DR. CHANNING'S Sarsaparilla

FOR THE BLOOD

CURES SYPHILIS, SCROFULA, SALT-RHEUM, ALL SKIN-DISEASES, TUMORS, ENLARGEMENT OF THE LIVER AND SPLEEN, RHEUMATIC AFFECTIONS, DISEASES OF THE KIDNEYS, BLADDER AND URINARY ORGANS, LEUCORRHŒA, CATARRH, AND ALL DISEASES RESULTING FROM A DEPRAVED AND IMPURE CONDITION OF THE BLOOD.

A HIGHLY CONCENTRATED EXTRACT OF

RED JAMAICA SARSAPARILLA

AND THE

DOUBLE IODIDES

Space forbids the giving more testimony in this place, in favor of this great medicine. Is not one certificate, however, from an eminent and well-known Physician like Dr Bessey, of Montreal, sufficient to establish its superiority over the numerous mixtures called Blood Purifiers offered by Druggists and others?

T. C. STRATTON, Esq.

Montreal, Feb. 1st, 1877.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy, for the cure of *Blood Impurities*. So far as my experience leads me with this remedy, I can testify to its great value in the treatment of all Strumous and Cachectic affections, as Glandular Enlargements, and a wide range of skin affections; as a reliable preparation for general use as a *blood purifier*, I know of none equal to it, combining as it does, all the imputed virtues of Sarsaparilla, and several other valuable remedies, with the extraordinary alterative properties of the "*Double Iodides*," and of none that can be more highly recommended as safe, certain and reliable, and I have every confidence that such a remedy for general use, taking the place of the many worthless nostrums of the day, will be a great boon to suffering humanity, and its use will be attended with the most satisfactory results. It should be invaluable to persons beyond the reach of medical advice, and will, no doubt, become popular with Medical men throughout the country.

Respectfully yours,
W. E. BESSEY, M D
Beaver Hall Square.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the Glass, and retails at $1.00 per bottle, or Six Bottles for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure, and ask for Dr. Channing's Sarsaparilla and take no other. If not readily obtained in your locality, address the General Agent.

The Minister of Marine.

According to the Conservative member for Muskoka, as reported in the official debates, the Marine and Fisheries is "the most beggarly and starved department in the whole government." Col. O'Brien credits the presiding minister with "very economical principles." Worse still, he accuses him of sacrificing the public interests to penurious instincts. He charges him with neglecting the fishery resources of the country, and wrecking its marine affairs. He says it is with the "greatest difficulty that anybody can get paid even for legitimate expenses." Col. O'Brien strikes home and hits hard. If a Liberal should depict ministerial incapacity in as trenchant a style it would be charged to partyism. We suppose the fact is that the speaker embodies the opinions of many other members on both sides of the House. Otherwise he would scarcely risk the party lash. They all seem to know that under its present chief the department is a byword and reproach throughout the Dominion.

When a political supporter makes bold to talk so plainly there must be something in the wind. The local organ announces Mr. McLelan's sudden departure for England. What does it mean? It is unusual for any Minister to desert his post in the midst of a session. It looks squally. In the face of such charges as are voiced by the member for Muskoka, the Minister may find it easier to cross the sea than to defend himself in his place and explain the neglect with which his supporters charge him.

The Newfoundland papers report an ovation to Mr. Shea on his leaving St. John to attend the fishery exhibition at London. We hear it was said that Mr. McLelan's departure from our capital was popularized by a ten per cent. reduction from the bills of artists, tradesmen and office clerks, who have worked for the Canadian part of the exhibition. Col. O'Brien's description of a "beggarly" business therefore holds true to the last.—Ottawa *Free Press.*

The Story Without an End.

Again, its great monerary value seems almost monotonous. The 155th Grand Monthly Drawing of The Louisiana State Lottery at New Orleans, on April 10th, has this record: Ticket No. 62,887 drew the first grand prize of $75,000, of which Henry M. Kiessling, of No. 188 Dearborn st., Chicago, Ills., and A. Garnier, Tricot, Vermillionville, La., held each one fifth. Ticket No. 72,692 won the second capital of $25,000—collected in one whole lump through The Manufacturers' National Bank of Troy, for M. Connolly, of Troy, N. Y. Ticket No. 52,989 won the third capital, $10,000, and was sold in fifths—one to Edwin T. Eisenberg, jr. (collected through The Central National Bank of Philadelphia); another to H. H. Harper of St. George's Colleton Co., S. C.; another to Wm. H. Hampton, of Tracy City Franklin Co., Tenn.; another to R. F. Kruger, No. 241 Fourth st., Milwaukee, Wis. The two fourth capital prizes of $6,000 each were sold to holders of tickets No. 58,507 and 26,502—two-fifths were sold to James R. Day, Malta Bend, Saline Co., Mo., and to parties in Fort Wayne, Ind., New Haven, Conn. For further information apply to M. A. Dauphin, New Orleans, La., before the next drawing on June 12th, when the grand capital prize will be $150,000.

Household Hints.

Do not let coffee and tea stand in tin.

Keep your salt spoons out of the salt and clean them often.

Scald your wooden ware often, and keep the tinware perfectly dry.

Cheese should be wrapped in a piece of clean linen and kept in a box.

Scorched spots, if not too deep, may be removed by laying them in the sun.

Never wash raisins when they are to be used in sweet dishes. It will make the pudding heavy.

Cold boiled potatoes used as soap will clean the hands and keep the skin soft and healthy. Those not overboiled are the best.

To whiten the hands melt half an ounce of camphor gum, half an ounce of glycerine and one pound of mutton tallow, and apply every night.

Spirits of ammonia diluted with water, if applied with a sponge or flannel to discolored spots on the carpet or garments, will often restore color.

There is a greenness in onions and potatoes that renders them hard to digest. For health's sake put them in warm water or an hour before cooking.

Salt and water will prevent the hair from falling out and will cause new hair to grow. Do not use so strong as to leave white particles upon the hair when dry.

Linen dresses or other garments will retain their color if washed in water in which a quantity of hay is placed; boil and rinse the goods in it, using a little soap.

A British Columbia Calamity.

Victoria, B. C., despatches of 3rd and 5th inst. say,—The steamer Grappler, which plied between Puget Sound and Alaska, while proceeding North with one hundred passengers and a full cargo, took fire on 2nd inst. at Seymour Narrows, near Bure Inlet, and was burned and sunk. Twenty whites, two Indians and forty-eight Chinamen were lost. It is feared a number of young Canadians, from the Bay of Chaleur, who accepted employment at the Coast canneries, are among the lost. The bodies of two white men were found in the water, floating, tied by pieces of shirts to wreckage. The captain of the steamer was picked up insensible on shore, and restored. Two white men who floated off in a boat without oars, were picked up by Indians. Heartrending scenes are described by the survivors. Men clung to ropes until the flames reached them, when they dropped into the sea, and in most cases were drowned. The hull of the steamer sank in thirty fathoms of water. The goods and money lost are valued at $20,000, mostly insured. The survivors praise the Indians for their kindness, and but for the food and shelter they supplied those who got on shore would have perished.

A Suggestion.

A day's pleasure at your disposal, instead of a day's agony. Everyone who has corns can testify to the constant discomfort they produce. "I could have eujoyed the ball, or the picnic, or some other social pastime; but, oh! how my corns ached!" No necessity now, for such complaints. PUTNAM'S PAINLESS CORN EXTRACTOR removes the cause speedily. Try it. Beware of another article "just as good." Take only Putnam's. Sold everywhere. N. C. POLSON & CO., Kingston, Proprietors.

What Toronto's Well-known Good Samaritan Says:

I have been troubled with Dyspepsia and Liver Complaint for over 20 years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure.

Midnight Doctors are the most unwelcome visitors—even the Doctor himself curses the luck that compelled him to leave his comfortable bed. Suppose you try our method, and keep a bottle of Perry Davis' Pain-Killer in the house, and let Dr. Squills stay in his bed and enjoy himself.

Investigation into the recent cutting of the hose kept in readiness in case of fire at Government House has led to the dismissal of a Montreal resident who acted in the capacity of private detective at Rideau Hall, and also accompanied His Excellency while travelling, as an extra valet. The party mentioned has returned to Montreal, after four years' service, during which he was in the pay of the Department of Justice.

Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable discovery says it is the best thing he ever used; to quote his own words, 'it just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever and was afraid he was in for another when I recommended this valuable medicine with such happy results."

Consumption is a disease contracted by a neglected cold—how necessary then that we should at once get the best cure for Coughs, Colds, Laryngitis, and all diseases of the Throat and Lungs—one of the most popular medicines for these complaints is Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. Mr. J. F. Smith, Druggist Danville, writes: "It gives general satisfaction and sells splendidly."

"Who and what is O'Donovan Rossa?" asks a correspondent. Rossa is a native of Cork. He was born in 1832. When he was fifteen years old his father was evicted from his farm. This fired young Rossa's blood and he identified himself soon after with the Phœnix Society, out of which the Fenian organization grew. He was arrested on account of his connexion with the first named society in 1858. In 1865 he was again arrested for treasonable practices. He was liberated in 1870, when he came to New York and started an hotel. He had been a shopkeeper in Ireland.

The Ottawa *Free Press* says,—Of all the absurdities of our federal system, the greatest, perhaps, is to be found in the institution of provincial upper houses. Ontario, Manitoba and British Columbia have none, but Quebec, Nova Scotia, New Brunswick and Prince Edward Island, provinces that are everlastingly howling for better terms, would die, it seems, rather than abolish their petty travesties of the House of Lords. The Liberal Government of New Brunswick is desirous of retrenchment, and rightly considering the upper chamber as a useless and expensive adjunct to her Legislative machine, proposes to take a popular vote on its abolition. A bill to that effect was passed by the lower house, but the upper house rejected it. Pay and perquisites are stronger considerations with the councillors than the public welfare.
