Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs.

AMONG the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tenderlungs need this de once; and it is unwise to without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured. Prepared by

Lamentation of a Manitoba Grit—Ruin and Bankruptcy Caused by Mackenzie's Breach of Faith—Corruption Charged.

OTTAWA, Jan. 21,

The announcement of Mackenzie's railway policy in Manitoba creates a feeling of alarm. The Manitoba *Free Press*, a strong Government paper, says in its issue of the 10th: "We credit the report reluctantly, regarding the contents of Mr. Mackenzie's address to the Lambton electors, because we had always reckoned confidently that one of the planks of the platform of the Reform party was the development of the North West, and *this dashes our hopes to the winds*. Can it be possible that, in the redemption of a guarantee of a Trans-continental Railway, *the miserable two-penny-half-penny scheme suggested by Mr. Mackenzie's address* is to be offered? If so we conclude few people will think otherwise than that the downfall of Sir John Macdonald's Government is but out of the frying pan into the fire. *This is unpardonable.* In the matter of the Pembina Branch we are loth to believe the Government susceptible of corrupt influences, but the declaration of the Premier upon this matter, taken along with the fact that Donald Smith is personally most deeply interested, is suggestive, to say the least. *The carrying out of this policy will entail positive bankruptcy and ruin* upon thousands who have embarked their all in anticipation of the faithful redemption of the guarantee."

(Special Telegram to the Tribune.)

The Burning of the Pacific Survey Paper.—A Government Paper Pronounces the Fire Fortunate—Quebec Politics.

OTTAWA, Jan. 21.

Responding to the general demand the Government began to-day an investigation of the burning of the Pacific Railway buildings.

MONTREAL, Jan. 21.

Every day of the canvass is making matters less promising for the Ministers, and, had we another month to discuss the policy of the Grits, they would be utterly routed.

The *National*, the leading *Rouge* organ, states editorially that the burning of the Pacific Railway plans and surveys is fortunate in one sense, as the Government will not be able to prosecute the enterprise.

The *Minerve* denounces these sentiments with the strongest word, "Treason!"

The canvass in Shefford looks blue for Huntington, and a large number of his friends, with plenty of money, have gone from Montreal to his assistance.

Dorion is opposed by a couple of very strong candidates. Doubting the result Dorion will be nominated for two counties.

The Mill Street Fire.

Preparations have already been commenced by Messrs. Wales & Green to rebuild their foundry, burned Monday night. The debris is being cleared out, and such stock and machinery as were saved are being looked after. The most serious loss—one almost irreparable—is that of the various patterns that were destroyed. These patterns were the collection of years, many having been used by Mr. Wales's father when in the business.

Portland Police Court.

The police made two arrests last night. Patrick Riley was charged with drunkenness at Indiantown. It was his first offence and the Magistrate dismissed him with a caution.

James Gordon has been leading a vagabond existence round Portland for the last few weeks. He has been sent to gaol once, and has sought protection at the Station several times. Last night he was arrested drunk, and the additional charge of being a common vagrant was entered against him. He was sent to rusticate for two months at the penitentiary.

Circuit Court.

Many people assembled in the court-room to hear the trial of the case of Susan M. Johnston vs. Charles Hamilton. Yesterday afternoon the suit commenced. C. W. Weldon, Esq., is counsel, and R. C. Skinner, Esq., is attorney for the plaintiff, and Daniel Jordan, Esq., appears for the defence. It is an action brought by Mrs. Johnston to secure the use of an alley, which the defendant closed up. She owns a lot of land and house in Princess street, opposite the Centenary Church. An alley leading to the rear of her lot, and through which she claims a right to pass, was closed by the defendant. She also claims damages from him for the annoyance the closing of the place has given her. The evidence of the plaintiff proved that the alley had been open for over thirty years, and that she and her tenants had always used it until closed. The case for the plaintiff was finished this morning, and the defence commenced. The testimony of Mrs. Dean was in direct contradiction to that of the plaintiff. She had known the place forty-five years, and there had always been a fence at the end of the alley, except for a few years—about six—it having fallen down. Mrs. Johnson had never used the alley, but had carried wood and coal through the house. Three years ago Mr. Hamilton had built a new house and put up the fence. In the fence he put a gate, which Mrs. Johnson sometimes used. They (Mrs. Johnson and tenants) had, however, made the place so filthy, making it a repository for all sorts of rubbish and dirt, thereby endangering the health of persons who lived in the vicinity, that Mr. Hamilton had been obliged to close the gate by filling the alley with lumber, &c. This case will occupy most of the afternoon, after which the Special Docket will be taken up. The trial of Munroe for indecent assault will commence tomorrow morning.

Curling.

Playing for the Polnis Medal commenced at the Rink this morning. The highest score was made by Mr. Greg. Thomson. He made twelve points, which is only two less than took the medal last year. This score is very creditable to Mr. Thomson as this is the first year he has been qualified to play for this medal. It requires a membership of two years to have the privilege of playing for this prize.

Wild Life in the Far West.

This volume pretends only to give the personal adventures of a Border Hunter, in his own language, and comprises hunting and trapping adventures with Kit Carson and other border heroes. It opens with the story of the author's captivity and life among the Comanches, including his marriage with "Spotted Fawn," the daughter of the Comanche chief. It details services under Colonel Doniphan in the war with Mexico, and gives a pretty full history of the Church revolution in Mexico, and the subsequent overthrow of the Maximilian usurpation, with many thrilling affairs on land and water. The writer makes no pretensions to literary merit, and claims only truthful narrative for this work. The subject matter of the work is of sufficient interest to recompense for any lack of rhetorical flourish.—*Register*, Penn.

Local agents wanted. M. McLeod, 51 Prince Wm. street.

Our rare for publishing marriage notices is 50 cents; deaths 25 cents; funeral notices 25 cents for each insertion, payable in advance.

MARRIED.

In this City, on the 20th inst, at the Centenary Parsonage, by the Rev. Henry Pope, Jr., CHAS. FREDERICK AVARD, Esq., of Westmoreland Co., to MISS LOIS SOPHIA SMITH, of the same place.
