C. P. R. TO HAVE MODEL FARM IN NEW BRUNSWICK

Purchase Not Yet Made But Start Expected This Spring—Another Step in the Forward Movement

A model farm for illustration purposes is to be started in New Brunswick by the Canadian Pacific Railway. The matter has been under consideration for about a year and the railway company has in view several farms which will serve their purpose. The actual purchase has not yet been announced but it is expected that a farm will be bought in time to allow the railway to commence operations this spring.

The principal motive of the company in undertaking this new venture is to show what can be done on a New Brunswick farm. Experts will be employed and the most scientific methods will be used. From the selection of the crops and the preparation of the soil to the harvesting and marketing, everything will be done on the most modern lines.

Not only will an effort be made to secure the best possible results from the crops which are now generally raised in the province but experiments will also be made with others which are not so common or which have not been introduced here, for the purpose of learning the success with which they can be adapted to our soil and climate.

The farm will be operated somewhat on similar lines to the government farms in other provinces and will be a valuable contribution to the agricultural interests of New Brunswick. It will be for the benefit of the farmers and in order to give as many as possible an opportunity to visit it and profit by the practical lessons taught there, excursions will be run periodically from different parts of the territory served by the C. P. R.

Part of the products of the farm will be used in supplying the dining car and hotel departments of the railway.

MONTREAL ENTERTAINS SCOTCH CURLERS WELL BUT BEATS THEM

Visitors Seventy-Six Points Behind at Close of the Day's Play—Playing St. Lawrence Today

Montreal, Jan. 12—Another whirl of entertainment started with a rush for the Scotch curlers this morning. It was only at two o'clock that the visitors finished the celebration of "a Scotch Nicht" at the Caledonia Club, but they were out fresh as daisies to plunge into the next round of entertainment, which opened at nine o'clock with a refreshing drive about the city, followed by some friendly matches with the St. Lawrence club.

Their entertainment began to tell on the Scotchmen last night. After holding up their end well in the afternoon games, they went to pieces in the evening play with the result that on the day they were beaten by no less than seventy six points. Caledonia, whom they defeated in the afternoon, routed the visitors in the evening by thirty-one points. Yesterday's scores were:

Scotch rinks	39	Montreal	69
Scotch rinks	38	Caledonia	56
Scotch rinks	38	Thistle	66
Totals	115	Totals	191

Nuggets of Cobalt silver will be presented to the curlers at a reception in the Outremont rink this evening.

FORTY ACRES FOR A LARGE PLANT HERE

Representative of English Company Looking Over St. John Sites—Five or Six Others Also Considering

A manufacturing plant big enough to require forty acres for its site, may soon be established within a short distance of St. John. In addition to this there are five or six other concerns, whose plans have not developed fuly enough to warrant any more definite announcement, who are endeavoring to make arrangements for the erection of large warehouses in the vicinity of the city with the intention of making this their distributing centre for the maritime provinces and for the export trade.

As most of these, in addition to others which already have been announced are looking to the district bordering on the I. C. R. along the Marsh, it is predicted that this territory will soon be taken up pretty fully.

The manufacturing industry of which mention is made is said to be a branch of a big British concern which is already established in Upper Canada. A representative of the firm visited the city a short time ago and, in company with a prominent local business man, spent a week looking over available sites. The fact that they wanted about forty acres gives some idea of the size of the project. As both their raw material and their finished product will be heavy, railway connection is necessary and the Intercolonial is likely to benefit by this business.

The other concerns, which are looking for warehouse sites include a carriage manufacturing company, an agricultural implement concern, a wholesale grocery and a couple of other wholesale companies.

A. O. H. INSTALLATION HELD IN CHATHAM

C. M. B. A. Officers Also—Thermometer Showed 13 Below Last Night

Chatham, N. B., Jan. 12—(Special)—A joint meeting of the A. O. H. Div. No. 7 and Ladies Auxiliary, was held last evening and was very successful. The following programme was carried out: Chorus, "Let Erin Remember," A. O. H. and Auxiliary; address by president of the A. O. H.; installation of officers of L. A. Auxiliary; piano solo by Alice Murray; address by Rev. Wm. Roche; presentation to President Buckley; installation of Div. No. 7 officers; address by the county president; address by the chaplain, Rev. Dr. O'Leary; trio, Mrs. Murray, Merlin Murray and Alice Murray; chorus "God Save Ireland," God Save the King. The presentation to President Buckley took the form of a handsome gold headed ebony cane. Doctor Byrnes' address of presentation was a very eloquent one. The following were the officers installed in Div. No. 7 by County President C. J. Morrissy: President, M. F. Haley; vice-president, W. J. Moran; recording secretary, Peter L. McDonald; financial secretary, C. A. Cassidy, jr.; treasurer, John J. Flanagan; sergeant at arms, Peter Coughlan; sentinel, B. Leo Moran.

The auxiliary officers installed by Mrs. F. D. Fraser are: President, Mrs. A. J. Losier; vice-president, Mrs. R. D. Walsh; recording secretary, Miss Mayme Foley; financial secretary, Miss M. T. Johnstone; treasurer, Mrs. W. P. Troy; mistress at arms, Mrs. P. Murray; sentinel, Miss Lizzie Maher.

Dr. Townshend will deliver a lecture here on tuberculosis early next week.

The thermometer last night registered thirteen below but the wind is abating and the weather is much milder.

Branch 202 C. M. B. A. officers have been installed by Grand Deputy M. F. Haley as follows: Chancellor, R. D. Walsh; president, Rev. M. A. O'Keefe, 1st vice-president, Edward Barry; 2nd vice-president, C. P. Hickey; recording secretary, Chas. A. Cassidy, jr.; financial, Leo. B. Moran; marshall, T. H. Fitzpatrick; sentinel, Joseph Richard; trustees, R. P. Hariman and W. T. Lacey.

SIX ARE SENTENCED

Prisoners on Remand Given Temperance Lecture and Then Sent in

Magistrate Ritchie handed out a good sound temperance lecture to six remanded prisoners in the police court this morning. All were charged with drunkenness and had been in jail on remand for about a week. Two of them, Dennis Burke and Daniel Fitch, besides having this charge against them were also charged with assaulting and robbing Edward Martin, a sailor of the bark Hector lying at Starr's slip. They pleaded guilty to the drunkenness but denied the theft.

"Most of you unfortunate fellows who come before me," said His Honor, "are not really to blame. It is the liquor dealers. If they would refuse to sell you fellows the rum you would be much better off and would not be inmates of the jail so much. Each of you will be fined $8 or two months in jail but the time you have already served will be taken off. To give you a chance I will say that just as soon as any of you make up your minds to leave the rum alone and are willing to become 'men' I will consider your cases, and perhaps you will be allowed your freedom."

STEAMSHIP NOTES.

On account of the lateness of the trains the S. S. Empress of Ireland will not sail until this evening between seven and eight o'clock. She will take away about 600 passengers and a large general cargo.

The Manchester Commerce for Manchester and the Inishowen Head for Belfast will get away tomorrow afternoon. The Commerce will go via Halifax.

The Donaldson liner Athenia which sailed last evening at five-forty-five o'clock took away besides other cargo, 230,000 bushels of wheat. She had a very heavy cargo.

The Morana is expected to arrive in port late this afternoon or tomorrow morning.
