Kingston, July 3, 1905. 61c-t

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, no further trouble will be experienced.

So poor are the Russian peasants, says Dr. E. J. Dillon, in an article to the Nineteenth Century, that even the roach black beetle cannot find sustenance in their huts.

MILD IN THEIR ACTION.—Parmelee's Vegetable Pills are very mild in their action. They do not cause griping in the stomach or cause disturbances there as so many pills do. Therefore the most delicate can take them without fear of unpleasant results. They can, too, be administered to children without imposing the penalties which follow the use of pills not so carefully prepared.
