THE ACADIAN

WOLFVILLE, N. S., JAN. 22, 1892.

Local and Provincial.

Rev. Mr Begg, of Kentville, occupied the Presbyterian pulpit last Sunday afternoon, and the Rev. Mr Ross preached at Kentville.

A fine new engine for the Western Counties Railway passed through here on Friday morning last. It was built at Portland, Maine, and is a very handsome engine. It is called the Annapolis.

We are glad to learn that Mr A. S. Murray, of the firm of Burns & Murray, Halifax, who has been dangerously ill, is slowly mending in health. His many friends in Wolfville hope that his recovery to health may be speedy.

Rev. Joseph Hogg, of Winnipeg, formerly of Nova Scotia, was presented by his congregation on New Years day with a Persian lamb fur coat and an Otter cap. Mr Hogg at the same time was presented with a silver tea and coffee service beautifully engraved.

There was quite a fall of snow on Tuesday night—first of any consequence this season—and the first sleigh made its appearance on our streets on Wednesday morning. There was not enough of the beautiful however, to make good or even possible sleighing.

Saturday was the sixty-fourth anniversary of the marriage of Mr and Mrs J. E. Coffin, of Canning. Mr Coffin is in his 89th year and Mrs Coffin is in her 85th year. Both are hale and well; Mr Coffin can still saw his own wood and attend to the "chores" of a small farm.

K. D. C. is guaranteed to cure any case of Indigestion or Dyspepsia or money refunded.

Rev. W. A. Mason, Georgetown, P. E. I. — (1st letter) "I have used one package of your famous K. D. C. and have derived great benefit from it. My case is very severe—complicated with other troubles. (2d letter) "I have been troubled with a constant pain in my stomach. I was afraid it was cancer. After using your medicine it entirely disappeared and has not returned.

The remains of John. T. Rand, who was killed at Butte City, Montana, on the 31 inst., by a splinter thrown from a flaming saw, were brought home to Berwick, last Friday. The deceased was a son of the late Deacon John Rand. Mrs Rand and an only brother, Arthur W. Rand, came home with the body. Mrs T. H. Morse, of Berwick, is an only sister of the deceased.

The Canadian Pacific exhibition car, which was at Wolfville on Friday last, was visited by a very large number of persons who were surprised and delighted with the exhibit of the products of our western country. The visit of the car should have a good effect on our people and prove to them that if they must go west there is no need of crossing the international boundary.

An experiment is being made in shipping fresh Salmon from the Pacific Coast to Europe. If it be successful fresh salmon will be shipped hereafter instead of canned salmon. Thirty thousand pounds of fresh salmon were shipped in a car from Fraser River last week, going by way of the Canadian Pacific to New York, and thence in the cold storage room of a German steamship to Hamburg.

Friday evening last was one of the most unpleasant of the season, but bad weather did not prevent a good audience from assembling in College Hall to listen to the rich musical treat provided by Miss Mamie Fitch and other local talent. The programme consisted of twelve numbers, all of which were rendered in an artistic and pleasing manner and received frequent encores. Much regret was expressed that Miss Wallace, who was suffering from a cold, was unable to take her place on the programme.

Garfield Tea restores the complexion.

We understand that the effort put forth by some of the temperance ladies of Wolfville is meeting with good success, and that there is a prospect of a branch of the Woman's Christian Temperance Union being organized in this town at an early date. We trust that the ladies of Wolfville generally will give their influence in this direction. We look on the W. C. T. U. as the best temperance organization in existence. They are doing a mighty work "for God, Home and Native Land."

BIRLOH'S COUGH and Consumption cure is sold by us on a guarantee. It cures consumption. Sold by Geo. V. Rand, druggist.

Local and Provincial.

The chief of police, Ottawa, in his report, states that there were less drunkenness in that city the past year than when the city was one half its present population.

In Charlottetown recently two boys were fined 50c. each for corner loafing. We think if the same was done in Wolfville, it would give the boys a lesson and save passers a great deal of annoyance.

The proceedings of the annual session of the Municipal Council are published in this week's ACADIAN—on the fourth and second pages. Those who wish to know how the county business is conducted should read it carefully.

Miss Eliza Eagles, daughter of the late Burton Eagles, of this place, died recently at Boston, of consumption. The remains were brought to Wolfville, arriving on Saturday night's express, and were interred beside her mother at Gaspereau.

The sale of school lands in Manitoba on Thursday last realized an average of nine dollars per acre, being 25 per cent. in advance of the previous sale three years ago, although lands sold to-day are not nearly so advantageously located.

Minard's Liniment cures Dandruff.

Mr Oscar Chase, of the well known firm of Messrs E. & O. Chase, Church Street, leaves this week for Ontario, where he intends purchasing some thoroughbred cattle. Messrs E. & O. Chase are widely known as breeders of the best shorthorn cattle.

Mr R. W. Starr, of this place, brought into our office on Saturday last an English primrose and a number of daffodils, all sprouted in the open air. Also a number of twigs from some flowering shrub, half leafed out. They were from the garden of Mr Harold d'Almaine, at Starr's Point. How is that for the middle of January in "frozen up" Nova Scotia!

Kings county has lost another of her centenarians in the death of Mary Palmeter, who, had she lived until February next, should have completed her one hundred and second year, having been born on Gaspereau Mountain. She was married three times. Benjamin Ward, of Long Island, where she had been living, being a son by the second husband. Within the past few years Kings county has lost three persons who overstepped the century mark, viz., Mrs Taylor of Berwick, Hon. Samuel Chipman of Cornwallis, and Mrs Palmeter.

Notice.

In order to keep my custom hands at work through the dull season I am selling my entire stock of Cloths at cost prices—either by the yard or made up into suits. Persons wishing to get a Suit, Overcoat or Pants would do well to call and examine my goods. Remember this offer is for one month only from date, and for cash only. THOS. A. MUNRO.

Wolfville, N. S.

Also, I am offering my store for sale as I am anticipating some change in the spring. It is one of the most centrally located in town, and would be suitable for almost any kind of business.

THE SCIENTIFIC AMERICAN.—No publication comes to our table that is more highly prized than this old, substantial journal. Aside from keeping the public fully posted respecting new inventions and scientific developments, it contains a vast amount of the practical and useful. The engravings are of remarkable high order, and matter accompanying them is so tersely put that such subjects as might, under ordinary circumstances, be considered dry and heavy, are not only readable, but highly enjoyable. It is the best conducted scientific journal in the United States, as well as being typographically the handsomes. Its circulation is larger than all the others of its class combined. Subscription price, $3 per annum. Munn & Co., 361 Broadway, New York.

Not on the mother's bosom,
Held by her clasping arm;
Not o'er the carpet tottering,
Guarded by her from harm.

Not by her side low kneeling,
Asking the Shepherd's care;
Not in the cradle sleeping,
The wee lamb was not there!

Not with the father playing,
Laughing with childish glee;
Not on his shoulder shouting,
Not on the father's knee.

Up in that "beautiful city,"
Which hath "no need of the sun,"
Safe—on the Saviour's bosom—
Resteth the little one.
