JACK JOHNSON WILL BE TRIED

He Will be Charged With Smuggling, in District U. S. Court.

[Canadian Press Despatch]

CHICAGO, April 21— Jack Johnson, negro pugilist, will be placed on trial before Judge Carpenter in the United States district court to-morrow on a charge of smuggling. His trial on the charge of violating the Mann White Slave Act has been set for May 5, Deputy United States marshals have been supplied with subpoenaes for witnesses in both cases, which they will serve to-day. The smuggling case is based on the bringing of a valuable necklace into this country from England without the payment of duty. The pugilist bought it as a present for his first white wife Mrs. Etta Duryea Johnson who committed suicide a few months ago.

SPORTING COMMENT

(Continued from Page 9)

may be arrived at by dividing by ten and extracting the cube root.

Rube has never worked at anything but baseball. His parents died when he was young and he was brought up by his grandmother, which probably means that he was a "spoiled kid." He attended the Cleveland schools, and in the summer was bat boy for the Cleveland club. He began pitching for a school team, and before going to Canton played with a semi-professional team in Cleveland.

Many Horses

(Continued from Page 9)

horse of four summers, who at the age of two had a trial heat of 2.28¼. Ate is by Cochato, dam Jenett by Eldorado, was the next trotter presented to view. Then came High Private, a six year old, who at a trial heat when at the age of four made a mark of 2.08½, by Bingen; dam by Eleta, 2.08½ by Dexter Prince. A bay gelding five years of age was the next shown, George Laconda, who as a four year old made a trial heat at 2.11 clip, by Laconda, 2.02; dam by Wiggins, who held a record of 2.10 when three years of age. Little Elk, a grey horse, with a mark of 1.05 for half a mile, by Red Elk, dam by Amber, was trotted out. Then came Ed. Laconda, 4 years old, a chestnut gelding, with a mark of 2.12¼, by Laconda, followed by Star, a chestnut gelding aged six, who last year made a mark of 2.21½, was the last of the Westbrook string.

Then came a string of three horses owned by John Moore, proprietor of the Prince Edward Hotel of this city. The first animal shown was a five year old black mare, The Orphant, dam by Florence S., with a mark of 2.23¼, made when two years of age; this record still stands for the State of Michigan to-day. Belle Moore, full sister to the great pacer Grand Opera, dam by Little Belle, with a record of 2.22¼, was looked at. The last horse to be shown was Todd Moore, a black yearling colt, by Jim Todd, who when four years of age made a record of 2.08¼ in a trial heat. This ended the string.

Canadian League

BERLIN OUTFIT GETS ITS FIRST WORKOUT

Manager Keenan Tots Out Big Squad For First Practice— Who They Are.

BERLIN, Ont., April 22—The first quota of "Keenan's Krew" arrived yesterday and had a work-out yesterday afternoon at the Victoria Park. They comprise some good material and should make a good showing on the baseball nine this season. Those on hand to-day were: Manager Keenan' Jack Miller, Detroit; Dinsmore, London; Riley, Toronto; Cy Reidy, Windsor; Schaefer, Waterloo; Gills, London and Bullock, Berlin. They will go into training to-morrow on the same grounds, opening at 9 and 2 o'clock.

Light Work at St. Thomas.

ST. THOMAS, April 22—The St. Thomas Canadian Leaguers indulged in some light work yesterday. Manager Ort would not allow the boys to cut loose, desiring to avoid sore arms. The following players reported for training to-day: Infielders Ort, Craven, Gurney, Loos and Killingsworth; outfielders Kopp, Kustus and Larongeir; catcher, Powers; pitchers Golden, Bush, Howick, and Baker. To-morrow it is expected Sweeney, Eibel, Hendershott, Macumber and Kiefel will blow in. Pitcher Clements, Third Baseman Wright and Shortstop Forgue, are expected about the middle of the week.

Forty years in use, 20 years the standard, preserved and recommended by physicians, for Women's Ailments Dr Mantel's Female Pills, at your druggists.

Big Leagues

AMERICAN LEAGUE.

NEW YORK, April 22—Washington made it four straights over New York by winning the last game of tht series yesterday by a score of 8 to 4. Shanks started Washington off to a three-run lead in the second with a home run, driving in two men ahead of him. The Highlanders forged into the lead in the fifth on hits and errors, but Washington in the seventh came through with two runs, and clinched the game. The hard luck of the Yankees continued yesterday when Catcher Sweeney split a finger.

CHICAGO, April 22 — Chicago was out-lucked yesterday and Detroit won the opening game of the series 3 to 2. The game was a pitchers' battle between Russell and Klawitter, with the honors slightly in favor of the former. In the second innings bodie of Chicago hit the ball to the scoreboard in centrefield but in rounding first base stumbled and fell. He regained his feet and fell again and rolled down to second base where he was held, the ball having been relayed to the infield.

CLEVELAND, April 22—Driving R. Mitchell out of the box, Cleveland scored 6 runs in the first innings on seven hits, including two triples and two doubles, and defeated St. Louis 8 to 3, yesterday. Stone, who replaced Mitchell, was also hit hard, but managed to keep the hits scattered. W. Mitchell, Cleveland's southpaw, was very wild, giving eight bases on balls. Twice W. Mitchell struck out two batters when the bases were full.

PHILADELPHIA, April 22— Errors by Wagner and Yerkes in the seventh innings proved the turning point in yesterday's game, Philadelphia winning by 6 to 4, from Boston. They were preceded by a single by Murphy, and filled the bases. Baker and Daley each drove in a pair of runs with doubles. Daley got into the game after Strunk had sprained his ankle. Houck was wild, giving nine bases on balls, hitting a batsman and making a wild pitch, but, except in the second innings, the visitors' hits were widely scattered. Wood became wild in the second innings and gave way to Bedient in the third.

WANTS DUNDAS STREET FIXED

Resident of Terrace Hill Gives Hint to Board of Works.

"It is about time that the Board of Works got busy and completed the grading on the recently opened up part of Dundas St. which runs up Terrace Hill" said a Terrace Hill resident to a Courier representative this morning. There is no excuse for the street not being put in first class condition because the board of works never had a better chance to fix the road than at the present time when they can secure all the earth required to do the work from the contractors, who are excavating at the new post office building. Furthermore said the resident, "when the road was proposed, it was to be graded and put in first-class shape so as to make the hauling of loads up Terrace Hill from the Eastern approach much easier as the grade was to be made much less than that of Terrace Hill St. Now that all the earth required to fix the road can be secured from the new post office building, it is up to the Board of Works to get real busy at once and complete the job" and he meant what he said.

Badly Injured.

NEW YORK, April 21—Mrs. Henry Warner, wife of the English actor, who has appeared in numerous prominent parts on the American stage, during the last decade, was so badly injured in an automobile accident last night on the Merrick Road, Long Island, that she died soon after being taken to a hospital. Mr. Warner was bruised about the face and body, but was not seriously injured. Three other members of the party escaped practically unhurt.

THE TEUTONIC

Th early opening of navigation on the St. Lawrence this year is attracting a great deal of interesting comment on the possibilities of extending the season of navigation.

The big White Star Liner Teutonic sails April 10th for Quebec and Montreal, opening the season, and has a record list of passengers. On the return trip she will sail Tuesday, May 6th, instead of Saturday as formerly, the Canadian Government having designated the White Star Dominion Line to carry the Tuesday mails until July next, when they will resume Saturday sailings with the mail contract.

This company is planning to give persons of small means an opportunity to go abroad for four weeks this summer, visiting England and the Continent, at a total expense of $167.50, including cabin accommodation on the steamer and all expenses ashore. A considerable number have already signified their intention of making the trip.

GLASGOW, Scotland, April 21.—The largest steamship ever built in Great Britain, the Cunard liner Aquatania, was successfully launched on the Clyde to-day. The new vessel is double shelled and carries boats sufficient to accommodate 4,250 persons, the entire compliment of passengers and crew. She is a vessel of about 47,000 tons gross.

Ottawa Issues Late Bulletin on Crops

The Prospects Are Given in Estimates and Reports Secured by Department Experts.

OTTAWA, Apil 22—A bulletin issued to-day by the Census and Statistics Office states that, according to reports made by correspondents at the end of March 82 p.c. of last year's wheat crop in Canada, i.e., 183,611,000 bushels out of the total estimated production of 190,236,000 bushels, proved to be of merchantable quality. In the Maritime provinces, in Quebec and in Ontario the proportions were smaller than this, being 88 p.c. in Prince Edward Island, 86 p.c. in Ontario; but in the three Northwest provinces of Manitoba, Saskatchewan and Alberta, where the bulk of the wheat crop is produced, the percentage of mercantile quality was in each case about 93. In British Columbia, the quality proving merchantable was only 76 p.c., but in this province the total production was relatively small.

It is estimated that about 22 p.c. of the total wheat crop in Canada, viz., 44,668,000 bushels, remained in farmers' hands on March 31, as compared with 27 p.c. representing 58,12,000 bushels of the crop of 1911 which remained in farmers' hands on March 31, 1912. The quantity of wheat estimated as remaining in farmers' hands on March 31, 1913, was in the maritime provinces 356,000, in Quebec 350,000, in Ontario 3,232,000, in the three Northwest provinces 40,704,000 and in British Columbia 46,000 bushels.

Oats, the estimated yield of which was last year 361,733,000 bushels, was of merchantable quantity to the extent of 91 p.c., or was 44.22 p.c., or 150,018,000 bushels, as compared with last year's figures of 80 p.c. merchantable, or 310,074,000 bushels, and 44.18 p.c., or 153,846,000 bushels in farmers' hands on March 31, 1912. The proportions merchantable of the crop of 1912 were by provinces: Prince Edward Island 95 p.c. (6,857,000 bushels; Nova Scotia 87 p.c. (2,753,000 bushels); New Brunswick 86 p.c., (4,612,000 bushels), Quebec 73 p.c., (22,016,000 bushels), Ontario 83 p.c. (76,074,000 bushels); Manitoba 99 p.c. (53,171,000 bushels); Saskatchewan, 94 p.c. (99,239,000 bushels), Alberta 90 p.c. (62,193,000 bushels, and British Columbia 80 p.c., (1,568,000 bushels).

Of the total barley crop of 44,014,000 bushels it is estimated that 87 p.c., or 38,299,000 bushels were of merchantable quality and that 35 p.c., or 15,404,000 bushels, remained in the hands of farmers at the end of March. The corresponding figures for last year were 90.26 p.c., or 36,683,000 bushels merchantable, and 32.56 p.c., or 13,235,000 bushels in farmers' hands on March 31, 1912. The bulk of the baley crop is produced in Ontario and Manitoba. In the former province of 12,001,000 bush. or 81 p.c. and in the latter 13,416,000 bushels or 90 p.c. was of merchantable quality.

The merchantable yield of corn for husking was 76 p.c. of total crop, of buckwheat 81 p.c., of flaxseed 89 p.c.; of potatoes 78 p.c., of turnips and other roots 90 p.c. and of hay and clover 81 p.c. The quantities on hand at March 31 were: Corn 3,069,000 bushels, flaxseed 5,803,000 bushels; potatoes 15,097,000 bushels; turnips and other roots 18,884,000 bushels and hay and clover 3,444,000 tons.

As a general rule live stock wintered well and their average condition for all Canada expessed in a percentage of 100 representing a healthy and thrifty state was for horses 95, milch cows 93, other cattle 91, sheep 95 and swine 93. In the Maritime Provinces, Quebec and Ontario; winters proved exceptionally mild, and, with an abundance of fodder, all descriptions of farm live stock came well through. In the Northwest provinces live stock did well on the whole, but in many localities cattle suffered through the lack of prairie hay, which was spoiled by last year's heavy rains. Many deaths amongst young pigs were attributed to the cold farrowing season. The winter proved long and cold in Manitoba and Saskatchewan, but was unusually mild and open in Alberta.

Indications at the end of March were for an early spring and sowing season throughout the eastern part of Canada; but in the Northwest provinces, where deep snows and severe cold persisted during March, it was anticipated that sowing would be late. With few exceptions fall wheat in Southern Ontario was reported to be in fine condition. It was too early to report the fall wheat of Alberta.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD---END CATARRH

Instant Relief When Nose and Head Are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breath freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now. Get the small bottle of 'Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrance which lines the nose, head and thoat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul nucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once, in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Gunboat and His Wallop.

That Gunboat Smith failed to put out George Rodel in their recent bout was rather a surprise. It was no news that the Gunboat does not yet probably never will, shine as a boxer, but it was thought the Boer would be easy meat for him. If the referee of that fight had power to give a decision he should have been inclined to give it to Smith from the fact that he repeatedly sent the Boer to the floor, but perhaps under the law a draw was a fair decision.

That right hand swing that Smith is making famous is the subject of much discussion in pugilistic circles just now. Some of the veteran sporting men who saw the old-time fighters in their palmy days are deeply impressed with it, and others thing that Smith's punch simply has merit by contrast. There are few fighters in the ring today—that is, in the heavyweight class—who are masters of any one particular punch that is effective as a hay-maker. As fights are fought in this championless period its almost altogether a case of a strong boxer battering his weaker opponent down by degrees—not by a quick wallop.

A. G. Mackay

Doesn't Like Remarks of Western Paper Re His Campaign.

EDMONTON, April 21.—As an after-blast to the election here, Hon. A. G. MacKay has issued a writ for $15,000 against the Edmonton Journal, alleging libel in the publication of an article the day after the election which was headed "Attempt Made to Steal Election From Ewing." It stated "MacKay's manipulated vote having been beaten by the legal vote cast for Ewing, every attempt is being made to steal the election from Ewing. MacKay is an adept at this manipulation of ballots after the election has been held, as has been shown in the courts of Ontario to be the case."

Forsakes the Stage.

NEW YORK, April 21— Isadora Duncan, the dancer, grief-stricken over the death of her two children and their nurse, who were drowned on Saturday when the automobile in which they were riding plunged into the Seine at Paris, is said in cable advices to-day to have definitely announced her decision to leave the stage to devote the rest of her life to the care of the poor and sick as a hospital nurse. It is said that as soon as she has recovered from the shock of the accident she will go to the field of military operations in the Balkans and join the Bulgarian Red Cross.

FROM HALIFAX TO VANCOUVER

Women Are Praising Dodd's Kidney Pills.

Nova Scotia Mother Tells How They Cured Her Aches and Pains, and Made Her a Well Woman Again.

ECUM SECUM BRIDGE, Halifax Co., N.S., April 14.— (Special)—From Vancouver to Halifax come daily reports of the splendid work Dodd's Kidney Pills are doing for the suffefring women of Canada, and this little place can show a splendid cure of its own. Mrs. Orastus Pace, the mother of a large family, was a sufferer from those aches and pains only women know. To-day she is a strong, healthy, woman. Dodd's Kidney Pills did it.

"I had a pain in my left side and down through my hips," Mrs. Bate states. "I had headache all the time My heart was weak, and at times a pain around it added to my fears. Some days I was hardly able to walk.

"I read of a number of cures of cases like mine by Dodd's Kdiney Pills, and sent for three boxes. To-day am a well woman, and can do as much work as ever I could."

Dodd's Kidney Pills cured Mrs Pace because her troubles came from diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys and as ninety per cent. of women's troubles come from kidney trouble Dodd's Kidney Pills have come to be known as suffering woman's best friend.
