age. That word would be—"Liberty." But neither from him nor from any of the nullities who surround his throne can the energy, the greatness of heart and the strength of mind to pronounce that word, be expected.

Afghanistan.

London, Dec. 25.—A Bombay despatch says:—"On Thursday a small column of infantry cleared the close country between Shirpur and Cabul. This restored confidence in Cabul, where most of the influential people are with us. Were it necessary to save them Gen. Roberts says he would attack the enemy immediately. If no opportunity to strike a blow offers before Gen. Gough arrives, Roberts will make an attack the day following his arrival."

A despatch from Cabul says: "The first move of Gen. Roberts will be to eject the enemy from the Bala Hissar and the city. This effected, the troops may be spared any further offensive effort during the winter. It is possible that the combination against us, which is not national, but feebly religious, will collapse from irresolution. The combination has within the last few days apparently lost much strength."

Calcutta, Dec. 26.—The mother-in-law of Yakoob Khan, the deposed Ameer, is reported to have expended two lacs of rupees (about $1,400,000) in a scheme to unite the Sepoys and Tribesmen in a close offensive and defensive alliance against the English—This woman is said, by those who know her, to be possessed of much diplomatic ability, and may come to be no contemptible factor among the forces that are working out the destiny of British rule in Afghanistan. It is spoken of here as being quite among the possibilities that she may initiate a movement which may result in the establishment of the authority of Yakoob Khan's eldest son, who has been proclaimed Ameer by Mahmond Jans, the insurgent leader.

YAKOOB KHAN'S VILLAINOUS TREACHERY.

London, Dec. 26.—A private letter from a British soldier in Cabul states that one of Yakoob Khan's generals told Roberts that Yakoob Khan signed the death warrant of the Embassy, and ordered the bodies of the murdered men to be dragged through the streets of Cabul. The same letter confirmed the statement that eighty thousand pounds worth of Russian gold were found in Cabul.

GENERAL GOUGH REACHES CABUL.

London, Dec. 26.—A *Daily News* Lahore despatch announces that Gen. Gough has joined Gen. Roberts, without opposition from the enemy.

SUSPICIOUS MOVEMENTS OF AFGHANS.

Lahore, Dec. 26th.—A suspicious movement has been noticed proceeding from the Afghanistan frontier. The Afghans in small parties, are travelling to different parts of India. Every train for the Interior takes from 25 to 40 Afghans. The authorities are on the alert and will watch the travellers. Another curious circumstance is the fact that large numbers of Arabs are constantly arriving at Bombay, and although they are stopped at the Railway stations whenever there is any ground for suspicion, they make their way to the various cities of the Interior by the bye road. The matter is attracting the attention of the Government.

Ireland and the Pope.

Pope Leo Congratulates the Irish Clergy on their Passive Resistance to the Agrarian Agitation—The Weight of Spiritual Authority thrown into the Balance.

London, Dec. 20.—A despatch from Rome says: "The Vatican has congratulated the Irish clergy on their attitude with reference to the political agitation in Ireland." [No little excitement has sprung from the statement of a Roman newspaper that a circular had been despatched to the Irish Hierarchy requesting them to use their influence to mitigate the agrarian strife which was pending between landlord and tenant. It appears, however, that whatever exchange of sentiments there may have been between Rome and Ireland no actual circular was addressed to the bishops collectively on this subject. The Pope, having heard the report, desired to be accurately informed of the state of things in Ireland. Archbishop M'Cabe, of Dublin was applied to for such information. Sundry letters also from distinguished persons, English and Irish, reached the Pope, urging the powerful influence which the Pontiff's word would have in calming the agitation and preventing violence. Cardinal Nina thereupon wrote to Archbishop M'Cabe instructing him to convene his suffragan bishops, to examine the situation and see what measures could be adopted for calming minds and preventing outbreak. Moreover, an article on the subject appeared in the *Osservatore Romano*, a journal whose sentiments are generally understood to reflect those of the Vatican pretty closely. "It is evident," says the writer, "that the Irish press is trying to get rid of all those Catholic members who are too high minded to pander to the revolution. Mr. Parnell, instead of demanding, along with his Catholic colleagues, better legislation, urges his hearers to confiscation, and allows them in his presence to utter prayers for assassination and armed revolt."

The *Osservatore Romano* concludes with the following words: "Exciting harangues cannot but produce an agrarian outbreak, which will be severely repressed, and which will augment the misery a hundred-fold." Other journals, having the ear of the Vatican asserted that the Pope was strongly opposed to the agrarian agitation, as well as to the general policy and tone of the extreme national party in Ireland. Should the movement assume any wider dimensions a circular letter would very likely be addressed by Leo XIII. to all the prelates of his communion in the island, directing them to warn their flocks in the strongest possible terms against having anything to do with it. The Pope had hitherto felt reluctant to interfere in what at first sight seemed only an endeavour to persuade the owners of the soil to make a temporary reduction of their rents, a [illegible] which was not characterized by communistic threats and appeals to violence.]

A Terrible Disaster.

London, Dec. 29.—A portion of the bridge across the Frith of Fay was blown down while a train from Edinburgh to Dundee was crossing at 7.14 o'clock, Sunday night. The gale was so strong that the steamboats were unable to reach the scene of the disaster, but several mail bags have been washed ashore, four miles from the bridge, and there is no doubt that the train is in the water. The passengers, who are certainly all drowned, are variously estimated at from 150 to 300.

LATER.

London, Dec. 29.—The gale having moderated, the Provost of Dundee and a number of leading citizens started in a steamer to the scene of the disaster, but have not yet returned. The excitement at Fay Bridge station is appalling. Many thousands of people are congregated, awaiting definite intelligence from the accident.

LATEST.

New York, Dec. 29.—A London despatch says of the Dundee disaster that the train for Dundee had arrived safely at the south end of the bridge crossing at the Frith of Fay shortly after seven. The bridge was intact, for signals were given for her to cross. The wires were interrupted a few minutes thereafter, and no further communication could be obtained.—Large quantities of wreckage, clothing and mail bags drifted ashore. The beach is strewn with the remains of the broken carriages and pieces of the bridge work. It is believed that a half dozen of the largest girders of the bridge were blown down, but the full extent of the disaster will not be known until to-morrow.

Emulsion

—OF—

COD LIVER OIL

—AND THE—

HYPOPHOSPHITES OF LIME AND SODA

For the Prevention and Cure of Coughs, Colds, Bronchitis, Laryngitis, Scrofula in various forms and all affections pertaining to Consumption.

In Pulmonary Complaints

its beneficial results have been especially noted, not only in increasing flesh and strength but in allaying the irritation, subduing the morbid condition and healing the affected parts.

MR. J. R. CUTHBERTSON, Toronto, writes: "My wife had a very severe attack of Pleurisy and Inflamation of the Lungs about three years ago, and ever since has been subject to severe Colds on the slightest exposure; in fact, they were so frequent that her system got quite reduced. She tried several remedies but without any permanent effect until she was induced to try NORTHROP & LYMAN'S Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a Royal Remedy for all affections of the Lungs and Chest and for all classes of Wasting Diseases, and building up of Weak Constitutions." dec17-4mos

Bangor, in the State of Maine, was thrown into a condition of intense excitement on Christmas Day by an attempt to remove arms and ammunition from the arsenal to the depot for transportation to Augusta. The teams were stopped by the populace, and upon the Mayor demanding of the drivers their authority for the removal a clerk in the Adjutant-General's office informed him that it was upon orders from the Governor. Quiet was only restored when the teams were driven back to the arsenal.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75cts. Sold by E. Lee Street, Newcastle.

The Philadelphia *Ledger* defines "free trade" as "making trade so free that it can fly away to other lands, and leave your own artizans and farmers in poverty." Not a bad definition.

PULMONARY CONSUMPTION arises from a decline or deficiency of vitality in the natural *bioplasm* or *germinal matter*; and this deficiency manifests itself not only in a general wasting or atrophy of the whole body, but also in a peculiar degradation, chiefly in the lungs and lymphatic system, of portions of this *bioplasm* into a sluggish, low-lived, yet proliferating matter, which, instead of maintaining the nutrition and integrity of the tissues (which is the natural office of the *bioplasm*) clogs the [illegible], and irritates them with a substance which is more or less prone to decay, and eventually involves them also in its own disintegration and destruction."

To remedy this deficiency by sustaining the vitality and sufficiency of the *bioplasm* and thus provide for the general building up of the whole system, is the office and design of ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME.

For Sale by Druggists and General Dealers. Price $1 per bottle; six bottles for $5.

Prepared by J. H. Robinson, St. John, N. B.

Dec. 17-1m.

AS SURELY AS EFFECT FOLLOWS CAUSE so surely will disease eventually fasten itself upon a system deficient in vital energy, if tonic medication is not resorted to in time The necessary tendency of a weak discharge of the functions of the body is to disorder its organs. Invigoration, prompt and thorough, is the only safeguard. No renovant of depleted physical energy, no restorative of lost flesh, nerve power and cheerfulness, has more clearly demonstrated its efficacy than Northrop & Lyman's Quinine Wine. In this preparation, associated with the salutary medicines which forms its basis, is pure sherry wine and certain aromatic constituents, which impart an agreeable taste to the article, and gives additional emphasis to its effects. In cases of general debility and dyspepsia it is invaluable and the desired effects is, in the vast majority of cases, remarkably prompt as well as decisive. That good natural appetite, which gives a relish for the coarsest fare, is insured by the use of the Quinine Wine, which also confers brain soothing and body refreshing sleep. Fever and ague and bilious remittent fever, are diseases to the eradication of which it is specially adapted; but it should be used only in the intervals between the seizures. The far-reaching effects of a good tonic, in all, complaints involving loss of physical, energy, are well understood by physicians, and the comprehensive influence for good of this preparation upon the system goes far to bear out the professional belief in the value of invigorants as opponents of disease. Be sure to ask for the "Quinine Wine prepared by Northrop & Lyman, Toronto. Sold by all druggists.

NOTICE OF SALE.

To Finlay Fraser of Campbellton, in the County of Restigouche.

NOTICE IS HEREBY GIVEN, that by virtue of a Power of Sale, contained in a certain Indenture of Mortgage bearing date the tenth day of November, A. D. 1877, and made between the said Finlay Fraser, of Campbellton, of the first part, and the undersigned, William Montgomery of Dalhousie, of the second part; which Mortgage was duly recorded in the Records of the County of Restigouche in Book F., pages 28, 29, 30 & 31 on the 10th Day of November, A. D. 1877; there will in pursuance of the said Power of Sale and for the purpose of satisfying the moneys secured by the said Indenture of Mortgage, default having been made in the payment thereof, be sold at

Public Auction,

in front of Jardine's Hotel, Campbellton, Restigouche County, on SATURDAY, the sixth day of MARCH next, at twelve o'clock, noon, the Lands and Premises in said Indenture mentioned and described as follows, viz:—ALL THAT PIECE OR PARCEL OF LAND situate in Campbellton, in the Parish of Addington, County aforesaid, being a portion of a lot of land numbered twelve (12) West of Walkers Creek so called, the said portion lying or being on the South side of the highway leading between Campbellton and the head of the tide, bounded and abutted as follows, viz:—Commencing at a stake or place seventy feet West from the division line of lots number thirteen (13) (Adams Lot) and number twelve (12) (Gerrards Lot) on the aforesaid highway, thence running South till reaching the Intercolonial Railway, thence West along said Railway to the highway crossing near the Railway Station and thence North and East along the highway aforesaid to the place of beginning. Together with all the buildings and improvements thereon and the privileges and appurtenances thereunto belonging or appertaining and all the estate, right, title, interest, term of years yet to come and unexpired, claims and demand whatsoever at law or in equity of the said Finlay Fraser, of, in, and to the said demised premises, and every part thereof, and also the said Indenture of lease, and every clause covenant, and condition therein contained.

WM. MONTGOMERY,
MORTGAGEE.

WHEELER & WILSON

SEWING MACHINES.

1,300,000 IN USE.

The only MACHINE which received the FIRST PRIZE, A GOLD MEDAL, at the last World's Fair at Paris in 1878.

The only MACHINE which received TWO DIPLOMAS of HONOR and TWO MEDALS of MERIT, at the Centennial Exhibition, at Philadelphia in 1876.

And the only MACHINE which ever received FIRST PRIZE at any World's Fair ever held, at which Sewing Machines competed.

THESE JUSTLY CELEBRATED

SEWING MACHINES

HAVE BEEN GREATLY REDUCED IN PRICE, so that for CASH, notwithstanding the increase of Tariff, one can be obtained at about the same price as the ordinary Cheap Machines usually sell for on time.

The principal qualities which recommend them over the Common Machines in use, are

They make the "LOCK STITCH" as Shuttle Machines, but use simply a Metal Spool for the under thread, thus doing away with the trouble and delay of threading the Shuttle.

All parts of the Machine are made so perfectly "true fitting," that any piece can be duplicated and put in place by an ordinary mechanic, or experienced lady operator, without the aid of a regular Sewing Machine Repairer.

All parts, which require to be, are made of the Finest Quality of Steel, while even the Castings are of such Superior Quality that they defy comparison.

THEY RUN LIGHTER, AND MAKE LESS NOISE, AND ARE MORE SIMPLE TO LEARN THAN ANY OTHER MACHINE.

But most important of all they make THE MOST PERFECT STITCH obtainable with a Lock Stitch Machine, as a comparison with the stitch of any Shuttle Machine will easily prove.

MACHINES sold on Monthly Payments, Notes and at LOW PRICES FOR CASH.

All Orders addressed to our Principal Office for New Brunswick, No. 80 King St., will be promptly attended to.

☞ Instruction Books accompany each Machine.

Send for Illustrated Price List to

Chief Sup't.

Moncton, N. B., 14th Nov., 1879. 26

CHEAPEST AND BEST.

The DAILY WITNESS is mailed to all its subscribers in America at less than a cent a day. It is the

BEST CENT NEWSPAPER IN THE WORLD,

giving all the latest news by telegraph, editorials on the most important question, a comprehensive correspondence column, a valuable department devoted to the contemporary press, home and religious reading, a weekly summary of the new books and magazines—in fact, each number is the world's history for a day.

Price including postage, $3.00 a year.

The WEEKLY WITNESS bears the same relation to the week as the daily does to the day. In this paper the news is summarized and condensed to the smallest space, that everything may have a place. Its great popularity is shown by its

CIRCULATION OF 30,500 COPIES

Amongst the best classes of the community. This immense circulation justifies its publishers in placing the price at $1.10 a year, and when the number of subscribers reaches 37,000, which seems likely this year, the price will be reduced to the round dollar.

Price $1.10 a year.

The

ALMOST UNANIMOUS OPINION

expressed of the WITNESS by those who have tried it is that of Donald Grant, a subscriber from Portage La Prairie, Manitoba, who writes: "The WITNESS is such a necessity that to do without it is almost an impossibility."

The NORTHERN MESSENGER is an eight-paged semi-monthly illustrated paper, which costs but 30c. a year to single subscribers, and much less to clubs. It is the pioneer of the WITNESS publications, and goes everywhere. We receive

HUNDREDS OF EVIDENCES

every year of the important work it is doing in the Sunday school and by the fireside. Owing to its immense circulation of over 51,000 copies, we have been enabled to make great improvements in its appearance, even at its present price. It has recently been improved in appearance by the addition of a neat border, which will make it much better liked than ever before, not only being a valuable paper but a beautiful one. There is also an edition of this paper devoted to

SUNDAY-SCHOOLS.

Its club rates are as follows: 10 copies to the one address, $2.50; 25 copies to the one address, $6; 50 copies to the one address, $11.50; 100 copies to the one address, $22.

Sample copies of these papers sent free on application.
