointe, a large crowd turned out at the track this afternoon. It was the opening day of the local summer meeting and the management had provided a special program for the occasion. It had as features the Merchants' Stakes, a purse of $1000 for 2-year-old fillies, at a mile, and a handicap steeplechase over the short corse. Evelyn Byrd and May Droit had been sent on from Chicago to start in the stake race and the former was considered to be a real good thing. A bad ride on Dugan's part, however, unset things and the Hendrie mare, Oak Maid, cleverly handled by young Landry, took her measure.

Evelyn Byrd was always the choice and was heavily played. Directly after the flag fell, Dugan rushed her along and opened up a gap of three lengths in the first furlong. Landry, on the other hand, rated his filly and allowed her to get in her stride. When straightened out on the home stretch, he took second position. In the final quarter he made his move, and, gradually overhauling the leader, he collared her at the turn for home, and, drawing away at the end, won by a length and a half.

Tickful, winner of the 2-year-old event, was the only successful choice during the afternoon.

The steeplechase saw six of the nine starters finish. This course is about the stiffest on the circuit, it having been rebuilt since last season. Dousterswivel and Rosebery ran like a team the last mile, La Colona, having shot her bolt after going that distance. The first two stood a drive the last quarter, Dousterswivel winning at the end by two lengths. Onzeca, ridden by Joe Millet, an Eastern lad, came to grief at the water jump the first time around. The horse struck the jump, turning a complete somersault as breaking his leg. He had to be destroyed. Millet escaped with a shaking up. Results:

Someone Backed Laverock.

New York, July 22.—There were two stakes on the card at Brighton Beach today. The first was the Choice, at six furlongs, for 2-year-olds, with selling weights. The Dwyer pair were the favorites. After the race the winner was bid up to $1905, and bought in by the owner. In the Sheriff Stakes, Heliotus was a slight favorite over Firearm, and all through the first part of the race it was between them. In the stretch Firearm went away and won easily, and in the last few jumps Isidor got the place from Heliotus. O'Connor the jockey was set down for the balance of the meeting for foul riding on Andronicus in the first race. Fast Black was just as badly ridden by this lad in the mile and a quarter handicap that was next on the card. With her lightweight she belonged in front, and O'Connor could not get her far enough back to suit him. The result of this race was most extraordinary. Mr. Hendrie's Laverock had been running so badly that her stable folk did not bet a cent on her. Somebody apparently knew better, and "slathered" the money on. Summaries:

Woodbine Won by 6 Runs.

Woodbine and St. Cyprian's played on Saturday on the Trinity College grounds a close contest, ending in a win for Woodbine by 6 runs. Woodbine with 4 wickets down for 8 runs, appeared to great disadvantage, but owing to the careful batting of S. H. Over, to whose steady play it was mainly due, the total of 58 was arrived at. For Woodbine Hopkins and Collins bowled well throughout and the catch that dismissed the last of the Saints, made by Collins running backwards and catching the ball high up with the left hand, was worthy of mention. St. Cyprian's made a good start, getting 33 runs for 3 wickets, and were eventually all out for 52. Colborne, Smith and Cooper played well for their runs, the bowling of Prince and Colborne being well on the spot.

FIRST DEFENDERS' RACE.

McLeod, Toronto and Payne Boats Compete and the First-Named Wins.

The first race for the cup defenders took place on Saturday with a light southeasterly breeze. The sailing orders were: "Start from east to west, leaving all bay buoys to port and going through the western channel." The greatest interest was evinced in the manoeuvres for position, the McLeod boat getting the best of it, but unfortunately was a little previous and had to return, thereby losing a minute and a half. The Payne was next over, followed closely by the Toronto. The course to the Island buoy was a close haul and the McLeod mistook her buoy and lost another minute in rounding the correct one, then the eastern buoy was overstood by the Payne, and this tended to spoil the race. However, they passed the club again as follows: McLeod 3.35.15, Toronto 3.34.10, Payne 3.37.42. The McLeod opened up her lead steadily, while the Payne and Toronto apparently kept their distance. Out in the lake there was a roll of sea and the relative distances were not changed. The McLeod, however, got slightly better wind and finished at 5.19.25, the Toronto 5.35.09 and Payne 5.36.

It must be remembered that the Payne boat has only just arrived from Oakville and her canvas is not yet stretched. She looks a racer and will probably prove a tough competitor, and the weekly races starting at 4 p.m. round the bay course, and on Saturdays at 3 p.m. round the bay course and Island, should be of the greatest interest to yachtsmen. The McLeod was sailed by Aemilius Jarvis, the Toronto by J. Wilton Morse and the Payne by Fred Turner. The Toronto unfortunately carried away her No. 1 jib and had to sail with the smaller jib, and this must be taken into consideration.

The times are:

Yacht.	Start.	Finish.
McLeod	3.01.28	5.19.25
Payne	3.00.00	5.36.09
Toronto	3.00.00	5.35.09

The McLeod boat was designed by H. C. McLeod of Halifax and is a flyer from the keel up. Built at Oakville by the same man as the Payne, with the same sail maker, it is hard to tell which is which, either in speed or looks.

The Payne boat was designed by A. E. Payne of Southampton, England, and built at Oakville by James Andrews. She is a beautiful racer and carry out architecture and reflects great credit on Mr. Andrews for his careful work. Leckie of Toronto made the sails, which will sit perfectly later on.

The Toronto was designed by Herrick Duggan of Montreal and built by Harry Hodson of Toronto, and the sails were made by Oldham and Horn of Kingston. This boat is a centreboard of the Gleeshen type, and the other boats being out and out keel the competition is keen and advocates of the different types can have their choice.

Other Races.

The skiff class started at 3.10 with the following starters: Sigma, R. T. Cuff; Aro, H. C. Strange; Hilario, C. H. Wilson. The finish was as follows: Sigma, 5.19.45; Aro, 5.23.03; Hilario, 5.23.24.

The great interest taken in the cup defenders race detracted from the other races of the 25-foot class and the skiffs. In the 25-foot class, which started at 3.05, the only starters, suited the course was three times round the bay course and back to the Island and return. And after a pleasant sail they finished as follows: Lady Adeline, 5.45.45; Cakewalk, 5.57.10, and the Bat did not complete the course.

The Hamilton Beats the Myrtle.

Hamilton, July 22.—The cup defenders, the Hamilton and Myrtle, came together again to-day in a Royal Hamilton Yacht Club race. The Hamilton won by 4 min. 30 secs. In the five races between these boats the Myrtle has proven victorious three times. It was expected that the new Weir defender would start in to-day's race, but she was not ready. Some of the knowing ones claim it will be the fastest in its class here.

Columbia and Defender.

Newport, July 22.—In spite of conflicting reports the Columbia and Defender had a friendly brush for a couple of hours this afternoon, beating off from Brenton's Reef lightship for four miles in a very light and baffling air and then running back again under a grand breeze from the southeast, which sent them along at a ten-knot gait. The Defender had more sail on than the Columbia and the latter towed a small boat, yet the aspirant for championship honors had no difficulty in reaching the lightship first in the run in by a short eighth of a mile, and showed herself to be an able boat on a wide reach in a stiff breeze. As there was no judge's boat in attendance and as the yachts did not come together until half a mile beyond the lightship, there was of course no time taken, although the yachts were close together nearly all the time.

MANY HEATS AT DETROIT.

Ten Hours of Continuous Racing and 8 Events Brought to Conclusion.

Detroit, July 22.—Night was falling fast as the last heat of ten hours' continuous racing was trotted at the Grosse Pointe track this evening. In spite of two rainy days, the entire program of 20 races was completed and the attendance at the opening meeting of the Grand Circuit was the largest blue ribbon record. There were two unfinished and seven untouched races on to-day's program when Starter Hoyt called the first field at 9.45 a.m. and to-night all were finished, excepting the 2.10 trot, which had to be decided in favor of Caracalla, because of darkness, when he had won but two heats. Hal S.'s mile in 2.05½, made in to-day's 2.10 pacing stake, is the fastest competition mile of the year, exceeding the one by Searchlight in 2.05¾ at Denver.

2.15 class, pacing, purse $2000 (unfinished from Thursday)—The Maid, b.m., by Hal Index (Curtis), won 3rd, 5th and 6th heats and race; Will Tranby second, Nerva Patchen third. Best time 2.07¼.

Chamber of Commerce Consolation Stake, $1000, for 2.24 class, pacing (unfinished from yesterday)—Wandering Jew, br. h., by Don Pizarro (H. Saunders), won 2nd and 3rd heats and race; Maude Emperor 2, Hipless 3. Best time 2.09¼.

2.12 class, trotting, purse $1200 (unfinished from yesterday)—Copeland, br. g., by Delmar (Baldwin), won 2nd and 3
