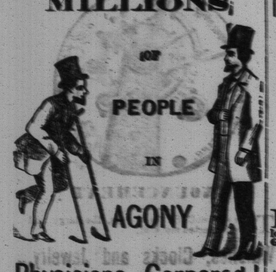
MILLIONS OF PEOPLE IN AGONY



Physicians Cornered!

I SUPPOSE there is not in the whole of a physician's experience, anything in human suffering which calls forth his sympathy, and pity, to such an extent, as to witness the excruciating pains of a poor mortal, suffering from that fearful disease.

RHEUMATISM!

Heretofore there has been a considerable diversity of opinion among medical men, as to the true character of this disease. Some locating it in the fibrous or muscular tissues of the system, and others viewing it as an acute nervous disease; but it is now generally admitted to be a disease arising from a poison circulating in the blood, and further it is established that Rheumatism can never be thoroughly cured without exterminating such poisonous matters from the blood, by a constitutional internal remedy. We feel confident that none will feel better satisfied, and rejoice more, than the conscientious physician, who has found out that a cure for this stubborn disease has been discovered. The following testimony from a gentleman of standing, and high respectability, and well known to the Canadian public, cannot fail to satisfy all that the

DIAMOND RHEUMATIC CURE!

is a wonderful medical discovery.

MR. ISAACSON'S ENDORSATION.

MONTREAL, 21st March, 1874.

Messrs. Devins & Bolton,

Dear Sirs,—I, with pleasure, concede to the agent's wish that I give my endorsation to the immediate relief I experienced from a few doses of the Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, but now, a course of taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter, if you deem it advisable to do so. I am, sirs, yours respectfully,

JOHN HELDER ISAACSON, N. P.

FURTHER PROOF.

I AM ANOTHER MAN!

ST. JOHN, N. B., Sept. 29, 1874.

A. CHIPMAN SMITH,

Dear Sir,—I have suffered for fifteen months with Chronic Rheumatism, and could not find any relief, after trying every medicine that I saw advertised to cure it, until I was told about the Diamond Rheumatic Cure. I have used three bottles of this valuable remedy, and now can say that I am another man to what I was. I would advise anybody suffering with this terrible disease to try it, and see if it does not do the same for them that it did for me.

Yours, JAMES L. BAGLEY, Indiantown.

BARNES' HOTEL,

ST. JOHN, N. B., Sept. 29, 1873.

A. CHIPMAN SMITH,

Dear Sir,—I have great pleasure in stating that I put every confidence in your Diamond Rheumatic Cure. I have suffered for the last two years with Rheumatic Pains, during which time I have had the advice of some of the most prominent medical men in the Province, and experienced no relief, until I tried the Diamond Rheumatic Cure. I have now taken three bottles, and I feel greatly improved, and now am confident of a permanent cure.

Yours truly, JAMES O'BRIEN.

"There is no medicine which so promptly relieves the depressed vital action, restores the general and local circulation, allays the pain, dissipates the congestion, prevents inflammation, and restores the healthy action as the

DIAMOND RHEUMATIC CURE!!

This medicine is for sale at all the druggists through Canada. If it happens that your druggist has not got it in stock ask him to send for it to

NOTES AND NEWS.

NOVA SCOTIA.

A woman tried to hang herself with a boot lace in the Halifax Police Station the other night.

The remains of a woman, supposed to be a Miss Lovitt, were found on Monday in the ruins of a house in Halifax destroyed by fire some days before. Miss Lovitt, who was about 65 years of age, was an indigent woman who resided in the attic. On the night of the fire several persons who knew of the woman being in the house attempted to go up by the front stairs to her room, but were prevented by the flames. They then went round to the rear of the house to get up, when they were met by some persons, who informed them that the woman had been taken out and was safe. After the fire the woman appears to have been forgotten, until her remains were found.

UNITED STATES.

The State of Nevada, with a population of 55,000, has 900 places licensed to retail strong drink.

Covington, Ga., has a negro man over 100 years old, but he is gradually killing himself by chewing tobacco.

A baby in Milwaukee has been christened "Zero," in honor of the cold Sunday upon which he was born.

A couple, short of money, gave a clergyman in Cedar Springs a dog and an accordeon for marrying them.

"Davy Crockett" has recently been on the boards at the Park Street Theatre, New York, with Frank Mayo as Davy.

It is stated that a Western editor drives off beggars by offering them 50 cents an hour to read original poetical contributions.

One of the rules of a Rhode Island base ball club is that no man shall make a count by knocking his ball into Massachusetts.

Dr. Pratt of Elgin, Ill., has started the first artificial fish-pond in the State. His grounds cover 50 acres, and there are 30 ponds well stocked.

There is said to be a woman in Williamsburgh with an artificial jaw. It isn't so bad as it might be, for sometimes she takes it out and rests it.

Van Pelt, who was one of the guns of the crusade movement in Ohio, has lately been sent to jail for disturbing a religious meeting while intoxicated.

The award of the Scotch mail service by the Postmaster General to the Anchor line gives general satisfaction. The Utopia will carry out the first mail from New York next Saturday.

Mr. Heatherington, of Bellaire, O., who is now worth $3,000,000, forty years ago bought on trust a mule and three acres of coal land. He has a mule's head graven on the door step of his fine house, as his coat of arms.

In South Hadley, Mass., recently, an absent minded man ordered a coffin for a deceased friend, and left his own name to be inscribed on the lid in place of that of the dead man. The mistake was not discovered in season to rectify it.

The Eastport fishermen appear to have had an unprofitable season, and the catch of herring has not been one quarter that of last year. Add to this the loss that many of them have sustained by their nets being carried away by ice, and it is not surprising that they are glad the end of the season has come.

A strange breach of promise case is that of Miss Chamberlaine vs. a Mr. Holmes, now being tried in New York. The plaintiff claims $50,000. When she was only thirteen years old the defendant put a ring on her finger and wanted her to be his wife, and at a later age repeated his request, but declined to have a clergyman perform the ceremony. She would not marry him before witnesses as desired, and he would not marry her unless she consented to the form he had composed, without a clergyman. So it ended in there being no marriage and hence the suit.

The Aldine for April has a full page picture of the "Battle of Lexington," showing the salient features of that memorable conflict. The character of the country, the agricultural avocations of the patriots before they sprang to arms, the variety of ages in the combatants—all are shown with rare skill. "The Path of Duty" is a capital drawing; three views in Southern Utah, the "Narrows," "Valley of the Babbling Waters," and "Temple of the Virgin" convey the scenery of that wild region with great force and rare beauty; "Joan of Arc at the Siege of Paris," and "The Parisian Men of September," illustrate two very different yet equally striking scenes in French history; and a noble group of "Gnarled Gray Trunks," three fine views of Wells Cathedral, and a pair of splendid "Stag-Hounds," make up the pictorial treasures of this remarkable number. The literary contents are of great excellence, and include the first instalment of a new romance of the Revolution.

GENERAL.

A hospital for sick children has been opened in Toronto.

A verdict of $600 has been awarded the plaintiff in an action recently tried at Hamilton.

It is reported that Mr. A. L. Light is to receive the appointment as Government Engineer for the Georgian Bay Branch Railway.

Twenty two pigs, consigned to an Ottawa firm, were put in a closely packed car on the G. T. R. the other day, and kept there during a journey of 56 hours. When the car was opened every pig had died from suffocation.
