IMPORTANT TO THE PUBLIC.

JOHN McCLOSKY,
SILK AND WOOLLEN DYER AND CLOTHES CLEANER,
[From Belfast.]
No. 33, St. Lewis Street, near Donegana' Hotel,

BEGS to return his best thanks to the Public of Montreal, for the kind manner in which he has been patronised for the last four years, and now craves a continuance of the same. He will carry on his Trade as formerly in all its branches, viz:—Dying all kinds of Silks, Satins, Crapes, Woollens, &c.; as also, Scouring all kinds of Silk and Woollen Shawls, Moreen Window Curtains, Bed Hangings, Silks, &c., Dyed and Watered. He begs to state he has procured a new Patent Watering Machine for Watering Silks. Shopkeepers, Tradesmen, and others, who may require anything done in the above line, will find it greatly to their advantage to call on him. He also engages to renew the colour of all sorts of Woollen Cloths that has lost them, and to make the cloth look as when new. All kinds of Stains, such as Tar, Paint, Oil, Grease, Iron Mould, Wine Stains, &c., carefully extracted.

N. B.—As many of my customers are of opinion that I have opened another Establishment in Notre Dame Street, I wish to correct the mistake, by informing them that I have nothing to do with any place but the above, and that I have leased the same for six years from the 1st May.

GREAT ENGLISH REMEDY!!!—THE MOST VALUABLE SPRING AND SUMMER MEDICINE IN THE WORLD!

HALSEY'S FOREST WINE!

Patronised by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medicine of the Age.

MEDICINES containing Molasses or Liquorice, like the boasted Sarsaparillas, require many large bottles to produce the slightest change in health. The *Forest Wine* is altogether a different article. It contains no Syrups to give it consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable plants of which it is composed. The *Forest Wine* combines the virtues of the

WILD CHERRY, DANDELION, YELLOW DOCK, and SARSAPARILLA,

With other valuable Plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient Medicines now in use. Less than a single bottle restores the lingering Patient from weakness, debility, and sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommended, in the strongest terms, for all complaints of the

SAVED FROM DEATH!!!

Testimony of Mr. Nathan Mathews, *a highly respectable and wealthy citizen of Newark, N. J.*

Dr. G. W. Halsey:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I laid at the point of death, with Dropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine, and box of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age. I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors have also used them with similar success in obstinate complaints, and I can cheerfully recommend them to the public.

Yours, respectfully,
Newark, Dec. 19, 1847. N. MATHEWS.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

New York, Jan. 9, 1848.

Dr. Halsey—Dear Sir:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for upwards of ten years; and, having adhered closely to the directions which accompany the Medicines, I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are disuaded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pity it is that the deception used by others should be the means of disuading many labouring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

Yours, &c., JAMES WILSON.

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messrs. S. S. Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, says: "From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good Medicine, and will, undoubtedly, become the leading Medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his Patients.

☞ Seven hundred Certificates from Physicians, Clergymen, and individuals of known respectability, have been given, testifying to the great cures made by "*Dr. Halsey's Forest Wine and Pills.*" Among them is the cure of Mr. John Symm, of 535 Pearl Street, New York, cured of Affection of the Liver and bad Cough, after having been given over by his Physicians, who pronounced his case incurable Consumption. A child of Mr. William Bowers, Broadway, New York, who had been grievously afflicted with Scrofula, of four years standing, cured in less than six weeks time. Mary A. Brown, daughter of the Rev. James R. Brown, of Disease of the Heart and Incipient Consumption. Others of Jaundice, others of Piles, others of General Debility, others of Gravel, Female Complaints, &c., &c.

DR. LA'MERT
ON THE INFIRMITIES OF YOUTH AND MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope, 2s. 6d. Sterling.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH AND MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study, or the Influence of Tropical climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,
Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the well, which covers the origin of domestic wretchedness, be raised, and its true source in every instance disclosed, in how many would it be traced to physical disqualifications and their attendant disappointments. Excesses are always injurious; the gift which, when used in moderation, is fraught with advantage, becomes, when abused, the prolific source of mischief, and of greater or less injury to the constitution and vital powers.

The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame than any other to which it is subject.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens, that, the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age while suffering from their invariable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that these complaints are beyond the reach of art, alike restrains him, and prevent his seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honours, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of JOHN McCOY; in St. Johns, of H. Chubb & Co., price 2s. 6d., Sterling; Halifax, Messrs. Morton & Co.; Quebec, Mr. Neilson.

IMPORTANT TESTIMONIALS.

Copy of a letter from "COLONEL HAWKER," (the well known Author on "GUNS & SHOOTING,") Longparish House, near Whitchurch, Hants October 21st, 1846.

Sir,—I cannot resist informing you of the extraordinary effect that I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that denied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

ANOTHER INSTANCE OF THE GOOD EFFECTS OF KEATING'S COUGH LOZENGES, UPWARDS OF TWENTY-ONE YEARS' STANDING.

Liverpool, 6, Bold Place, Jan. 26, 1848.

My Dear Sir,—I have great pleasure in informing you that my wife has received great benefit from the use of Keating's Cough Lozenges, you recommended her a short time since. Previous to this she had been troubled with a severe cough, and was under some of our first medical men here without experiencing any relief; however, Keating's Lozenges have done wonders.

With respects, believe me, your's faithfully,

RESTORATION OF VOICE BY KEATING'S COUGH LOZENGES.

Glasgow, 16th January, 1847.

Sir,—I have great pleasure in informing you of the great good your excellent COUGH LOZENGES have done me. In December, 1845, I caught a severe cold from riding two or three miles, one very wet night, which settled in my lungs, and quite took away my voice, so that I could not speak above a whisper from that time until December last. I tried all kinds of medicines, but they were of no avail; I was then advised to try your Lozenges, which I did only to please my friends; but before I had finished a 2s. 9d. tin, my voice, to my great joy, came back as strong as ever.

I am, Sir, your's respectfully,
JAMES MARTIN.

WONDERFUL EFFECTS OF RADWAY'S READY RELIEF,
FOR CURING DIARRHŒA.

JAS. STEWART, at Head Quarters, Bonsecours Street, has been complaining of Diarrhœa for several days. On Thursday, the 13th instant, he was quite unwell; had constant Diarrhœa upon him; felt pain in the region of the Stomach; Heaviness; Cold Chills, Sick, Drowsy, Mopish, Low Spirits, and Sleepy. He was recommended to take a few drops of RADWAY'S READY RELIEF—he took 25 drops—it instantly operated like a charm. In an instant the pain was gone—Cold Chills and Heaviness, Drowsiness and Torpor, gave place to a genial warmth of the system, and a happy flow of spirits.

IN FIVE MINUTES HE DANCED A JIG.

For he was completely cured.

Let all who suffer pain in any form, whether it be Rheumatism or Diarrhœa, Pains in the Bowels or the Bowels, Cramps, Spasms, Strains or Sprains, Weakness, Sour Stomach, Heart Burn, Swellings, Head Ache, Tic Doloureux, Tooth Ache, Salt Rheum, Ring Worm, Rash or Tetter, use Radway's Ready Relief, either externally or internally, and we will warrant them a safe, speedy and effectual cure.

I certify that the above statement is correct.
W. L. STEWART.

I saw the said James Stewart take Radway's Ready Relief, and witnessed the remarkable effects it had upon him.

MINERAL WATERS
OF
POINT DU JOUR, PARISH OF L'ASSOMPTION.

THESE truly valuable WATERS are distinguished for the large quantity of Bromine and Iodine they contain, and are acknowledged superior to all other Medicinal Waters. They are the most agreeable refreshment of the description that have yet appeared. They can be used cold to the greatest degree in the most oppressive heat of Summer, and that without altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Water, enable us to recommend them to the public as an excellent remedy in a very great number of cases. The names of a few only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. These, however, show the happy results arising from their application:—

R. Evq de Kingston,	A. Nelson, M. D.,
Jos. M. Belanger, Ptr.,	J. B. Meilleur, M. D.,
P. C. A. Munro, M. D.,	A. E. Regnier, M. D.,
Amable Simard, M. D.,	A. Rollin, M. D.,
L. G. Cazeneuve, M. D.,	C. Sabourin, M. D.,
E. H. Trudel, M. D.,	F. L. Genand, M. D.,
W. Nelson, M. D.,	F. H. Latour, M. D.,
R. L. Macdonnell, M.D.,	T. Ed'Orsonnens, M.D.
G. B. Bibaud, M. D.,	Dr. Dorion.

Persons who have not received the little volume containing these certificates at length, can obtain it at the Depots, where the Waters are Sold; by reading it, they will feel convinced that they have effected wonderful cures in various cases, and that they have been found superior to all others.

Rivière Du Chêne, March 1, 1850.

Sir,—Since your last, desirous to ascertain the effect which the Waters of the Point du Jour Springs have produced on myself, I must inform you, that I have used them medicinally at their Source, and have found them highly salubrious.

I was at the time so affected by the consequences of a severe disease of the Digestive Organs, that my Physician judged it right to suspend, for a time all active remedies, and to rely for the repression of Dyspepsia and the Prostration of the Bowels, under both of which I was suffering severely. He prescribed for my relief the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time so weak, that it was with difficulty I kept my feet. However, at the expiration of three weeks, I was restored by using the Waters. These Waters are of a gaseous nature, containing a large quantity of saline particles, and agreeable in the taste—taken in a large dose they are strongly laxative, but their purgative properties are attended with griping pain. Even when have been using them long, and have been weakened or enervated in their constitution in consequence; upon the contrary, by using them they find their appetite increased, and their digestion rendered more regular. After a dose of 3 or 4 four glasses, I found that they had the effect of increasing the urinary secretions at first, and that these decreased in the same proportion that the alvine secretions increased. The action of the nervous and sanguinary systems were thereby moderately augmented, and, instead of finding myself morose and sad as I had been during some days before them, I perceived myself involuntarily disposed to pleasure and gaiety. Many who, in the same circumstances, made use of the Waters by the recommendation of Dr. Cazeneuve, experienced the same effects. To conclude, I am of opinion, in conformity with the Anlysis made by T. S. Hunt, Esq., that Physicians might employ it successfully in the same diseases for which the Plantagenet Waters are so judiciously recommended.

Yours, respectfully,
AMABLE SIMARD, M. D.

St. Joseph's Convent, May 14, 1850.

Sir,—I observe with pleasure that the Mineral Waters, their source at Point du Jour, Parish of the Assomption, (L'Assomption,) are acquiring the celebrity they deserve. For myself, who am, perhaps, one of the first that alluded to them in the newspapers, in the year 1825, I can testify, that since then I have had occasion to try various Mineral Waters, nevertheless I have never doubted that the preference must be given to those of Point du Jour—having myself had much experience.

The Proprietors have their Depot established at No. 6, Jacques Cartier Place, next door to the Hotel of Serafino Girardi, Esq. The distance for conveying the Waters to the Depot is so trifling, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Prices, 7½d. per gallon, and 2s. the dozen. (in bottles.) Sick persons, unable to pay for it, can have some gratis, by producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and wonderful Waters, prepared by Providence for his creatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.

LET THE SKEPTICAL READ THIS.

From Edward Brinley, Esq., No. 3, South side Faneuil Hall, Boston.

Boston, Jan. 19, 1847.

Dear Sir: Having for some time purchased of your agent the article of hair restorative prepared by you, and having found it the most valuable application for the hair, in my estimation, ever offered the Public, I feel it a pleasure to offer you my humble testimonial as to its worth, begging you to make such use of it as may seem best to you.

The public has long been deluded and imposed upon, and still are, by thousands of nostrums, promising a benefit to the hair, whilst they have proved but an injury. But the article you have produced, I feel a pleasure in saying is the most agreeable preparation for dressing the hair, and keeping it in a healthy, vigorous condition, that I have ever known. And wishing you that full success in its sale which its merits so fully and pre-eminently entitle it to, I am, dear sir, very respectfully, your obedient servant,

EDWARD BRINLEY.

URQUHART'S
CONCENTRATED COMPOUND DECOCTION,
OR FLUID EXTRACT OF
JAMAICA SARSAPARILLA,
As ordered by the
Pharmacopœn of London College of Physicians.
PREPARED BY
ALEXANDER URQUHART,
AT THE
Medical Hall, 7, Great St. James' Street.

THIS Valuable Preparation has been before the public for many years, during which time it has been extensively used, and has proved eminently successful in all those diseases in which this medicine is prescribed. It is considered by Physicians of the present day the very best Medicine for re-establishing the constitution after it has undergone the effects of Mercury. In Chrome Rheumatism, the most marked effects have been produced by the use of Sarsaparilla; and its continued use is often attended with improvement of appetite and digestion, increase of strength, the production of a more healthy state of mind, and the pallation, or, in some cases, complete disappearance of various morbid symptoms, as Eruptions, Ulcerations, pains of a Rheumatic character, &c., &c.

Drs. McCulloch, Campbell, McDonell, and Fraser, who have extensively used it in their practice, have kindly favored the Proprietor with the following Certificates:—

Alex. Urquhart, Esq.:—Dear Sir,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. This I am enabled to do, on account of several of my patients having derived the greatest benefit from its use.

For Constitutional Syphilis and Chronic Rheumatism, I have prescribed it with the most marked effects, I can, therefore, without the least hesitation, recommend your preparation as one possessing all the Medicinal qualities of the Compound Decoction of Sarsaparilla, while it is at the same time more palatable, and less apt to derange the Stomach. Your most obedient servant,

W. Fraser, M.D.,
Lecturer on Medical Jurisprudence, McGill College.
Montreal, 9th February, 1847.

Montreal, February 10th, 1847.

I beg to certify, that I have employed very extensively, the "Fluid Extract of Sarsaparilla," made by Mr. Urquhart; in all those diseases in which that Medicine is usually prescribed, and that I have found it a most valuable preparation. I can, moreover, state, from personal investigation, that the Proprietor employs none but the purest ingredients, and bestows the greatest care and attention upon the mode of preparing this remedy.

Robert McDonell, M. D.,
Lecturer Institutes of Medicine, McGill College,
Physician to the Montreal General Hospital.

Mr. Urquhart's Sarsaparilla is the only preparation of this valuable Medicine that I can, with entire confidence, recommend to my patients. M. McCulloch, M.D.
Montreal, 10th February, 1847.

Dear Sir,—I have frequently prescribed your Fluid Extract of Sarsaparilla, and I have no hesitation in recommending it as a very elegant and convenient form for administering that Medicine. Yours, very truly,
Geo. W. Campbell.

ELEGANT AND INVALUABLE ARTICLE FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

Boston, Feb. 15, 1847.

Mr. Wm. Bogle.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates the hair, beautifies the hair, and cleanses the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known pateated compounds.

WINSLOW LEWIS,

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for shaving, using one or two strokes thereof, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin.—It soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Saratoga Street, East Boston;

East Boston, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and this very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in preserving the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are warranted superior to anything yet invented.

Latest from Toronto.

The following opinion of the beneficial effects of the Plantagenet Water, is from the last number of the *British American Medical and Physical Journal*, edited by Dr. Hall. The Doctor recommends the employment of this water to the special attention of the Profession, both in Canada and the United States. Nothing further is required to ensure their general use by all classes of our citizens:—

Remedial nostra, or matters professing to be such, and depending for their employment upon the extensiveness of the circulation of laudatory advertisements, and the amount of money consequently paid by their proprietors for these, have at no time, since we undertook the management of a Journal intended solely for the advancement of medical science, found favor in our eyes. *Nor shall they.* We have always adhered to the old maxim, "Ne sutor ultra crepidam." We have always thought, and are daily more confirmed of the truthfulness and correctness of our opinions, that all the world was never intended to practice medicine, inasmuch as all men—aye, and all women too—are unable to make themselves masters of the science of medicine; and it must be admitted, without a cavil, that without a foundation there can be no superstructure. Not that we would dare to question the qualifications of all to become, perhaps, even, scientific practitioners of the Healing Art—far from it; but seeing that different gifts have been assigned to different individuals, from the foundation of our world, and that one class is necessarily dependant upon another for its comfort and support—the rich and poor, the educated and illiterate, the professor of science and the simple mechanic—so we hold, that the public should be directed, under God, in the main instance and preservation of health, by men who have been educated for the purpose, and who have spent their lives in the advancement of our professional knowledge. We have, in common with our medical friends in this city, taken occasion, from time to time, to prescribe, in fitting cases, the Plantagenet Water, derived from a spring on that gentleman's property, in the Ottawa District. Commendatory certificates from medical men, perfectly well known to us, have been published in the daily newspapers of this city; our own has appeared among the number. But we now hesitate not to recommend the employment of this Water to the special attention of the profession both in Canada and the United States. Mr. Hunt's analysis, as to its constituents, furnishes at once the key of its applicability and usefulness. We are informed that the proprietor has made arrangements for supplying, during the forthcoming season, the Plantagenet Water throughout our own Province and the United States, by the establishment of necessary depots and the appointment of proper agents.

These waters are to be had only from the Agent, A. Mann, at the Depot 4, *Place d'Armes*, also from Dr. Picault; Mr. Mercier, Quebec Hotel; Mr. Berian, St. Paul Street; and at the principal Hotels in the City.

A fresh supply of the above Waters have just been received, and for sale by the above Agents.

UNQUHART'S
CONCENTRATED COMPOUND DECOCTION,
OR FLUID EXTRACT OF
JAMAICA SARSAPARILLA,
As ordered by the
Pharmacopœn of London College of Physicians.
PREPARED BY
ALEXANDER URQUHART,
AT THE
Medical Hall, 7, Great St. James' Street.

THIS Valuable Preparation has been before the public for many years, during which time it has been extensively used, and has proved eminently successful in all those diseases in which this medicine is prescribed. It is considered by Physicians of the present day the very best Medicine for re-establishing the constitution after it has undergone the effects of Mercury. In Chrome Rheumatism, the most marked effects have been produced by the use of Sarsaparilla; and its continued use is often attended with improvement of appetite and digestion, increase of strength, the production of a more healthy state of mind, and the pallation, or, in some cases, complete disappearance of various morbid symptoms, as Eruptions, Ulcerations, pains of a Rheumatic character, &c., &c.

Drs. McCulloch, Campbell, McDonell, and Fraser, who have extensively used it in their practice, have kindly favored the Proprietor with the following Certificates:—

Alex. Urquhart, Esq.:—Dear Sir,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. This I am enabled to do, on account of several of my patients having derived the greatest benefit from its use.

For Constitutional Syphilis and Chronic Rheumatism, I have prescribed it with the most marked effects, I can, therefore, without the least hesitation, recommend your preparation as one possessing all the Medicinal qualities of the Compound Decoction of Sarsaparilla, while it is at the same time more palatable, and less apt to derange the Stomach. Your most obedient servant,

W. Fraser, M.D.,
Lecturer on the Institutes of Medicine,
McGill College.

Montreal, April 10, 1850.

Sir, I have now prescribed this Plantagenet Water for upwards of a year, and I am very happy in being able to state to you, that the opinion which I formed of their probable usefulness, based on Mr. Hunt's Analysis, at the time of my commencing to use them, has been fully and satisfactorily verified by subsequent experience. I now recommend them extensively, and I have frequent opportunities of hearing from my patients that their employment has been attended with all the beneficial results for which they were prescribed.

I am, Sir,
Your obedient servant,

TO THE LADIES.
THE GENUINE BALM OF COLUMBIA FOR RESTORING THE HAIR.

"Long hair is a glory to woman," says Paul,
And all feel the truth of the pious quotation;
Preserve it then, ladies, our glory may fall,
Unless you protect it with this preparation

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition, appears to be of no consequence whatever; it also causes the fluid to flow with which the delicate hair tubes is filled, by which means thousands (whose hair was gray as the Arctic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used.—A few applications only are necessary to keep the hair from falling out, to strengthen the roots, it never fails to impart a rich glossy appearance, and as a perfume for the hair, and toilet it is unequalled. It holds three times as much as other miscelled hair restoratives, and is more efficacious.

☞ Caution.—Never buy it unless you find the name of Comstock & Co., Proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

For Sale by Wm. Lyman & Co., St. Paul Street; and Dr. Picault; *only* Agents in Montreal. 49

ANALYSIS OF THE ST. LEON WATER.

I HAVE submitted to analysis the Water from the Source of St. Leon, and find it to be strongly saline. It contains chloride of sodium in large quantity, with magnesia and lime, partly as carbonates, dissolved by the excess of carbonic acid, and partly as chloride. Like most of the other saline waters of the country, it contains bromine and iodine; in addition to which, I have detected, in small quantities, salts of barytes and strontia, which had hitherto been met with only in the waters of Vanes-tes. In its general characters, it is allied to the Sources of Caxton, Plantagenet, and the International of Caledonia.

The contents of one pound of 7000 grains, as calculated from my analysis are as follows:—

Chloride of Sodium,	59.477200 grains.
Chloride of Potassium,	1.222400 do.
Chloride of Barium,	.012999 do.
Chloride of Strontium,	.012720 do.
Chloride of Calcium,	.502000 do.
Chloride of Magnesium,	4.615940 do.
Bromuet of Magnesium,	.056092 do.
Iodid of Magnesium,	.029410 do.
Carbonate of Lime,	2.442840 do.
Carbonate of Magnesia,	6.371600 do.
Carbonate of Iron,	.101500 do.
Alumina,	.101600 do.
Silica,	.605500 do.
	96.559291 grains.

PLANTAGENET WATER.

MONTREAL, July 6 1850.

During the past eighteen months, I have had ample experience of the Plantagenet Mineral Waters, which has confirmed the favourable impression their analysis led me to entertain of them, as a safe, cooling and alterative beverage during the heat of summer. I have also found them useful auxiliaries in the treatment of some derangements and diseases.
