HISTORICAL EXHIBITION.

Arrangements Are Being Made to Secure a Worthy and Varied Display.

The Historical Exhibition Committee met yesterday morning in Victoria College. Mrs. Leigh was in the chair. Various arrangements were discussed with regard to the lectures which will be given during the exhibition. The conveners of the different committees reported upon the work done during the week.

Mrs. Burwash, Avenue-road, read an interesting report from the Educational Committee. They are desirous of obtaining the co-operation of all the universities and colleges in procuring for their exhibit pictures, portraits, charters, records of the earliest schools in Ontario, with portraits of masters, scholars, registers, etc. This committee is especially desirous to collect everything bearing on the history of King's College, and will be thankful for any information forwarded.

Mrs. Jarvis, Prince Arthur-avenue, reported upon old furniture. Mrs. Jarvis has been promised furniture of great historical interest, notably some which belonged to Governor Simcoe, Sir Peregrine Maitland, etc., and expresses the desire that those who have furniture with historic associations will communicate with her as soon as possible.

Mrs. Spragge, Wilcox-street, reported upon china, and requested that all forms should be filled in and returned at once. The secretary added that the owners will kindly give full description of articles, but on the back of forms supplied, so as to enable the catalogue to be compiled as quickly as possible.

Mrs. MacMahon, Spadina-avenue, convener of Committee on Old Silver, and Mrs. R. A. Harrison, Madison-avenue, request that the citizens will assist them in the collecting of silver, hall marked and having historic associations.

The poster for the exhibition, which has been accepted by the Exhibition Committee, will be ready in a few days.

The sub-committees will meet in Victoria College on Wednesday, at 10.30. The Refreshment Committee will meet on Wednesday at 2.30 in Victoria College. The Entertainment Committee meets on Thursday at 2.30 in Victoria College. The Finance Committee will meet at 4.30 on Friday in the board room of the Wesley Building, West Richmond-street.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure. ed

KOW LOON TROUBLE RENEWED

Troops Are on the Move and Gunboats Are Leaving for Sea Under Sealed Orders.

THE GRAVEST ANXIETY AT PEKIN.

Germans and Japanese Are Particularly Uneasy Because of Russia's Unexpected Move.

Hong Kong, May 15.—The native opposition to the occupation by British forces of the new territory, Kow Loon, opposite Hong Kong, has suddenly been renewed. About 900 men of the Hong Kong Regiment, with machine guns, are leaving here to-day and to-night, while the volunteers have been warned to be in readiness for any emergency. The British second-class gunboat Swift, accompanied by three other gunboats, is proceeding to sea under sealed orders. These warships have 500 men on board.

The territory back of the Hinterland is also disturbed, and Chinese troops have been sent there.

Anxiety at Pekin.

Pekin, May 15.—The Russian demand for a new railroad concession, connecting Pekin with Russia's present railroad system in Manchuria, is still exciting the gravest anxiety here. The chief Chinese officials are having constant consultations with the Dowager-Empress. It appears to be the general opinion that it is intended the line should start from Kirin or Mukden, and run direct to Pekin by way of Shohol. The Germans and Japanese are particularly uneasy on the subject of this unexpected move upon the part of the Russians, and it is said there is a feeling among the prominent Chinese that the moment has come to make every effort in the direction of securing British sympathy and aid.

British Government Questioned.

London, May 15.—The Government was questioned in the House of Commons to-day regarding the Russian demand for a railroad concession to connect Pekin with Russia's present railroad system in Manchuria. The Parliamentary Secretary of the Foreign Office, Mr. William St. John Brodrick, replied that the British Charge d'Affaires at Pekin had reported that Russia had made such a demand, and it was understood that, up to the present, the Chinese Foreign Office had declined to grant the full concession. Mr. Brodrick added that Her Majesty's Government was unable to make a pronouncement on the subject of Great Britain's attitude in the matter until all the facts were known.

The Government was then asked whether, in view of the foregoing, Her Majesty's Government would take steps to have the basin of the Yang-tse Kiang clearly defined.

In reply, Mr. Brodrick said the proposed railroad did not affect the Yang-tse Kiang basin, regarding which the Government had entered into an agreement with Russia.

IT'S A HARD CLAIM TO PROVE

That a Pittsburg, Pa., Barber Owns Land on Which the City of Guelph Stands To-Day.

WHAT CANADA COMPANY CAN SHOW.

Got the Patent From the Crown in 1829—No such name as Connor on the Records.

The Pittsburg barber who thinks he rightly owns the City of Guelph will have a lot of difficulty substantiating his claim. The Canada Company secured a tract of 42,338 acres from the Province of Upper Canada, the original patent being dated July, 1829. This land now constitutes the Township of Guelph, and includes the whole of the Royal City.

World Saw the Patent.

The patent was seen by a World reporter yesterday, and it is a most interesting document. It was made during the reign of George IV., and bears an immense beeswax seal, which was the great seal of the Province. It is signed by Sir John Colborne, who was then Governor of the Province of Upper Canada; by John B. Robinson, Attorney-General, and D'Arcy Boulton, jr., Auditor-General. Accompanying the document is a very minute map of the district, drawn in 1828.

Name Connor Not Shown.

The books of the Canada Company show no transactions with persons by the name of Connor, and the item in yesterday's World was the first intimation the officials of the company had regarding the Pittsburg man's claim. If it is possible that old Mr. Connor did have some land, and that it was deeded by the Province of Upper Canada to the Canada Company, then, the company thinks, the heirs of the deceased gentleman must look to the Province of Upper Canada for compensation.

NO INSOLVENCY BILL.

Mr. Fortin's Bill Will Not Come Up at the Present Session of the House.

Merchants throughout Canada who are anxious to secure a reform in the present system of winding-up and distributing of insolvent estates will be disappointed to learn that Mr. Fortin's new insolvency bill will not come up at the present session of the House of Commons. Yesterday E. R. C. Clarkson, assignee, received word from his agents, Messrs. Kent & Turcotte, Montreal, that Sir Wilfrid Laurier had conferred with Mr. Fortin, with the result that the bill will not be introduced, and that the Premier would probably make an early announcement to that effect.

The various Boards of Trade and Chambers of Commerce throughout the Province, who have wanted a uniform insolvency law for the benefit of commerce generally, will regret the shelving of the bill. The Government has been waited upon by various deputations wanting it, and a special committee of the Toronto Board of Trade has taken an active interest in trying to promote the measure. There were some difficulties between the merchants and the banks, but these had been overcome, and a harmonious agreement reached. Thus, those who are interested are wondering why the bill is to be dropped.

Got at the Buildings.

Messrs. Pardo and Ferguson, the representatives of Kent County, were at the Parliament Buildings yesterday in connection with improvements at Rondeau Park, and also to interview Mr. Bastedo of the Fisheries Department.

Unusual floods in the north country have greatly delayed colonization roads work. The work is away behind for this season of the year in Parry Sound and Algoma districts.

A Question Answered.

On Saturday last, while the Decoration Day procession was marching up the Queen's-avenue, and through the Park, everyone was asking the name of the spirited march which was being played by the Royal Grenadiers. It was so striking as to command universal attention, and even the ladies felt their toes moving impatiently and wishing that they could get a copy of the march for a two-step. Well, the secret is out—it was "General Hutton's March," and it is understood that half the regimental bands in Canada are using it, and that down East it is considered the best two-step ever written.

What is Scott's Emulsion?

It is the best cod-liver oil, partly digested, and combined with the hypophosphites and glycerine. What will it do? It will make the poor blood of the anæmic rich and red.

It will give nervous energy to the overworked brain and nerves. It will add flesh to the thin form of a child, wasted from fat-starvation.

It is everywhere acknowledged as The Standard of the World.

THE DAWN OF A NEW ERA
For humanity has come with the advent of
'PERSPIRINE'
The mind of our race has made many strides since the days of St. Paul. Groping through the darkness of the senses man owes to reason, science and letters, all that is best in nature—in the dark days of old distress and misery was endured by scores of men and women suffering from the unpleasant odor and discomfort arising from sore feet sweating under the armpits, etc., producing in turn irritation and skin diseases, and making life miserable. An absolute cure for the above is to be found in a few applications of "PERSPIRINE," a liquid preparation for sale by all druggists, or on receipt of price, 50c, to 246
