ONE CURB IS REMOVED ON TRADING IN GRAIN

All Time Limitation on Dealing in Future Deliveries Lifted.

Washington, Dec. 6.—All time limitations on trading in future deliveries of corn, oats, rye and barley, were removed today by the food administration. Present conditions, the announcement said, do not warrant abrogation or modification of present limitations on speculative account.

Restrictions annulled by the food administration prohibited trading in excess of 200,000 bushels by any single interest, and forbade dealings that involved deliveries more than four months in the future. The expected tendency of the removal of the restrictions is to stimulate business here and at other large grain centres.

MINING MARKET HAS BRILLIANT OUTLOOK

Vickery and Co., in their weekly market letter, say: "The outlook for the mining market is undeniably bright. We are confident that from now on the labor situation will gradually improve, and with abundant labor one of the biggest adverse features of the mine stock will have been dissipated. The opening of new properties, the steady growth of the older ones, will all tend to stimulate market activity and strength and market values should reflect the general betterment in all the conditions surrounding the mining industry. We look for a bigger, broader, and better market for the mine stocks than they have ever known previously.

TORONTO MORTGAGE DIVIDEND.

The Toronto Mortgage Company declared a dividend of 2 per cent., payable Jan. 2 to shareholders of record Dec. 14.

HESITANCY IS SHOWN IN TRADE IN TORONTO

Attitude of Waiting for Developments Is Making Business Dull.

Toronto reports to Bradstreet's that business, in a wholesale drygoods way, is not very brisk. Dealers this week reported trade a little dull. Travelers are about finished now with the spring orders, and will shortly be off the road until after the Christmas vacation. Sorting orders are slow, but there is a fair business with department stores wanting goods for immediate sale, which possibly had been on order, out of town, and had not been delivered. Requiring them for the Christmas rush, they endeavor to supply the deficiency here. In this way, there is a fair movement of trade in wholesale circles. Stocks of goods among heavy. As yet no change in prices has been recorded, but it seems to be the general opinion that a gradual decline in values is inevitable. It is this feeling that is causing dulness in trade. Merchants do not want to buy for next spring and later, at present quotations. They continue to adopt a waiting attitude, and are proceeding very cautiously in the matter of purchases. Collections have been slow, partly, however, due to the fact that the influenza is still very bad in some parts of the province. Returns for the month of November, while showing a gain over the same period in 1917, did not measure up to what they would undoubtedly have been, had it been a normal month. The boot and shoe trade is fairly good, conditions showing practically no change from last week. The hide and leather market is very firm.

The grocery trade is experiencing a very good seasonable business, with scarcity of some commodities still very pronounced.

NEW VEIN ON ADANAC IS RICH IN PROMISE

Hamilton B. Wills, in his weekly market letter, says: "As I go to press, my engineer wires me: 'New vein discovered on Adanac.'

"This strike was made early this morning in the crosscut being sent in on the 310-foot level, and is 25 feet east, running parallel to the main vein, wherein every round of shots is expected to reveal high-grade ore. This new vein showed a width of from six to eight inches, and is composed of pink calcite, niccolite, cobalt and argentite. Such mineralization undoubtedly will carry pay silver values, and clearly indicates, as my engineer states, a strike of major importance appears imminent. The drillers are filled with enthusiasm over this latest strike and are straining every effort to send in another round of shots tonight. Assays of this ore are now being run."

OUTPUT OF HOLLINGER GREATEST IN HISTORY

The output of gold from the Hollinger Consolidated Gold Mines for the year 1918 will exceed $6,250,000. This utterly eclipses any previous record in the history of the company, and is the greatest yield of any precious metal mine for any one year in the history of the Dominion.

Net earnings may be in the vicinity of $3,000,000 for the year, or about 11 per cent. on the company's issued capital.

TWIN CITY COMMON DIVIDENDS RESUMED

Directors of the Twin City Rapid Transit Company have declared a dividend of one per cent. on the common stock, payable Jan 2 to stock of record Dec. 16.

Twin City increased its dividend from five to six per cent. on the common in 1908, and paid at the six per cent. rate until the March quarter of this year, when high operating costs and reduced net earnings induced the directors to cut it to four per cent. They paid only one quarter at the reduced rate, and passed it entirely for the June quarter. It is now resumed at the rate of four per cent.

SALES IN NOVEMBER OF MUNICIPAL BONDS

The Monetary Times reports the municipal bond sales in Canada during November, 1918, totaled $249,270, compared with $129,225 in October, and $174,191 in November a year ago. The November records of municipal bond sales at home for the past nine years are as follows:

November.	
1910	$2,292,781
1911	2,915,765
1912	1,396,664
1913	2,481,062
1914	622,049
1915	1,645,892
1916	1,246,480
1917	174,191
1918	249,270

NOVEMBER CLEARANCES SET UP NEW RECORD

Bradstreet's Journal will say today: Canadian bank clearings for the month of November established a new record, the total, $1,393,629,737, excelling by 4.4 per cent. the previous peak point, that reached in October of this year, while disclosing an increase of 16.4 per cent. over November, 1917, and of 22 per cent. over the like month in 1916. It may be recalled that trade during November was somewhat repressed, but, on the other hand, subscriptions to the Victory Loan made for large transactions at the banks, and, moreover, high prices for commodities continue to expand movements expressed in terms of money.

DROP OPTION ON ANKERITE.

The Coniagas Company has dropped the option held on the Ankerite property. During the currency of the option a large amount of work was done on the Ankerite. The Coniagas management has removed the supplies and equipment to the adjoining McDonald property, which it owns, and on which development work is to be conducted.

CHAMPION STEER IS SOLD AT 61c LB.

High Prices Realized at the Annual Show Sale.

The William Davies Co., thru their head buyer, A. W. Talbot, were successful in landing the grand champion steer, "Shorty," winner of the Walker House Cup, owned by T. A. Russell of Downsview and sold by auction at the Union Stock Yards yesterday morning at the great price of 61c per lb. This splendid animal, a trifle over two years old, weighed 1500 lbs., and the price and weight practically constitute a record. Last year the grand champion brought $1 per lb. but the proceeds were for patriotic purposes, and the Harris Abattoir Co donated the entire proceeds to the Halifax sufferers. The bidding was spirited thruout.

Some Fat Stock Sales.

The Corbett, Hall, Coughlin Co. were yesterday eminently successful in the sales of prize-winning animals at the Toronto Fat Stock Show, many of which were consigned to the show and handled by the firm to the complete satisfaction of the feeders and breeders named.

The Corbett, Hall, Coughlin Co. sold the grand champion load of steers fed by J. Roy of Mitchell, a fine carload, and sold to the Swift Canadian at $17.50.

The first prize, a car lot of steers, 1300 lbs. and over, fed by J. D. Ferguson & Sons of St. Thomas, was sold to Swifts at $16.25.

The third prize, pure-bred steer, fed by A. Elcoatt of Seaforth, was sold to Swifts at 21c per lb.

The second prize, under-two year-old bullock, fed by J. Roy, was sold to the Harris Abattoir at 18¼c per lb.

Another fine cross-bred steer, first prize, under one year, fed by John Brown & Sons of Galt, was sold to the Swift Canadian at 32½c per lb., and the fourth prize animal, fed by W. H. Guthrie of New Dundee, sold for 26½c, while the fifth prize steer, fed by Andrew Hicks of Centralia, was sold by the C. H. & C. Co. for 25c per lb., to George Rowntree, for the Harris Abattoir.

Among the steers in the boys' feeding contest, second prize, led by A. D. Ferguson of Galt, brought 26½c lb., and the first prize, pure-bred Angus steer, 1000 lbs. and under, fed by J. Brown & Sons of Galt, sold at 25c, and another lot of three steers, fed by A. Paul of Kirkton, was sold at 27c. Another prize lot of three cattle, 1000 lbs. and under, fed by J. Brown & Sons, was sold to George Rowntree at 18c lb.

The C. H. & C. Co. sold the second prize lot of wethers, fed by J. D. Ferguson & Sons, to the Wm. Davies Co., at 20c lb., and a car lot of 50 lambs, fed by the same man, at 15½c, while another lot, also fed by Mr. Ferguson, brought 23¾c per lb.

The C. H. & C. Co sold, in addition, 15 cars of butcher cattle at from 11c to 14c lb., a most creditable showing all round.

C. Zeagman & Sons.

Another firm that sold a number of good, prize-winning animals, was C. Zeagman & Sons.

The firm sold for Henry Wade of Pickering 5 long wood lambs, 940 lbs., to the W. Davies Co., at 27c per lb.

The same firm sold a steer for C. N. Blanshard of Freeman, 920 lbs., at 20c, and three choice calves under one year, weighing 730 lbs., apiece, fed and shown by T. Phillip of Brougham, to the Harris Abattoir at the splendid price of 22½c per lb.

Another fine sale was a first prize steer, two years and under three, weighing 1520 lbs., fed by Henry Wade and sold at 18¾c.

The same firm sold 12 hogs, first prize, Matthews-Blackwell, special, weighing, all told, 2240 lbs., at 25¼c.

C. Zeagman & Sons must be congratulated on the splendid prices.

J. B. Shields & Son sold 50 lambs from Mr. Shields' own farm at Mount Albert, weighing 4380 lbs., at 15¼c.

A steer shown by R. Statton of Pefferlaw, 800 lbs., at 26c per lb. and a fine heifer, shown by W. H. Thompson, 830 lbs., at 15c.

A few of Rice & Whaley's sales of prize winners were three steers, shown by Short Bros., at 25c per lb., three other, shown by Jas. Leask, at 26c, and three shown by Henderson Bros., at 23¼c; three others to the Harris Abattoir, at 26c, and one steer, 890 lbs., at 25c.

In the sheep and lambs, one bunch of 50 went to Swifts at 15¼c; 13 others at 16c, 8 at 19¼c, and 3 consigned by Hampton Bros. at the splendid price of 31½c; a credit to the firm and the feeders alike.

A splendid calf sold by G. & R. J. Cook for William Rutherford of Lucknow, weighing 620 lbs., brought the great price of 17½c per lb.

McDonald & Halligan obtained some especially high prices, handling large consignments of prize winning animals, cattle, sheep and lambs, to the entire satisfaction of their people. A few of the sales, with the prices, are attached. The firm also sold a great many non-prize winners, at most satisfactory prices.

A few of McDonald & Halligan's sales were:

The Coppers also showed more signs of activity than for some time past. There was a strong investment demand for United Eastern at around recent high levels. West End was also in good demand. Goldfield Con and Jumbo Ex advanced several points from yesterday's low prices. Island Oil advanced to the best prices it has commanded for some time.
