THE TRACTOR-TRUCK-POWER DEMONSTRATION FOR ALL EASTERN NORTH AMERICA

AT COBOURG, ONTARIO, SEPTEMBER 17, 18, 19, 20, 1918

NOT A COMPETITION A DEMONSTRATION NO PRIZES

It will be a great Educational Event. The advantages of Power Farming Equipment will be brought home to the Farmer in a practical and effective manner. This Demonstration will, in the range and variety of Labor-Saving Machinery shown, far eclipse anything of the kind ever before held in Eastern North America. No up-to-date farmer should miss it.

You will have an opportunity to compare the work of Horses and Tractors.

There will be a tractor to fit every size of farm and every size of pocket-book. There will be a hundred of them on the grounds.

Hours Spent at Cobourg Will Mean DOLLARS in Your Pocket and MORE FOOD for our Soldiers

Greater Production is the slogan of the Farmer to-day. Improved Power Farming Equipment is the Manufacturers' answer.

The tractor won't be the whole show. Lighting Plants, Threshing Machines, Grain Separators, Milking Machines, Power Silo Machinery, Water Systems, Tractor Plows, Dairy Equipment, and many of the lines of Belt Power Apparatus designed to lighten the burden of the Farmer and the Farmer's Wife, and increase their productive power, will be exhibited.

MARKET REVIEW AND FORECAST

TORONTO, Monday, Aug. 19.—Harvesting is now at its height from one end of Canada to the other, and when the return crop begins to ripen we will have to confess that we have not enjoyed a bumper crop this year. In fact, we will do well if the total Canadian crop can be called a fair crop.

Ontario's production will be only 275,000 bushels, as compared with 15,383,466 bushels last year. Coarse grains, too, are short in the West, and in Ontario spring grains, particularly barley and oats, give promise of a very good crop. Recent rains have done much to put ears and oats and present prospects are for a fair crop of corn in Ontario. The seed for labor has been fairly good, and the general harvest leaves which have been granted are proving a most factor in the labor situation. For the whole part, however, farmers are depending upon their own help to handle the returns favorable they will probably succeed.
