MUSKOKA LAKES.
THE HIGHEST, HEALTHIEST,
Most convenient and best summer resort in Canada. The Muskoka Lakes are about 130 miles north of Toronto, and over 700 feet higher than Lake Ontario. They are reached by Northern Railway to Gravenhurst and to Port Carling the same day. The trip is short, the expense nominal, and a holiday cannot be had elsewhere so beneficial and cheap. There is a daily mail to Port Carling, and the tourist may return home the same day. These lakes are now a popular summer resort, and for those who require a change cannot be surpassed. The air is always pure and fresh, and the medicinal properties of the waters with the tonic effect of the air upon the appetite, shattered nerves or overworked brain, are so effectual that every tourist returns home very much benefited from his visit. Besides the exercise of rowing, fishing, etc., several excursion steamers leave Port Carling every day, visiting all the principal points in these lakes and returning the same day. Tourists go there regularly every summer from Toronto, Hamilton and many smaller towns in Ontario, as well as a great number of Americans, but as yet the hotel accommodation has not been sufficient for the demand of the first-class tourists who go there and are willing to pay for first-class accommodation. A splendid opportunity is offered a good live person to open a first-class temperance house there, and knowing such to be the fact the undersigned is instructed to offer for sale a plot of about 70 acres, situate at the mouth of the river at Port Carling, on Lake Rosseau, now known as Interlaken Park, the choicest spot in the Muskoka District for a first-class family house. In connection with which could be erected cottages suitable for families to live in and who could board at the house. This property will be sold at a bargain on easy terms of payment, or if preferred the owner would join building a house with cottages as required. For particulars address Mr. W. HANNAH, merchant, Port Carling, or E. J. CLARK, 15 Toronto-street, Toronto.
