LOCOMOTIVE BED IS DIFFICULT CASTING.

Some notable work in the war of castings has been recently accomplished at St. Louis, Mo. Ten solid locomotive beds have been made very successfully, although the work was very intricate, owing to the irregularities and great weight and size of the casting.

They are designed for the electrical locomotives of the New York, New Haven and Hartford Railroad, and it was found in designing these beds that the weight of the parts assembled in the usual manner would greatly exceed the allowable limit. It was, therefore, decided to try the experiment of casting them, and this has been entirely successful.

The locomotive bed is 32 feet 4 inches long, weighs 17,000 pounds, and is probably the most difficult casting of its kind ever attempted. This single unit replaces a very large number of parts, greatly reducing the weight and increasing the strength. Numerous bolts and nuts have been eliminated that become loose and allow play, especially at the pedestals. This will result in a considerable saving in the cost of maintenance and repairs.

INFORMATION RE WHEAT CERTIFICATES.

The Canadian Wheat Board is now making an interim payment of about 30c per bushel on all wheat sold. Information regarding the collection of the amounts due will be gladly given to farmers who call at the office of The Huron and Erie Mortgage Corporation on the Market Square, London. 87u

FRANCE PROHIBITS IMPORTS OF CARS

French and Italian Restrictions May Be Serious Blow To American Manufacturers.

NEW YORK, Aug. 11.—What may prove to be a serious blow to American automobile manufacturers who are shipping large numbers of cars to Europe is the recent action of the Italian and French Governments with regard to automobile restrictions. The Italian Government has just issued a decree prohibiting manufacturers of motor vehicles in that country from selling more than 10 per cent of their products in the Italian market, according to the advices received by the department of commerce at Washington. This order releases 90 per cent of the Italian output for export trade.

Directly resulting from the decree of the Italian Government, and to prevent the flooding of French markets by Italian automobile products, France has prohibited the importation of all foreign cars. Cable reports have it that Switzerland is contemplating taking similar action to that of the Paris administration.

The American chamber of commerce in London, commenting on the situation, observes that Great Britain imposes a duty of 33 1-3 per cent on all passenger cars imported, but that commercial and agricultural vehicles are free of import duty. The British trade is consequently, with just cause, thoroughly alarmed at the possibility of the home market being flooded with various makes of foreign commercial vehicles and tractors. American manufacturers, too, who are planning on extensive export activities in those countries where restrictions have been imposed, will be seriously affected by the recent decrees, especially so since France, Italy and Switzerland are also aiming at large productions for export.

VICTIM OF KNIFING FRACAS IN HOSPITAL

WINDSOR, Aug. 11. — Constable Bacon, alias George Kostobees, and Steve Dunce, both of Detroit, were remanded eight days in Windsor police court today, when they appeared on a charge of attacking and seriously injuring Peter Choliotar of Sandwich East. The victim of the alleged assault is in Hotel Dieu with the loss of his right leg severed, as a result of knife wounds inflicted in a fracas in which the two accused men are said to have been engaged. Adjournment was made, pending developments in Choliotar's condition.

FERTILIZERS HELP CONTROL INSECT PESTS.

Anything which will give the plant best growing conditions—a well-prepared seed bed, properly fertilized, good seed and a suitable rotation, will enable it to survive a greater amount of unfavorable weather, to be sow reasonably late, and yet survive more or less severe winters, and above all to overcome an amount of infestation which would damage or even destroy a crop less well handled. A fertilizer which will hasten maturity is recommended for all Southern Illinois soils, and the use of lime on most farms is also much needed. Since the growth and vigor of a plant are directly related to Hessian fly, jointworm and wheat midge injuries, it is important that the soil be not only properly manured, but it should be so handled as to give a good seed bed, and where the ground is to be plowed, this can best be done by plowing before the middle of August and subsequently harrowing as is necessary. Later plowing, even when thoroughly packed, is never as satisfactory as earlier plowing and subsequent harrowing.—Indiana Experiment Station.

EASTERN LIBERAL RESIGNS.

Halifax, N. S., Aug. 12.—(By the Canadian Press).—Frank E. Smith, Liberal member of the House of Assembly for Shelburne, has tendered his resignation to the provincial secretary in order to make his seat available for Hon. E. H. Armstrong, commissioner of works and mines, who failed of re-election in Yarmouth County.

Removes Hairy Growths Without Pain or Bother

(Modes of Today.)

It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted.—Advt.

RATEPAYERS OBJECT TO PROGRAM FOR SEWER-LAYING

Jury Would Prohibit Young People From Driving Autos.

ST. THOMAS, Aug. 11.—The board of health has not on its records any recommendation that storm sewers be constructed on the streets named by the chairman of the board of works in his report at the council last night. The only memorandum to be found in the books of the health authorities of the ordering of a sewer to be constructed is that on William street, from St. Anne's Place to a point on Wellington street opposite Queen street, but for general purposes property owners on the street have been assured that by the construction of this outlet from St. Anne's Place they would be amply protected from an overflow in any weather. The ratepayers on the street declare that any attempt to force the cost of a storm sewer by way of frontage tax on their properties they will take proceedings either by way of a civil action or appeal to the attorney-general's department to make an investigation of the condition leading up to construction of storm sewers throughout the corporation.

Organist Will Remain.

Stanley Oliver, organist of the First Methodist Church, who has been asked to accept a similar position in the Central Methodist Church, Sarnia, will remain in St. Thomas.

The jury on the inquest of W. McNamis recommended that the crossing on Hughes street, where he was killed on August 2, be properly protected, and that the police prohibit the driving of autos by young people under the prescribed age.

The salary of Rev. J. N. Gould, Methodist minister of Sparta, has been raised to a minimum of $1,650.

The White terrace, for about the forty-second time, was on fire this morning, and for the forty-second time the blaze was subdued by the department.

W. Alexander, chief train dispatcher of the D. L. and W. Railway, Buffalo, and family are visiting Mr. Alexander's old home here.

Locked Up.

C. S. Aylsworth of Inwood was locked up this evening for a breach of the C. T. A., and would not give the source from which he got his supply. He was found in the west end of the city, and would say that he was in Windsor, where he had an appointment.

Death of H. S. Miller.

The death of Harmon S. Miller, formerly of South Yarmouth, occurred this morning at his residence, 37 Maple street, from a stroke of paralysis. Mr. Miller lived on the gravel road before his removal to St. Thomas, and is survived by his widow, two brothers and a sister, Miss A. Miller, and Parmer and Milan Miller, all of Pelham Township, Welland County. The interment will be made in St. Thomas Cemetery Friday afternoon.

Sent Up for Trial.

The police magistrate of Aylmer, Squire Summers, is still confined to his house through a serious accident happening him a couple of weeks ago. His place is being filled by County Magistrate Hunt, who officiated there today and in a dispute of a prominent couple in South Malahide, sent the alleged aggressor up for trial.

Remove the Flag.

Objection has been taken by an alderman to the use the British flag is put to in the council chamber of the city building. The Union Jack is hung, either accidentally or not, over the parts of the municipal chamber which is badly out of repair. The alderman charges those responsible for so placing the flag, that it is done to camouflage the condition of that portion of the chamber, and that the old flag that has weathered many a storm might well be used for a better purpose.

NEW MEMORIAL PARK OPENS AT MONCRIEFF

BRUSSELS, Aug. 11.—Mrs. John Broadfoot, who died here a few days ago, at the age of 80 years, had been an esteemed resident of this community for many years. She is survived by her husband and one son.

Nine out of twelve pupils of Brussels school were successful in passing the middle school examinations. The school enjoys a first class record.

The opening celebration at the new Memorial Park in Moncrieff was a great success and was largely attended. Baseball, football, quoiting, foot races, dancing and a concert comprised the program.

Dr McRae's speedy pacer is entered for the Wingham races. She won first money in her class in the Brussels races.

The new Ament flax mill will soon be ready for installation of the machinery, which is expected immediately.

Barley and oats crops are reported to be yielding well.

Nearly $400 was taken in gate receipts at the big garden party under C. O. F. auspices, at Garner Nicholson's, near Belgrave.

A large shipment of eggs was made by the East Huron Produce Company to Great Britain this week.

SARNIA JUDGE GETS SURROGATE COURT APPOINTMENT ALSO

Trades Unionists Will Celebrate Labor Day At Bay View Park.

SARNIA, Aug. 11.—The funeral of Felix Willett, who died in this city Monday as a result of a fall, down steps leading to the basement of his home, to the cement floor below, was held today from his residence, 276 Mackenzie street.

Judge Albert Edward Taylor, junior judge of the county of Lambton since 1904, has received from the attorney-general's department of Ontario a copy of an order-in-council appointing him surrogate judge for this county, and hereafter he will be known as county judge and judge of the surrogate court.

The roadster automobile owned by George H. Carling of Hamilton, located here yesterday at the corner of Front street and London road, where it had apparently been abandoned by the motor thief or thieves, and turned over to the police, was returned to Hamilton today by E. B. Evans of that city. No trace of the party or parties who drove the motor to this city has been found.

The stage is all set for the reception of the Imperial Press Conference delegates during their four-hour visit to this city. The program as mapped out by the chamber of commerce and civic authorities and announced yesterday, will be carried out in detail and arrangements practically had all been completed late today. The journalists will arrive in two special trains, one at 11:30, and the other 30 minutes later, and after the formal reception on the Northern Navigation Company terminal, will be transported to Lake Huron Park on special street cars, where an informal luncheon will be served.

Supporting the increases of teachers' salaries the Sarnia Trades and Labor Council has commended the local board of education for granting the teachers an increase, in a resolution passed at the last meeting of the council. The trades and labor council will hold a Labor Day celebration at Bayview Park. The program has been arranged and racing at Bay View Park will follow a great street parade of 21 unions of the city.

EMBRO CHICKENS GO TO NEW YORK

EMBRO, Aug. 11.—Elliott's rink of bowlers from Ingersoll motored here to bowl for the Elliott Trophy, but lost to the Embro bowlers by a score of 22 to 9.

Mr. Taylor and Miss Vera Hutchinson of Ingersoll are to sing Sunday morning at the service in Knox Church. A number from Embro attended the first annual Epworth League picnic of Woodstock district at South Side Park today. Rev. Dr. Armstrong was among the special speakers on the program.

R. H. Marshall took 2,000 hens from this district to New York Saturday.

GALT METHODISTS INVITE BURLINGTON PASTOR NEXT YEAR

GALT, Aug. 11.—The quarterly official board of the Ainslie Street Methodist Church has tendered a unanimous invitation to Rev. Geo. W. Barker of Burlington, to become pastor of the local church in 1921, when the four-year term of Rev. G. K. Bradshaw expires. Rev. Mr. Bradshaw has been granted an increase in salary of $300, making his stipend $2,300.

About 250 men, 95 of them from Galt, left this morning on the first farm laborers' excursion from these parts for the West. The exodus is the largest in recent years.

Students of the Galt Collegiate Institute have made a splendid record in all examinations this year. No less than 39 were successful in passing their junior matriculation tests.

LIGHTNING KILLS HORSES.

CHATHAM, Aug. 11.—While standing in a barn on his farm, near Dresden, during the severe electrical storm yesterday afternoon, Mr. Duffy and two farm laborers received a severe shock, when a bolt of lightning struck the barn. The team of horses which they had been driving were instantly killed.

A horse belonging to David Hyatt died as the result of burns received from lightning, and a cow, the property of Walter Craig, who lives close to Hyatt, was instantly killed by lightning.
