The Service You Want

While we are constantly endeavoring to increase the volume of our business, we realize that we can best do this by properly serving the interests of our customers, both in the careful selection of investments and in the safeguarding of their interests.

The service which we will give you as a customer will not end with the sale of one or more securities to you, as we have established a special department for the purpose of exercising a watchful care over your interests and the safety of your investment.

We are always pleased to have our customers send us their coupons and bonds when they mature. We look after their collection for them.

CLOSING COTTON LETTER.

By Direct Private Wires to J. C. Mackintosh & Co.

New York, June 7.—Despite a somewhat disappointing Liverpool cable, the early cotton market ruled strong of undertone, prices during the first hour reaching a level about six to eight points above last night's closing. There was vigorous support by bull interests and further short covering in considerable volume. When the demand from the latter source subsided there was heavy pressure to take profits under which prices gradually receded to near the last night closing. Heavy and unwelcome rains were reported in the Eastern belt during the day. There were further complaints of drought in certain sections of Texas and reports of beneficial rains from other points in the same territory. There are many people who do not feel that recent weather and general crop news justifies the upward movement and attribute the advance to an oversold market. The bulls, however, contend that contracts are still below. We still believe that distant months can be bought on all reactions.

Beautiful Indeed Is St. Lawrence Now

SPRING has lent to the sacred stream of this historic River, the charm of her fresh and sweetened colorings. Everywhere eye-reach stretches a flat, green country with the white, steep-roofed houses of Dreamy habitant. Picturesque little villages straggle the water's edge. Ancient white churches with their gilded crosses rising to the sky, cool greens and blues of the glistening, sun-lit Laurentian Mountains. The air is as balmy. The scenes quiet, refreshing, soothing the turmoil of the city. Travel to EUROPE

and enjoy the novel interests of the St. Lawrence. Nothing like it in Europe, nor in whole world. Ask your steamship agent, or write for illustrated, descriptive booklet.
